"Freedom of religion, freedom of the press and freedom of person under the protection of habeas corpus, these are the principles that have guided our steps through an age of revolution and reformation."

- Thomas Jefferson.

ensen Bank Assets Pass Two Million Dollar Mark

Over two million dollars total assets have been accredited to the Jensen Beach Bank since its opening late in 1962.

E. C. Wareheim, executive officer of the bank, gives the exact figure of $2,124,738.34 which is indeed well in excess of two million.

The Jensen Bank's six-month operational report reflects other significant figures, including that of $1,124,738.40 in deposits, $250,000.00 in capital stock, and other liabilities totaling $2,124,738.34.

Wareheim expressed his gratitude for the magnificent progress of the Jensen Bank when he said, "We are thankful for the people who are using our bank, and appreciative of the cooperation of the people of the Jensen Beach, Rio, and Sewall's Point areas."

BULLETIN

The Florida Press Association affirmed Jensen Beach as the site of the 1st district Summer Convention Wednesday morning. The date is July 20th and 21st. More details next week.

ENGLAND BOUND---Mrs. Jack Addy, son Trevor, and daughter Vickie, of Ridge Road are leaving for England Monday, July 8th. The Addys will spend seven weeks visiting friends and relatives in Sheffield, which is the home town of both Mr. and Mrs. Addy. This will also be Vickie's first meeting with her grandparents.

OCEAN BREEZE EXPANSION IS DELAYED FOR ECOLOGICAL SURVEY

Plans for the development of 400 new mobile home sites in the Town of Ocean Breeze Park may be set back one year, according to Harry H. Hoke, Mayor of the "Town on Wheels."

The trustees of the Internal Improvement Fund postponed action on the request of Ocean Breeze Park for a 1,000-foot bulkhead line in the Indian River Tuesday morning when Gov. Farris Bryant asked that a Dept. of Conservation ecological survey be made before the trustees acted.

It has been estimated that the survey would take 45 days.

Gov. Bryant led the discussion as chairman of the IIF, and asked Hodges, who was present, if he had the request for the survey.

Hodges said that he had it, but had not started the project.

The governor then asked William Kidd, his administrative assistant in conservation matters, if he was familiar with the area in which the bulkhead extension was asked, and Kidd told him that he was not.

Evans Crary, Jr., presented the case for the petitioners, and Mayor Hoke of Ocean Breeze Park and R. V. Johnson spoke in favor of the new bulkhead line.

Martin Huevlmans, Robert Bair, Charles Kindred (or behalf of the Izaak Walton League), and Owen Lockwood, owner of Royal Poinciana Cottages, spoke in opposition to the move.

Bair presented a petition containing the names of 18 owners of waterfront property from just north of the bridge to the intersection of Sewall's Point Rd., and state road 707.

While the governor led the discussion and the action in delaying a decision, three other members of the board participated.

Among these were Ray E. Green, state comptroller, J. Edwin Larson, state treasurer, and Doyle conner, state commissioner of agriculture. Richard W. Ervin, attorney-general, was not present for the meeting.

Ceremonies Open Jensen Bridge To The Ocean

The tolls are off the bridges to the ocean, and the Jensen Beach Chamber of Commerce wants the world to know it. Frank Forsberg, president of the Chamber, has announced that a "tolls off the bridges" ceremony is planned for Thursday morning, July 4th, at 9:00 a. m.

Invited guests to the ceremony are, Mayor Harry Hoke of Ocean Breeze Town, Bill Todt, Mayor of Stuart, Frank Wacha, chairman of the county commissioners, who will be master of ceremonies, the county commissioners and officers and directors of the Jensen Chamber, the color guard of the American legion, the color guard of the Veterans of WWI, boy scouts, Cub scouts, girl scouts, brownies, a member of the old Jensen Bridge tax district authority, and J. A. Merquelin, Mayor of Sewall's Point.

The bridges will be open at 9 a. m. and will allow traffic to the beaches only. The one way traffic is due to the poor condition of the center span, which is in the process of being replaced. Planning is already started on the new hascule span to complete the new Jensen bridge system.

The program will kick off a day of July 4th activity in Jensen Beach.

FOURTH OF JULY SCHEDULE

The first event will be the fourth annual Soap Box Derby on Sugarhill Rd., off the Jensen Cutoff Rd. from 1:00 to 3:00 p. m.

The Jensen Beach Water Ski Club will present a lively show of stunts and tricks starting at 3:30 p. m. at the causeway, where the remainder of the scheduled events will take place.

There will be music and dancing at the causeway pavilion from 5:00 until 9:00 p. m. Following this, there will be a lively fireworks display under the direction of the Volunteer Firemen's Association, which will terminate the day's festivities.

Food and drinks will be plentiful with the Firemen's Auxiliary serving hot dogs, hamburgers and coffee throughout the day. In addition, a fried chicken dinner, prepared by the Outrigger restaurant, will be offered at 5:00 P. M. There will also be a soft drink stand in operation.

A DEEP HOLE--Workmen move heavy loads of dirt and sand in an effort to push the drainage line through the hill at Waverly Heights. When complete the line will drain the Highway 707-Penick Pond area. At one point, a cave-in buried one workman up to his neck for several minutes as other men scrambled to safety. When they finally got him out, another workman was missing. For a few moments it was feared he had been lost under the cave-in. Then he turned up. . . on top of the hill. . . just a little frightened, that's all.

John Law Is To Pick Committee

John Law, manager of Florida Power and Light, has been named by the board of directors of First Federal Savings and Loan Association of Martin County to select a scholarship committee that will pick the most qualified graduate of a Martin County High School to receive the recently announced four year scholarship to be given by First Federal. The scholarship is for $1000 per year and carries with it a summer job at the savings and loan association.

In a meeting of the board of directors of First Federal, held last Tuesday, the requirements for the scholarship were approved. The student will be awarded the scholarship on the merits of scholastic achievement, must be a Martin County resident for at least one year, must be a graduate of a Martin County High School, have good moral character, show a need for the scholarship, must attend an accredited university of the student's choice. Payment of the fund will be made to the university or college directly.

Selection of the committee will be the responsibility of Law, and all matters pertaining to the scholarship will be handled by the committee.

"We are proud to award this scholarship to a student of Martin County. As our area grows, the needs of our young people will become the needs of our County," James A. Garvey, executive vice president of First Federal said in announcing the action of the scholarship. "Education is the answer to the development of future leaders of our country."

COFFEE FOR THE MINISTER--A get-together to welcome the new minister of the Trinity Methodist Church in Jensen Beach was held last Wednesday at the home of Mr. and Mrs. Sam Rhodes on Media Street. Co-hostesses Mrs. Nancy Tucker, left, and Mrs. Elaine Rhodes, right, serve coffee to the new minister and his wife, Rev. and Mrs. Neil M. Gunsalus.

BACKFIRE--Setting and controlling a backfire is the job of this woods-truck of the Jensen Volunteer Firemen. A strip of savannas two miles long and one mile wide was burned out when a child playing with firecrackers started the blaze last Saturday. Two woods-trucks, one tanker and a carryall truck were needed to stop the blaze, the hottest of the year.

HOT SPOT--Through the smoke, heat, and haze of a full fledged brush fire, Chief Randolph Spinney directs a hose man in cutting the blaze down to size. All four Jensen fire trucks had to be used to control the two mile blaze.

High School Office Stays Open This Month

Martin County High School students and their parents are asked to go to the high school office any time this month if schedule changes are desired for the coming school term.

Class changes, additions, and drops, will be taken care of at this time, according to John C. Gray, principal. He added that 89 students have not yet picked up their report cards for the past term.

Still other students have obligations which must be cleared up before they can reenter next fall. The high school office will be open in order to clear up any matters pertaining to entry this month.

New students in grades seven through 12 are asked to register as soon as possible in order to insure that they will obtain the best schedule.

Ray Stewart Suffers Heart Attack On June 26

Ray Stewart of Indian River Dr. entered Martin County Memorial Hospital following a heart attack on July 26. He is reportedly improved, according to Irene Burch of 343 Pine St., who was at her summer home in the Adirondaks when she was informed of Stewart's illness.

ROD and Reel MOTEL VISITORS

The following people were guests at the Rod and Reel Motel last week: Mrs. Ray Frank and party, Orlando, Fla., Wesley W. Donaldson, Utica, New York, Jerry B. Vaden, Raleigh, N. C., Fred Koepp, Madria Beach, Fla., Richard Hardy, Ashtabula, Ohio, Mr. and Mrs. Dick Williams, Miami, Fla., Mrs. Pierson, Windermere, Fla., Carl Windham, Barto, Fla., R. L. Scott, Key Largo, Fla., William Lukis and family, Cincinatti, Ohio, C. W. Powell, Sebring, Fla., Robert J. Van Ess, Lakeworth, Fla., and Mr. and Mrs. Harold Smith, Rocky River, Ohio.

The Coopers Are Parents Of Baby Girl

Mr. and Mrs. Robert Cooper of Panama City, Florida, have announced the birth of a daughter, Donna Marie, Sunday, June 30.

Mrs. Cooper is the former Rose Marie Salzler, daughter of Mr. and Mrs. Harold Salzler of North Indian River Drive. Mr. Cooper is the son of Mrs. Ocie Cooper of Jensen Beach.

The grandparents, Mr. and Mrs. Harold Salzler, celebrated their 23rd wedding anniversary on June 29th, barely one day before the birth of their granddaughter.

Both mother and daughter are doing fine.

1st Federal Shows Million Increase In Six Month Period

An increase in assets of over one million dollars has been reported by First Federal Savings and Loan Association of Martin County for the first six months of 1963, James A. Garvey, executive vice president of the association, reported that the first six months of 1963 was the "greatest period of growth in First Federal history."

"Not only did the association assets increase over a million dollars," Garvey said, "but also our loan increase for the period was $1,000,293. Assets increased $1,007,276 and savings increased by $963,259.

"During the period covering the first half of 1963, First Federal assets reached $10,795,503.22," Garvey added.

"The growth of Martin County is accelerating, and this is reflected in our growth," said Garvey. "The months of May and June set new records in savings and loan activity for First Federal of Martin County."

While reporting the gains in assets, First Federal also reported that savers at the association received their 15th semi-annual dividend, $185,599.38, based on the annual rate of 4 1/4 %. The dividend brings the total dividends paid to savers since June, 1956, to $1,228,587.17.

The administrative team at First Federal Savings and Loan Association of Martin County is headed by Garvey, who is also secretary of the industry-seeking Committee of 100. Paul J. Hennings is treasurer and assistant secretary, and Frank C. Ghiotto, Jr., is secretary. The president and board chairman of First Federal is R. V. Johnson, Harry H. Hoke, Henry Kindred, Clifford Luce, William Owens, Andrew Pittman, Jr., and Dr. Paul O. Thomas.

Dr. Maxey Is Rotary President

Dr. E. Stanton Maxey was installed as president of the Rotary Club of Stuart at a ladies' night dinner held at the Outrigger Restaurant Wednesday night, June 26.

County Judge Evarts Crary, Jr., acted as installing officer.

Also installed were Ben Arbogast, Jr., vice president, Mark Smith, secretary, and Eugene Cornelius, treasurer.

Dr. Ronald E. Allison, Joseph Finley, Ray N. Freil, Peter Cecilio, Paul Hennings, and Mayberry W. Rozar, directors.

NEW OFFICERS OF ROTARY--Stopping for a minute during the festivities are several new officers of Rotary in Stuart. Left to right are Joe Finley, retiring president, Dr. Ed Maxey, president, Mark Smith, secretary, and Ben Arbogast, Jr., vice president.

Mr. and Mrs. Chris Royalty of Louisville, Ky., were visitors of Mr. and Mrs. Perry Kirk this past week.

Fishing

According to Johnny Crawford of the Snook Nook the fishing was fair.

Some people did have some luck and managed to land quite a sizeable amount of fish.

Vince Leadmon, for instance, was lucky enough to land two snook weighing 27 and 30 lbs. Walter Adrian nabbed a 35 lb. snook for the heaviest, but Harlow Sutter pulled in eight snook to get the most snook. The top one of his bunch tipped the scale at 32 lbs. Joe Sorell and Steve Stevens coaxed two snook to nibble the line, the biggest one tipping the scale at 30 lbs. Bob Robertson managed to nab 38 trout, Jim Elmore 35, Jim Daley 25, and Mr. and Mrs. Clint Web 22. Bob Pelosi proved that he had what it takes to bring in the most trout by catching 55 of 'em.

County Commission To Ask FDC To Survey Indian River

The county commission has agreed to ask the Florida Department of Conservation to make a survey and study of the ecological values of the Martin County portion of the Indian River.

The move resulted from opposition by conservation-minded organizations to the proposed extension bulkhead line by the Town of Ocean Breeze Park.

The Martin County Chapter of the Izaak Walton League made the request for the survey in a resolution read to the commission by Charles (Chuck)-Kindred, president of the chapter.

Mrs. Edna B. Hazelwood, vice president of the Martin County Audubon Society, also protested to the commission by letter.

In addition, the Martin County Commercial Fishermen, in a letter to the Internal Improvement Fund, protested the move to dredge and fill the river in front of Ocean Breeze.

Chairman of the Commission, Frank A. Wacha, said that the application of the Town of Ocean Breeze Park had not been routed through the commission, therefore no action of any nature had been taken by the board.

He pointed out that the routine is not a requirement and that the commission could take no action anyway.

The city of Stuart and the Town of Sewall's Point presented their results of their governing bodies to the county commission as a courtesy before sending them to the trustees of the Internal Improvement Fund when bulkhead changes were made.

Printed form postal cards were being circulated at Jensen Beach, as one-signature petitions to Van H. Gerguson, director of the Internal Improvement Fund.

The cards reflected support of the bulkhead extenstion.

The resolution of the Izaac Walton League asked for an ecological study of the "effects of bulkheading, fill and suction dredging operations. . ."

The letter to the IIF from the commercial fishermen contended that the extension constitutes a greedy and selfish move that would tend to bring others to do the same.

The letter to the County Commission from the Audubon Society called the Ocean Breeze Park move: "unreasonable and directly contrary to the conservation aims of the Governor's Committee on outdoor recreation.

The society said that it violated the conservation principles laid down by the U. S. Dept. of Interior, the U. S. Fish and Wildlife Service, the Florida Salt Water Conservation Dept., and all voluntary conservation groups, . . . in violation of the national and state objectives of the Audubon Society."

They stated that the bottomlands in question are among the richest areas of Florida in their contribution to the fish, bird, and wildlife ecology of this area. In addition, they added that the 27 acres to be removed from public ownership are the destructive effects of fill spreading to hundreds of additional acres, and the despoilation of the shoreline that could make necessary a vicious circle of additional fill to alleviate dead water pockets and siltation.

Jack Williamson, County Commissioner, asked how many acres the opponents to the plan were talking about when their request for the in-county survey was made, but received no direct answer.

Wacha asked if the survey would cost anything, and was assured by Kindred that neither the Conservation Department nor the U. S. Wildlife service charged, if the latter wer asked to assist.

Williamson made the motion to ask for the survey and it was seconded by Commissioner Ed Miller. The vote was unanimous.

Your Social Security

By: R. C. Gehrken, Jr.,
District Manager
West Palm Beach Social Security Office.

Q. I started a gift shop the first part of May this year and hired a clerk. When do I file a social security tax return showing the wages I paid to this employee?

A. The social security return for the second quarter of this year (April, May, and June) is due by July 31st.

Q. I hired a lady the first week in January this year to clean my house each Saturday. I pay her $6.00 a Saturday for this work. Do I have to file a social security tax return showing the wages I pay to this lady who works only one day a week?

A. Yes. If a domestic worker is paid $50 or more in a calendar quarter, the wages must be reported under social security. Your social security tax return for the first calendar quarter of this year (January, Febuary, and March) was due by April 30th. You should attend to this at once so as to avoid further penalties.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

News never takes a holiday and this newspaper continues to bring that news to your home throughout the year, as it happens.

Mr. and Mrs. Kermit Bright and daughter of Quakertown, Pa., are visiting in Jensen Beach with the Bright family. The Brights recently purchased the home of Ralph "Junior" Bright and hope to make their home in Jensen in the future.

Rep. Owens Is Home From The Capitol

PAID IN FULL—Mrs. Cherrie Bagley hands to Bill Hall of the Jensen Beach Road receives a check for $ [illegible] from Joe Chambers of W. B. Tilton Insurance. The Sailor Home, in the background, was totally destroyed by fire recently.

Rep. Owens, back from Tallahassee, reports that all local legislation that had sound backing or good reasons for being was passed. He said he believed the bill which permits the county to order the clearing of lots in subdivisions around the county would be the most controversial.

How did he vote on recent tax raising issues?

VOTED to increase cigarette taxes three cents a package.

VOTED for the added liquor, wine and beer taxes.

OPPOSED the $65 million increase tax total which constituted things so the people knew about, and opposed the increase of 4 percentage points in sales taxes and 2 percent and the increase in the [illegible] tax.

VOTED for the increase from $2 to $3 per thousand of bond indebtedness and voted for the bond limit [illegible] both of which [illegible]

The bill [illegible] provide pensions to persons taken off rolls of the county provides for taxes from $5 on all those of less than 12 years, to $75 for adult children or more.

Of the levy $2.50 goes to the state for administrative costs of [illegible] above the 12 mills and the remaining 50 cents is for service fee.

The balance will be distributed to the county on the basis of two-thirds to the school board, one-third to the general county fund.

Rep. Owens said he was appalled at the size of the appropriations bills which totaled roughly $967,000,000, including $160 million over presently anticipated revenues.

In [illegible] appropriations [illegible] more money in the budget than in all [illegible] and the [illegible] [illegible] [illegible]

Tax Roll Hears No Complaints

The Martin County Commission, while sitting as a board of equalization, adopted the county tax rolls submitted by Tax Assessor A. C. Courson without incident Monday morning, July 1st, in about a half-hour.

Only one taxpayer even asked a question, Anthony L. Foely of Hibiscus Park, and he emphasized that he was asking, not complaining.

Courson, a recognized veteran assessor, remarked at the close of the meeting that he had never seen an equalization board meeting at which no one voiced a complaint.

All five county commissioners attended the board meeting.

Chairman Frank A. Wacha said he was thankful for a roll on July 1st as required by law.

In the past, Martin County has gone as far as late August before complaints dwindled enough to permit the roll's adoption.

The half-hour meeting included a 15-minute recess in order for the board to obtain any tardy complaints that had not been voiced previously.

The move to adopt the roll was made by Commissioner Jack Williamson, seconded by Commissioner Jack Saunderson, and was adopted unanimously.

"All The News That Fits In Print"

$5.00 per year
$3.00 six months

Vol. 3 No. 28 JENSEN BEACH, FLORIDA 20 Pages July 11, 1963 10c

Florida Press Meets In Summer Convention Saturday, July 20th

The Florida Press Association will hold its first district summer convention in Jensen Beach July 20 and 21, according to word received from secretary-manager John Paul Jones, at the association's home office at Gainesville.

All weekly newspapers from Titusville to Key West on the East coast of Florida are included in the first district.

Personal invitations to the publishers of the newspapers in the district are being sent out by the Jensen Beach Mirror, the host paper. Additional information will be forwarded by the Jensen Beach Area Chamber of Commerce and the Outrigger Restaurant, the site of the convention.

A management clinic covering bookkeeping, circulation, personnel, advertising wages and hours, and libel.

A cocktail hour will be held at 6:30 p. m., a dinner at 7:30 p. m., and a turtle watch Saturday night.

The names of the featured speakers are not available at this time, according to chairman Richard Campbell, but efforts are being made to obtain a gubernatorial candidate.

unty Will Mow re Hazard Lots

e county commission has put a memorandum concerning lot mowing law passed for tin County in the recent ses- of the Legislature.

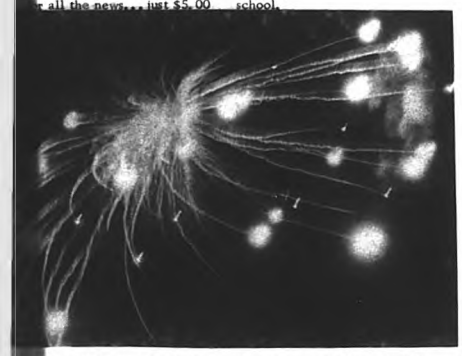
e Act outlines procedure and horizes the commission to land within the unincorpor- areas that tend to create a hazard, produce a breeding for vermin, and/or obstruct bility of traffic.

e act requires written notice registered mail utilizing the ent tax roll address and com- nce within 15 days thereof, cost will be assessed by lien d with the clerk of the circuit t for collection.

ubscribe now to the Mirror all the news... just $5.00

Martin Wahl of 63 Sunny Acres Rd., has been appointed Chairman of the hurricane disaster committee for this area by the American Red Cross.

Wahl said that the headquarters for planning and registration, in the event of a hurricane, will be at the Jensen Beach elementary school.



CHRISTMAS IN JULY--Jensen Beach fireworks director, Bill Yurillo really hams it up with this spectaculor blast at the causeway fireworks display last Thursday night. Most of the shots resembled giant Christmas tree ornaments. Staff photo by Frank Cofer.

RIDGES OPEN-FLAT ND FIREWORKS ARE IGH POINTS OF 4TH

Spirits were high, but tires were low at the "grand" opening of the new bridge. Frank A. Wacha, master of ceremonies, drove the first car across the bridge due to be entirely completed in early August.

The first trip for Wacha resulted in a flat tire and he and County Commissioner Jack Williamson, who rode with him, changed the tire as nearly 100 cars passed.

Also participating in the bridge ceremonies were Mayor Harry Hoke of Ocean Breeze, Commissioner E. C. Wareheim, former county commissioners Warner B. Tilton, Sr., Warren Shipes, and Seymour Gideon.

President of the Jensen Beach Area Chamber of Commerce, Frank Forsberg, distributed tickets that were first used on the old bridge when it was established as a toll bridge.

Other activities on the agenda in the afternoon at the causeway were a ski show and an unusual three-engine rocket shoot conducted by Mike Woodruff, 15, and Lane Jennings, 14, of Walton.

Their rocket, Independence, soared approximately 1,000 feet in the air making a successful shoot from the fishing pier.

The rocket boasted three 16-lb. thrust engines, engineered to carry a cargo of flags and parachute.

Some confusion reigned late in the afternoon when everyone began the trek homeward at the new bridge, which was to be used for eastbound traffic only, when westbound traffic moved onto the span's one way lane.

The fireworks display closed the day when Bill Yurillo, fireworks director for the Jensen causeway show, presented a spectacular array of traditional Independence Day fanfare.

BIKINI BEAUTY--Who says that Jensen Beach hasn't the most beautiful girls in the world. This lovely above would make the French Riviera blush in shame with her sweetness and trust. What poise. . . what grace.

NEW US1 MOTEL IS PLANNED

A strip of land 200-feet wide on US 1 and 384-feet deep has been sold by C. W. Cuthbert to Miss Millicent Filer of Miami and New York. The land is located just north of the "Lodge on the Green" motel.

It is rumored that a stylish two story motel, with approximately 20 units complete with swimming pool, will be constructed on the site.

The property sold for an estimated $20,000. The motel will probably be open in December.

Fishing

According to Johnny Crawford, the trout and snook fishing was fair last week. Jim Elmore caught 20 trout, Harry Dickey 7 trout, Jim Dailey-10 trout, Wm. V. Leadman St. Albans, W Virginia, caught 2 snook, 31¾, and 27lbs. Harlow Sutter landed 3 snook, 17, 18½, 31lbs. Bob Pelosi caught 1 snook, 18½ lbs. Doc Shaw-1 snook at 25 lbs.

A HISTORIC MOMENT--Taking part in the ribbon cutting on Jensen's bridge to the ocean are, left to right, Frank Forsberg, Jensen Chamber president, Rev. Newton Tweedy, Warner B. Tilton, Sr., former county commissioner, Sheriff Roy Baker, former commissioner Seymour Gideon, Chamber director Al Palmer, former commissioner Warren Shipes, Sr., county attorney Dean Tooker, county commission chairman Frank Wacha, county commissioner Jack Williamson, Stuart Mayor Bill Todt, county commissioner Jack Saunderson, Chamber director Bill Palmer, former Sewall's Point Mayor E. C. Wareheim, Ocean Breeze Park Mayor Harry Hoke and county commissioner Herb Bruner. Appropriately for the community of Jensen, the ribbon was a web of material used in a lawn or beach chair.

Bill & Peg Nicholson

We usually try to give a "well done" to anyone in the civic and social whirl who accomplishes something for the betterment of the community. In this case it would be a lot more than a "well done." The man. . . Bill Yurillo. The job. . . the first fireworks display in Jensen 4th of July history.

The comments of the over 1, 000 persons who saw the exhibit should show the quality of the job. "Nothing like it before. . ." "Fantastic. . ." "It's unbelievable. . ." "Now, this is something. . ." "I have never seen anything like it!"

Those are just a few of the comments after the fireworks display. The people went away happy. They will be back next year.

Bill Yurillo had an idea. A year ago he took a trip to his home state of New Jersey, and while cruising around talked with old friends in the fireworks business and got a good price on the display pieces. He took the high points of each fireworks display he had seen in the past, and then talked with the owner of the fireworks business. The big question was, how could a small community like Jensen Beach afford to put on a display of fireworks.

The answer came. He would run the display himself, without professional help, and get assistance from his friend, who put on displays for Walt Disney.

Bill Yurillo came back to Jensen Beach full of excitement. He talked to Frank Wacha, and he and Frank started planning the exhibit. It would take $500. They asked each civic club to donate $50, or $25, or anything to the fund. After a year of contacting and raising the cash, the Rio Civic Club, Jensen Lions Club, Rio Fire Department, the Legion, WWI Vets, Jensen Volunteer Firemen, Town of Ocean Breeze Park, Chamber of Commerce, and the Community Center came through with some money. It was still not enough, and so Yurillo went out collecting again.

He got $5 and $10 donations from Porter Lumber, Phil Baker, Air Control Builder's Supply, Gulf Stream Tile, Chick's, Virgil's, Joe Roberts Texaco, Jim Friend, Indian River Sales, Frank Forla, Rinker, Al Sandell, Jensen Hardware, Frank Wacha, Elmer DeWitt, Hendrix's, Poor Bob's, Stuart Paint and Supply, Reliable Septic Tank, Art Melrose, Frank Forsberg, Sam Rusides, and the Outrigger.

Though he got assistance from Wacha, Randolph Spinney, Jack Koman, Frank Williams, and Alex Wilson, most of the work was done by Yurillo. He had to grub for every dollar to make the project pay off. He really worked on the thing for one full year.

The displays were fantastic. They were everything could imagine. No one has seen the likes of it in Martin County.

The cannons (donated by Bill Bessemer) were from two inches to ten inches. They fired their loads without a hitch. It was a professional job.

Everyone climbs on the bandwagon of success. Next year, Bill Yurillo will have help. He will get his money easier, and fast. He has, single-handedly, given us a winner. He proved it can be done, and did it.

If there was a medal of honor for service to our [illegible] and beyond the call of civic duty, Bill Yurillo should be awarding it.

Put a Supermarket in Your Kitchen

The Jensen Beach Mirror

Section 2 JULY 11, 1963 Special Appliance Supplement

This Is Way To Get Most From Freezer

While the 1963 refrigerator-freezers and separate freezers are marvels of convenience and efficiency, some women lose much of the advantage of their freezer space by failing to use it properly.

One thing is certain. The frozen food can be no better than its packaging. The rules for packaging are simple, but they must be observed, or the quality of the food frozen will be disappointing.

Here is some advice on packaging that will help you realize the benefits built into the 1963 freezing units:

1. Always choose cartons and wrappings that are moisture-proof and vapor-proof, easy to handle, seal and label. Materials should be flexible and strong enough to withstand handling at zero degrees.

2. Wrap all food tightly. "Freezer-burn," which appears as frost or grayish-white spots on frozen food, is caused by air pockets that are left between the products and the wrapping material.

You Can Put a Supermarket in Your Kitchen in 1963

Refrigerators and Freezers Give You a Private 'Store'

It's just like a supermarket in the home" is what women say about the freezing space in their 1963 refrigerator-freezers or separate freezers. That's because modern freezing space gives today's homemakers undreamed of convenience, nutritional value, flexibility and economy in meal preparation.

In the case of convenience, one study reveals that a family of four uses 2½ tons of food a year. Without adequate freezing space, 208 shopping trips a year are needed. Only 58 shopping trips are needed when 1963 freezing space is available.

Take the important matter of nutrition. Modern freezing space is without a rival, because (according to the Journal of the American Medical Association) "Frozen foods are fresher than fresh." Or, as the nutritionist puts it, "Freezing preserves almost indefinitely the quality, taste and vitamin content of food."

The flexibility advantages of 1963 freezing space is limited only by the homemaker's ingenuity. Whole meals, main courses or specialty foods can be prepared at her convenience. They can be served days or months later with nothing more than defrosting or heating.

In the area of economy, food buying is the greatest single expense for the average family, so savings that modern freezing space make possible in this budget category really count.

The question arises: "How much refrigerator and freezer space do I need for my family, and should I buy the freezing space as part of a refrigerator-freezer or a separate appliance?"

Rule-of-Thumb

The rule-of-thumb used by experts for refrigeration is: Figure 4 cubic feet for two adults, plus 2 cubic feet for each child, plus 2 cubic feet for entertaining needs.

The rule-of-thumb for freezing space is 3 to 4 cubic feet per person in urban areas, and 5 to 6 cubic feet per person in rural areas.

The family has the choice of buying the refrigeration and freezing space it needs in separate appliances, or combined in one unit. If the choice is separate appliances, a freezer and one of the new all-refrigerators (with freezing space only for ice cubes and a couple of boxes of ice cream) would be bought.

If the choice is a refrigerator-freezer, you can pick from a wide combination of refrigeration and freezing capacities. One of the largest units, for instance, offers 15.3 cubic feet of freezer space and 8 cubic feet of refrigerator space for a total of 23.3 cubic feet. At the other extreme, you can buy a combination with 2.3 cubic feet of freezing space and 8.9 cubic feet of refrigerating space for a total of 11.2 cubic feet.

The thing to remember about a refrigerator-freezer is that the freezer is a true, zero degree freezer. This means you can fast freeze your own food and store commercial frozen food in prime condition for months.

Never Too Big

Few families ever feel that they have bought too large a refrigerator-freezer or separate freezer, but some find their freezing space too small for full enjoyment. The trend to bigger sizes grows each year.

Steel plays an important role in the durability and reliability of refrigerator-freezers and separate freezers. Strong steel inner linings are porcelain enameled for stain resistance and easy cleaning. The enduring beauty of the cabinet is assured by steel.

Stainless steel is widely used for shelving, dividers, slide-out baskets and trim. Stainless steel is ideal for these uses because of its unequaled resistance to corrosion, cold and humidity.

People Are Really Thinking Big Now

The swing to really big refrigerator-freezers in just one year has been spectacular.

From 1961 to 1962, the number of refrigerator-freezers 14 cubic feet and more increased 11 per cent. In 1962 this size accounted for 34 per cent of the total, making it the largest selling category.

The biggest-selling sizes of separate freezers in 1962 were 16 and 17 cubic feet with 23 per cent of sales. Close behind at 21 per cent were freezers 20 cubic feet and more.

Refrigerator and Freezer *Shopping Guide*

USE THIS CHART

to select the correct refrigerator and freezer capacity for your family. You have the choice of buying the capacity you need in two ways: (1) combined in one appliance—a refrigerator-freezer—or (2) in two separate appliances — an upright or chest freezer and a separate all-refrigerator (one without freezer space).

The capacities in the chart are the medians of those recommended in a survey of home economists. Thus, at least half of the experts suggested higher capacities. The trend is definitely to larger capacities. New shopping habits and new foods demand them.

The U. S. Department of Agriculture says: "6 cubic feet of freezer space per person will meet the general needs of most families." Other experts use this rule-of-thumb for freezer space: 3 to 4 cubic feet per person in urban areas, and 5 to 6 cubic feet per person in rural areas.

Space Key to More Life

Give Space, Convenience And Economy

A 1963 refrigerator-freezer is more than just a refrigerator with two doors. The two doors, in fact, are the key to the success of this remarkable appliance. One door gives access to the refrigerator space for fresh food. The other door is to a true zero degree freezer that is completely independent in insulation and controls.

A 1963 refrigerator-freezer, in brief, combines the advantages of a refrigerator and freezer in one appliance that takes no more floor space than a conventional refrigerator, and costs less to buy and operate than two separate appliances.

The success of refrigerator-freezers accounts for the spectacular increase in the size of units sold. In just one year — 1961 to 1962 — the number of refrigerators 14 cubic feet and over increased 11 per cent — from 23 per cent of the total in 1961 to 34 per cent in 1962.

The trend to refrigerator-freezers — in even larger sizes — seems sure to continue. Hotpoint surveyed thousands of refrigerator-freezer owners and found that 98 per cent preferred the combination over the conventional type.

The popularity of refrigerator-freezers is easy to understand. It offers the three basic requirements of homemakers — size, convenience and economy.

Three Considerations

First, consider space. You can have a total of 26 cubic feet divided between refrigerator and freezer. A hefty 18-cubic-foot beauty will fit in the same 32 inches that held the 10-cubic-foot models of 1950. The refrigerator compartments are roomier, and foods are visible and easy to reach. The freezer sections are true freezers, not just storage compartments.

Second, consider convenience. The greatest convenience of all is no-frost or automatic defrosting, that ends forever one of the housewife's most exasperating tasks. Other conveniences are door shelves, egg racks and special conditioning compartments for butter and cheese.

Third, consider economy. Aside from the inherent economy in buying and operating only one appliance, the refrigerator-freezer saves by allowing the homemaker to take advantage of specials in expensive foods such as meats.

PICTURE WINDOW hydrator of Frigidaire combination swings out of door, holds half bushel.

Learning Use Of Freezing Space Is Easy

Learning how to use the freezing space in your 1963 refrigerator-freezer or separate freezer is no problem. The basic "textbook" is the instruction book which was packed with the appliance. It contains hints on use and care as well as instructions for packaging food, data on storage life, and an assortment of tested recipes.

Most modern cookbooks also contain sections on home freezing. The U. S. Dept. of Agriculture and your own state college of agriculture have bulletins available on the subject.

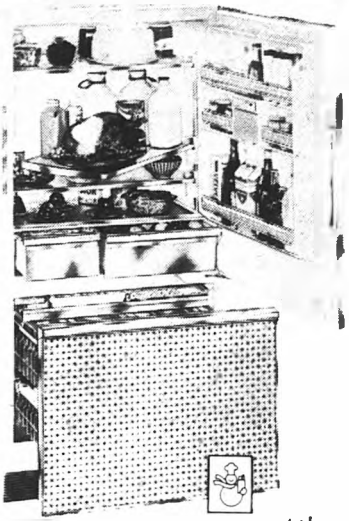
Finally, the home service staff of your local utility will be glad to make suggestions and answer questions.

The freezing space in the 1963 refrigerator-freezers and separate freezers gives today's homemaker undreamed of convenience and flexibility in meal preparation. Among the freezer's advantages are fewer shopping trips, and the opportunity to prepare dishes — and even whole meals — days or weeks in advance. In addition there are real savings opportunities when you buy seasonally-plentiful lower-cost foods and in large quantity purchases.

Vegetables average 35-40 lbs. to each cubic foot of freezer space.

AMANA refrigerator-freezer has freezing space at bottom.

GENERAL ELECTRIC



GENERAL ELECTRIC Spacemaker Refrigerator-Freezer with Frost-Guard means no defrosting ever, not even in the zero-degree freezer. Self-filling ice tray refills automatically. Extra storage space, thanks to Thin-Wall insulation. Available in coppertone, 4 Mix-or-Match colors and white. Door panels in brushed stainless steel or choice of 4 wood grain finishes.

IDEAL SOLUTION for those families wanting separate freezing and refrigerating space is Westinghouse refrigerator (90 per cent fresh food) and matching freezer (right).

Eat Better. Live Easier. Save Money

Wouldn't it be wonderful to have a food store in your own home, ready to serve you 24 hours a day every day of the year?

It certainly would — particularly during busy seasons — and anyone can have such a "store," with a 1963 separate freezer or the freezer section of a 1963 refrigerator-freezer. The freezer "store" keeps your food bills down, stocks a wide variety of foods both in and out of season, and ensures delicious meals for your family with a minimum of preparation.

You can buy food in greater quantities. This, of course, means infrequent shopping trips and reduced food costs to you. No longer need you throw out left-overs since freezers save today's food fresh and healthful for a period of weeks or months.

If you're in for a host of compliments from your family before your freezer allows you to serve special dishes and a greater variety of food generally than you could possibly handle without the help of a freezer.

Treats Off Season

Strawberries in December are only one of innumerable seasonal foods you'll be able to serve anytime during the year with thanks to your freezer. Any unexpected company used to throw you into a tizzy, forcing frantic visits to the food store, will shake your confidence in yourself as a housewife, your freezer will be an especially welcome addition to the home of the whole neighborhood. Run in without notice now, and you're the epitome of calm, confident in the knowledge you can handle any emergency on the food front.

Remember when even company you expected caused consternation because there was insufficient room for the fancy dishes you were planning to serve? Well, a freezer takes care of that problem, too. As an owner of a freezer, you can expect a reputation as an exceptional hostess — and you'll deserve it.

Wonderful in Summer

A freezer is an awfully good friend in meal preparation, too. Come summertime you'll be extra thankful that a freezer lets you serve delicious, man-sized meals, which require only brief reheating.

The secret is to select the cool early hours of a morning to cook three or four roasts at the same heat. Wrap the roasts, then store them in your freezer, and your cooking is almost done for the week. The old war cry about having to spend entire days slaving over a hot stove won't be valid anymore.

The same way of cooking four or five vegetables at a time can save hours, in addition to reducing the use of fuel.

If your family appreciates baked goods, you can save yourself future time and trouble by baking a half dozen pies at a time, storing in your freezer what you don't use immediately. Except for cream or custard pies, most pies will keep for two or three months, if you store them at zero temperature.

SLIDING basket drawer of Frigidaire freezer gives convenience of fingertip selection.

Safe, Easy Way

With a freezer, there's no longer a need for time-consuming canning to preserve your foods. Every day we hear of more foods being prepared in frozen form for the extra enjoyment of freezer owners. Virtually any food can be frozen successfully.

Freezing is a safe, easy way to preserve fruit and vegetables, meat, fish, poultry, game and baked or pre-baked foods. It will keep all the original flavor, color and nutritive value, providing there is proper wrapping.

A freezer means a lot of things — fewer shopping trips, decreased food bills and more efficient housekeeping are some. But most important, a freezer means freedom from drudgery for you, and happier meals and leisure time for you and your entire family.

Women List Advantages of Freezing Food

In a survey, homemakers who own modern freezing space — such as is found in either the 1963 refrigerator-freezers or separate freezers — listed the following advantages of modern frozen foods:

Food preservation by freezing requires only half as much time as canning.

Time and energy are saved by fewer shopping trips.

Foods can be cooked and frozen when time is available.

With both fresh and cooked frozen foods on hand, meals can be prepared quickly and easily.

Money can be saved by buying foods in quantities, taking advantage of sales and low seasonal prices.

Refrigerators Freezers Fit Every Need

Refrigerators Are Liberated From Kitchen

More and more refrigerators are ending up elsewhere than in the kitchen.

There's no mystery as to where they're going — they're being installed in dens, playrooms and family rooms.

Sometimes it's the brand new refrigerator which ends up here. In which case it may be one of the newer compact or portable models. If it is a regular size refrigerator-freezer, however, the new unit goes in the regular kitchen and the old one goes into the family room.

Time was, of course, when the family room was a spartan affair with sparse furnishings. But today many families are showing considerable originality in designing and furnishing these rooms. In situations like these, a second kitchen is a natural.

Extra Kitchen

If a new refrigerator is purchased specifically for this extra kitchen, the chances are good that either it is scaled down from the one in the regular kitchen or a special compact model. Compact refrigerators which furnish "spot" refrigeration are ideal for storing the food and beverages likely to be needed when the gang gathers for a party. Some models can be fitted with casters to allow them to be rolled to the terrace or the side of the pool in warm weather.

But more and more families are starting their second kitchens with the used refrigerators which become available when new models are purchased for the big kitchen. That's particularly so nowadays when many a refrigerator in good working order is replaced simply so that the housewife can get a modern unit which incorporates the latest convenience features and increased capacity she needs.

STEEL makes Sears Coldspot shelving strong enough to allow unlimited storage flexibility.

Freezer Key To Solving Gift Problem

Many families foster the delightful tradition of speeding departing guests with some gift to remind them of the bounty of the home they have visited.

In season, it may be fruit or vegetables, from the garden, or a bouquet of flowers.

Out-of-season many homemakers rely on their freezers — either a separate one or part of a refrigerator-freezer — to supply a treasured dish as the gift.

Here's how your freezer will do the trick for you and give you some fun at the same time. When you have some spare time you can prepare tea rings, homemade rolls, special loaves of nut bread and a wide variety of other special foods. Just wrap them for freezing and store in your freezer. That's one place that will keep what you baked as fresh as the day you made them.

BETTER OFF

Families of six or more are better off with a separate freezer.

Freezer Lets Hostess Have Fun at Party

Too often a party is fun for everybody except the hostess. With the right kind of freezer space at her command, however, the hostess can have more fun than anybody. Because, in addition to enjoying the party, she has the knowledge that she's achieved a social success with a minimum of effort.

The freezing space she needs can be found in either a 1960 refrigerator-freezer or a separate freezer.

To eliminate most of the fuss involved in getting ready for the affair, plan the party menus, prepare the delicacies in advance and freeze them. On the day of the big event all that is needed is to remove the party food from the freezer, ready for serving.

All kinds of food can be frozen — cakes, nut breads, fruits, sandwich spreads, canapes and pies, or even a stew or Cornish game hen. Many kinds of containers, packages and wrapping materials have appeared on the market to keep party delicacies fresh and good tasting. A container that is moisture and vapor proof is a must.

The combination of quality food, some advance planning and a modern freezer guarantees an enjoyable party for everyone particularly the hostess wife.

ADMIRAL combination plan freezer beside refrigerator.

HOW BIG?

A cubic foot of freezer space holds about 35 lbs. of bulk food.

Pros Defeat Florida Power and Light 5-2 and Lead Slow Pitch Loop

The Skyline Pros continued their winning ways last Tuesday night as over 150 persons watched the two league leading teams meet head on with the Pros the victors in the final verdict, 5 to 2. The win over Florida Power and Light put the Pros two full games in front

The top hit of the game was a three run homer by Earl Meadows.

Following the game a trophy was presented to the Pros for their winning performance last year.

Tonight a doubleheader is on tap for local residents, as Ace Roofing meets Krauss and Crane in the first game at 7.15, and Kiwanis meets Port St. Lucie in the second game. Next Tuesday night at 7.30 Ace Roofing takes on Fla. Power and Light.

County Commission This Week

The county commission this week:

AWARDED Dickerson, Inc., sole bidder on three small contracts for surfacing Pine Ridge Rd. and Sunview Rd. in Jensen Beach, at $990.90 and $1,550 respectively, and Monterey Rd., between SR 76 and SR 714, at $2,999.95.

POSTPONED the hearing on a bulkhead from Ocean Breeze Park south along the west bank of the Indian River pending completion of an ecological survey of the river by the Dept. of Conservation, estimated to take 45 days. The hearing was tabled until the Aug. 13th meeting and will be continued from meeting to meeting until action is taken on the Ocean Breeze Park and the survey of the bulkhead request by the IIF.

REJECTED the only bid received on the county garage property. A. O. Huntsinger offered to trade the old A & P Building on East Ocean Blvd. for the garage property and $75,000.

The commission wants to sell, not swap, the old garage to raise new funds to build a new garage on A1A south of the fair grounds. New ads will be placed.

AGREED, upon suggestion by Tooker, to require A. P. (Bert) Krueger to carry public liability and property damage insurance on the hangar to be leased from the county. He suggested $100,000/$300,000 public liability and $25,000 property damage insurance. The lease, formerly held by Zack Mosley, is being transferred to Krueger's name by request. Miller asked if Mosley had insurance, but no one could answer the question.

ASKED looker to investigate home residence of Henry Lee Allen, injured in highway accident June 8th at Indiantown. Allen was taken to Fort Pierce Memorial hospital, asked reimbursement. The hospital advanced Allen money to return to Huber, S. C. after dismissal.

SET Aug. 27th meeting with Art Forehand, FDC, to discuss county resthome plans and financing. A previous meeting with him failed to come off when Forehand failed to show due to an office mixup at Tallahassee.

HEARD report that Tooker felt county could take no action on surf fishing with more than one pole for lack of jurisdiction.

HEARD opinion from Tooker that Mrs. Dorothy Pierce, county clerk, is charging proper fees for copies of documents supplied to abstractors and others.

APPROVED placement of a color-print ad in the Stuart Fishing Guide, which will have added distribution at the New York World's fair this year. A roll call vote was taken at Williamson's request, with Wacha, Saunderson and Bruner favoring, Williamson and Miller opposed. The cost of the color ad is $290.

GAVE Wacha and Bruner permission to negotiate with the city to provide water and fire protection to the airport and to examine the possibility of using race track funds to pay for such a program.

AGREED to hire one and a half yard dragline of Big Chief Construction Co., at $14 an hour, lowest of several bids which ranged to $22 an hour, for use on so-called Pratt & Whitney Rd. (called Martin Citrus Highway by Collins) to supplement county drag line on job.

NAMED Elmer Tressler, Jack Stevenson, Henry Crane, Jack Rafferty and John Cotter, proposed by electrical contractors, to new electrical board of county.

AWARDED exterminating service contract to Walker Chemical and Exterminating Co. of Fort Pierce with a low bid of $362 if paid in advance and $378 if paid by the month.

AWARDED gasoline contract to Sinclair Refining Co. of Miami low of five bidders, at 19.8 regular, 21.71 extra, and noted that between 35,000 and 40,000 gallons were purchased last year.

AWARDED on recommendation of superintendent, award of bus insurance policy to C. B. Arbogast Agency, $523.79 higher than low bid by State Farm Mutual because of "restrictions" in State Farm policy. The State Farm bid was $1,273.24. The restrictions were, in the main, obtaining company approval for bus uses not considered standard or normal.

AWARDED LP gas contract to Fuel Gas at 13.5 in board owned tanks and 15.5 in company owned tanks. The successful bidder was low of several.

AWARDED janitorial supplies contract to East Coast Paper Co. of West Palm Beach, lowest and best.

ACCEPTED resignations from Lurline Richardson and Roger Quinsenberry, the latter of whom will teach science at Conniston Junior High in Palm Beach County.

GRANTED maternity leave to Mrs. Susan Parrish, personal leave to Wendell Wooten (Aug. 11-25) for reserve duty with the armed forces and professional leave to seven people.

HEARD a long list of questions as submitted by R. W. Sweigert, president of the Martin County Ass'n for Retarded Children concerning the proposed Port Salerno school, which may be used for exceptional classes, and named Mrs. Chambers and Gunn to meet with Sweigert and association members to discuss the situation.

MADE no appointments to fill the positions, nor named a new principal to the high school, noted there were six or seven vacancies in the teaching staff.

TOOK no action, but heard Crook advise against, permitting other users of proposed sewer main from new high school to city sewer mains.

TOOK no action on quotations on furniture prices.

ADOPTED change order No. 3 on new high school, adding $6,584.22 to price of excavation and filling for foundation due to removal of dump trash, but noted that a savings of $2,216 had been gained in the purchase price of folding bleachers for the gymnatorium and added $188.25 to to0 total cost of school because of increased price of well.

FAILED to award contract for moving two portable classrooms but will ask for bids on same.

SET a budget session for Wednesday at 7:30 p. m. and a special meeting Friday at 10 a. m. to adopt a tentative budget.

APPOINTED Clifford Hollins to elementary physical education instructor, baseball coach, and assistant basketball coach, Roy Stickler to Warfield School staff and Patricia Ginn MCHS business mathematics teacher and Anna L. Skaggs first grade teacher at Indiantown.

Jensen Beach Square Club, and the Auxiliary will have a picnic supper at the Jensen Causeway, on Friday, July 12, at 5.30 pm !Bring your own choice of food, beverage and table service. In case of bad weather meet at the old Community Church

PEWTER

Pewterware once graced the tables of rich and poor alike in the early settlement days of America. Among the new migrants to the Colonies were trained pewterers who brought with them their molds and other tools of the trade. These were handed down within the families for generations.

In these early days, the pewter makers poured the molten metal into a brass form to give the articles form and shape. The cast was then turned on a lathe to smooth the surface. Some shapes were made by soldering two casts together.

Pewterware has often been called the "poor man's silver" and is in actuality an alloy composed primarily of tin with copper, bismouth, antimony, and sometimes lead. It is usually found with a dull but mellow sheen and some collectors prefer to keep it thus.

However, it was originally bright and early owners undoubtly kept it shining to look as much like silverware as possible. If you own a piece of pewter and wish to shine it, be careful to use a soft, non-abrasive, metal polish. Never put pewter on the stove.

The Pioneer Kitchen in the Elliot Museum displays a small collection of pewter which is typical of the articles handed down through the generations and used by early settlers here in Florida. Both the Elliot Museum and the House of Refuge are open from one to five, Tuesday through Friday, and from nine to five on weekends. It is closed Mondays. Admission is free.

New ZEISS IKON Contaflex super B

world's favorite 35mm single lens reflex camera

See these four new refinements in the Contaflex Super B

Super B is the latest and most automatic of the Contaflexes. It leaves you free to concentrate on composing your picture, not on arithmetic and time-changing. Yet it permits you to assume full manual control if you desire.

Interchange five Zeiss Pro-Tessar lens systems with 35mm, 50mm, 85mm and 135mm. Use the Bayoflex outfit for super close 400mm photography. Add the revolutionary Zeiss Ikon interchangeable Film Backs for instant switching of films. See the possible IKOBLITZ flashgun for spectacular colour pictures.

We can help YOU take better pictures

Mrs. Eckerfield Returns From Tour

Mrs. Grace Eckerfield of 410 Hickory St., returned July 9th after a three month tour with her daughter, Terry Saunders.

Miss Saunders is a singing star in the cast of "Milk and Honey" a musical production.

Mrs. Eckerfield left her company in Chicago. Miss Saunders continued on the tour which will include performances in several western cities.

Woman Is Rescued By Lifeguards

A woman was rescued from the surf at Jensen Beach last week by the county's two life guards.

Mrs. Margaret Herbig, 35, of Dayton, Ohio, a tourist staying in Jensen Beach with her husband and daughter, was rescued by life guard Jack Cammack and his assistant, Charles Carlstrom.

Mrs. Herbig was floating on a small raft off the beach in about six feet of water with her seven year old daughter. She told Cammack later that she got a stomach cramp, screamed, and, in pain, fell into the water from the raft.

Cammack and Carlstrom dashed to her aid and pulled her to the water's edge giving her first aid and wrapping her in a blanket.

It was Cammack's 45th rescue. "This is a perfect example of why we ask people to stay between the signs where we can watch them and get to them quickly," Cammack remarked.

"We had been watching Mrs. Herbig," Cammack said, "and went to her aid at once."

Her daughter was brought in on the raft.

Martin County's Finest Subdivision

CEE--Master of ceremonies at opening of Jensen's bridge to ocean was Frank Wacha, nty commission chairman and moving force behind the re- val of the tolls and Jensen's bridge system.

SPECTACULAR SPLASH--A moment ago there were two. . . and then there was one. Making a jump across the wake of the boat, one skier couldn't make it and made a big splash as his partner looks on, skiing backward. The sheriff's patrol boat is docked at the short causeway pier and the crowd, estimated at near 2,000, had a good ski show by the Jensen Ski Club.

NT--Jensen Cham- Frank Forsberg gave welcome and was the up the program for nade history in Jen- The bridges are open lls are off to the

ON SHOULDERS--Mr. and Mrs. Al Hendry provided the audience with a good show of water skiing at the July 4th celebration on Jensen Causeway. above, Barbie Hendry prepares to do a layback over Al Hendry's shoulder.

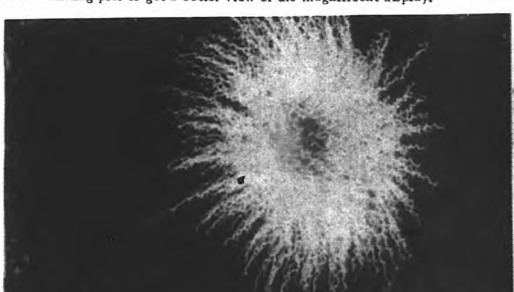
D--County attorney r, who handled most work in freeing Jen- of tolls, was praised in opening ceremo- 4th, and responded the was pleased with "such a fine bunch toners."

THE NUTTY BUGGY--Hauling the race cars up the hill was the job of Martin Klim in his home-made car. Riding with him is timer, Al Palmer, who sponsored the car with "Palmer's Variety Store" on the side.

SEAT SKIER--Skiing backwards on a flat plate while sitting down is hard enough, but this member of the Jensen Ski Club was caught in the midst of spinning around on the plate while going 20 miles per hour through the water.

CAPTIVATING, TO SAY THE LEAST--The fireworks display at the causeway receives the admiring gaze of more than 2,000 spectators on July 4th. Although some preferred to watch the scene in a more restful position (left), most fanned out down the fishing pier to get a better view of the magnificent display.

TO RACE--Top racing driver of the day, Jeffery Arthur, sets his sights on top money as he for his first race of the day with Mark Hendry. Arthur won every event he raced with his first



A TOMS FOR PEACE--A sensational burst is produced by the genius of Bill Yurillo resembling a small nuclear blast. It sounded like it too as spectators watched a new tradition appear at the Jensen causeway for Independence Day celebrations.

AFTERMATH OF A FIRE--Charred earth and sand, blackened trees and damaged wildlife refuge is all that is left of a two mile long, one mile wide strip of land on the Jensen Cutoff after the wild blaze last Saturday. Some smouldering logs provide a grim reminder of the danger of children and matches. The fire was started by a youngster playing with firecrackers. Jensen Volunteer Firemen fought the blaze for four hours before putting it out.

Your Social Security

By: R. C. Gehrken, Jr.,
District Manager,
West Palm Beach Social Security Office.

Q. Does a person have to stop working in order to get social security checks?

A. Not necessarily. If he earns $1,200 or less in a year, he is considered to be completely retired and can collect all of his social security benefits. Many workers who earn over $1,200 a year can get benefits for some months. For every two dollars earned between $1200 and $1700, one dollar is withheld from the total yearly benefits. A beneficiary gives up a dollar in benefits for each dollar of earnings above $1700. Beneficiaries 72 and older can receive benefits every month regardless of earnings.

Q. A friend of mine is past 65 and still operating his ranch. He sells cattle only once a year. That is, his income is all received in one month. Can't he get his social security benefits for the 11 months in which he has no income?

A. A rancher is self-employed. For self-employed people, it is not a question of how much they take in during a month, but whether they render substantial services--that is, are active in their business. Although this rancher receives all of his income in one month, he no doubt works in all 12 months to earn it. The amount of his earnings in a year, and also the number of months, if any, that he was not active in his business.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

ANOTHER FIRST--Pictured above are some of the 35 members of the Homestead little league teams with the members of the Elks team. The two Homestead teams traveled here to play our little league in a series that may become an annual event, according to Elks manager Frank Wacha. Homestead took all three games played, 8-0, 10-0, and 6-1. At the left of the picture above is Homestead Mayor Dick Conley, who came here with the group. Over 50 adults came with the boys, and the motels and restaurants in Jensen discovered the economic values of little league travel. Wacha said that the trip was "fun for all of us", and added, "The boys were a credit to the city of Homestead, were very well behaved and were good sportsmen". Mayor Conley presented Wacha with the key to the city of Homestead.

BELATED TROPHY— Henry Crane, president of the slow pitch league, center, presents Dr. Richard Penick with the trophy signifying the victory of the Pros in the slow pitch league last year, as members of the Skyline Pros look on. Assisting in the presentation is Harold Wahlon, league secretary. In the picture above are, left to right, Don Knott, Carl Schramm, Whalen, Dennis Rinaldi, Crane, Wallace Fletcher, Jim Grossnickle, Penick, Meryl Bright, Ron Allison, Art Pittman, Dick Campbell and Earl Meadows.

GOOD SIZE SNOOK---A good catch for a morning is shown by Joe Perlberger, left, and Chamber president Frank Forsberg. The snook were between 15 and 20 ponuds and were landed by fisherman Perlberg last Saturday morning.

Teachers Pay Is Raised In County

Evefyone remotely connected with the school system were given salary increases by the school board last night with the exception of the substitute teachers and the school board members.

The teachers' increases put salaries in a range of from $4,500 minimum to $7,000 maximum, compared to $4,150 minimum to $6,450 maximum last year.

Hourly rates paid to adult school instructors increased from five to 30 cents an hour, ranging from $4.25 to $5.25.

Supt. of Schools Thomas L. Crook's salary was increased from $8,500 to $9,000, but many other increases topped his $500 raise.

The teachers increases followed the $350-$450-$550 raises granted by the Legislature. Crook was unable to give an estimate of the overall increase in the local portion of the increase which must be paid from ad valorem taxes.

The total is expected to show up by the end of the week when a tentative budget will be adopted.

Travel allowances to 13 people in the system from the superintendent to home economics instructors who move around were kept at last year's levels and varied from $100 a month to the superintendent to a minimum of $25 a month, some of it reimbursable by the state.

Increases of administrative personnel varied from $50 a year for Michael G. Littman, Board atty., to $400 for Harl Son, purchasing agent.

Salries of bookkeepers and secretaries increased from $125 to $350.

Most bus drivers will receive an increase of $50 a year.

John C. Gray, who received $8,050 as principal of MCHS, will receive $8,600 as secondary supervisor and Mrs. Lillian Dassori, general supervisor, was increased from $8,150 to $8,600.

Velton Walters, principal of the Parker school, was upped from $7,450 to $8,000 and Ernest Edwards, principal of Stuart Training School was increased from $7,150 to $7,600.

Jack Smouse, as assistant principal of MCHS was paid $7,750 last year, will jump to $8,300 and Joseph McCoy, newly named principal of the junior high schools will receive $8,100, up from $7,475, including his coach's pay.

Teaching principals received from $6,450 to $7,200.

Athletic coaches received increases ranging from $350 to $550 at the top.

Hugh Jones, MCHS band director, went from $6,650 to $8,000 and James Robinson, STS band director, increased from $8,740 base to $6,300 base, plus $510 for the specialty.

Electrical Storm Causes Concern

A freak electric storm passed over this area between 7:00 and 8:00 p. m., treating the residents to a post-holiday celebration by Mother Nature.

Continuous thunder and lightning with gusty winds in some areas and others a dead calm resembled the traditional fireworks display for the fourth.

Palm fronds marked the roads, particularly on Indian River Dr., hindering traffic.

The disturbance was the main topic of conversation the following morning. Residents said that they expected a tornado, while others admitted that they were a little frightened, but all agreed that it was a great fireworks display, even if it was a little late.

Surprise Birthday Party For Mrs. Bright

Mrs. Ralph E. Bright was honored with a surprise birthday party held July 7, at the home of her son and daughter-in-law, Mr. and Mrs. Truman Bright of Sewall's Point.

Those attending were Mr. and Mrs. Kermit Bright, their daughter, Charlene, and David Fosbenner, all of Quakerstown, Penna. In addition, Mr. and Mrs. Earl Barto and daughter, Beverly Ann, of Norristown, Penna., Mr. and Mrs. Durrell Bright and children, Michael and Pennie Lee, of Port St. Lucie, Mr. and Mrs. Meryl Bright and daughter, Deborah, and Ralph Bright were also present for the party.

Local Girls Elected To Girl State Offices

The Jensen Beach American Legion, Unit 126, had a general meeting Monday, July 8, with the new president, Mrs. Clifton Bowods, presiding.

The following people were appointed to committees: Mrs. Conny Brodosky, Rehabilitation, Mrs. Frank Spetz, Child Welfare, Mrs. Emma McCue, Girls State, Mrs. William Middleton, Legislative, Mrs. Frank Rauwald, Constitution and Bylaws, Mrs. Ed Synder, Membership, Mrs. William Middleton, Educational and Scholarship, Mrs. William Vaught, Community Service, Mrs. Emma McCue, Past President Parley, Mrs. Frank Rauwald Pan American, and Mrs. Helen White, Press Book.

Miss Suzan Weiss and Miss. Marcia Whiteside who were elected and sponsored by the club to attend the Girl's State convention, were elected city commissioner and city clerk, respectively, and both served as secretarys to a member of the House of Representatives at the Girl's State session. They will give a complete report of their attendence later in the fall, the date is not yet decided.

The next meeting will be the 12th of August and they plan only to have one meeting per month throughout the summer.

Water Main Pops In St. Lucie River

A separated water main fitting deprived North Stuart of water one night this week.

The following morning two divers from Fort Lauderdale, George Maguise and Brad Downer, were fighting rust, oysters, barnacles, and jammed bolts in an effort to make repairs in about 16 feet of water.

Joe N. Crowder, city manager, said the break was first reported shortly after 10 p. m. Monday when North Stuart residents reported lack of water and other Stuart area residents complained of low pressure.

City water superintendent Fred Walton, Paul Myers, and Crowder stayed with it all night.

The probable area of the break was discovered shortly before midnight after pressure tests and main layout studies were conducted.

An estimated water loss of more than 100,000 gallons by Crowder revealed that this one really lost a lot of water.

The eight inch water main did not break, but rusted and broken bolts linking two lengths of the main broke, permitting the sections to part.

Barnacles and oyster shells were hindering the repair of the main, the divers said.

Air pressure applied to the main located the separation quickly to enable it to be fixed at dawn.

Lambies Have Northern Visitors

Mrs. Thurston Lambie, mother of Nell Lambie of Jensen Beach, visited her son's family July 4th. Also visiting was Mr. and Mrs. Giv Simons, Lambie's sister and brother-in-law, and their children, Shari and Marti. In addition, Jerry, Jerome, and Jim Sourbeis were also visiting. The Sourberis plan to visit other relatives in Penna. before returning to their home at Combined Locks, Wisconsin.

ROD and Reel MOTEL VISITORS

The following people were guests at the Rod and Reel Motel last week: Mrs. Alice Fultz and party, Chicago, Ill., Mr. and Mrs. Alan Becker, Miami, Fla., Mrs. Jelian Swetterman and daughter, Dayton, Ohio, Mr. and Mrs. John A. Thomas, Columbus, Ohio, Mr. and Mrs. Richard C. Hardy, Ashtabula, Ohio, Mr. and Mrs. Murl Dodge, Columbus, Ohio, Mr. and Mrs. George W. Borden and family, Bogota, Colombia, South America, Shirley and Elsie Heredia and Patricia Keane from Hempstead, N. Y., Mr. and Mrs. E. V. Larsen, Miami, Fla., Mrs. Constance Campbell and son, from Homestead, Fla., Mrs. M. A. Hepler, Smithton, Penna., Miss Clara Williams, Miami, Fla., Mr. and Mrs. J. Kaelberen, Halbow, Penna., Mr. and Mrs. J. Cornelius, Homestead, Fla., Mr. Edward Washburn and party, Homestead, Fla., Mr. and Mrs. M. E. White and family, Columbus, Ohio, Mayor and Mrs. Dick Conley and family, Homestead, Fla., Mr. and Mrs. Russell E. Brandt, West Palm Beach, Fla., Mr. and Mrs. Robert V. Hovelson, Homestead, Fla., Mr. and Mrs. James Hooker, Homestead, Fla., Mr. and Mrs. James Peebles, Florida City, Fla., Mr. and Mrs. Merl Young, Homestead, Fla., Mr. and Mrs. Sherman L. Tuppen, Jr. and party, Lake Worth, Fla., and Mrs. Jack Gilbert and son, Homestead, Fla.

All guests from Homestead were with the Little League ball team.

Every day the American public buys more daily newspapers than all the paper match books given away free.

Gays Hold Family Reunion

Mr. and Mrs. Charles Gay of 227 N. Indian River Dr., held a family reunion at their home on July 4th.

Attending the reunion were Mr. and Mrs. Lou Gay, the former's parents, Mrs. Emma P. Zenger, his sister, Gay and Todd, his son and daughter-in-law, Mr. and Mrs. Charles D. Gay, and their children, Gregg and Rickie of Sattelite Beach.

Lieut. Col. Maurice M. Bloom Jr., brother of Mrs. Beatrice Poux of Sewall's Point, recently took over as commanding officer of the Support Command, Headquarters Central Army Group (NATO).

The Central Army Group is one of the key military commands in Allied Command Europe. Col. Bloom officially assumed command at a change-of-command ceremony held on June 5th at Seckenheim, Germany.

CITED FOR SERVICE---HN David H. Salzler, USN, has been cited for "exceptional qualities of leadership" by his commanding officer at U. S. Naval Hospital Corps School in Great Lakes, Illinois. In citation, Salzler receives high praise as the commanding officer saying, "As a senior student petty officer, your initiative and devotion to duty were an inspiration to those students in your charge. have been a credit to this command, the hospital corps and the U Naval Service. Salzler left last Saturday for Brooklyn Navy Yard, anticipation of leaving for a two year tour of duty in Spain.

More and More Die in Water

Water accidents and deaths are increasing in Florida as more and more people build home swimming pools and take to skiing and boating, according to the State Board of Health in Jacksonville.

In 1961 there were 409 drownings, 91 of these from small boats. There were 442 drownings with 104 of these from small boats in 1962, it reflected.

"Deaths could be cut to almost zero if a few basic rules are followed," Dr. George A. McCoy, director of the board's Accident Prevention Program said.

He added that overcrowding of home pools, running on slick surfaces, and jumping or diving in too shallow water is a "common cause of accidents." He also emphasized that utmost caution should be exercised with lighting equipment and power lines.

Dr. McCoy said swimmers should never swim alone, just after eating, when tired, when drinking, or at night except in well lighted pools.

Regarding skiing, he said that not should the boat operator know here he is going but the skier should avoid exhibitionist acrobatics, such as skiing to wharfs or other fixed objects. he said a second person in a boat is a valuable asset in case of accident.

A primary safety rule in boating accidents is to stay with the boat. Trying to swim to shore prove fatal. Someone is bound to come along soon and either tow the boat in or be able to go for help.

A BIG SNAKE---Robert Thum, left, and [illegible] Davis hold the thirty-one and one half inch coral snake they killed Monday on Indian River Drive. Seeing the snake crossing the road, Davis stopped the car, grabbed a stick and killed it.

Angus Miller Celebrates 78th Birthday

Angus C. Miller celebrated his 78th birthday at a party given by Mrs. Barbara M. Fenson in his honor. There were 20 guests at the party, which featured home-made ice cream as the traditional family treat.

Miller was 78 years old June 27, but was very ill and was not able to celebrate until he was able to walk.

Attending the party were Mr. and Mrs. J. R. Ensey, Mr. and Mrs. Edward Ensey, Mr. and Mrs. D. D. Fulton, Sr., Mr. and Mrs. D. D. Fulton, Jr., and Mr. and Mrs. Frank Burke.

Carrolls Are Back From Vacation

Mr. and Mrs. Richard Carroll, Coconut Rd., just returned home Sunday from Ocala, Fla., where they visited an old car museum. In addition, they also visited Bostwick, Fla., the home of Mr. parents, and then went on to Jacksonville, where they visited other relatives and friends.

Mr. Carroll then continued on to himself to Douglas, Ga., pursuing his hobby of collecting antique cars.

Griffins Return Home After Visit

Mr. and Mrs. Clarence Griffin and daughter, Lois, have returned to their home in Pontefin, took her and her daughter to West Palm Beach and then to Juno Beach, where they met Mrs. Moehle's son, Charles Moehle who took the Griffins on a tour of the Beach and Merrit Island.

Opposition Is Expected At Budget Hearing

The huge school budget will be up for hearing July 26 at 10 a. m. Heavy opposition is expected from freeholders who will have to pay the bill.

It is doubtful, however, that the school board has any intention of altering the $3, 269, 797. 69 gross ($2, 559, 132 net) budget in any significant degree.

Henry Kindred, Chairman of the school board, said that it was a one year budget, and that the last five years in the building program.

At the close of the July 26 hearing, the board is expected to adopt the budget and have the special electors vote on it.

Trustee-millage elections are perfunctory affairs which draw few voters ordinarily.

The election will be held on the same day as the special state election as set by law, which is the Tuesday after the first Monday of November.

The two combined will probably attract many since ably attract many since that election is a "pocketbook" election, too.

RELAX. . .IT'S A WONDERFUL DAY--Water skiing off the Jensen Causeway is one way to spend the summer afternoon on Sunday. Relax and wait your turn in the shade of the Australian pines. . . or, relax, just relax.

LOTSA TROUT--Mrs. Nellie Dailey of Ocean Breeze Park is pictured above with her early morning catch of trout last Tuesday. Fishing off the Indian River Bridge, Mrs. Dailey caught seven trout and three croakers using live shrimp. The trout ranged from one to nine pounds.

FPA Will Meet Here

The Florida Press Association first district will meet in Jensen Beach this weekend in its first meeting in this area. Host newspaper is the Jensen Beach Mirror. The meetings will be held at the Outrigger Restaurant on Saturday afternoon.

John Paul Jones, manager of the FPA, and state advertising director Jack Dudley will arrive in Jensen Beach Friday to assume control of the state sponsored district convention. They will set up the schedule of activities for the delegates from the weekly newspapers in the area from Titusville to Key West.

An estimated fifty editors, publishers and staff members of the newspapers will attend the event.

The business meetings will be followed by a cocktail party at the Outrigger swimming pool Saturday evening, and then a banquet. Guest speaker will be Jack Dabney, director of Martin County's Committee of 100.

The Jensen Beach Area Chamber of Commerce is sponsoring a cocktail party and a Turtle Watch for the editors and publishers of weekly newspapers of the Southeast coast of Florida

THE AIR--Ready for moving is this cottage, donated by the Hoke family of Ocean Breeze Park Community Church. The Hokes donated two cottages and one quonset hut to the church, which e them for a youth center on the church property, selling one of the cottages which is not needed.

County Judge to Retire

County Judge Evans Crary, Jr., has announced that he would resign in September after nearly 4 1/2 years on the local bench due to personal and business pressures.

The 33-year old judge, who was appointed to office for the first term by Governor LeRoy Collins, said that it was time for a younger man to take over.

He was unopposed in the last election.

The county judges' salary was just raised to $9, 500, but additional income is provided by his work in several areas, including county judge, county judge of probate, juvenile judge, issuer of fishing and hunting licenses, drivers' licenses, and others.

His resignation was more or less expected and it was generally known that he planned not to run for re-election.

Named one of Florida's five outstanding young men of 1958 by the State Jaycees, Crary was also active in Masonic duties. In addition, he has been a member of Crary, Crary, and Crary, a law firm, since his graduation from University of Florida law school.

Possible successors include Malory Johnson of McRoberts and Johnson, a law firm, and Dean Tooker, present county attorney. However, no recommendation has been made by the Martin County Bar Association as yet.

Karen Schmidt And errence Gayner Were Wed Saturday

Miss Karen Frances Schmidt and errence Robert Gayner were nitec in marriage at 3:00 p. m. aturday, July 13. The double ng ceremony was presided over y Father Jan Januszewski at St. seph's Church.

The bride is the daughter of Mr. d Mrs. Edward Schmidt of 205 yline Dr., Jensen Beach. Mr. ayner is the son of Mr. and Mrs. obert H. Gayner of 7969 Brecks- lle Rd., Brecksville, Ohio.

The church was decorated with nite chrysanthemums and sprays spider mums lay at the statue the Virgin Mary, with Mrs. gene Grimm playing the organ.

The bride, in a floor length dding gown of white, heavy ffeta with long sleeves of Al- con lace wtih a Batteau neck- e and a cape draped from the ulders, was given in marriage her father, Edward Schmidt. e wore a short illusion veil and rried two white orchids and a yer book.

The maid of honor was Miss lice Schmidt, the bride's sister. desmaids were Miss Wendy yner and Miss Carolyn Barys h of Brecksville, Ohio, and s Doris Nichols of Bedford Hts., io. Their gowns were sheaths ilk shantung, street length, eveless. Two were of green and e of blue. Tehy wore pillbox s and carried spider mums.

Flower girl was Kathy Torow, who wore a white dress with a blue satin sash, and a crown of daisies. She carried a nosegay of blue and white carnations.

Terrence Hafner of Brecksville, Ohio, was best man with Frank Torow of Jensen Beach, Jeff Gayner of Brecksville, Ohio, and Jack Dostal of Las Vegas, Nevada, served as ushers.

Mrs. Schmidt, the mother of the bride, wore a champagne shade crepe sheath while Mrs. Gayner, mother of the groom, chose a blue chiffon with flared skirt. Both carried cocktail orchids.

A reception at the home of the bride's parents followed the ceremony at which both parents of the couple and the bridesmaids assisted in receiving and serving.

Out of town guests included Mrs. Robert Stowe, Bob Stowe, Ken Wesner, Randy and Chris Gayner, Mrs. Vera Hinkley, Don Wesner, and Mrs. Stella Oley.

The newly married couple will tour Florida for their wedding trip and then go to their new residence at Athens, Ohio, where they will be at home after July 22nd.

The bride chose for her wedding trip, an A linen dress of light brown with blue and green leaf print.

The new Mrs. Gayner is a graduate of Ohio University and our own Martin County High School. Presently, she is employed with Lancaster-Fairfield Memorial Hospital, Ohio.

Actress Susan Hayward and husband, F. E. Chalkley, of Corrollton, Ga., were guests at Langford Terrace on the boat, July 5th.

---

alter Arrington, son of Mr. and Mrs. Donald H. Williams of Lake Park had a surprise birthday party Friday afternoon on the Jensen Beach Causeway.

Rio Civic Club Welcomes New Members

Alexander B. Wilson, president of the Rio Civic Club, welcomed Mr. and Mrs. William Ritzman as new members of the club last Thursday evening, July 11.

Jerry Emtage was also welcomed back to the club after his recent illness.

Mr. and Mrs. Wilson were presented with a cake in honor of their wedding anniversary by the club after the regular business was attended to.

The next regular business meeting is scheduled for Thursday, August 1, at 7:30 p.m.

The card party that was scheduled for July 16 was cancelled due to necessary construction of the new addition to the clubhouse. It will be reheld on July 30, at 12:30 p.m., the club announced.

Assistant Director

TIME TO LAUGH

Coming next Wednesday evening (July 31) at the Elliott Museum in the Martin County Historical Society sponsored Film Classics Series is a trilogy of fun movies for the whole family.

On the screen will be "For Laughing Out Loud" a survey of the hilarious silent film era when the antics and slapstick humor of past screen personalities brought loud guffaws from all movie-goers.

Second is a delightful account of "The Dinner Party" as performed by Marcel Marceau, the worlds foremost pantomine artist.

The third of the series relates a glimpse of vacationing Frenchmen of a "Party Weekend" which reveals that people all over the world act somewhat the same in their pursuit of relaxation and fun. This last screen gem has no stars or dialogue. The sounds and speeches are actual recordings of the gay Parisians as they troup to the beaches to "get away from it all."

Show time is 8 p. m. sharp and the place again the Elliott Museum. There is no admission charge, but it will be appreciated if all non-members of the Historical Society will observe the Donation Box at the door. The next film scheduled in the Summer Film Classics Serie will be "Gulliver's Travels" on Wednesday, August 28.

Visit and SUPPORT your Martin County Museums. Membership blanks are available at both Museums. The House of Refuge Museum are open 1-5 Tues. thru Fri., 9-5 sat., Sun., and Holidays. (Closed Mondays) There is no admission charge.

The newspaper is your contact with Main Street, your neighbor, the world.

WOMEN'S ASSCCIATION CARD PARTY HAS BEEN POSPONED UNTIL JULY 22

The dessert card party scheduled for Monday, July 15, by the Jensen Beach Women's Club has been rescheduled for the following Monday, July 22, as a result of two deaths that occurred.

The dessert card party will be held at the Jensen Beach Women's Clubhouse, Jensen Beach, at 1:00 p. m., and the public is cordially invited. Reservations are available by telephoning either Mrs. Mack Costello or Mrs. Edwin Miller at AT 7-1038 or AT 7-4943, respectively.

'100' Phamplet Is Released

An excellent publication entitled "Growth in Martin County and Florida", by David Irons and John C. Dabney, first published in the American Banker, is now available through the facilities of the Martin County Committee of 100.

The exposition is available in pamphlet form and reflects the industrial development opportunities in Martin County.

Tilton Family Vacationing In Georgia

Mrs. Warner B. Tilton, daughter Anita Tilton Wachs, and granddaughter Robin Tilton are vacationing at their summer home on Lookout Mountain, Cloudland, Ga.

Warner B. Tilton drove the family there and returned the next day. He and Mrs. Tilton have maintained the home for 37 years.

Ben Tilton, Frank, and Warner Wachs, grandsons of the Tiltons, are spending a month at nearby Cloudmont Camp for boys.

New ZEISS IKON Contaflex super B

world's favorite 35mm single lens reflex camera

See these four new refinements in the Contaflex Super B

Super B is the latest and most automatic of the Contaflexes. It leaves you free to concentrate on composing your picture, not on arithmetic and mechanics. Yet it permits you to assume full manual control if you desire.

Interchange five Zeiss Pro-Tessar lens systems: M 1:1, 35mm., 50mm., 85mm., and 115mm. Use the Bi30 B monocular for super close 400mm. photography. Add the revolutionary Zeiss Ikon Interchangeable Film Backs for instant switching of films. Use the notable IKOBLITZ flashgun for sparkling indoor pictures.

We can help YOU take better pictures

Space problems happily solved here!

Families on-the-grow often create the need for more living space. Frequently this can only be obtained by moving into larger quarters. Best solution, in many cases, is to buy a new home of their own. If this raises the question of financing, we have the best answer to that. We'll arrange a Home Loan that can be repayed just like rent.

Come in, talk it over.

Your Social Security

By: R. C. Gehrken, Jr.,
District Manager,
West Palm Beach Social Security Office.

Q. I am moving next month. What can I do to make sure I get my social security check on time?

A. Report your new address to the Social Security Administration as far ahead of your move as you can. If the notice is received by the middle of the month, there will be time to change the address on your next check. You should also notify your post office.

Q. What should I do if I cannot give the Social Security Administration my new address until after the middle of the month?

A. If you cannot notify us before the middle of the month, your next check will probably go to your old address. Therefore, it is very important that you also make arrangements with your post office to forward your next check to your new address.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

HOME AGAIN--Mr. and Mrs. C. N. Brinsley of Jensen Beach recently returned from an enjoyable cruise aboard the S. S. Bahama Star from Miami to Nassau. They made the trip July 9.

ROD and REEL MOTEL GUESTS

The following people were guests at the Rod & Reel Motel last week: Mr. and Mr., Walther Graningaard and daughter from Chicago, Ill., Mr. and Mrs. R. H. Bonham from Ghould., Fla., Mr. and Mrs. B. Potocky and daughter from Erie, Penna., Mr. and Mrs. Willie F. Boggan and children from Brunswick, Ga., Mr. and Mrs. William A. Hart from Royal Oak, Mich., who are visiting their daughter at St. Joseph Academy, Mr. S. R. Freed from North Miami Beach, Fla., Mr. J. E. Carter and son from Miami, Fla., Lieutenant Colonel and Mrs. J. W. Kelly from Patrick Air Force Base, Fla., Mr. and Mrs. H. Mietz from Brooklyn, N. Y., Mr. and Mrs. J. W. Rowley from Coral Gables, Fla., Mr. J. J. Taylor from Orlando, Fla., Mr. and Mrs. Allen A. Johnson, Jr. from Coconut Grove, Fla., Mr. and Mrs. Howard Coscarelli and party from Marshall, Mich., Mr. and Mrs. G. K. Wilcox visiting parents in Stuart, Mr. and Mrs. Duane Allen from Coral Gables, Fla., Mr. and Mrs. B. J. Nelson from Clarksdale, Miss., and Mr. and Mrs. Otto G. Neuman and part, from Miami, Fla.

John Milan Is Here To Visit Son and Family

John Milan, father of Alex Milan, a local restaurant manager here, arrived by plane from Pittsburg, Penna., to spend a week with his son and family at their home, 810 Media St., July 4th.

Mr. and Mrs. Milan have made plans to retire and make their permanent here.

Milan came to this country at the age of 13 from Austria and became a full fledged chef when he reached 22. For the past 23 years, he has held the position of maitre d'hotel at one of the leading hotels in Pittsburg.

Buy with confidence from your hometown merchant who services what he sells. Read his ads in your hometown newspaper.

A pool hall built by Bill Rice at a cost of $20,000 will be built in Stuart across from the 7 C's. The property is owned by John Oteen.

The building will be made out of reinforced concrete and will be 40 feet wide and 100 feet long.

James R. Mills of 349 N. W. Savanna Rd., Jensen Beach, escaped serious injury when his car went through a guard rail and down an embankment on A1A about a 1, 2 mile south of Hobe Sound. The loss on the car was set at $2,000 by Deputy Sheriff James Holt, July 20.

There were no charges. Mills said he lost control at the turn of the road.

Fishing News

Fishing picked up pretty good this week, according to Johnny Crawford at the Snook Nook. In addition, there was some Albacore and snook in the surf, he said.

The following fishermen managed to bring in some pretty good size fish: Harlow Sutter got ten snook this week, the granddaddy weighing 32 lbs., Vince Leadmen outfoxed two fairly good size snook, the biggest tipping the scale at 30 lbs., Tony Remiki got three snook, tying Leadmen for the biggest of the pair with his top one weighing 30 lbs., Harry Dickey got 12 trout and one snook weighing 15 lbs., Bob Polowiki tricked up one 23 1/2 pound snook, Bob Garner caught a 26 1/2 pounder, Bob Schall caught the biggest this week, a 34 lb. snook, Bob Robertson nabbed 25 trout, Alex Davidson got seven trout, with the biggest one weighing 8 1/2 lbs., Walter Adrian caught four snook, top of the quad tipping 30 pounds, John H. Kuldauer also enticed a 30-pounder to nibble, and finally, Mr. and Mrs. Jim Dailey used some team work to hook eight trout, including a big 9 1/2 pounder.

GOOD CATCH--The Reverand John Kaelbaur of Hatboro, Pa., caught this 30 lb snook while fishing ont the St. Lucie Bridge last Thursday using eelskin

Bob Hope is in hot water again--this time in darkest Africa--in a new comedy in color "Call Me Bwana," Saltzman-Broccoli effort in which he is co-starred with Anita Ekberg (seated) opening Thursday at the Lyric Theatre. Cartoonist Al Hirschfeld's artistic interpolation of an off-camera scene from the United Artists' release.

Lightening was responsible for the loss in power in Stuart recently, breaking a crossarm and also creating some line trouble.

The break was found at 11:30 a. m. just north of the Port St. Lucie Administration on US1.

Mr. and Mrs. John Wilbert and duaghter, Charlotte, son-in-law, Jim Todd with his daughters, Sharon and Ruth, returned to Avington, Penna., after spending a week visiting the Johnny Crawfords at the Snook Nook Cottages.

Youth Fellowship Banquet July 25th

The Youth Fellowship of the Community Church are planning a "banquet" for Thursday, July 25th, at 6:30. All new members of the church who have joined since Rev. Tweedy has been our Pastor will be the honored guests of the Fellowship.

Tickets will be available from any member of the group.

The Fellowship will meet at 6:30 Sunday, July 21st, and Miss Cathy Houser, Louann Dailey, and Jacque Penick, will act as hostesses at the function.

Mrs. H. W. Stoner of 132 South Indian River Dr., Left by bus to visit her eldest son, Walter, who is ill and convined at his home in Cleveland, Ohio, July 8.

Mr. and Mrs. Chester Lawrence celebrated their 2nd wedding anniversary July 13.

Mr. and Mrs. Charles E. Hall, Jr. of 68 Letitia St., had as guests for one week, Mr. and Mrs. Pete Phillips and their two children of Harrisburg, Va.

The family left for Clearwater and Largo where they will make visits to relatives and friends before returning home.

Ivan Johnson of Sunny Acres Rd. is in Cleveland, Ohio, making a three week visit at the home of his daughter.

Walton Property Owners Meet

A meeting of the Walton Property Owner's Association was held July 10 with Charles Moehle presiding over twenty members that were in attendance.

The purpose of the meeting was to start proceedings to establish a bulkhead line at Walton if one had not already been established.

Harry Jennings was appointed to consult St. Lucie County Attorney Wilson to get further information and advice on the subject.

HEALTH TOPICS

A Service of Your Doctor of Medicine, Your Local Medical Society and the Florida Medical Association.

MODERN HAIR STYLES

Young ladies nowadays—and sometimes their mothers, too—are showing up at the office, at school or at a party with a variety of elaborate new hair styles that men often find somewhat baffling.

Most of the new puffed up hairdos depend on roughing, back-combing, or "teasing" the hair to give added body to the newest style. Some other names for these techniques are "rattling" and "lacing".

Today's Health, the magazine of the American Medical Association, reports that roughing or back-combing does not damage the hair if it is done properly and if the hair is in good condition, that is, if it is naturally lustrous and the fibers are strong and springy.

However, these operations should be carried out gently and not too frequently. This will avoid roughening of the hair fiber's surface and undue tangling, especially on dry, brittle hair, a easy-to-break hair.

These operations tend to tangle the hair quite badly. Tangled hair is difficult to comb and somewhat greater than normal fiber breakage may occur unless care is exercised.

And when milady tires of the puffed up hair-do and decides to return to normal, begin combing at the ends and then gradually progress toward the scalp to remove the tangles by gentle combing. Actually brushing is more effective than combing for removing the tangles and is easier on the hair.

So, your teen-age daughter turns up one day with what the parents believe is an absurd hair-do or a dye-job in unnatural colors, don't worry about it. The new hair that grows out from the roots will still be daughter's own normal hair and the new style will go away with time.

12 YEAR DELAY IS SEEN ON OKEECHOBEE FUNDS

A wire service story from Tallahassee which estimated that Palm Beach County could tie up Lake Okeechobee gasoline tax distribution monies for 12 years or more could be right, according to Representative William R. Owens.

Tallahassee sources, which have not been co-operative with the four smaller counties that gained a share of the big lake in the recent Legislative session, said that there appeared to be little chance that Glades, Hendry, Martin, or Okeechobee counties would get any share of the gas tax monies for some time except through a court case or new precedent.

Gasoline tax is now distributed among the state's counties on the basis of a formula that involves area as well as other details of the counties and is gained from the fifth and sixth cent of the total revenue collected.

Palm Beach County, which has a new bond issue of 15 year payment duration, would probably pay off to the limit each year in order to keep the four other counties from obtaining any share, Owens remarked. In addition, he felt that 12 years would be the amount of time required to do it.

Palm Beach County has claimed that an estimated loss of a little more than $1.7 million could be loss as a result of the action over a period of ten years, whereas, at the same time, Glades, Hendry, Martin, and Okeechobee expected to gain $883,000, $94,000, $375,000, and $438,000, respectively.

Additional action planned by Palm Beach County includes a suit designed to overturn the Legislative act, regarding it as unconstitutional.

A report of the U. S. Corps of Engineers at Jacksonville indicates that waterborne commerce on the Okeechobee Waterway increased nearly 50,000 short tons in 1962 as compared with 1961.

The traffic total for 1962 was 351,947 short tons, an increase from 304,391 in 1961.

The breakdown, when split into directional and local categories, went this way: Inbound, 209,324; outbound, 39,245; eastbound, 5,657; westbound, 17,221 and local, 80,450.

According to engineers listing the waterway was fourth in total tonnage among 19 Florida waterways in 1962.

St. Lucie Inlet carried 1,064 short tons of water borne goods in 1962, up only 39 tons over 1961.

Welcome to the Florida Press Association Summer Convention

JENSEN BEACH BANK

"Your Community Financial Center"

MEMBER OF THE FEDERAL DEPOSIT INSURANCE CORPORATION

HAPPY BIRTHDAY TO YOUUU—Don Johnson, manager of the [illegible] Yacht Club, is surprised at the birthday reception and cake [illegible] last Thursday's Businessmen's luncheon at the Jensen Lanes. Sitting to the right of Johnson is local insurance man Rick Carroll.

Joe Roberts, Sr., returned Sunday after a week of the Shrine Convention at Chicago. While there, he stayed at the Alerton Hotel.

Marie Adeline St. Clair

Mrs. Marie Adeline St. Clair, 82, a resident of 621 North Indian River Dr., Jensen Beach, died in a Fort Pierce Hospital Friday, following a brief illness.

A native of Helvetia, West Va., she had made her home in Jensen Beach since 1940. She was a member of the Jensen Beach Womens' Association, the Lady's Aid Circle, and attended the Jensen Beach Community Church.

Survivors are one son, William, of Jensen Beach, two sisters, Mrs. Mary Davis of Pittsburgh, Penna. and Mrs. Flora Harter of Stuart.

Funeral services were held at Johns Funeral Home Chapel Tuesday at 2:00 p. m. with the Rev. Newton M. Tweedy, Pastor of the Jensen Beach Community Church, officiating.

Burial took place at All Saints Cemetery.

William Roberts Robbins

Mr. William Roberts Robbins, 66, of 61 Roberts Ave., died at his home Saturday following an extended illness.

He was a native of LeRoy, New York, and had made his home in Jensen Beach for the past [illegible] years. He was a veteran of World War One and a member of Jensen Beach Post American Legion. In addition, he was a member of Corinthina Lodge, F&AM, of Detroit, Michigan.

Survivors are his wife, Edna [illegible] Robbins of Jensen Beach, one daughter, Mrs. Jean Richards of Farmington, Michigan, his mother, Mrs. William H. Robbins of LeRoy, N. Y., and two grandchildren.

Funeral services were held at Johns Funeral Home Chapel Wednesday at 2:00 p. m., with the Reverend Malcolm Harris, Pastor of the First Presbyterian Church, officiating.

Burial was in All Saints Cemetery, Jensen Beach.

Captain Winowiecki To Celebrate 93rd Birthday

Captain Charles Winowiecki, a resident of Jensen Beach for more than 46 years, will celebrate his 93rd birthday July 23, at River Drive Nursing Home.

Born on the German Polish border, he came to this country when he was 12 years old in 1883, to join other pioneer families at Traverse City, Mich., which was then a little more than a bayshore Indian settlement.

He had learned to speak English after a year of schooling, and began to work for commercial fishermen of Grand Traverse Bay at which time he soon mastered the art of making, repairing, and [illegible]serting nets for fishing.

His long entertained dream of becoming captain of his own boat materialized through a lot of hard work. He bought the 30-ft. sloop "Isabella" and, later, he added the "Clara" and two sailing vessels to his growing fleet.

Captain Winowiecki married Mary Fliess in 1890 and they became the parents of five children, a son, Joseph, and four daughters, now Mrs. Harvey Wright, Mrs. Clara Gideon, Mrs. Frank Pulo and Mrs. Marion Senski.

After suffering severe attacks of rheumatism in 1917, the Captain decided to take his family to Florida where, so he had been told, the climate was excellent and the fishing profitable.

The family made the [illegible] journey in a Ford car loaded with camping equipment and supplies. Less than 60 miles per day over rough and muddy roads was considered good time, but the family eventually arrived at the Palm Beach County area.

From there Winowiecki went to good water, and finding it there in Jensen Beach, established the family home.

He then went to the Ricou Lumber company to get work as a fisherman, but was told that no help was needed at the time. Captain Winowiecki noticed a discarded net on the dock and Ricou told him that he could have it, he used it to bring in the biggest catch that was ever brought in by any of the Ricou fishermen, he was immediately supplied with a boat and new nets by Ricou and continued to work there until 1[illegible]

Captain Winowiecki then started his own fishing business and [illegible] the Michigan Cottage camp, operating both until his retirement in 1955.

Survey Asks Bulkhead To Remain At 250 Feet

an Ferguson, director of the rnal Improvement Fund, has ived a report by a Depart- nt of Conservation marine bi- ist that a 250 foot bulkhead line would be best for Indian River marine life.

The ecological survey was requested by Gov. Farris Bryant and under order of Randolph Hodges, director of the Board of Conservation. The survey of the river bottomlands off Ocean Breeze Park was conducted by marine biologist Kenneth D. Woodburn.

Woodburn, in a statement to Ferguson, said, "To best preserve valuable grassy nursery grounds forshrimp and small fishes in the subject area, it is recommended that the bulkhead line be held at 250-feet offshore and that any dredging or fill material be confined to water depths of six feet or greater."

The order followed a hearing by the IIF over a request to extend the bulkhead at Ocean Breeze Park and at adjoing land being leased from A. A. (Buck) Hendry to 1,000 feet by the city on wheels, held at Tallahassee earlier this month.

Miracle appens..Butch an Hear Now

an Lee Brown, Jr., 14, has been deaf his birth. Last Saturday he got the of his young life. Dr. Paul Sayard, earing specialist of West Palm Beach, ed "Butch" and restored his hearing hearing aid. He has been going to hool in St. Augustine for the past nine

This is a miracle," said Norma Brown, his mother. She d pride and excitement as d the Mirror the story. experts had told the Browns "Butch" would not hear

how, during his schooling, earing came back. When it ested that Butch be taken other specialist, "Brownie and Norma Jean held out for they had been disap- many times in the past 14 But at the urging of Father 82 year old priest of St. Church in West Palm Beach, retired, the Brown's took "just one more time."

If you have ever seen a mira- that was it," said Mrs. "When the doctor instal- led the hearing aid, Butch heard for the first time and turned to me and said, 'Momma', in surprise. It was a miracle."

Butch is going back to deaf school, . . for speech therapy. He has to learn to talk, for now he can hear. Already an excellent lip reader, Butch has forced his mother and father to cover their mouths to keep him using his hearing, and not relying on his eyes.

All Jensen Beach will rejoice in this great step forward for Butch, and Mr. and Mrs. Brown. We have our own miracle now.

Chamber Names Two Members Of Incorporation Group

Don Palmer and Charlie Gay have been appointed to serve on the Jensen Chamber of Commerce Committee to study the proposed incorporation of the Jensen Beach area. At a meeting of the Chamber board of directors last Monday night the two were selected and accepted the appointments.

Three more committeemen will be selected in the next week, according to Chamber president Frank Forsberg.

"We must proceed," said Forsberg, "being careful that a complete job is done. The facts must be presented to the people so that they can make an honest appraisal of the good and bad points of incorporation. The Chamber will not recommend for, or against the incorporation. We will just report the facts to the people."

Chamber directors present at the meeting included Don Wilkie, Dillard Collier, Fred Escott, Charles Hall, Martin Wahl, Warner Tilton, Sr., Ed Lawrence, Don Palmer, Wallace Fletcher, Wendell Orr, and Forsberg.

Forsberg stated that the committee would endeavor to have some information available by the middle of September. He promised that progress reports would be made to the public on the formation and plans of the committee.

The move to incorporate Jensen Beach was started last Thursday evening, when Bob Bair, head of the bulkhead committee of the Isaac Walton League, called a meeting, inviting persons of his selection to the affair. About 40 people attended, divided roughly between Jensen and Rio. The representatives of press and radio were not invited.

The meeting resulted in action when Frank Forsberg offered the use of the Chamber to investigate incorporation.

Editors' Convention Is Termed 'Best Yet' By Florida Press Manager; Campbell Elected District Director

The annual summer convention of the Florida Press Association held last weekend in Jensen Beach was termed "The best I have ever seen in the district" by John Paul Jones, manager of the association. Thirty editors, publishers, and guests attended the meeting that saw Mirror publisher Dick Campbell elected to the Florida Press Association board of directors to represent the 35 South Florida weekly newspapers in the 1st district.

Representatives of sixteen newspapers were present at the afternoon meetings at the Outrigger. The newspapers covered the area from Titusville on the north to Miami Beach on the South.

Following a cocktail party, sponsored by the Jensen Chamber of Commerce, the annual summer convention banquet was held, featuring Jack Dabney, director of the Martin County Committee of 100, as guest speaker. Dabney pointed up the power of the newspapers in molding public opinion, and charged the editors with the responsibility of creating an atmosphere that would attract industry to their communities.

Guests of the FPA banquet were Jensen Chamber president Frank Forsberg, County Commission chairman Frank Wacha, State Representative Bill Owens, and Reverend Newton Tweedy of the Community Church.

Following the banquet, the editors went to the Jensen Beach pavilion on a turtle watch, and on their arrival at the beach had good fortune to see a 300 pound turtle crawl out of the ocean right at the pavilion and lay her eggs.

Sunday the editors who stayed over enjoyed the Jensen beaches.

SEWALL'S POINT WATER MOVES NEARER TO MOIST REALITY

W. Crowder, Stuart City nager, has reported that the y of Stuart may soon have a wholesale water business m a 12-inch main at Steele Port Sewall.

ter deal by Sewall's Point Southern Gulf Utilities, Inc., Miami, has progressed to the where an ordinance passed commission and will be for second reading in August. thern Gulf plans to use a 10 main across the St. Lucie an eight-inch main north th on Sewall's Point, and to build a million gallon tank behind the Sewall's town hall.

tank will be engineered to ficiently large to permit pply of water to Hutchi- nd by Southern Gulf.

rman of the town's com- mittee to obtain water, E. C. Warcheim, announced the Southern Gulf plan at the end of May. The million gallon tank will sit on the ground and will be refilled during one to four p. m. by the Stuart pumping station each day.

Presently, there are no plans for water mains to Hutchison Island by Southern Gulf.

levy figures do not in- e school board's budget up about 65 per cent over from 7.13 mills to way 85 mills.

Library Plans Story Periods For Children

Four summer story periods for four to eight year old children will be given at the Martin County Public Library on Thursdays, Aug. 1, 8, 15, and 22.

The pre-school group (four to six years old) will meet from 10 to 11 a. m. in the conference room of the library. The older group will meet from 11 to 12 in the same place.

Parents interested in having their children participate should sign up at the library or call Mrs. Calvert Montgomery at At 7-3182.

WARNER TILTON OPENS A-1-A BRANCH OFFICE

Warner B. Tilton Real Estate and Insurance has opened a branch office on SR 707-A1A in North Jensen Beach. The office, located across from Seymour's Inn, will be operated by Harry Wood. Complete services of the Tilton office will be offered in the new location, according to Wood.

Schreckengost Will Operate The Sandpiper

Tom Schreckengost, owner of the Fun-o-rama Skating Rink, has purchased the business of the Sandpiper, the bar and restaurant at Jensen's beach. No price was announced on the sale.

Janice Elizabeth Breitweiser

Miss Janice Elizabeth Huffine became the bride of Helmut Breitweiser in Van Wert, Ohio, at the Evangilical United Brethern Church June 29th.

Janice is the daughter of Mr. and Mrs. John Huffine of Mildred Ave., Jensen Beach. Mr. Huffine is a familar face seen with the Tri-County Gas Co. during the fall and winter season.

Janice and Helmut visited here at Jensen and also visited their great grandmother, Mrs. L. E. Huffine, in Miami during their honeymoon.

BULKHEAD IS PLANNED FOR WEST RELIEF

The county commission agreed to advertise for bids for an additional bulkhead at the west relief bridge in the Jensen Beach causeway, eastside of the channel, to stop erosion. Chairman Frank A. Wacha said that earmarked funds would be used for the project, partially from capital outlay and partially from District A funds in the present budget.

Bids will be returnable at 9:30 a. m. Aug 13. Specifications are available at the county engineer's office.

LIVE..... And Love It

By DICK CAMPBELL

To Everyone... "Thanks"

The members of the Florida Press Association came, saw, and were conquered by Jensen Beach. The best description of the convention was in the words of John Paul Jones, manager of the Florida Press Association, who said, "It was one of the finest meetings ever held in the first district."

The good part of the summer convention in Jensen Beach was that it was a community affair, not just a newspaper affair. The over thirty editors, publishers, and their wives attending had a wonderful time, and all events went off like clockwork. . . and on time.

The registration went well, and was followed by an informal lunch at Poor Bob's Restaurant. While there the delegates all remarked on the quality of food and service. The meetings got under way and were fruitful. Problems facing the weekly newspapers in circulation, advertising promotion, and news were discussed, and the editors exchanged ideas on each subject.

The surprise of the afternoon was when the delegates elected me the director of the district, to represent all South Florida weekly newspapers, from Titusville to Key West, on the Florida Press Association board of directors. It is quite an honor.

The cocktail party, sponsored by the Chamber of Commerce, and operated by Frank Forsberg, Martin Wahl, and Rick Carroll, went off without a hitch. The wind was keeping the mosquitos away, and the sunset was a sight to see at the Outrigger Pool.

The banquet, prepared by Henry Moy, Outrigger Chef, was a delight, and the program, with speakers Frank Forsberg, Frank Wachs, Bill Owens, and Jack Dabney was perfect. The crowning touch was the turtle watch. Just as the last car drove up, I announced that we would have to sit at the pavilion to wait for Ray Lorenz to find us a turtle. As I finished the sentence, a sweetheart of a turtle came lumbering out of the surf, dug her nest, and began laying eggs within twenty yards of the pavilion. Everyone was amazed.

We gave each member of the convention a Jensen turtle pin, and a photograph of the entire group at the Outrigger, which we know they will use in their newspapers. Many took their own photos of the day's activities.

As I said, the summer convention was a town event, not a newspaper event. The Chamber of Commerce was very active in helping to promote it. Letters were sent to all the newspapers from the Mirror, and the County Commission and the Chamber sent literature to the newspapers. All pitched in to get the job done right.

We hope some day to have the entire state association have their fall convention in Jensen Beach. This was a good beginning. Behind the scenes work by Al Palmer, Frank Forsberg, Glen Glidden, and Paul Streeter did much to get the job done. Many who helped cannot be mentioned, for they are too many. But Jensen Beach is well known to the editors and publishers of South Florida' weekly newspapers now. They will be back, and will send their people to Jensen on holidays.

The success of the event is a bright spot in our history. To all those who made it possible, we at the Mirror say, "Thank you."

Palm Beach Continues Move To Fight

Palm Beach County attorneys are attempting to negate provisions in the bill which divided Lake Okeechobee among the bordering counties and are expected to contest it in the Circuit Court of Leon County on the basis that the description of the county boundaries contained in the bill are too indefinite.

Undoubtably, the suit will be filed before the effective date of the bill (August 19) which is the end of a 60 day waiting period following the date it was allowed to pass without the governor's signature.

The suit will effectively tie up the seventh cent of the gas tax not now pinned down by Palm Beach County. However, if the smaller counties of Martin, Glades, Hendry, and Okeechobee win the suit, they will receive the funds from escrow accounts where they will be held for the trial's duration.

According to William E. Owens, Representative, the seventh cent would provide the county with about $1l, 000 in revenue.

Atty. Willard Ayres said Van Ferguson, director of the Internal Improvement Fund, has been asked by the state compuroller's office to make a careful survey of the new county areas to provide figures to use in the gas tax formula, which takes into consideration the county's area, among other things.

Rep. Owens was told by Ayres that the $15 million Palm Beach County issue floated shortly before the new bill hit the Legislature, the new bill hit the Legislature, pledged all of the fifth and sixth cent of gas tax from the lake aras as well as the rest of Palm areas as well as the rest of Palm Beach County.

No surplus of any nature will be available to the smaller counties until that issue is paid off, and at least 12 years is expected to be the term of the tie up. The issue has a 15 year term.

A big effort to overturn the bill has been made by R. B. Jones, of Jones, Adams, Pain, and Foster of West Palm Beach and Fred L. Thompson of Tallahassee, who have been retained by Palm Beach County to assist County Attorney Harry A. Johnson.

Owens has found that the comptrollers office, where the gas tax funds are forwarded to the counties, is planning, at least temporarily, to ask the attorney general to rule on confusing issues of the bill.

TO THE EDITOR

Mr. Dick Campbell, Editor
The Jensen Beach Mirror
126 N. W. Sunview
Jensen Beach, Florida

Dear Mr. Campbell:

Our congratulations to you on your Refrigerator - Freezer promotion which is beautifully worked out and is actually one of the best we have seen.

Cordially,
Joseph A. Bernstein
Editor
Director of Planning

METRO Associated Services, Inc.

Mr. Richard E. Campbell
The Jensen Beach Mirror
126 N. W. Sunview Road
Jensen Beach, Florida

Dear Dick:

I want to say hello to the people in Ocean Breeze and Jensen Beach and to all of the other people that I have met while I was there.

Despite some operations I had undergone at Stuart, I consider myself very lucky, although I am still in bad shape. I think this lets a person see a lot of things that he would have otherwise just overlooked.

It sure is good to get the paper, and I hope that you give my best regards to all of your readers.

CARL O. HULTGREN

Mr. and Mrs. R. H. Escott, Sr., are celebrating their 64th wedding anniversary at their home today, July 25.

Secrecy Is Wrong

The people have a right to know. The secret meeting of Bob Bair, who, acting as chairman of the Isaac Walton League bulkhead committee, started an incorporation movement in town last Thursday night could have set back the future growth of Jensen Beach a long way. Secret meetings are not in the public interest. If such a movement starts, it is the duty of the group starting it to inform the public. Bob Bair and the Isaac Walton League had every opportunity to inform the public. When the League moves into incorporating towns to right a bulkhead line, they are making a mockery of our form of government. The people have a right to know. The Mirror will fight any secrecy in public domain. It will oppose any self-appointed so-called community leaders who would keep from the people full knowledge of activities that affect the community at large. It was sincerely a pleasure that the job of investigating the incorporation of Jensen Beach was taken from the "Bulkhead Boys" and turned over to a responsible group . . . the Jensen Area Chamber of Commerce. Perhaps some concrete progress can be made, now. The move of responsibility to the Chamber certainly brought order out of potential chaos.

This is perhaps the first time that a complete study of the advantages, and disadvantages, of incorporation in Jensen Beach has been made. The Chamber committee searching the information should return to the people a report of finance, and make each report full of detail. Then, and only then, we will be able to make an intelligent decision as to the incorporation of Jensen Beach. The Mirror asks that all persons withhold their judgement, and make up their own mind with the knowledge brought out in the Chamber report to the people.

Teevy Picture Improves.... But Not Rerun Quality

A. L. Johnson of Ocean Breeze Park, has discovered a brand new way to improve television reception. By shoving a hose into the ground beside his antenna mast and then turning on the water to thoroughly soak the ground around it, he declares, improves the reception of his set.

The whole scheme came about when he had noticed that every time it rained his TV reception was better and that only when it rained especially hard did he ever get Channel four. So, he decided to try out making artificial rain for his TV antenna.

"I don't know why it works," said Johnson, "but it does

Officials Are Complemented On Office Procedures

Three Martin County elected fee officials were complimented July 16th by the State Auditing Department in reports released recently.

Mrs. Dorothy Pierce, clerk of the circuit court, Mrs. Flotetta Bartlett, former tax collector, and A. C. Courson, tax assessor, were among those praised.

Morris B. Stevenson conducted the audits for State Auditor Bryan Willis, CPA.

The County Commission clerk's were not covered in the report since these are audited with the audit of the accounts of that board. In addition, since the income of the office is on the basis of calendar years, the income for the entire year of 1958 was shown in the report.

The report afforded that the records were kept neat and orderly, and that record keeping had improved.

Items mentioned in a previous audit of 1958 were referred to as: "Undistributed surplus proceeds of tax deed sales mentioned in prior report No. 4929 were advertised and turned over to the board of county commissioners in compliance with Section 194, 23, Florida statutes, on January 30, 1959. All other surplus proceeds were distributed in accordance with statutory provisions."

Most of Mrs. Pierce's audit was accompanied by extremely favorable comment on the part of the auditor, despite some question arising over controversial operating procedures regarding the date a raise granted by the legislature was effective. Mrs. Pierce neglected to pay herself $391.63 in wages.

Mrs. Bartlett also received high praise for the period beginning November 21, 1961 (the date of her commission) and ending Jan. 7, 1963, the end of her term. Typically, the statements reflected highly complimentary remarks to both a layman and an accountant. For example, such flat statements as "remittances were made regularly and were correct," and "all collections of record were accounted for, "revealed that there were no unfavorable comments or remarks.

An income item affording an interest income of $310.49 earned in 1962 by placing funds not currently needed on time deposit was of particular interest because the incident was indeed unusual in tax collectors' activities and was also the first time Martin County had ever made such earnings.

The audit of the tax collector's figures covered a period shortly before the death of the late L. C. Kicklitter which also were in a sense praised by ommission rather than inclusion of remarks.

Audits were conducted for the tax assessor's accounts for the period starting May 1, 1958 and terminating December 31, 1962. These were also handled well and comments were complimentary.

For the most part the comments reflected the neatness and mathematical conciseness of the accounts, as well as the suprisingly few errors found.

Adverse comments were virtually non-existant.

AFTER A DIP A SWING--Of good way to dri off after a swim in the Indian River is to take a swing in the children's playground at the Jensen Causeway. This cutie finds it is a very serious business.

Lake Level Is Perfect

Lake Okeechobee's water level is now exactly at 13 feet above mean sea level which is perfect for this time of year, according to Zeb Grant, director of operations for the Central and Southern Florida Flood Control District.

Consequently, no regulatory discharges of water from the lake are planned, he said.

The main source of water for the lake, the Kissimmee River, is discharging water about 50 per cent of normal, accounting for the comparatively low depth for this time of the year, the so-called pre-hurricane season.

Among male readers, advertising in newspapers has even greater interest than the sports page

BIG SNOOK--Billy B. Burns, president of Burns and Co. of West Palm Beach, shows off the 27 pound snook he landed last Friday morning after a fifteen minute battle. The amazing part of the fight was that Burns was using an eight pound monofilament line on his reel. The snook should easily win the Stuart Sailfish Light Tackle summer tournament. Assisting in the catch was Dr. Meryl Spivey, noted surgeon, who complains that he becomes a "fish caddy" when out on the water with Burns.

Fishing News

According to Johnny Crawford at the Snook Nook, the snook were biting fairly good this week and a few trout were caught.

Harlow Sutter tricked three snook this week, weighing 21, 28, and 20 lbs. Joe Lidauer managed to get a 26 1/2 lb. snook and Tony Rynski a fifteen pounder. Guff Sontag caught thirteen channel bass and one snook, while Earnie Webster and son teamed up to get four, the biggest tipping 20 lbs. A 29 1/2 pounder was caught by Max Wilkie of Savanna, Ga. Al Kroll got gour snook and three jacks. Robert Pelosi released 15 trout out of thirty caught. Mr. and Mrs. Dailey used team work again to pull in 20 trout, while Bob Robertson came up with 15 all by his little lonesome. An 11 pound, ten ounce trout was caught by Lamount Albertson and his wife caught a four pound, ten ounce pickeral.

World War One Barracks 854 held their monthly supper and business meeting at the causeway July 19th with 50 people attending.

The death of Sydney Mead of Ocean Breeze Park was brought up during the meeting.

Tony Milazzi Returns To Jensen

Tony Milazzi is home again after selling his newly built home on Media St. a few weeks ago and moving to Milwaukee, Wis.

After two weeks in Milwaukee, Milazzi decided he just couldn't take it any more and, although he had rented an apartment and payed for its decorating and furnishings, he returned to Jensen Beach.

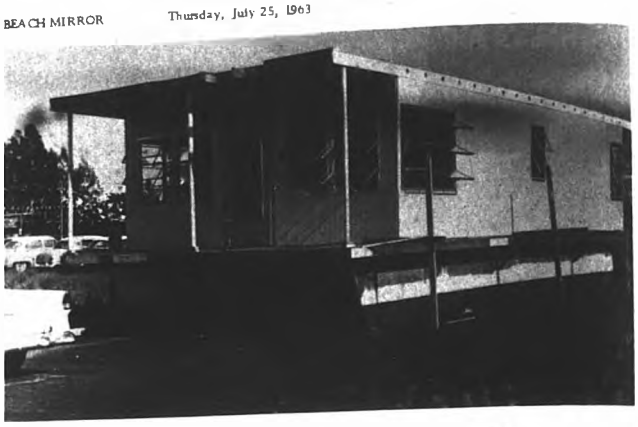
He managed to buy his former home and is now re-settled in the place of his choice, enjoying the welcome of neighbors and old friends.

Miller's Visit Jensen Beach

Mr. and Mrs. Robert Miller and her five children from Spartanburg, S. C., have been visiting with Mrs. Fadina Price and her sister, Bettie Hoppe, at their home on North Indian River Dr. for the past two weeks.

The group made a trip to Dunedin on the west coast where they enjoyed a luncheon and reunion with the Rev. Robert A. Reister who had officiated the marriage of Mr. and Mrs. Miller and also baptized three of their children.

Rev. Reister baptized the two younger children, Bobby and Sarah, while they were there.



HIGH AND DRY HOUSEBOAT--Ed Martin, of Martin's Motor Mart, is putting the finishing touches on drying in the new 87 foot houseboat he is building at his place of business. Planned for completion in December, the houseboat is a replica of the "Surfside Six" and will have one bath, be air conditioned and heated, all electric, and feature a 17 foot by 20 foot living room. The houseboat will have over 1,000 feet of livingspace in it, two porches and offer the Martins unique Florida Living on-the-water.

Your Social Security

By: R. C. Gehrken, Jr.,
District Manager
West Palm Beach Social Security Office

Q. I am 66 years old and have earned wages of $2000 per year for many years. My earnings are over $100 every month of the year. Is there any chance that I could collect social security benefits even though I am continuing to work?

A. There certainly is. You may be eligivle to receive over $350 a year in social security benefits even if you continue to work at your present rate. Stop by your local social security office for full details.

Q. I am not working and want to apply for my social security when I am 62, four months from now. Can I apply now so that every thing will be ready then?

A. No, the earliest that you can apply is three months before the month you are 62. However, it is not too soon to begin getting together the few items you will need when you do apply. Visit or write your local social security office to learn what you will need. It is advisable to apply a couple of months before you are 62 to be sur that your first check will arrive on time.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

Mr. and Mrs. Ludwig Hansen have returned to their home in Walton after a visit to their daug-daughter, Mabel, in Waldwack, New Jersey. Mabel returned with them and will spend some time here before returning to teach school this fall.

Mrs. Arthur Nelson and sons Curtis and Kevin, returned to their home in Wheaton, Ill. after spending two weeks with Mr. and Mrs. Paul Ness at the Bridge View Motel in Jensen Beach.

MUSEUM TREASURES

By: Carol Schmidt
Assistant Director

As these hot, summer days are upon us. . . and with no tolls to pay to go to the beach. . . hundreds of visitors and county residents alike, are migrating to our sea shores daily.

While it is fun to bask in the sun, collect sea shells, and enjoy dips in the ocean waters, a whole new world of adventure opens up when the family sets about in exploring the natural wonders of the beach area.

Digging into the sand shores produces clams, snails, certain worms, and crabs. The tidal pools in the rocky outcrops along the southern end of Hutchison Island produces bountiful harvests of animal life-much of it in plain sight. There are barnacles and periwinkles, limpets and chitons, sea urchins and starfish, crabs and sea anemones, and very often small fishes.

On the next trip to the beach, include among the sun tan lotions and swimming gear, the kitchen wire strainer (which may be attached to a long handle) and see what comes up by just moving it among the water plants close to shore. Be sure to visit the House of Refuge Museum and see the aquaria in the Marine Biology Hall. These interesting creatures have been collected from our local waters in dip nets by the Museum staff and volunteers. Ross Witham, Curator of Marine activities, is on hand at the House of Refuge each Tuesday and Thursday afternoon and will be happy to assist visitors in any way regarding the explorations of our beaches.

Both the House of Refuge Museum and the Elliott Museum are open from one to five Tuesday thru Friday afternoon, and from nine to five Saturday, Sunday, and Holidays. (Closed Mondays) Visit your Martin County Museums today, the admission is free.

OR CLIMB A TREE---Why does a youngster climb a tree? Well, maybe, like the mountain, it is there. At any rate, this Jensen youngster found a tree, and climbed it. Sunday afternoon is a nice part of the picnic day on the Jensen Causeway

ROD and REEL MOTEL GUESTS

The following people were guests at the Rod & Reel Motel last week: Mr. and Mrs. Harry G. Magee and family from Orlando, Fla., Mr. and Mrs. C. A. Kothman of Jacksonville, Fla., Mr. James P. Wendler from Orlando, Fla., Mr. and Mrs. Eugene Myers of Pinellas Park, Fla., Mr. and Mrs. Harold Myer from Dunedin, Fla., Mr. and Mrs. R. Schroeder and family of Melrose Park, Ill., Mr. and Mrs. Gerard Demers and party from Sherbrooke, Quebec, Canada, Mr. and Mrs. V. Yassanye and children from Jefferson, Ohio, Mr. and Mrs. M. Bonvenute from Cos Cob, Conn., Mr. and Mrs. Willie F. Boggan, from Brunswick, Ga., Dr. and Mrs. J. Fred Merritt from Greensboro, N. C., Mr. Harry Remer and sister from Eau Gallie, Fla., Mr. and Mrs. Frank J. Eckler and daughter of Canton, Mass., Mrs. Lola Pearson from Windermere, Fla., Mr. William P. Beck and Richard A. Beck from Boynton Beach, Fla., Mr. and Mrs. C. Rothkegal from Bloomfield, New Jersey, Mr. and Mrs. A. L. Boyce from Orlando, Fla., Mr. Louis Hobarman from Surfside, Fla., Mr. and Mrs. Earnest A. Belevian, Jr. and party from North Orlando, Fla., and Mr. and Mrs. John Cavezzi, Orlando Fla.

New ZEISS IKON Contaflex super B

world's favorite 35mm single lens reflex camera

See these four new refinements in the Contaflex Super B

Super B is the latest and most automatic of the Contaflexes. It leaves you free to concentrate on composing your picture, not on arithmetic and mechanics. Yet it permits you to assume full manual control if you desire.

Interchange five Zeiss Pro-Tessar lens systems: M 1:1, 35mm., 50mm., 85mm., and 115mm. Use the 8x30 B monocular for super close 400mm. photography. Add the revolutionary Zeiss Ikan Interchangeable Film Backs for instant switching of films. Use the notable IKOBLITZ flashgun for sparkling indoor pictures.

MEDICINE'S TEN BEST

Ever hear about the ten best books, the ten best plays, the ten best dressed women, and the ten most wanted men? What are the ten outstanding developments in medicine?

The editors of the U. S. Naval Medical Bulletin have submitted the following list.

1. The Hippocratic Oath (4th Century B.C.) that embodies a code of medical ethics generally sworn to by those who receive their degree of Doctor of Medicine.

2. Ligature or tying a vessel to prevent hemorrhage.

3. Discovery of quinine used in the treatment of malaria, the first important specific in therapy.

4. Edward Jenner's discovery of smallpox vaccination.

5. Discovery of the bacterial origin of disease by Pasteur.

6. Antiseptic and aseptic surgery and obstetrics, as advocated by Joseph Lister.

7. Discovery of the transmission of disease (such as yellow fever) by insects.

8. General and local anesthesia.

9. Diphtheria antitoxin.

10. Wilhelm Konrad Roentgen's discovery of the x-ray.

The outcome of setting down a twelfest or ten greatest list is not without argument. In truth, there are so many important discoveries and technics in medicine a list at best cannot contain them. The antibiotics, polio vaccine, heart-lung machines and heart and brain surgery are all great advances in medical treatment. And the new specialty of space medicine which is helping make space travel possible gives promise of a whole new series of medical discoveries.

Joe McNamara of 207 Orion St., who was the victim of a stroke July 13, is now a patient in room 219 at St. Mary's Hospital, West Palm Beach.

Mr. McNamara said that he will probably remain at the hospital for quite some time and, consequently, would like to hear from some of his friends.

Helen K. Mast, Mrs. Geneva Deis, and Mrs. Mabel Mast drove to Leesburg to visit Mr. and Mrs. Walter T. Poppinger over the weekend.

They stopped at Orlando enroute for a short visit with Mrs. Barney Scherer, a long-time friend of Helen Mast, both having been roommates when they were WACS stationed in Germany in 1948.

Tom Lewis Takes Over Managment of Jonsen Lanes

Tom Lewis, formerly from Detroit, Michigan, is now the new manager of Jensen Beach Lanes.

Lewis has owned his own bowling alley for ten years and, at the time, held an average of 218. In addition, he has bowled nine 300 games, two in succession. With a high series of 833 pins, Lewis is undoubtably well qualified for his new position.

His wife and son, Katherine and Kirk, will join him here in Jensen Beach soon. Lewis has been a resident of Florida for the past two years, building a home in Seagate Harbor near Palm City.

Lewis lists his primary reason for coming to Jensen Beach as "I like the people in this area."

Other experiences afforded by the new manager are sales engineer, bowling instructor, and lanes mantenance instructor for the past two years for AMF in Fla.

Lewis is a certified instructor for the American Junior Bowling Congress.

81% of Floridians Favor Test Treaty In Rogers Query

WASHINGTON--Congressman Paul G. Rogers said today that a nuclear test ban agreement with Russia was considered favorable according to response indicated by his annual Questionaire conducted this year.

Early tabulations revealed that 81.6 per cent of those who participated responded affirmatively to a question asked by Congressman Rogers, 13.4 per cent opposed, and 5.0 per cent did not answer.

The question stated: "Do you believe the U. S. should work for a nuclear test ban treaty with adequate controls?"

Other results will be released later as soon as they are compiled, according to Congressman Rogers.

Taxpayers Report Lists Condition of Bonded Indebtedness Here

Martin County continues to have an outstanding bonded indebtedness of almost $5 million, despite paying off a pair of bond issues early in July and refunding another issue in May, according to a report made by John E. Friday, president of the Martin County Taxpayers Association.

Friday said that the outstanding funded indebtedness of Martin County totals $4,917,188 and the interest to maturity on these bonds surmounts to $2,861,160.

About $245 bond debt for every man, woman, and child in the county and an interest of $143 on the interest to maturity on these bonds reveals the distribution of the debt individually, Friday added. These figures do not include the debts of the City of Stuart, the state, or the nation, but are just county issues, Friday emphasized.

Two Palm Beach County issues, one of 1923 and the other 1924, were paid off July 1st. The bonds were sold by Palm Beach County before Martin had improvised its own government. Martin County assumed 12.3 per cent of each issue upon formation of the county after the transaction.

The outstanding balance of 1923 paid off by Martin County was only $615 plus interest of $33.82 and the 1924 issue was paid off by a check of $369, with interest of $10.15 added.

These issues were backed by the second gas tax set up under Section 16 of Article IX of the State Constitution, which is the county's two cents per gallon gasoline tax. Their totals were comparatively insignificant when compared to the total debt.

The aforementioned figures and others concerning the county's outstanding indebtedness were put together in a study made for the Martin County Taxpayers Ass'n. by James W. Kindelan, a Miami certified public accountant of the frim of Ring, Mahony and Arner.

Listed by various types, they are as follows:

Older issues:

1941 Road and Bridge refunding, original amount, July 1, 1941, $1,214,000. Unpaid now is $578,667 in principal and interest due to maturity amounts to $112,200. The issue is tied to a pledge of the second gas tax of two cents per gallon. Eight annual installments through July 1, 1971 will finish payment of the issue.

1947 Road and Bridge State Board of Administration refunding, with a principal amount of $20,000 unpaid, interest to maturity, $2,200. Due date is July 1, 1967. The second gas tax is pledged on this issue as well.

Jensen Road and Bridge District issue, (86.4 per cent payable by Martin County, the balance of 13.6 per cent by St. Lucie County) principal of $72,733 due and interest to maturity, $9,293, on this county's share. The issue matures in 1971 and ties up more of the second gas tax.

These three issues total $671,400 in unpaid principal due with $123,693 in interest to maturity on the books.

Newer issues:

The 1963 $2.7 million issue which paid of $1,710,000 of the 1955 issue which was used to build the toll bridges. The new bonds are payable only from the two cent gas tax and mature in 1991. Tolls were eliminated on the bridges by this refunding interest on the issue to maturity amounts to $1,868,000.

The 1961 issue, sold Aug. 20, 1962, totals $600,000 in principal and will mature in 1988. Interest to then totals $579,000.

The bonds were sold to acquire right-of-way to four-lane US 1 and pledge the second gas tax 20 per cent surplus. Other portions of the gas tax are tied up in

(continued on back page)

GOVERNOR PEABODY HERE--The picture above shows the governor of Massachusetts, Endicott Peabody, right, dining with his wife, second from left and Mr. and Mrs. Morris A. Gibboos of Vero Beach, at the Outrigger Restaurant last Wednesday night. The governor and his wife were returning to Massachusetts following the governor's convention in Miami Beach and stopped off here with friends.

PUBLIC DEFENDER IS TOURING DISTRICT TO RAISE FUNDS

Willard (Bill) Drawn Frederick, newly named public defender for the Ninth Judicial Circuit, "met the Press" in the office of the county commission Tuesday morning.

Frederick, 29, of Orlando, has been touring the circuit, which includes eight counties, trying to raise funds for his $62,460 budget.

Orange County has approved a $22,100 figure for the coming year, he said, and the state provides his $9,750 salary and $6,500 towards the salary of one assistant.

Okeechobee County will be asked for $800; Martin, $250 for the next two months and $1,500 for the new fiscal year.

Figures for Brevard, St. Lucie, Indian River, or Osceola Counties were not given by Frederick, and he said Seminole was balking because authorities there disagree with the U. S. Supreme Court decision which caused the public defender to begin with.

CHAMBER MOVES WITH VIGAH IN NAMING RESEARCH COMMITTEE

The final selection of a committee to research incorporation of Jensen Beach will come about this weekend, Chamber president Frank Forsberg told the Mirror on Wednesday. Several potential committeemen have been hard to reach, being out of town at the time, Forsberg said.

Mrs. Frances Hien Moves To Jensen

Mrs. Frances C. Hien has moved into her newly built home at 205 Melba Drive today (Thursday). Mrs. Hien is retired and comes to Jensen Beach from Long Island, New York. She is the daughter of Mrs. Charles Riley of Linda Drive. The home was constructed by Frank Forsberg.

By DICK CAMPBELL

The people at Jensen Beach feel a little but like the bystander who is shot in a running gun battle between the police and a gang of robbers. It is a strange feeling. We really don't know why we are being hurt.

Only one person is directly involved in the F. E. C. rail strike at Jensen Beach. . . and he is employed only part time. The Railway Express agent here, a part time employee, found his facilities closed to rail traffic, but has shared the benefit of truck traffic in carrying the express.

So, what have the people of Jensen Beach done to [illegible] the inconvenience of the rail tie-up?

So, what have the people of Jensen Beach done to observe the inconvenience of the rail strike? It seems, like the bystander, we are just here, in the wrong place at the right time. Our prices have gone up due to increased cost of getting materials. Our costs have followed suit. Materials and good available before are not now in our stores. Construction and production on our road system is now almost at a standstill. The entire community . . . because we are here, . . . is being hurt by the rail strike.

The rail strike has pointed up the need for greater competition in the field of transportation. The truckers of Florida have jumped into the breach to fill some of the shortages created by the strike, but they cannot completely fill our needs. They have done a good job, though, and are to be saluted for holding rates steady and making deliveries on time in the face of a heavy load.

Expansion of our independent trucking companies to greater fleets will help. Full use of our waterways for barge hauling will help. The development of the barging facilities at Indiantown, of a dock for loading and unloading barges in Jensen Beach and a company to promote the water-land hauling will help.

Our problem is simple. We must stop trying to effect a settlement between the union and the F. E. C. for both are adament in their stands. We must now make plans to get the goods here. A combined effort of truckers and barge operator will get the job done.

A small town like Jensen Beach cannot do the job itself. But like a wave rolling toward shore, any action we take will be followed by other actions, by other small towns, so that the little wave becomes an inflowing tide of clamor. We must start somewhere.

If each businessman contacted his suppliers, asking that they encourage the cooperation of truckers and barge companies in effecting a new mode of transportation that will offer low cost transportation of goods to the wholesaler and retailer, something might result. The barge-truck combine might offer enough competition to the railroad line to effect a faster settlement, and create an atmosphere of competition that would keep them in business moving goods.

The rail line have problems. But so do we. While they are settling their work rules and their featherbedding problems they should not hurt our livelihood, our plans on our businesses. When one store shuts down the people turn to another store. We need a barge-truck line operation.

School Board Adopts Record Budget

The Martin County School Board has adopted a record budget of $3 million and a 11.9 mill levy for the support of the building fund and the school program.

Henry Kindred, chairman of the board, spoke in their behalf saying that the only possibility that at least four mills will not be removed next year is if an unforeseen influx of new residents occurs.

An increase of 4.72 mills over last year's 7.18 levy yields a percentage increase of approximately 65.83 per cent.

The county commission adopted a resolution requesting the State Road Department to build two wayside picnic tables with and shelter and two boat ramps at the west end of the Jensen Beach causeways.

TO THE EDITOR

Mr. Richard Campbell, Publisher

Jensen Beach, Florida

Dear Dick:

As a resident of Jensen Beach I want to thank you for the excellent job you are doing for all of us.

Your efforts in obtaining the convention of the Florida Press Association will be double. Your trust in state-wide free publicity for Jensen Beach.

Keep up the good work.

Sincerely,
PHIL BAKER

All hands love an automatic electric dishwasher

It ends dishpan drudgery for ever! Does the unwelcome daily chore in one third the time without you wetting a finger. Eliminates arguments over who'll do the dishes. Costs very little to operate.

Protect your family's health! An electric dishwasher pre-rinses, washes and rinses in swirling water so hot it sterilizes utensils—then dries everything sparkling bright automatically.

See them in color and choice of styles — counter, under the counter, and roll-around portable—at your appliance dealer or plumbing contractor.

HANDS OFF!
The average family washes over 45,000 dishes a year!

Just flip a switch ... dishes are done!

NO MORE GARBAGE MESS!
An electric FOOD WASTE DISPOSER is the perfect mate for a dishwasher. No soggy paper bags, unpleasant odors and endless trips outdoors.

There's no Match for Flameless Electric Living
It's CHEAPER TOO

Anchorage Sets Date For Commodore's Regatta

The Anchorage Yacht Club has put forth an appeal for all sailors, skippers and landlubbers for the Commodore's Regatta scheduled for Sunday, August 4th.

Boats will leave the Anchorage docks at 1:00 p. m., for the St. Lucie Locks and then return to the club for a picnic lunch.

The entertainment committee, in a diligent attempt to offer the best and most for the least, afford a so-called "package deal" including 1/2 a fried chicken, baked beans, and cole slaw for $1. 50 (children's plate $150), $1. 50 (children's plate $1. 00), and included in this will be a keg of draft beer donated by your commodore.

Due to preparations involved, the boat trip and food must be on a "reservation only" basis and no exceptions will be made, accord exceptions will be made, according to David Gale of the entertainment committee.

Card of Thanks

Thanks to our many friends who sent cards and letters of condolence following the passing of Mrs. A. L. Quarles, and special thanks to Johns Funeral Home and the American Legion and Auxiliary Post 126 for their help.

A. L. Quarles
and family

Mr. and Mrs. Frances Newhouse have moved into their new home built by Elmer Bieber in Legion Heights. Mr. Newhouse is a retired U. S. Army officer.

RECEPTION CENTER--Ironic is the only word to describe this mishap that occurred recently at the Jensen Beach Bowling Lanes. In case you can't read the small writing, the emblem clearly says "reception center" and that's just what happened, despite the fact that a patron's car bumper was a trifle low rather than centered.

Card of Thanks

I wish to thank our many wonderful friends and neighbors, Reverend Newton Tweedy, and Dr. Richard Penick for their kindness during my time of sorrow. Also, I wish to thank the World War I Veterans and Ladies Auxiliary for their kind help.

Mrs. Sidney Mead

The primary purpose of a newspaper is to bring you the news and enable you to keep that news with you as long as you wish.

New ZEISS IKON Contaflex super B
world's favorite 35mm. single lens reflex camera

See these four new refinements in the Contaflex Super B

Super B is the latest and most automatic of the Contaflexes. It leaves you free to concentrate on composing your picture, not on arithmetic and mechanics. Yet it permits you to assume full manual control if you desire.

Interchange five Zeiss Pro-Tessar lens systems: M 1:1, 35mm., 50mm., 85mm., and 115mm. Use the 8x30 B monocular for super close 400mm. photography. Add the revolutionary Zeiss Ikon Interchangeable Film Backs for instant switching of films. Use the notable IKOBLITZ flashgun for sparkling indoor pictures.

We can help YOU take better pictures

CARD PARTY DRAWS CROWD

The Jensen Beach Women's Association dessert-card party held July 22 boasted 44 people in attendance. The card party was under the direction of Mrs. Hilda Costello.

Mrs. Clara Vaught, Mrs. Chris Kalb, Mrs. Agnes Bond, and Mrs. Fadina Price acted as hostesses at the event.

Mrs. Julia Wood, Miss Greta Herrman, and Mrs. Charles Conrad won door prizes.

Men's Brotherhood To Put On Dinner

A dinner will be served by the Men's Brotherhood of the Jensen Beach Community Church August 13, and will be prepared by the men.

Tickets are not yet available and time will be announced at a later date. The public is cordially invited to attend.

ROD and REEL MOTEL GUESTS

The following people were guests at the Rod & Reel Motel this week; Mr. Frank Lee and party, Miami; Mr. and Mrs. M. W. Phillips, Miami; Mr. and Mrs. Leonard Roby, Marlow Heights, Md.; Mrs. Dean Gray and party, Pahokee; Mr. and Mrs. Ted Lewis, Del Ray Beach; Mrs. E. E. McWithey, daughters, and mother, Pompano Beach; Mr. and Mrs. Harvey B. Candler, Cleveland, Ohio; Mr. and Mrs. M. D. Adams, Coral Gables; Mr. and Mrs. O. M. Some Rules For Successful Fishing

Time and seasons stand still when you fish in Florida. No matter what the weather, your chances of catching fish exceeds that of fishermen in any other state, said J. W. Woods, fisheries chief, Game and Fresh Water Fish Commission.

According to Woods, many fishermen have a tendency to slow up their fishing activity during the summer months due to a belief that fish stop biting in hot weather.

Woods said the persistent fisherman is the most successful fisherman, and listed a series of "things to do" to help insure a successful, safe, and enjoyable fishing trip.

Hiring a guide is a good practice if your not familiar with the water, or fishing with someone that is acquainted with local conditions.

Talk with local fishermen and get their opinion of when, where, how, and what the fish are biting.

Fish in the early morning or late evening hours and keep alert for sound or sight of feeding fish.

Try to locate sharp drop-offs, sunken logs, shoals, or grass areas. Be sure to test them all.

Check the water temperature and try to locate a spring or fresh-set where the water is cooler.

Use several types of bait or lure and check the stomach contents of your fish to find what it was feeding on.

Try trolling or fishing in deep water if other methods fail.

Observe all boating and water safety regulations, protect yourself against sunburn, and keep an eye on local weather conditions.

Fish relaxed and with confidence and above all, be sure you have the proper fishing license.

You May Collect Social Security While Earning $1200 00 A Year

Many people over 65 lose some social security checks every year. These are people who think that $1200.00 a year they cannot draw any social security checks.

Actually, Mr. Gehrken district manager here for social security pointed out today, many of these people could collect part of their social security even though they are still working. He said a person who earns more than $1200.00 loses only $1.00 in social security payments for every $2.00 he earns from $1200.00 to $1700.00. For every $1.00 he earns over $1700 he gives up $1.00 in benefit payments.

For example: Suppose you put in for social security and find you could be entitled to $100.00 a month. You plan to continue working and expect to earn $2000 a year. You could still collect $650 from social security for the year.

Also, Mr. Gehrken emphasized, people can collect social security check for any month they do not earn over $100, no matter what their total yearly earnings are. Self-employed workers can draw social security for any month they are not active in their business.

Mr. Gehrken urged people over 65 who are still working, to contact their Social Security Office at 715 S. Dixie Highway, West Palm Beach for further information.

TIPS ON PICNICS

Picnics are great in Florida's many fine outdoor areas at all times of the year. But now and then picnics end in tragedy—i.e. staph food poisoning. Most foods spoil quickly in hot weather and away from refrigeration. If there are a few staphylococci bacteria present they need only a few hours of this and warm temperature to grow rapidly. Some foods can become poisoned in as little as five hours on a hot day.

There are some easy and simple ways to avoid picnic poisoning on a picnic. Every usable item is a good portable icebox. Chill the food thoroughly in the refrigerator at home. Use plenty of ice. Make sure the lid is tight and will keep your perishables fresh.

Take along the sandwich ingredients in the original wrappings and containers and make up your picnic lunch on the spot just before mealtime. Take the ham in a sealed can and open it at mealtime. The same applies to mayonnaise. Keep the boiled eggs and butter separate in the ice box and mix the potato salad at the last minute.

Stick to canned foods and sealed jars and bottles that can be opened just before serving. Be careful about buying cream-filled bakery goods. They spoil very fast on a hot day. Fresh fruits keep better and will make good desserts.

It's actually not very difficult to insure safe picnic meals. Just follow your home practice of refrigerating those foods that need it. If you make up a hamper of sandwiches load it into your hot auto truck bed for the beach and eat many hours later—well you're asking for trouble.

Dredging Firm Will Locate Near Stuart

Trans-State Dredging Company is establishing its headquarters and base for its equipment and operations in the Martin County area near Stuart, Bert Bittan Jr., company secretary and general counsel, and Jack Dabney, executive director of the Martin County Committee of 100, announced Tuesday, July 30.

Trans-State has acquired property with 905 feet of frontage along the St. Lucie Canal, north east of the Arundel Corporation. It was purchased from the South Fork Ranch, Inc. A basin 200 feet long by 50 feet wide will be constructed together with an office building, service building, and maintenance and storage yard.

Mr. Bittan stated that the Stuart site was selected because it fitted the company needs best from all points of view. "We investigated many possible locations along the Florida coast. We like the business climate in Stuart and we received excellent cooperation from every source," he said.

"We think we have a fine location in Stuart," Henry Morgan, company president in Washington, D. C., commented. "We will be building barges from time to time, as well as servicing and repairing our dredging equipment. The Stuart location will be our main office," he finished.

Trans-State is engaged in dredging operations along the entire east coast of Florida and also in Georgia and other states. Its equipment is now busy at Cape Canaveral. The company's facilities will soon be expanded with a new 16-inch rock cutting dredge which it is now having built in Jacksonville.

Captain Henry Sturm, a company vice-president, who is in charge of Trans-State field operations will have his headquarters in Stuart, as well as service and maintenance personnel.

"We are very glad to welcome Trans-State to Stuart and Martin County," Dabney said. "The company's selection of the site here is another boost for the economy of Martin County. We appreciate the cooperation of the Planning and Zoning Commission and the Board of County Commissioners in helping make this site available for the company's headquarters."

Ground-Breaking Ceremonies For New VFW Hall Take Place

Construction was officially started for the new VFW home for Post No. 4194, Stuart, at a ground-breaking ceremony held Sunday, July 28.

County Commission Chairman Frank A. Wacha, who was guest of honor, represented Congressman Paul G. Rogers at the event.

Wacha, before a large group of commanders of the organization and state officials, read a message from the Congressman which reflected the importance of the project.

Present also at the ceremony was Department of Florida Junior Vice Commander Samuel Friedenreich, Third District Commander Robert Brenner, Junior Vice Commander of the third district Lester Puch, Department of Florida Community Service Chairman Leroy DeBay, former New York State Cootie Commander, Raymond Burke, Stuart Auxiliary President Hyra Weed, and former commanders of Stuart Post 4194 Alfred J. Smith and Mathew Mosiejowski.

Ceremonies were closed by a prayer from Chaplain Frank Griffin of Rivers Beach.

The ceremony was held at State Road 76 adjoining the Ships Lantern Restaurant. A breakfast was served consisting of griddle cakes, sausage, and coffee. The sausage was donated by Armor meat company and gas for the cooking was donated by Tri-county Gas.

And a good time was had by all, according to John M. Murry, Stuart Post Commander.

A Senior Citizens Services Section Is Established

State Treasurer and Insurance Commissioner J. Edwin Larson announced the establishment of a Senior Citizens Services Section in the State Insurance Department Tuesday, July 30. The department will be headed by a career Accident and Health Deputy, Frank Alexander, and staffed by present employees. The new division will be devoted to helping Florida's senior citizens with their insurance problems.

Each of the 19 insurance offices will have at least one experienced person designated to work with the senior citizens in the area. Their work will encompass giving counsel to senior citizens and all of their insurance problems and to work closely with clubs and other organizations.

Fishing

According to Johnny Crawford at the Snook Nook, the snook, trout, and bottom fishing was fair and the surf fishing slow.

The following individuals did manage to have a little luck at the fishing game, however.

Mr. and Mrs. Ernie Webster and son caught 14 snook; Harry Dickey nabbed 15 trout and two snapper; Jim Daily caught 20 trout; E. T. Bailey of Fort Pierce caught one snook weighing 26 1/2 pounds; Bob Robertson caught 20 trout; Tony Rynski caught ten Croaken and one 30-pound snook to wind up a pretty fair week of fishing.

ANNIVERSARY CELEBRATION--Celebrating their 28th Anniversary at Port St. Lucie Country Club are Mr. and Mrs. Charles J. Diffendal who were guests of Mr. and Mrs. Jack Lucus. In the photo, (from left to right) are Mrs. Diffendal, Mrs. Lucus, Mr. Lucus, and Mr. Diffendal. Photo by Anden Baker.

Firemen Practice Fire Drill

Many people were alarmed after seeing a fire at the Banks property north of the cut-off road, but they had little need to be.

Fire Chief Randolph Spinney of the Jensen Beach Volunteer Fire Department said the fire last Tuesday night was the product of a special fire drill, designed to familiarize the firemen on the various size of nozzles, pressures, etc., necessary to extinguish that type of fire.

The Banks house had been gutted by a fire April 20, and the owners thought it would be easier to clean up the debris if it was burned completely.

Connie-Lee Voorhes Celebrates 14th Birthday With Swimming Party

Miss Connie-Lee Voorhes of 244 Jeannette Drive, Jensen Beach, celebrated her 14th birthday July 22nd with a swimming party given at the Jensen Beach Causeway. Unfortunately, bad weather interupted the event and it was necessary to continue the celebration at Connie-Lee's home for refreshments and dancing.

Attending the party were Sandy Lawrence, Sharon Stoner, Jo-Ann Coulter, Therese Johnson, Gay Zenger, Billy Rice, Billy Cuningham, Robert Thompson, and Bob Gass.

The next meeting of the American Legion and the Auxiliary will be held August 8.

Mrs. Clifton Bownds, Auxiliary President, urges all committee chairmen to attend.

Mr. and Mrs. Herb Barber were the guests of honor at a farewell party given by Mr. and Mrs. R. B. Spinney Sunday afternoon.

Mr. and Mrs. Barber left for Eerie, Penna., last Wednesday.

Mr. and Mrs. William Schrock also attended the party.

Jennie Brown

Mrs. Jennie Brown of Eden, died in the Bryn Mawr Pennsylvania Hospital Friday afternoon, according to word received Friday.

While visiting her daughter and son-in-law, Mr. and Mrs. C. E. Burke of Villanova, Penna., she suffered a stroke and, according to her sister, Mrs. Charles Alderman of Jensen Beach, she had been ill for eight weeks.

Mrs. Brown came to Eden with Mrs. Julia Gallt, her sister, from Geneva, Ohio. Mrs. Gallt was killed and Mrs. Brown injured in an auto-train accident that occurred February 1, 1960. Another sister, Miss Georgia Turner, also died in 1960.

Mrs. Brown is survived by her daughter, Mrs. Eleanor Burke, three grandsons of her son, Franklin Brown, who was killed in Germany during World War II, two nephews, William T. Gallt of Geneva, Ohio and Charles H. Alderman, Jr., of Fort Pierce.

Mrs. Brown was a member of the Jensen Beach Community Church.

Funeral services will be held at Kennedy's Funeral Home in Geneva, Ohio.

Clifton Bownds Attend Legion School Of Instruction at Melbourne

Clifton Bownds, Commander of the American Legion Post, attended the 14th Annual School of Instruction held by the Legion at Melbourne with Auxiliary President Margaret Bownds, July 28.

Also present were Jack Adams, Department Commander, and Department President Mamie Arnold.

OBITUARIES

Ella Rose Quarles

Mrs. Ella Rose Quarles, 64, of North Indian River Dr., Jensen Beach, died Friday at the Martin Memorial Hospital following an extended illness.

Formerly a native of Dayton, Tenn., she had been a resident of Jensen Beach for the past seven years.

She was a member of the Arlington Baptist Church of Akron, Ohio, and a member of the Veterans Auxiliary of World War I, Jensen Beach, No. 126.

Survivors include her husband, A. L. Quarles, Morgan Lee Brown Sr., 3 son, two grandchildren, all of Jensen Beach; three sisters, Mrs. Addie Boyland, Arlington, Va., Mrs. Nellie Clarke, Sansouce, Michigan, and Mrs. Ruth Hughes, Dayton, Tenn.

Funeral services were held in Johns Funeral Home sunday at 2 p. m., with the Reverend Newton M. Tweedy, Pastor of the Jensen Beach Community Church, officiating.

Burial was held in All Saints Cemetery, Jensen Beach.

A careful driver is the guy who has his car paid for.

Your Social Security

By: R. C. Gehrken, Jr.
District Manager,
West Palm Beach Social Security Office

Q. I was hit by a car two months ago and got an arm and leg broken. The doctor says I will be able to go to work in about six months. I think he's wrong, because I have to climb power poles in my work. I'm only 30 years old. Can I get social security?

A. It's not likely that you can get social security disability payments. Your case would be decided on your doctor's records. To get disability checks, you must be unable to do any substantial or gainful work and the disability must be expected to last a long time. If, after about four or five months, you don't think you can return to work soon, you should contact the social security office.

Q. I worked for a construction company last year for six months. They took social security tax for my pay. I can't remember being asked for my social security number. How can I find out if my wages are on my record?

A. Fill out a pre-addressed post card, form OAR-7004, and mail it. In a few weeks you will get a statement back from our record keeping office in Baltimore, Md., that will show you if there is any mistake in your record.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

Consumption of ice cream and frozen desserts in the United States passed the one billion gallon mark in 1962.

winkle shells, three scallop shells (or major portions thereof) two varieties of seaweed, barnacles, et cetera, "will set the beachcombers in action. The players bringing back the most items within a set time limit is the winner.

And to the Winner, of course, goes a prize. May we suggest you look over the Museums' Sales Tables for a wide variety of items suitable for prizes for these or any other games. The stock is unique and the prices are very reasonable! Visit your Martin County Museums soon!

Open one to five Tuesday thru Friday, nine to five Saturdays, Sundays, and Holidays. There is no admission charge.

TRADEWINDS PURCHASED -Mr. and Mrs. Raymond Weston of Palm City have recently purchased the Tradewinds Restaurant from Charles and Dorothy Beyer. Although no price was quoted at the time of the sale, documents indicate that Weston gave a $7,043.29 note and took over contracts on which $7,676.46 and $682.35 is due. All licenses, including liquor, go with the sale as well as the name Tradewinds Bar and Restaurant and all equipment. Weston is a former aircraft manufacturing plant supervisor and Mrs. Weston works in the school department office. The Beyers have re-opened their downtown restaurant.

Priscilla Butler And Harold Pagel To Marry August 1st

Plans for the approaching marriage of Mrs. Priscilla Butler of Fort Pierce and Harold L. Pagel of Jensen Beach have been announced by Mrs. Fred G. Eddy of Flint, Michigan, the Bride-elect's mother.

August 1st was the date set by the couple. The ceremony, which will be at 2:30 p.m., will be solemnized by the Reverend Robert Welch at the First Presbyterian Church, attended by members of the families.

The reception will take place at the Pelican Yacht Club in Fort Pierce, immediately following the ceremony. Friends have been invited.

Mr. and Mrs. Son Leaves For Indiana To Attend Funeral

Merrill Mahoney was taken by death Friday, July 26, at the age of 53. He was a former plant supervisor at the Sugar Heater Plant in Hammond, Indiana.

Funeral services were held Tuesday, July 30, at Highland, Ind.

Mr. and Mrs. Harl Son Sr., of 218 Orient St., Jensen Beach, left Saturday to attend the funeral. Mr. Mahoney is the brother of Mrs. Son.

Stefans Have Surprise Visitors

The J. A. Stefans, of S. Jensen Heights, were treated to a surprise visit by Mr. and Mrs. Frank Baumgartner and their son, Peter, and Mrs. Kirchhof, Mrs. Baumgartner's sister.

Mrs. Kirchhof lives near Frankfurt, W. Germany, and is on a visit to the U. S. for the summer. Mrs. Kirchhof joined the Baumgartners at Cleveland, Ohio.

The return plan to continue to New York City from there where Mrs. Kirchhof will return to Austria and the Baumgartners to Cleveland.

ounty Adds 10 ew Tables To icnicking Area

e county has constructed ten picnic tables for the Jensen ch Causeway, according to nk A. Wacha, County Com- ion Chairman. Funds for the ject were supplied through the rict A recreational funds.

hey were constructed by B & W nstruction Company and Porter ber Company, Wacha said.

s are under the large pavilion, at the pavilion at the end of pier, two by the pavilion by boat ramp, and two at the r ones were left at the south ffers by the pier.

ll ten of the new tables are

Richard Walish Is $1,000 Scholarship Winner

In Addition First Federal Offers Summer Job For Three Years

SCHOLARSHIP WINNER--James A. Garvey, executive vice president of First Federal Savings and Loan Association of Martin County, presents a four year, $1,000 a year scholarship to 1963 Martin County High School graduate Richard Walish of Rio. Walish plans to be a high school teacher, and will seek a liberal arts degree. The scholarship was set up by First Federal this year and carries with it a summer job at the savings and loan association. Looking proudly on is Richard's mother, Mrs. Walish.

Richard Clair Walish, 18 year old son of Mrs. Frances Walish of Rio, has been awarded a four year, $1,000 a year scholarship by a committee that selected him from many applicants. The award was announced this morning by James A. Garvey, executive vice president of First Federal Savings and Loan Association of Martin County.

Walish said that he had not yet made his final choice of a school, but would work toward a liberal arts degree and a future of teaching high school mathematics.

In Martin County High School, Walish was a member of the National Honor Society, the National Beta Club, the National Math and Science Club and was the senior chaplain. He had four years in band and was band captain in his senior year. MCHS principal, John Gray, described Walish as being "a well rounded young man with good grades."

Walish won several science fair awards and band awards. He was an Explorer Scout and a member of the Stuart Conservation Club. In order to earn money for his college this summer he has been working for the Martin County School Board in inventory and works weekends for the Dorsal Restaurant.

He lives with his mother, Mrs. Frances Walish, at the Anchorage Trailer Park in Rio, and is known as a "hard worker" by business men in the area. Mrs. Walish is the office manager of the Indiantown Company.

The $1,000 a year, four year scholarship was instituted this year by the board of directors of First Federal of Martin County. It was announced by Gray at the 1963 commencement exercises of the high school. An addition to the scholarship is a summer job at First Federal for three of the four years.

In making the presentation to Walish at the offices of First Federal in Stuart, Garvey said, "We are proud that you have won the first scholarship to be offered by First Federal, and are certain that you will be a credit to our county in the education field. As our area grows we will need more community leaders. It is even more fitting that our first scholarship be won by a future teacher who will bring education to young people."

Smith And Snyder Are Added To City Investigation Group

uniform issue, Wacha remarked, because it was a constant complaint with the older ones.

Any large groups who desire to reserve the large pavilion for parties should contact the Jensen Beach Area Chamber of Commerce to avoid any conflicts in scheduling.

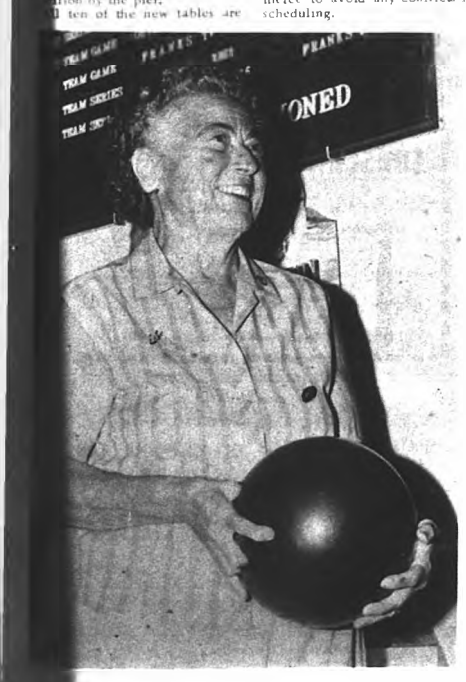
Frank Forsberg, president of the Jensen Beach Area Chamber of Commerce, has appointed two new members to the investigation committee for Jensen Beach incorporation.

Leonard Smith of Waverland Ave., Jensen Beach, has accepted the appointment as chairman of the committee. In addition, Edward Synder of Rio, former president of the Rio Civic Center, has accepted the appointment for the committee.

Forsberg said that the committee will start to function during the next week and will get out a report at the earliest possible date. Formerly, Forsberg had stated that the committee would try to have some information available by the middle of September.

Former appointees were Don Palmer and Charlie Gay, named by Forsberg July 22, at a meeting of the Chamber board of directors.

Forsberg emphasized that at least five members were going to make up the committee, and expressed hope that he could get more. Nevertheless, it would go into action this week.



S A 202--Mrs. Addie Teets, 70 years young, of 244 Skyline , bowled a 202 in league play last week at Jensen Beach Lanes. g in the Monday night "Bermuda Set" League, Mrs. Teets with a team called the "Grapes". Bowling for the past four Mrs. Teets boasts an average of 128.

Rail Sabotage Hits Jensen Beach As Rail-Wagon Is "Flattened"

Jensen Beach became an unwilling part of the FEC Railroad strike Monday night when nails and tacks on the tracks flattened all four tires on the inspection stationwagon of the railroad as it was approaching the Commercial street FEC intersection.

"I have more trouble out of Fort Pierce than anywhere on the line," one man said to deputy sheriff Jim Mills.

When the Mirror publisher Dick Campbell walked up to the group, which was blocking the south half of Commercial street at the rail intersection, two of the FEC men turned menacingly and said, "No pictures. . . we don't want any pictures taken." Another said, "And don't you write anything about it either. We don't want anyone to know that this has happened." The third man then went back to his telephone to call to Fort Pierce for new tires, using the mobile unit in the automobile.

BOAT REGISTRATION DETAILS ARE RECEIVED

New boat registration details will be available so that boat owners can re-register their boats starting Monday, August 12th, according to Andy Anderson, County Tax Collector.

MISS PBX FOR JULY--Mrs. Julia Kirk, better known as "Casey", wife of Perry Kirk, manager of the Langford Terrace Villas, has been named Miss P. B. X. Personality for the month of July by Southern Bell Telephone and Telegraph. Her picture and an article on her will appear in the monthly Southern Bell magazine. As part of her achievement, Mrs. Kirk will wear a jeweled tiera on a silver headset, pictured above, presented for her use for the month of August. Mrs. Kirk is pictured operating the PBX switchboard.

GRANDSON NABS "GRANDDADDY"--Robert Lewis, son of Mr. and Mrs. Robert Lewis of Hicksville, New York, proudly displays a 31 1/2 pound grouper he caught last Thursday. It seems as though his grandfather, George H. Tuttle of 33 South Drive, Jensen Beach, was going to give his grandson a lesson in fishing. Grandson did fine, as the picture shows. Grandfather, however, came up empty handed. Mr. and Mrs. Lewis visited Mr. and Mrs. Tuttle for six weeks before returning to New York.

Annual Jaycee Beauty Pageant Set For Labor Day At the Pelican Hotel

Richard Pryor, president of Stuart Jaycees, has announced that the annual Jaycees Labor Day beauty pageant will be held Sept. 2 (Labor Day) at the Pelican Hotel. Entrants must be between the ages of 15 and 17 1/2 to enter the junior division and from 17 1/2 and 25 to enter the senior division. In addition, they must be single and never married.

Out-of-town judges will select the winner on the basis of beauty, poise, and personality.

Applications are available at the Stuart Chamber of Commerce.

Assistant state service officer of the Florida Dept. of Veterans Affairs, D. E. Templeton, will be at the office of John W. Keller, Martin County veterans service officer, at 452 Flagler Aug. 13 from 8:30 to 11 a. m.

Patrick Joseph Kirby

Patrick Joseph Kirby, 57, of Jensen Beach, died Thursday, August 1, at St. Mary's Hospital following a brief illness.

A native of Loch Gelly, Fifeshire, Scotland, he came to the United States while in his early 20's and has been a resident of Jensen Beach for the past nine years.

He was a World War II veteran.

Survivors are his wife, Lillian Kirby of Jensen Beach; a daughter, Mrs. Shirley Bradley of Frankfurt, Germany; and two grandchildren.

A Rosary was said at Johns Funeral Home Chapel Sunday at 8:00 p. m. Visitation was from 4 to 6 and 7 to 9 p. m. Sunday. A funeral mass was said in St. Joseph's Church Monday at 9:30 a. m.

Burial was in Fernhill Memorial cemetery.

ANDIDATES ARE BEEING SOUGHT BY SOIL CONSERVATION SUPERVISORS

artin County Soil Conservation pervisors are seeking candidates r supervisors for the next elec- on. The State Soil Conserva- on Board had advised the nom- ating petitions must be sub- tted to their office by Sept. , and that the local election uld be held Oct. 10.

The Martin District is confronted with the re-election and replacement of three of its governing supervisors.

Continuing as supervisors until their terms expire in 1965 are Dean. Smiley of Indiantown and James S. Foster of Stuart.

The encumbent supervisors will contact the prospective candidates, explain the requirements and duties thereof, and cooperate with the State Board in the local elections.

Location of polls will be announced, so that people libing in Martin County and qualified to vote in general elections (who own land) may participate Oct. 10.

The supervisors meet once a month to plan soil and water conservation projects, approve requests for technical aid to cooperating farmers and ranchers through agricultural agencies, and assist agricultural agencies formulate their annual and long range report.

Usually, the supervisors serve four year terms, and without pay.

Owens Elected To Investigations Committee

Rep. William E. Owens has been named to the General Legislative Investigations Committee, sometimes called the Johns Committee, according to sources at Tallahassee.

Rep. Owens was named to replace Rep. Earl Faircloth of Dade County who resigned from the committee July 28, by House Speaker Mallory Horne.

Rep. Owens said he understood there would be some changes in investigative personnel working for the committee and possibly some changes in its policy.

He will attend a re-organization meeting August 8th in Jacksonville as the only representative from South Florida on the committee.

Other representatives include George Stallings, Duval; Leo Jones, Bay and Richard Mitchell, Leon.

Heading the committee is Sen. Charley E. Johns of Starke in Senatorial District 15.

SUMMER STORY PERIODS DRAW LARGE TURNOUT

The first of four summer story periods for pre-school and primary school youngsters at the Martin County Public Library was a startling success with 53 attending.

At the 10 a. m. session were 27 children, four, five, and six years old, and the 11 a. m. session for children six, seven, and eight years attracted 26 youngsters.

Mrs. Rod Aderholt and Mrs. Guy Cromwell read to the first group, Mrs. Donald Gore and Mrs. John Nethers read to the second, and the older group was taught how to use the card index system in the Children's Room.

General supervision was provided for by Mrs. Pickett Warren and Mrs. Calvert Montgomery of the Library association and the Junior Woman's Club of Stuart, which are co-operating with the project.

The purpose of the project is to stimulate interest in books and to introduce children to the potential of the wealth of good material available to them from the library for use either at the library or at home.

American Legion Announces Committees For Comming Year

The Jensen Beach American Legion, Post 126, has announced the new active committees for the 1963-64 year. The chairmanship of the committees, as designated by Commander Clinton Bowden, are: Philip M. Baker, Membership; William F. Middleton, Finance; George Sayre, House and Entertainment; Antton L. Foley, Publicity; Joseph Pesperaro, Service; Jack H. Smouse, Americanism; Robert E. Williams, Legislative; Gene Hoke, Disaster Relief.

Bowden also announced that the next executive meeting of the Legion (Monday, August 12th) is very important. D. E. Templeton, Assistant State Service Officer, will address the membership at the meeting due to the many [illegible] brought up [illegible] night. He will be [illegible] to attend.

Firemen Collect Toys For Needy Children

The Jensen Beach Volunteer Firemen are collecting toys to be [illegible] and distributed to underprivileged children in the Jensen Beach area according to Chief Randolph Sweeney. A mail box of [illegible] has been donated to the [illegible] and members of the auxiliary are fixing the [illegible] dolls and touching [illegible] on the other toys.

Persons with toys they want to donate to the toy fund can [illegible] them off at the Fire House.

In one year the newsprint consumed in American cities and communities would make a continuous ribbon of paper [illegible] inches wide and more than 95 million miles long.

FIRE DESTROYS KITCHEN

A pan of grease on the kitchen stove caught fire last week and the fire destroyed the kitchen. Mrs. Lillian Fripp of Rio. The fire was brought under control by the Rio Volunteer Firemen, with an assist of two trucks from Jensen Beach. Water damage to the house was considerable, according to Jensen Chief Randolph Sweeney.

Three Grass Fires Were Reported By The Fire Department This Week

Three grass fires occurred this week in Jensen Beach, according to Fire Chief Randolph Spinney.

One fire, one mile north of the cut off road, required one truck, although someone had already called the Fort Pierce Fire Dept. which had also sent a truck to the scene.

The other two fires were at North River Shores with one under the jurisdiction of the Rio Fire Dept. Jensen Fire Dept. sent one truck to assist the Rio Fire Dept.

The other fire occurred at 11:00 a. m., 1,000 feet behind the 7 C's restaurant. All were extinguished quickly.

HEALTH TOPICS

A Service of Your Doctor of Medicine, Your Local Medical Society and the Florida Medical Association.

FIRST AID IN DROWNING

There are many physical conditions that can cause breathing to come to an abrupt halt, but the most common of these is drowning. The real tragedy of the many deaths from drowning is that many could have been saved if someone nearby had known how to apply artificial respiration.

The cardinal rules of artificial respiration are simple—

• Start immediately. Don't wait for anything. Send someone for help, but don't wait for the ambulance. It will probably be too late.

• Keep it up. There are cases on record of breathing starting again after a lapse of many minutes, when the rescuer kept steadily at work forcing air in and out of the lungs.

The trained rescuer is better equipped to save a life. But an untrained amateur may save a life.

Most first aid experts today favor the mouth-to-mouth method of artificial respiration.

First clear the air passages by drawing the tongue forward with your fingers. Place the victim half way between a face-up and side position; tilt the head well back to insure a clear air passageway. Take a deep breath, place your mouth over the victim's mouth, and breathe into his lungs until you see his chest rise and feel the lungs expand. In mouth-to-mouth breathing, pinch the victim's nostrils shut while breathing into his lungs. Remove your mouth and let the victim exhale, applying slight hand pressure between the ribs and navel to expel all air. Repeat the cycle 15 times a minute. You may cover the victim's mouth with a single layer of a clean handkerchief.

If you're called on to help in a rescue, keep calm and move rapidly to try to get the victim breathing again as soon as possible.

BUTLER - PAGEL MARRIAGE TAKES PLACE

Mrs. Priscilla A. Butler and Harold L. Pagel of Jensen Beach exchanged nuptial vows in a ceremony in Howard Hall of the First Presbyterian Church with the Rev. Robert Welsh officiating.

The bride is the daughter of Mrs. Fred G. Eddy of Flint, Michigan, and the late Mr. Eddy. The groom is the son of the late Mr. and Mrs. Franz Pagel, former residents of Adrian, Michigan.

Mrs. Pagel, attired in a dress of white jersey with flared skirt, was given in marriage by her brother, Edwin Carrington Eddy of Fairview, Michigan. Her only attendent was her sister-in-law, Mrs. Edwin C. Eddy.

A reception held at the Pelican Yacht Club, immediately followed the ceremony. Friends attending from out of town included Mr. and Mrs. John Buckner of Daytona Beach; Mr. and Mrs. Cecil Muller of Cocoa; and Mr. and Mrs. Harry Felton of Ormond Beach. Mrs. Alexander Milan was in charge of the guest book.

Mr. and Mrs. Pagel will reside at 2603 South 14th St., following their return from a wedding trip

Your Social Security

by E. C. Gemmen, Jr.
District Manager
West Palm Beach Social Security Office

Q. I began getting social security payments a year ago. I am still operating my coffee shop, but am now earning less than $1200 a year. Will that put a stop to that after I started getting social security checks? Have I to pay anti-employment taxes? Is this right?

A. No. If you earn $400 or more from your business, you must pay your social security taxes.

Q. I understand that men over 62 have been eligible to social security benefits since August 1961. Does that mean that all workers can get a pension at age 62?

A. No. In addition to women, the following three groups of men are also eligible at age 62:

The dependent husband of a deceased age 62 daughter who had been providing at least half of his support.

The dependent husband age 62 or over receiving one-half of his wife's benefit when she is receiving retirement benefits.

The dependent widower who was receiving support at the time of his wife's death through his wife's earnings.

For further information on your social security benefits, contact the social security office at 701 South Dixie Highway, West Palm Beach, open from 9:00 A.M. to 4:30 P.M. Monday through Friday, or dial Jewett 5-1611 and ask for the Social Security Office.

IST BE GOOD--Whether or not its the food, the weather, the entertainment, or the presence of friends that makes people smile at Commodore's Regatta is hard to tell. Most likely, it's the combination that produces those wide grins. The Regatta was held at Anchorage Yacht Club Sunday, August 1, with over 100 people attending.

RE"--Manager of the Yacht Club Marina Don Johnson was on hand last Sunday to ensure that everyone had a good time at the annual modore's Regatta. He must have done a good job, 'cause everyone appears to be having a real good time. Pictured at the Regatta (from left to right) Don Johnson, Bill Conley, Bob Commack, Mrs. George Gerrie, Karl Thoma , and Mrs. Sam Rhodes.

FLORIDA COUNCIL REPORTS

By ROBERT H. FITE, President Florida Power & Light Company

Test firings of long range missiles and launchings of orbital space flights from the pads at Cape Canaveral keep the spotlight of national interest focused on Florida with increasing brilliance.

The publicity is priceless, far beyond a press agent's wildest dreams.

But a far greater impact is being felt in other phases of Florida's economic development as businessmen and industrialists eye, with increasing interest, the multi-million dollar spending each new space project proposes.

Satellite industries are springing up all over the state. General Electric's big research and development project for the Apollo moon-shot space capsule is going up near Daytona Beach. Aerojet-General's site, acquired for future expansion of solid propellant rocket motors, is south of Miami. At Sarasota, on the lower west coast, Electro-Mechanical Research won new NASA related contracts.

Electronics is perhaps the fastest growing industry in the state. It was well established before the space age broadened its markets. Estimates are that employment in this field now exceeds 12,000—or an increase of 17 per cent in a single year.

WSTU CROSSING WILL OPEN SOON

The railroad crossing at Radio Station WSTU that was torn up by the Florida East Coast railway will soon be put back, according to County Commission Chairman Frank A. Wacha.

The crossing was ripped out by the railroad without notice, and the act was the cause of a condemnation suit which the county won. The crossing had been in the location for many years.

FEC has appealed, and has said that it will fight the case through the US Supreme Court.

The counties obtained the right to designate where grade crossings will go through the suit, and it permits land takings through condemnation.

County Atty. Dean Tooker won the local suit for the county, which gave the county title to the crossing land at a cost of $250 for land and many times that for court costs.

The county has filed an appeal to lower the costs allowed FEC in the suit.

Prior to announcing the road would be re-opened, Wacha conferred with Tooker and County Engineer Mosely.

Employees and customers of the radio station have been forced to detour about two miles to reach the station about 100 yards across the tracks from SR 707 at Rio.

Turtle Hatchery Is Subject Of Owens Trip

Rep. William E. Owens left Monday night for Tallahassee to confer with Randolph Hodges, director of the Department of Conservation, to discuss plans for the proposed turtle hatchery at the House of Refuge Museum.

Rep. Owens said he was taking a locally prepared brochure to show Hodges what local interests hoped could be accomplished at the Hutchison Island facility.

Hodges had shown interest in the state turtle hatchery when Rep. Owens discussed it with him last spring.

Project funds would come from the research funds expected to be established from the new five per cent on the wholesale of sporting goods, which was substituted for the one which would have been raised funds for conservation measures by issuing salt water fishing licenses.

Rep. Owens said the brochure afforded pictures of the House of Refuge, the blue print of future facilities as prepared by County Engineer Mosely Collins, and letters regarding the present and future facilities.

Rep. Owens will go from Tallahassee to Jacksonville for a meeting of the re-organizing Johns Committee Thursday, to which he has just been named as one of the House members.

A GRAND OLD TIME--Mr. and Mrs. Ed Hall (left) and Mr. and Mrs. Pete Henry seem to be having a grand time at the annual fa loving commodore's Regatta at the Anchorage Yacht Club. It's hard to tell whether their smiles reflect the old-fashioned goodnes a chicken dinner, or mat anticipation of what's next on the schedule.

Chamber Is Set For Boat-a-Cade

Jensen Beach boat-A-Cade Chairman Glenn D. Gladden, acting on behalf of the Jensen Beach Area Chamber of Commerce, has sent a letter to Howard N. Banta of Fort Myers, who is in charge of the beginning operation and entertainment scheduling of the Boat-A-Cade, outlining the Jensen Beach entertainment and accomodations that will be available to participants in the event. The letter was decided upon by the Chamber following a meeting last Monday night.

Accordingly, Jensen Beach plans to enter Miss Sandy Simmons, 1963 Jensen Beach Queen, in the annual Boat-A-Cade Queen contest. She will arrive in Fort Myers Friday afternoon, accompanied by her parents, to compete in the contest. Gladden said in the letter.

Also inclosed in the correspondence were special reservation requests for those who wish to stay in Jensen Beach. The chamber has decided to hold each motel responsible for transportation of guests to and from their boats.

The Chamber also volunteered their services, if needed, to help in the transportation.

Gladden, who is also manager of the Rod & Reel Motel, stressed the importance of early reservations, as Labor Day "is always a big affair here."

Unfortunately, the fireworks and turtle watch that were planned had to be cancelled, due to regulations of both fireworks director and specialist, as well as the presense of turtles. The Jensen Sea Club will be over on the causeway but declined to comment on any particular show because of many members being unavailable due to vacations.

TO EACH HIS OWN--As the adults participated in adult activity, their youngsters enjoyed the shallow end of the pool at the Commodore's Boat ...tta last Sunday. Left to right are Margo Tilton, Donna Pennock and Lor... Ann Dailey.

FOR SALE-23 foot SKIFF ... Fathometer, safety equip... $950. See at Anchorage ... or call VT 7-0360.

utmaster Is Needed

ut troup 402 of Jensen Beach desperate need of a scout er, according to Terry Mum- enior Patrol Leader for the p.

scout troup is sponsored by ensen Beach Community ch, which has announced that does not find a scout master the coming season it will to disband.

rles Duryea, a building con- r of Sewall's Point, was for- scout master of the group. t because his work was oc- g too much of his time.

substituting until another master can be obtained is Corely. He too, however, difficulty making the meetings due to occupational conflicts.

There are 11 members in the troup now, Mumro said, and the group usually increases to about 20 members in the season. He has been taking care of it up to now, he said.

If anyone is interested in helping the troup out contact either Rev. Newton Tweedy at the Community Church or call Terry Mumro at AT 7-0248.

JB School Sets Registration

Registration for the Jensen Beach Elementary school for new students will be on Friday, August 23, from 9:00 a. m. to 3:00 p. m. at the school. Teachers will be on hand to assist in the registration and familarization from the 14th to the 22nd of August.

County school authorities have announced that all elementary students (grades one through six) living north of the Stuart city limits on AIA shall attend the Jensen Beach Elementary School. All high school students in this area, they said, will attend the Martin County High School.

Bus transportation for the Jensen Beach School and the High School was also disclosed and will be as follows:

Route number one, for elementary Jensen Beach area students, starts at the Jensen Beach School and follows the Old Dixie Radio road and returns through Rio, then continues north on AIA down to Sewall's Point, from there to the St. Lucie County line, and then returns to the Jensen Beach School.

The bus for secondary students begins at Jensen at Commercial Street to Skyline Drive, then down AIA to the county line, continues to Jensen Heights and down through the homes, then down the Jensen Beach cut off road through Sewall's Point, returns to East Ocean Blvd., and across the St. Lucie Bridge to Martin County High School.

Turtle Watch Is Attended By 30 From West Palm

Approximately 30 people from the West Palm YMCA Chickasnaw Tribe, We-Pal-Be, came to Jensen Beach to see a large sea turtle lay her eggs last Saturday, August 10. The group, headed by Mr. O'Brian of West Palm, is one of 34 such tribes that were formed for the purpose of improving father and son relationships by offering various events such as camping, and events such as the turtle watch, throughout the year.

The turtle watch was conducted under the guidance of Ray Lorenz, president of the Turtle Watchers Club, who showed his ingenuity in locating the turtles by dividing the party into two groups, sending one group south on the beach and the other north. He was assisted by Mr. and Mrs. Stephen Schmidt and Ross Witham.

A turtle was spotted about one and a half miles south of the Jensen pavilion and, by the use of signals, everyone was assembled at the spot to watch the turtle lay her eggs.

The Jensen Beach Area Chamber of Commerce, acting on the strength of the cooperation received by the turtles, predicted that many of the other 34 tribes will be visiting this area to witness the life cycle of the turtles.

NEXT WEEK

An answer to the School Controversy

CHAMBER OUTLINES PLANNING OF INCORPORATION STUDY

QUITE A FEAT--How do you manage to bring in a 24-pound snook with a 15-pound test line? Arithmetically, it may not seem possible, but evidently it poses no problem with Bobby Pelosi, as indicated by the picture. Pelosi spent 45 minute bringing it in, though.

Edwin Hain Is Fifth Name On Committee

A complete course of study has been outlined for the investigation committee for the possible incorporation of Jensen Beach and a fifth appointee has been named to the group by Frank Forsberg, President of the Jensen Beach Area Chamber of Commerce, last Tuesday, August 13.

Edwin Hain of 222 Melba Drive, retired chief accountant for the Shell Company of New York, accepted the appointment from Forsberg last week, to make the fifth member of the committee.

Former appointees were Don Palmer, Charlie Gay, Ed Snyder, and Leonard Smith, who will serve as chairman of the committee.

Forsberg stated that the committee would start issuing their reports in the near future, and they would be as objective as they could possibly make them.

Generally, Forsberg said, the analysis of the proposed incorporation would be conducted for the area served by the Jensen Beach Post Office, including that of Rio to the Stuart City Limits south, north to the St. Lucie County line, east to the Indian River, and west to U. S. 1. A complete regional breakdown would also be supplied, he added, "to ensure that the people, and not just a small group, decide whether or not they want to incorporate."

He emphasized that the reports would not be actuarial, but would be compiled from data for 1962, and therefore would not be relying on "probable increases in revenue."

"The objective, 'said Forsberg, "is to find all sources of available revenue, and see if the expenses of the incorporation will balance, providing it appears advantageous to all of the residents of the area.

A tentative appointment has been made with Judge E. B. Donnell of West Palm Beach, for the purpose of obtaining advice concerning the logistics involved in submitting the report. Donnell had offered his services early last week.

Hot Dog....

165 Attend Picnic For Elks Little League

The Jensen Beach-Stuart Elks Little League picnic last Sunday was a great success, despite the interruption of a severe thunder storm.

There were 165 people at the picnic and, if the amount of food consumed is any indication, all appeared to have a good time.

Approximately 420 hot dogs, 20 cases of soft drinks, 216 cup cakes, and several pots of baked beans, potato salad, deviled eggs, and other miscellaneous goodies, according to Frank A. Wacha, chairman.

The Jensen Beach-Stuart Elks Club donated the soft drinks, hot dogs, and rolls. Mr. Martin Wahl also donated hot dogs. Johnny Crawford of the Snook Nook donated ice, and Porter Lumber Company donated a truck to haul drinks, coolers, and ice with Lou Tranowski donating his time as driver. Walter Elchen and Jim Lentz had their boats to let the kids try their skill at water skiing or boating. Merritta Bread Company gave ten packages of hot dog rolls and Sealtest milk supplied the coffee cream. Vince Bocchino stood by to make popcorn but, due to the storm, was unable to do so. Dean Tooker, the exalted ruler of the Elks, also attended with his family.

Tropical League Elects Baker President

An organizational meeting was held by the Tropical Bowling league Tuesday night at Jensen Beach Lanes for the purpose of reestablishing an early Tuesday night bowling league, according to Phil Baker, league president.

The league will consist of 12 teams and the sponsors are assured for interested bowlers. Those who are interested are urged to contact either the bowling lanes or Phil Baker at 287-4810.

A LAST LOOK--Buck Hendry, a well known figure in Jensen Beach and Martin County for many years, takes a walk in front of Hendry's Trading Center. Soon the building will be gone, a landmark in Jensen Beach. Hendry has purchased a home in Salerno, the site of the new Tri County Gas location.

(live and Love It this week takes the form of a letter to Van H. Ferguson of the IIF board, regarding the proposed 1,000 foot bulkhead at Ocean Breeze Park.)

Mr. Van H. Ferguson
Director of the Internal Improvement Fund
Tallahassee, Florida

Dear Mr. Ferguson:

Much has been said about the ecological advantages of applying the 250 foot bulkhead line to the Indian River property of the Town of Ocean Breeze Park. For this reason, I do not wish to dwell on the recent report of an ecological survey of the area. I would like to write of the wealth of the area in terms of economic wealth as compared to ecological.

The property to be developed within the 1,000 foot bulkhead line offers tremendous growth to the Town of Ocean Breeze-Jensen Beach area. The proposed mobile home development in that area would add over 300 mobile home units to the town. It would cost the developers over one half million dollars to develop it. This means over half a million dollars in salaries added to our economy.

Following the development of the area, mobile homes valued at approximately $5,000 each will be located there. This adds one million, five hundred thousand dollars to the area, first in sales by mobile home firms, and then in increased property values.

By all averages, approximately eighty per cent of these mobile homes will add gardens and patios and screen porches. Another one hundred thousand dollars in local area spending will be added to the economy.

Bringing 300 new families into our area will add $60,000 a month to our local service businesses, based on a low per unit living expense of $200, this can be a real boon to our economy. Another seventy or more jobs will be created by the increase in population.

The people retiring to Martin County will bring added wealth into our community as our banks carry their savings, our automobile dealers sell them conveyance, our grocers sell more food, and our clothing stores keep them dressed well. And, most important of all, the retirement money brought into Martin County by these people is like a new payroll in our area. Jobs must be created to service them. . . and they will need no jobs to live in our community.

The slow and relaxed life of the Jensen Beach community area, which includes the Town of Ocean Breeze Park, is ideal for the retiree. The quality of the new mobile home way of life is becoming more and more a part of the American way of life. The Town of Ocean Breeze Park is a highly respected leader in the field of mobile home communities throughout the nation. People have been enjoying life in Ocean Breeze since 1938, and their pleasure has been the one reason for the growth of the town.

A great percentage of people in the Jensen Beach area is behind the proposed expansion of the town. Those who oppose it do so on the grounds of conservation and have very good conservation reasons for their opposition. I feel that the economic advantages of this 1,000 foot bulkhead line would far outweigh the conservation disadvantage.

The reason for such a board as the IIF is to weigh each case of bulkhead line as an individual case on its merits. In this case the merits of expansion of a strip of land out 1,000 feet into the Indian River economically outweigh the ecological value. For this reason I respectfully request that you consider the application of the Town of Ocean Breeze Park favorably.

Sincerely yours,
Richard E. Campbell
Editor and publisher

IRJC Meet Is Set For Pre-Registration

A pre-registration meeting for Martin County students who are interested in attending one of the technical programs at Indian River Junior College will be held today, August 15, from 5:30 p. m. to 8:30 p. m. at the new campus at 3209 Virginia Avenue, Fort Pierce, according to David B. Irons, representative of Martin County on the Technical Education Committee at the college.

Irons, who also is executive vice president of the First National Bank of Stuart, said that the purpose of the meeting is twofold. "First, it will serve to acquaint the student and his family with the college staff and facilities; second, it will serve as a pre-registration time for the student to obtain and complete forms for admission to the college as well as to initiate the registration procedure," he clarified.

All interested parties are invited to attend this meeting. Students not able to attend can register at any time between now and the opening of the fall semester.

Halloween Party Sponsored By BPW

The Martin County Chapter of the Business and Professional Women's Club will sponsor a Halloween party in Jensen Beach at Seymours Inn October 30th.

Mrs. Joan Bowie is chairman of the committee in charge with Mrs. Jo Ann Thompson, Mrs. Mildred Greenfield, and Miss Betty L'Heureux as assistants.

PRAISE TO S. R. D.

Praise to the SRD this week for mowing the brush alongside State Road 707 from US 1 to the railroad tracks in Rio. The area looks 100 per cent better.

FOLLIES CUTIES-Pictured above are four Ziegfeld girls, posing on the roof of the Amsterdam Theatre in New York during the Ziegfeld Follies. Mrs. Jean Kuney of Rio is third from the left.

Ex-Follies Girl Now Makes Her Home In Rio

Are there any other Follies Girls" around? That was the first question of Mrs. Jean Kuney, who lives with her husband on Banyan Terrace Drive in Rio. Mrs. Kuney now spends her time making a botanical garden in the Kuney yard more beautiful.

Just a few weeks ago she got her membership card in an exclusive club. . . The Ziegfeld Club. It is a charity organization dedicated to the help of "our less fortunate sisters."

Her husband Clark is a retired lieutenant in the U. S. Marine Corps. Mrs. Kuney was a dancer in Schubert's "BLOSSOM TIME" and "INNOCENTS OF PARIS" with Nancy Carroll, "ROSE MARIE", "TED LEWIS REVUE", "ZIEGFELD FOLLIES", with Barbara Stanywyck, Bert Wheeler, and "TEXAS GUINAN'S GIRLS", with Ruby Keeler. Mr. Kuney received his Master's Degree in Speech and Theatre from the University of Iowa, and has had considerable theatrical experience, adding to Jensen Beach's already colorful list of former show folks.

If there are any ex-Follies Girls around, Mrs. Kuney would like to contact them to talk over old times. As Jensen is blessed with many retired showpeople, there might be some who remember those golden days of show business and have taken part in them.

MUSEUM TREASURES

By: Carol Schmidt
Assistant Director

Can you identify any of the following? And od you know what they all have in common?

BAROUCHE, BROGHAM, VICTORIA, TALLEY HO, HERDIC.

Once common names in the transportation field, the above names designate various types of vehicles, all of them horse-drawn.

A large BAROUCHE had two tongues to accommodate three horses. The passengers sat facing each other and the driver's seat was in front. The BROGHAM was drawn by one horse and carried a family gentleman.

The popular VICTORIA was a low four-wheeled pleasure wagon used by the wealthy giving rise to the term of "the Carriage Trade." The TALLEY HO was a country vehicle used for sport and carried as many as twelve passengers.

The HERDIC was also a large vehicle, used as an omnibus in the late 1880-90's to transport between steamboats and hotels.

These vehicles and many, many more are all on displays at the Elliott Museum on Hutchinson Island. There is free admission to both the Elliott Museum and the House of Refuge Museum. Visiting hours are from 10:00 a.m. to 4:00 p.m. Tuesday thru Friday and Sunday from 2:00 p.m. to 5:00 p.m. Saturday (Sunday and Holidays, followed Mondays) Visit your Martin County Museums soon!

"BARNABY" COMES TO LIFE S RIPTIDE PLAYERS PERFORM

One of the nation's most popular nic strips will come to life as Riptide Players rehearse for opening of "Barnaby" August nd.

ehearsals of the excellent case Crockett Johnson's well-known sion of the comic strip has wn sell-out predictions for wds of all ages at the matinee evening performances, al- ugh it was planned by the Little atre group as a children's

arry Rhodes will assume the role with Ed Godlewski as Mr. O'Malley, the fairy god-mother who wears pink wings and smokes big black cigars.

Gorgon, the dog, will be played by Teri-Ross Icyda with Gus the Ghost handled by Jan Icyda.

Jon Langberg, a Jensen Beach youngster who wants to be a bull fighter, has the part of a "rather green elf," Lancelot McSnoyd.

Others include Madeline Shaw, John Fulton, Frank Derek, Llyod Chase, Mike Langberg, Bobby Turner, Barbara Kuhn, Andy Derek, Peter Richardson, Ricky Rhodes, Paul Kanarek, Lynn Auerback, and Karen Wood.

Johnny Shaw, art instructor at Martin County High School is directing the play. Also president of the theatre group, Shaw announced plans for the fall-winter season.

"Seven Nuns in Las Vegas," will be the season's opener in December, followed by "The Solid Gold Cadillac" in February, and a mystery, "Mistress of Mellyn," in April.

Other plans are being made to open a membership drive with a benefit ball in mid-November.

Mr. and Mrs. V. V. Wortham and Jackie have returned from a two week trip to North Carolina to visit relatives and friends.

The Jensen Beach Women's Association will sponsor a dessert card party Monday, August 19, with Mrs. Alice Price as chairman. It will take place at their clubhouse at 1:00 p. m. The public is cordially invited.

Hospital Renovation Nears Completion, Open House Is Planned

The newly-renovated original hospital building will be completed within the next 10 days for the public before patients are moved into it, according to the Martin Memorial Hospital board of directors.

A total of 78 patient beds will be made available following the complete renovation of the original building.

Repair and painting of the tile roof of the original building will be delayed until more money has come in from the building fund campaign pledges.

Secretary of the board Mrs. Walter Hupfel reported that campaign pledges are being paid on time and that out of $90,000 pledges outstanding, $52,000 has been committed in current building obligations and equipment.

William J. Matheson, president of the board, said that a cement wall baffle to reduce the noise of the air conditioning equipment has been erected outside the equipment room of the new wing. The noise of the air conditioner had been criticized by residents of Hildabrad Park. The wall cost $900.

The board reportedly contemplates changing the air conditioning system from air to water cooling to reduce noise of operation further as well as the cost of operating the system.

Estimated conversion cost was $3,000, however, no action was taken regarding the exact amount expected to be saved or the water purity necessary for the purpose.

Hospital administrator Guy N. Cromwell, reported the hospital had the busiest July in history, with 210 patients being admitted during the month compared to 183 admitted in July of 1962.

The average daily census figures for patients in the hospital was double from what it was in 1961. Accordingly, the expenses and revenues have increased with the boost in average occupancy. The months expenses surmounted to over $2,000 a month due to increased air conditioning costs, Cromwell pointed out.

July showed an operating surplus of $2,200 compared to an operating loss of $5,000 in June, he added.

ROD and REEL MOTEL GUESTS

The following people were guests at the Rod & Reel Motel last week: Mr. and Mrs. Frank N. Logan, Roan Oak, Va.; Mr. and Mrs. Ed Myer, Hallandale; Major W. R. Turk and party, Mont Verd; Mr. Glenn G. Lightning Strikes Three Times in Jensen Beach

Lightening caused three woods fires in Jensen Beach this week, according to Jensen Beach Volunteer Fire Department Chief Randolph Spinney.

Two occurred Sunday, August 11th, and another Tuesday, August 13th. Two were on the Jensen Beach cutoff road and one about 200 feet north of Charlin Road.

Evidence gained after the fires were extinguished indicated that all had resulted from trees catching fire that had been hit by lightening.

State Basketball Championship Won By Local DeMolay Chapter

Ernest L. Higbee was awarded the title of State Master Councillor of the Order of DeMolay at the 30th annual conclave held in St. Petersburg. Higbee returned to Stuart accompanied by Christian Kalb of Jensen Beach, Chapter Dad of the boys who attended the conclave from this area.

The title office held by Higbee is the highest offered at state level and is indeed an honor to him and the Arcia Chapter.

Other members attending the conclave included William Martin, David Duncan, John P. Gray, Jan Icyda, Fred Jette, and Kenneth Moore. Miss Karen Broome, chapter sweetheart, and Mrs. Mary Broome also attended.

Kalb also mentioned that a team made up of Duncan, Gray, Icyda, Jette, Martin, and Moore won the DeMolay basketball state championship while at the conclave.

William Earl Daugherty

Mr. William Earl Daugherty of Highway A-1-A, died at Martin Memorial Hospital Friday, August 9th, following a brief illness, at the age of 56.

He was a native of New Bern, North Carolina, and has been a resident of this area for the past 34 years. He was a member of the First Methodist Church of Stuart, and had been with the Martin County School Board for a number of years.

He is survived by his wife, Florrie M. Daugherty of Stuart, two daughters, Mrs. Marion A. Flowers, and Miss Saundra L. Daugherty of Stuart, two sisters, Mrs. John Bossman of New Bern, N. C., and Mrs. Henry Jones of Farmville, N. C., three brothers, Herbert and Carl of New Bern, N. C. and Robert of Ayden, N. C., his mother, Mrs. Bessie L. Daugherty of New Bern, N. C., and several nieces and nephews.

Funeral services were held at Johns Funeral Home Chapel Sunday with the Rev. Walter Jessup of the First Methodist Church officiating.

Burial took place at Fernhill Memorial cemetery, with Johns Funeral Home in charge of the arrangements.

SEAT BELT DRIVE SET FOR AUGUST 17

The Stuart Jay Cees are having a seat belt drive August 17th at Kindred's Supermarket parking lot from 9:00 a. m. to 5:00 p. m., according to spokesman Dick Granfield.

Granfield said that a complete line of colors will be available this time, in case someone did not get a set previously because of colors not matching.

Proceeds from the drive will be deposited in the Jay Cee treasury for future designation sponsoring civic projects, he added.

County Budget Is Adopted Without Protest

The county budget was adopted without protest last week at a special adoption meeting of the county commission.

Chairman Frank A. Wacha said that he "just felt we should give everyone an oppurtunity to show up, and I didn't want to act hastily in adopting the budget, "in a brief, apologetic speech given at the 15 minute meeting.

Commissioner Jack Saunderson moved to adopt the budget, which was seconded by Commissioner Ed Miller. The entire commission voted in favor without discussion.

An increase of .27 mill was justified by Wacha as "outside factors which we had no control."

Smaller carryovers of cash, he pointed out, somewhat due to a $36,000 deficit in cash collections of taxes from the Florida East Coast Railway, which continues to refuse to pay its taxes, were among the reasons for the increase.

In addition, an increase of a tenth of a mill by the Central and Southern Flood Control District also contributed to the boost.

Several county officials' salaries were raised, as well as a switch from a fund to a budget account in the county judge's office reflected still other reasons for the millage increase, Wacha said.

He added that forced increases in budgeted fees for tax collector and tax assessor resulted from the big increase in the school levy.

Stephen Schmidt, only speaker from the floor, asked that the board consider returning an item for repairs on the House of Refuge pier. He was answered by Wacha who said that the work, although not in the museums budget, was in the overall budget and would be done.

An increased advertising budget was also asked by Schmidt, to provide necessary funds for the purchase of museum brochures for distribution among the state's 13 welcome stations, which request 1,000 brochures a month, Miller indicated that something would be done to alleviate the situation at the next meeting of the commission.

Publicity funds for the Committee of 100 and for commission advertising were $10,000 and $500, respectively.

Card of Thanks

Mrs. Louise Kirby and daughter Shirlee wish to express their heartfelt thanks to all the friends who have extended sympathy and understanding during their great loss. Special thanks are extended to Dr. Richard Q. Penick for his sincere kindness and the excellent medical care which he endowed on our loved one.

Jillian and Shirley Kirby

Sheriff Is Locked Out Of Post Office Box

Roy Baker never forgets a face, but he must have forgotten something, for the Post Office locked him out of his post office box recently. Claiming he didn't get a bill, Baker took all the good-natured kidding, saying "What we need is another post office here to give those guys a little competition.

Clark Woodrow of Fort Lauderdale spent last weekend visiting his sister, Mrs. M. D. Chase of Elaine Avenue.

Mr. and Mrs. Arthur Melrose and daughter Nancy, returned to their home in Jensen Beach after an extended stay in Long Island

Deed Obtained For A1A Extension

The deed to the last piece of right-of-way for State Road A1A extension to the Martin County line has been obtained by St. Lucie County.

This enables the State Road Department to award a contract for the construction of the first part of the highway which is provided for in the budget of this year.

The older road, which is located on the edge of the ocean, often suffered damage from the storms and tides. The new road will be high and dry, with 100 foot strips branching off to the shore. The branch roads are also included in the construction budget.

County Atty. B. T. Cooksey was instrumental in procuring the new right-of-way by swapping the land of the older road for the planned new road right-of-way.

The new highway connecting Martin and St. Lucie counties will definitely develop the beach area when completed, authorities of the county said.

Girls Return From Northern Vacation

Sandra and Jeannette Rhodes, daughters of Mr. and Mrs. Samuel Rhodes Jr. of Sewall's Point, arrived home by plane Friday afternoon after a three week vacation in New Jersey, Pennsylvania, and New York City.

While there, they visited their grandmother Rhodes, one time resident of Jensen Beach, and their Aunt, Mrs. Norton Uart of Middle Valley, New Jersey.

Social Security

...Jr.
...ocial Security
...eceiving social ...s but returned ... How will my ...y benefits?

A. If you earn more than $1200 in a year, $1 of your benefits may be withheld for each $2 you earn between $1200 and $1700. For every $1 you earn over $1700, $1 in benefits will be withheld. Regardless of your total earnings for a year, benefits will be payable for any month in which you do not earn wages of more than $100 or do substantial work in self-employment.

Q. My father is 69 and gets a check from the Veteran's Administration. He paid in to social security during the war when he worked at the shipyard for three years. He says that he can't get social security, because no one is allowed to get two government checks. Is this right?

A. No. Your father is losing money every month. There is no such rule about government checks. He should get in touch with our office right away. Many people can and do lose money because they do not ask us about their rigs. It's not wise to their rights. It's not wise to depend on the advice of your neighbors or friends on a matter this important.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

FECUNDITY AND FLIES

Fecundity may be defined as the ability to produce offspring rapidly and in large numbers. This definitely fits it. One pair of common house flies will have in one summer season several million descendants.

The female fly lays vast quantities of eggs. These hatch out in a few hours. It requires only about ten days for a fly to mature from a newborn into an adult. As soon as the female fly becomes adult she starts laying eggs.

The normally are born in decaying matter and aren't most as there are an atmosphere of filth around it there no clean breeding and feeding habits that are prime carriers of disease-causing organisms. They not only carry germs on their body usually on their feet but also in their intestines.

They have been responsible for outbreaks of typhoid fever, dysentery, cholera and similar enteritis. Many authorities believe that they may transmit polio and infectious hepatitis.

Home should be screened and garbage cans tightly covered and insect repellants used as needed. Food should be protected at all times and children's eyes and carriages should also be screening. The house is still a very handy insecticide. You one should not be home to use it.

TWIRLING TEACHER--Miss Barbara Barhite of the University of Miami Hurricanettes will hold twirling classes August 19-23 at the Martin County High School bandroom. Mr. Hugh M. Jones, Band director, has arranged for Miss Barhite to give instructions in baton twirling to MCHS Majorettes and other girls interested in becoming a majorette at Martin County High School.

The Martin County High School Band will begin its pre-school rehearsals on Monday, August 12, at 8:00 p. m., to prepare for the coming school year.

Band director Hugh Jones has asked that all students who plan to participate meet at the Log Cabin at the specified time.

Inlet Closing

The closing of Peck's Lake inlet started this week when two tugs, a barge loaded with dredging pipe, a drag line, a bull dozer, and several hundred feet of floating pipeline sections, arrived at the north side sand bar.

The job is scheduled to be completed by August 18.

Fishing

According to Johnny Crawford at the Snook Nook the trout fishing picked up this week, snook fishing was fair, and the croaker and drum fishing on the St. Lucie bridge was fair

Mr. and Mrs. Clint Webb caught 40 trout and two snook this week. Mr. and Mrs. Jim Dailey landed 23 trout and one snook. Bob Rogerson caught five trout, the largest weighing six and one quarter pounds. Robert Pelosi caught three trout, one croaker, and two snook, with the largest snook tipping the scales at 30 pounds. Harlow Sutter took two snook, the biggest weighing 29 pounds. Doc Shall managed to catch one 30 pound snook. Basil Vincent startled everyone by reeling in a six pound sluke while plug casting. Don Hall, while fishing the Jensen Savanas, caught an eight pound, five ounce black bass to wind up a fairly good week of fishing.

A bachelor says there's more important things than money but they won't go out with you if you're broke.

HENDRY HOUSE GOES Under the crushing blows of a dragline, the 75 year old A. A. Hendry House is smashed to the ground. Timbers were saved by the owners, Harry Hoke, for a future Community Building. The house was the last to go in the Hendry property west of A-1-A as Ocean Breeze Park prepared 40 units for fall occupancy.

CONTRACT AWARD ASSURES SEWALLS POINT WATER

uthern Gulf Gains Contract On Unanimous Vote From Board

ater for the Town of Sewall's
oint was assured when the town
mmission voted unanimously
a second reading to contract
h Southern Gulf Utilities, Inc., f
installation of a water system
a meeting held Wednesday,
gust 14.

Southern Gulf, a firm located
Miami, agreed to install the
stem, as Mavif an underwriting
oup of Sewall's Point citizens
uld provide half of the esti-
ted $180,000 initial cost.

he water committee worked
arrangements with eight land
ners in the town who are desig-
ted as Sewall's Point Under-
iting Associates to provide cer-
in guarantees to the utility,
ecific their pro-rata contri-
tion based on the 1962 land
uation excluding improve-
nts with the provision that the
ditions made above their
ntribution would be paid back
them without interest" as othe
w owners in the town apply to
for water hook up,
h requirement is only possible
all owners in the town ap-
y for water facilities.

The members of the under-
iting group have done an out-
nding service for the town,"
ayor Lee Vand in the years
ead, owners in the not distant
ure will realize value and the fore-
ht of the small group will stand
the greatest single progres-
ve act ever made for the
lth and welfare of the present
d future residents of the town."

The need of an adequate supply
water meeting the standards of
e State Health Department's
ulations must have been the ma-
or deterrent to the orderly and
ogressive development of the town.

Communication from land owners
ho feel the underwriting group
as not been received from
proximately 20 land owners,
ome of whom do not have any
provements on the land, and
ome of whom have indicated
ey do not desire water hook up.

Three members of the town
mmission voted unanimously
ntract with Southern Gulf
ilities, and the action taken
y these members of the board
as confirmed and com-
leted the necessary municipal
ansactions for its conclusion.

The motion to contract with
e City of Stuart for the whole-
le supply of water appears to be
ead.

The City has repeatedly said it
ould sell the water to any
ne who wanted it, and con-
ruction with the Sewall's Point
stem have been going on for
me time.

Manager Joe N. Crowder
as stated that he wanted to
ake it clear that the city's water con-
ract is not forcing the Sewall's
oint issue.

The proposed plan constitutes
e construction of a 12-inch main
om Point, a 10-inch main
ross the St. Lucie Bridge, and
n eight-inch main north and
outh the length of the town.

Eventually, a million gallon
torage tank will be built behind
the Sewall's Point town hall,
which lies beside the St. Lucie
Bridge end.

The tank was being planned to be sufficiently large to permit later supply of water to Hutchinson Island by Southern Gulf.

It was indicated that the construction work would begin about the end of August, providing the contract with the City of Stuart was procured.

E. C. Wareheim, Dr. Elvin H. Killheffer, and H. C. Patterson were the Sewall's Point commissioners present at the meeting.

Wareheim and Dr. Killheffer were on the water committee named by the commission along with Julian D. Field of Bessemer Properties.

The agreement is regarded locally as a significant step toward the development of Hutchinson Island.

Although the Sewall's Point people appear to have no direct interest in the plan, Southern Gulf has made contact with a group of island property owners through their representative, a local bank official, and some progress has been made.

Southern Gulf President Norman J. Davidson has also been in touch with the island people.

Davidson, formerly vice president of Curtis-Wright Corp., is now chief operating officer of the utility firm which operates water and sewer works in over 150 subdivisions in 50 different areas of Florida, Texas, and South Carolina, representing a total plant of $8.9 million, according to 1962 reports.

Four Jensen Students Win Scholarships

REPRESENTING JENSEN BEACH—Miss Sandy Simmons, nominee for the annual Labor Day Boat-A-Cade Queen contest from Jensen Beach, will leave Labor Day weekend to participate in the contest August 30th at the waters' trek' beginning in Fort Myers. There she will attend a dinner and then stand for election by popular vote for the 'queen' title. The queen will then be accompanied by the other participants as her court on one of the yachts making the trip.

Four Jensen Beach students were awarded scholarships by the directors of the Nina Haven Charitable Foundation, Inc., last week.

Martin Klim and Richard C. Walish received awards for the first time for the 1963-64 college year as entering college freshmen, and Reid Farrow and Robert Gunn were awarded continuing grants for the 1963-64 year after having received awards for the previous year.

Klim chose the University of Florida and Walish, who also had previously won the four-year, $1,000 per year First Federal Savings and Loan scholarship, has not yet decided his college preference.

Farrow and Gunn are attending the Univ. of Florida and Columbia University, respectively.

The directors hope to be able to grant ten new scholarships to entering freshmen each fall.

At the same time, it will carry through a full four-year assistance program to the individuals who have received scholarships previously, placing the foundation in the position of extending aid to some 40 young men and women in college each year.

The scholarships from the Nina Haven Charitable Foundation, Inc., were first announced early in June, at which time E. Paul Tenney of Port Sewall, County Judge Evans Crary Jr. of Stuart, and Joseph S. Iseman and David Washburn, New York attorneys, were listed as trustees.

Tenney said the foundation is working out a regular schedule for the receipt of applications next year, and will make public at a later date, the proper procedure for scholarship application.

"Fond Memories"

Harry Schultz Sees Passing Of An Era

Well Known Florida Editor Remembers Early Days

By: Frank H. Cofer Jr.

Time is kind to no one, not even to the progress that it brings to a community. For progress necessitates the removal of a precious part of previous generations. . . even the pebble themselves.

It is hard for the younger members of our society to visualize the logic of sentiment or tradition. But it is even harder for a man who was instrumental in building a community to watch his world change, and a new, more vigorous society emerge.

Such a man is Harry Schultz, recently retired editor of the Vero Beach Press-Journal, who remarked about the Mirror's pictorial of the sale of the A. A. (Buck) Hendry property. The picture of the old Hendry house being demolished evidently brought forth the wealth of Harry's mind regarding the town of Jensen Beach. He relates:

"This property (the Hendry property) was originally purchased and owned by the late Mr. and Mrs. John Sorensen, who built the home in 1889. Mr. Sorensen was the first postmaster of Jensen. The town of Jensen was named for its developer, John L. Jensen, a brother of Mrs. Sorensen. These pioneers came to Jensen via sailboat from Titusville on the Indian River, which at the time was fresh water like the Savannah. . . before man-made inlets were dug.

"For this reason, it was with sadness that my mother, Mrs. Louise Schultz (daughter of the late John Sorensen) and myself read about the demolishment of the old home, and saw the place yesterday. It's too bad that the old home was not preserved and put into use as a community center. . . it's a real landmark of the beginning of Jensen Beach.

"My mother, naturally, had a sentimental feeling for the old home where she was reared after the family moved to Jensen from Birmingham, Ala., Colorado, and Wheeling, West Va."

Harry remarked that he was born in Jensen Beach "in 1897" and it naturally follows that he probably holds fond memories for the old landmarks of the town.

On the other hand, he is definitely not opposed to progress, as his twenty-nine year record as editor of the Press-Journal indicates. The newspaper reflects his conscientious intent to constantly improve the community he served. His columns repeatedly pressed for more street lights and paved streets, better recreation facilities, and myriad other community projects too numerous to mention. His dedication to progress. . . his ideas. . . became synonomous with Vero Beach. "Where the Tropics Begin," he often stated.

But Harry is tired, and looks to retirement. "I've decided to take it easy, and do some loafing before I die," he remarked upon his resignation last May.

KINDREDS DONATES CHARITY PLAN

Charitable organizations have not received an additional source of revenue. Kindred's Superette, Inc., has announced that it would donate to all organizations of charitable purpose, one per cent of the amount on all of their cash register tapes collected by the groups.

Churches, Schools, P. T. A., Girl and Boy Scout Groups, and all other charitable organizations are eligible to participate in the program to aid in their community projects.

JB School Sets Registration

Registration for the Jensen Beach Elementary school for new students will be on Friday, August 23, from 9:00 a. m. to 3:00 p. m. at the school. Teachers will be on hand to assist in the registration and familarization.

County school authorities have announced that all elementary students (grades one through six) living north of the Stuart city limits on A1A shall attend the Jensen Beach Elementary School. All high school students in this area, they said, will attend the Martin County High School.

Check Points For Hurricanes Listed By Civil Defens

With the advent of the hurricane season, Florida residents are once again plagued with the annual task of preparing for the possible storm. Here are a few tips from the Martin County Civil Defense to make your task easier, and your home more secure.

1. Check your home for loose shingles, window shutters, shaky TV antenna, etc. If any such objects are not secure, make repairs necessary to secure them at this time.

2. Check your yard. All dead trees should be removed. Tree limbs and large scrubbery apt to break in a high wind should be pruned. Movable objects such as garbage can, dog house, chicken coop, loose lumber, etc., should be anchored securely or placed inside a secure building. Flying objects cause considerable property damage and loss of life in a windstorm.

3. Provide storm shutters or a supply of lumber with which to board up all windows.

4. Provide a secure brace for the inside of your doors and be sure that a door on the lee side (away from the wind) can be quickly opened.

5. Provide sanitary utensils or bottles in which water for drinking and cooking can be stored. Water for other purposes can be stored in bathtub, or open tubs, or in clean garbage cans. Without electricity, there will be no electrically-pumped water.

6. In a windstorm, power lines are certain to be damaged and you will be without electricity perhaps for several days. Check emergency cooking and lighting facilities to be sure they are in good working order and that you have a supply of fuel for them.

7. Provide an alternate source of water supply to be used with little or no pumping.

8. Open refrigerator and freezer only when food is needed. Food normally will keep for several days.

9. Keep gasoline in your car at a high level. Without electricity, power may not be available for gasoline pumps.

10. Check your flashlight to be sure it is in good working condition. Keep a set of batteries and a bulb in reserve.

11. Check your battery-powered radio to be sure it is in good working condition.

12. Keep informed of weather conditions by listening to newscasts on radio and television.

The Martin County Civil Defense staff has made preparations for emergency disaster operations. The staff and Zone Directors have been briefed on disaster preparedness and operations procedures.

Provisions have been made for emergency electric power for communications. An emergency auxiliary generator has been assigned to Radio Station WSTU and several other auxiliary power units have been placed throughout the county. County Engineer [illegible] personnel are [illegible] to be sure [illegible] for emergency operation.

There are five Zone Emergency Operations Centers in Martin County. They are located in Indiantown, Jensen Beach, Port Salerno, Jupiter Island, and Palm City, giving an efficient county-wide coverage. In addition, other government agency radio systems are available for handling local and State Civil Defense communications.

The county-city emergency Operations Center is being modified and is expected to be completed by October 1st. In the meantime, should the need arise, the Pelican Hotel will be used as the Martin County Civil Defense emergency operations center.

Civil Defense Zone Directors and staff personnel have been briefed on plans for disaster operations and advised to assist and support the Red Cross in meeting its disaster responsibilities, should the situation arise requiring their help.

Eugene Grimm Saves Plane With File And Crow Bar

Major Eugene Grimm, son of Mr. and Mrs. Gene Grimm of Kline Drive, is a happier man today. Last Monday he reported his landing gear of a twin-engine SB trainer craft as it circled over Bedford, Mass., Air Force Base, he used a fingernail file and a crow bar to do the job.

Returning from a training flight, his plane could not get its landing gear down and almost crashed on its first landing. Major Grimm and Lt. Col John Lyall took a nail file and removed 50 screws holding the floor plate, and then used a crow bar to straighten a bracket holding the landing gear in place.

Some fellers are fired with everything except ambition.

WSTU Crossing Is Delayed

Immediate plans to rebuild the railroad grade crossing removed at Radio Station WSTU by Florida East Coast Railway were delayed by the company's filing a motion with the Second Appellate Court in Lakeland, according to County Attorney Dean Tooker.

County Commission Chairman Frank A. Wacha had said last week that the crossing would be reestablished by the county since it had procured the necessary land to cross the tracks with the Alice Avenue right-of-way.

Tooker said the FEC had asked the court to require the county to post bond which, while posting a bond of its own, would prevent the opening of the crossing until all court cases were settled.

Spokesmen for FEC had said that they would go to the U. S. Supreme Court with the case.

Tooker also said that the FEC tax appeal case would be heard at Tallahassee September 10 thru 13.

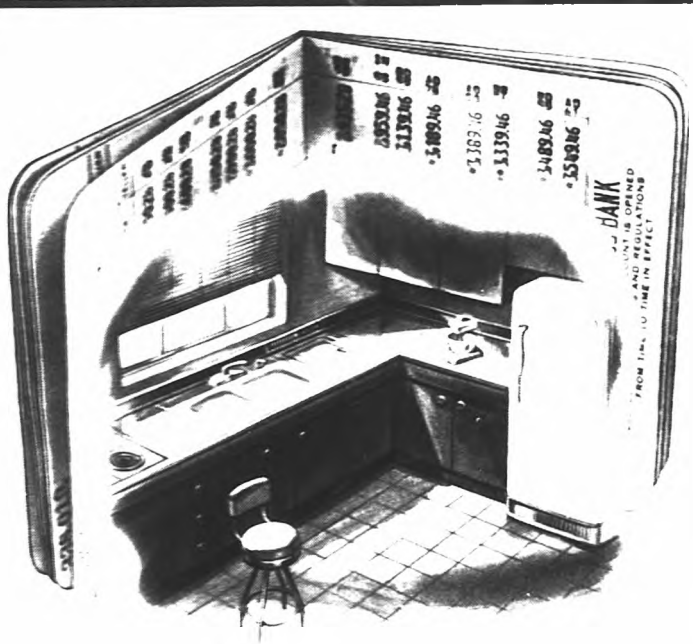
New Peck's Lake Inlet Is Closed

The new Peck Lake inlet was closed Sunday by workmen of the Dredging Specialties Company.

The dredge started the operation to the east of the bridge and from the south bank to the end of the north bank.

Completion time was set for 30 days by the dredging company which has been working the lake to deepen the channel between the lake and the ocean.

The Army Corps of Army Engineers in the Jacksonville office has $275,000 and whole operation is finished by the latter part of next week.



This kitchen "grew" in a bank book!

This gleaming modern kitchen began as an IDEA in the mind of a homemaker. It didn't really begin to take form, though, until somebody DID something about it. What was done was to open a savings account with the specific objective of turning this idea into a reality. With each regularly scheduled deposit (plus interest) the totals kept growing. The kitchen, too, grew up from just an idea to the real thing!

If you, too, have an IDEA that you'd like to turn into a fact, start saving for it here. You can't miss!

Burl Ives, Star of 'Summer Magic,' The Most Versatile of Entertainers

Burl Ives, star of Walt Disney's most musical motion picture, "Summer Magic," is probably one of the best and most versatile entertainers on the modern scene.

Few critics will argue with Carl Sandburg who called him the mightiest ballad singer of any century. But the famed balladier is more than that. He is an actor par excellence, with some of the best pictures of recent years to his credit. Plus that he is a writer, of both prose and poetry.

Most important, this tall, heavy set man, whose name has been a household word for older generations, has become a top recording favorite with teen-agers, best moviegoers of them all.

In "Summer Magic," incidentally his first singing picture since another for Disney, "So Dear to My Heart," Ives is happily teamed up with the most popular teen-ager on three continents, Hayley Mills. Together and separately, through the film story, they warble more songs than have been in a Disney picture since "Babes in Toyland."

Your Social Security

By: R. C. Gehrken Jr.
District Manager
West Palm Beach Social Security Office

Q. I will be 62 in March. When should I make my claim for my social security?

A. You can make your claim for benefits now. Since you are almost 62, it may be to your advantage to claim reduced benefits. There are many things to consider in deciding whether to apply at age 62. Some of these are, "How much you make if you are still working," "Do you work every month of the year, and, if so, how much do you make each month?" "Do you have members of your family who could get checks too?" and "How much would your monthly checks amount." To help you in making your decision, stop by your nearest social security office so that you and the folks there can talk about your decision.

Q. Before I retired, I worked under social security. My wife and I have been getting social security for a year. She never worked under social security. When she passed away last month, my neighbors told me that I should receive a death benefit. Is this correct? I have heard nothing about it from anyone else.

A. I'm sorry, but the death benefit is paid only at the death of the person who worked under social security. Since your wife had never worked under social security, and had no social security credit of her own, the death benefit would not be paid.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach, (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

MUSEUM TREASURES

By: (Mrs.) Carol Schmidt
Assistant Director
Martin County Museums

THE PLACE

Note: This is the first of a series of five articles discussing the Sea Turtle Conservation Project at the House of Refuge Museum.

The House of Refuge Museum is a historic house museum, located on Hutchinson Island, East of the town of Stuart, Florida. The Museum is situated on a very narrow strip of land between the Atlantic Ocean on the east and the Indian River on the west.

The main building of the Museum was built in 1875 by the U. S. Life Saving Service. It is the last remaining House of Refuge out of a series of ten similar structures which once offered aid shelter, food, and clothing to stranded sailors who were shipwrecked off the east coast of Florida. The building now houses Marine and Nautical Exhibits of historic value.

Two other buildings of more recent origin: A boat house and sailor's quarters, complete the museum's exhibit and work area. The latter of these two buildings has been remodeled into a Marine Biology Hall. Here are permanent exhibits pertaining to the embryonic development of the baby turtle within the egg, as well as informative displays about the various species of sea turtles and other animals of the sea.

There is a Marine Laboratory in this building as well as five small aquaria with live specimens of local fish, sea urchins, anemonies, seasquirts, slugs, and aquatic crabs. Outside, on the Museum grounds are four large tanks devoted to the propagation and conservation of the Sea Turtles.

Next week, Part II: The Problem

Visit your Martin County Museums. We are open from one to five Tuesday through Friday, nine to five Saturday, Sunday, and Holidays, (Closed Mondays) and the admission is free.

Zoning Board Tentatively Adopts Three Amendments

Three amendments to the master zoning plan of the county were tentatively adopted with modifications at a hearing of the County Planning and Zoning Board last Thursday night, while other proposed changes were lightly heard at the meeting's end at 10 p. m.

The balance of the list will be covered in a special continuation to be held at 7:30 p. m., September 6.

Conducting the board hearing were chairman James Gaughan, Donald Ward, and Joe Greenlees. Also attending were County Engineer Mosely Collins and County Commissioner Jack Williamson and Building Inspector Tommy Hellier, who were there for a short time.

s compiled through
of Jensen Beach and
guides, Stuart Sail-
old clippings, and
fishing tournaments
the 1930's by the
es. Although earlier
were conducted, no
ar to be available.

records are as good
atch, so if you think
re the following rec-
rove it.

est fish recorded in
are:

(length), 8 ft. 5 in.,
ter of Charlotte, N.
, 1940-41) from Car-
in James Haskell.

(weight), 92 lbs., by
ggren, (winter, 1937)
W. Otis, Lake Clear
. Y., (1939-40) from
Captain Jack Whiti-

SAILFISH (length), women, 8-ft., 6 in., by Mrs. Joseph Tevar of Cleveland, Ohio, (winter, 1961-62) from Jimmy, Captain C. O. Engebretsen.

WHITE MARLIN, 117 lbs., by Robert T. Rose Sr. of Leonia, N. J. (winter, 1958-59) Captain Jack Marley, boat unknown.

BLUE MARLIN, 292 lbs., by P. J. McIntosh, New York City, (winter, 1936-37) with unidentified boat, Captain A. A. Whitticar.

MAKO, 215 lbs., by Julian C. Schwab of New York City, (winter, 1954-55) from Spray, Captain Ray Young.

TARPON, 180 3/4 lbs., by Edward Kulisek of Port St. Lucie, (winter, 1962-63) in C-24 canal.

WAHOO, 80 lbs., 8 oz., by Mrs. Michael Croke of Minneapolis, Minn., (winter 1959-60) with Captain A. A. Whitticar, boat unidentified.

This is the end of the big sports fish in the tournament class. However, there are others in this list with greater records. They are:

SAILFISH (weight), 100 lbs., by L. P. Young of Melbourne, (summer, 1955) from the Howdy, Captain Pete Robertson.

BLUEMARLIN, 316 lbs., by C. William Brooks of Baltimore in 1959. No other information.

TARPON, 223 lbs., at the time a world's record, (1928) by Edward Trainer of Philadelphia in the St. Lucie Inlet.

TARPON, 157 lbs., by James Dodge of West Palm Beach, a light tackle world record in the winter of 1937-38.

Lesser varieties listed in some books that hold tournament records are:

ALLISON TUNA, 153 lbs., 4 oz., by Fred K. Weyerhaeuser of St. Paul, Minn., (winter 1940-41) from Three Brothers, Captain Bill Frazier.

AMBERJACK, 73 lb., 8 oz., Herbert E. Nix of Okeechobee, (summer 1956) from Howdee II, Captain Jack Collins.

BARRACUDA, 46 lbs., by Dr. A. E. Sceerey of Whiting, Ind., (winter 1950-51) from Hobo, Captain Jack Whitticar.

BLACK BASS, 13 lbs., 8 oz., by John Dicks Jr. of Stuart (winter, 1960-61).

BLUEFISH, 14 lbs., by Ernest Maxwell of Pahokee, (winter, 1961-62).

BONITO (false albacore), 24 lbs., by Howard E. Partlow, (winter, 1939-40) from the Anna E., tied by C. E. Snyder of State College, Pa., (winter, 1940-41), from Lady Peggy, Captain Edmund Crocker.

BREAM, 1 lb., 12 oz., by Stella Oberhaus of Stuart, (winter, 1947)

CHANNEL BASS, 31 lbs., by Albert Cepec of Stuart, (winter, 1960-61).

COBIA, 61 lbs., 8 oz., by M. J. Buckpitt of Rochester, N. Y. (winter, 1958-59) with Captain Von Jourdan, boat unidentified.

CROAKER, 4 lbs., 8 oz., by Glenn Guiler of Cleveland, (winter, 1957-58).

DOPHIN, 53 lbs., 12 oz., by David Entrekin of Detroit, (summer, 1958) from Tammoi, Captain Ronnie Hill.

FLUKE, 14 lbs., by Tiny Hopkins of Stuart, (summer, 1961).

GAFFTOPSAIL CAT, 9 lbs., by Paul Meyers of Palm City, (winter, 1952-53), tied by Mrs. Betty Arnold of Surf City, N. J., (winter, 1953-54).

GROUPER, 31 lbs., by Mrs. R. K. Beck of Shaker Heights, Ohio, (winter 1951-52).

JACK CREVALLE, 35 lbs., by I. A. Smith of New York, (winter, 1950-51), tied with Buddy Lueders of New York, (winter, 1959-60) Captain Johnson Whitticar.

KING MACKEREL, 47 lbs., 8 oz., by Marvin Schaeffer of New York, (winter 1952-53), from Negoa, Captain Dave Noyes.

LADYFISH, 6 lbs., 13 oz., by Arthur J. Brown of Greenfield, Mass., (winter, 1940-41).

MANGROVE SNAPPER, 12 lbs., by J. B. Krystopher of Jensen Beach, (winter 1960-61).

PICKEREL, 4 lbs., by Jack Niemen Jr. of Gatlingburg, Tenn., (winter 1950-51).

POMPANO, 7 lbs., by Henry Benedict of Lancaster, Pa., (winter, 1950-51), tied by Albert Fania of Stuart, (winter, 1962-63).

RED SNAPPER, 59 lbs., by Omar Bonhomme of Montreal, Canada, (winter, 1955-56) with Captain A. J. Whitticar, boat unidentified.

SEA TROUT, 13 lbs., 13 oz., Sherman Bates of West Palm Beach, (winter 1962-63).

SHEEPSHEAD, 11 lbs., 13 oz., by Milton S. Davis of Jensen Beach, (winter, 1962-63).

SNOOK, 42 lbs., by J. D. Gray of Stuart, (winter, 1947-48).

SPANISH MACKEREL, 8 lbs., 8 oz., by Lloyd Claff of Randolph, Mass., (winter 1946-47).

SPECKLED PERCH, 2 lbs., 12 oz., by Preston B. Graham of Augusta, Ga., (winter 1954-55).

TRIPLETAIL, 34 lbs., 4 oz., by W. D. Britton of Cedarville, Mich., (winter, 1960-61).

TUNA (BLACKFIN), 21 lbs., by J. W. Rex of Springwood Fram, Mass., (winter, 1952-53), from the Gannett, Captain A. A. Whitticar tied by Gary Wilhelm of Orlando, (1962) from Skipper II, Captain A. J. Whitticar.

WEAKFISH, 9 lbs., by Carl Grashuis of Hastings, Mich., (winter, 1946-47).

Records that were set during non-tournament times or among fish not recognized as to tournament species, or for other reasons not considered tournament record holders are:

BERMUDA CHUB, world record, 11 lbs., 14 oz., by Anthony C. Letteriello of Jensen Beach, Nov. 28, 1962.

GROUPER, 110 lbs., by Mrs. E. H. Lewis, (1955).

MARGATE, 9 lbs., 12 oz., by Wendell F. Orr of Stuart, (1963).

SEA TROUT, 16 lbs., 4 oz., by Mrs. J. B. Law of West Palm Beach, (caught with a cane pole, 1938).

The following is a pending record, yet to be established:

PICKEREL, 4 lbs., 10 oz., by Mrs. Lamont Albertson of West Palm Beach, entered in this year's summer tournament.

Sea Gate Apartments Are Now Under Construction

Initial construction began this week on the Sea Gate Apartments, adjacent to Sea Gate Harbor near Palm City. The apartments are the prelude to a resort planned by Hal and Helen Bedell of Palm City.

The resort will be located on the river and will feature apartments, houseboats, and dock service.

In the first stage of development, eight apartments, being built by general contractor Walter Bishop, will be grouped on alternating 50-foot lots, with two units per lot. Later, other apartments will be built in between to make a total of 16 apartments.

Each apartment will have approximately 300 feet of living space, with a bedroom-living room combination, a built-in kitchen, complete dressing room, and tile bath and shower. Solar screening will provide privacy for each individual unit.

Bishop said that work on the units is planned to be completed before November 10.

If money talks ours gits away before it kin start a conversation.

Mrs. Estelle Cummings, president of the Mermaid League at Jensen Beach Lanes on Thursday night has called a special meeting August 29 at 7:30 p. m.

All members are urged to attend.

Labor Day Weekend Will Be Brim Full With Sunshine, Celebration and Sunburn

Get out the sunburn lotion, ... we have another long holi... coming up. And here in ... Beach the mood is one ... celebration. Already filled ... and rental units will ... sun and rest seekers from ... of Florida to Jensen's ... givers and sun splashed ...

... full house is expected as ... boat-a-cades meet in Jen... Beach, needing food, lodg... and entertainment. The ... Okeechobee Waterway Associ... boat-a-cade has estima... between 200 and 500 boats ... Stuart and Jensen ... Another boat-a-cade ... down the Indian River from Melbourne.

Harried shop clerks and office workers will be seeking the sun at the Ocean Beaches or on the Causeway and the children will be all over the place. Four days of fun ahead is the call of the week.

It is Labor Day weekend. Down here in the land where most people have retired from organized labor, the holiday means an easy-going time to loosen up the swing or hammock. For some husbands it is a time to labor in the garden or on the lawn.

At any rate, it is a Jensen type holiday . . . ripe for fun.

READIN', WRITIN', AND REARIN' STARTS TEACHERS OFF IN JENSEN

The Jensen Beach Elementary School began a new year on Monday with an attendance of 190 children. The first grade classroom has a registration of 44 pupils. A portable classroom has been added, to be used as the need develops.

The teachers for the 1963-64 session include several new ones to this school.

Mrs. Mary E. Thomas, third grade teacher, is from Toledo, Ohio where she graduated from DeSales College. Last year, she did substitute teaching in Martin County. She and her husband, Paul A. Thomas, live in Stuart where they have three children in school.

Miss Jane West, fourth grade teacher, is from Houston, Texas. she received her B. S. at Florida Southern College, and taught last year in Anglewood, Fla. Miss West now lives in Stuart.

Mrs. Lucille Chicky teaches the fifth grade and has been in the Jensen Beach school for three years. She is from Deerfield, Mass. and received her B. S. and B. A. at Hyannis Nominal School, Roanoke University. Mr. and Mrs. Chicky live in JensenBeach on Skyline Drive.

Miss Joyce Dean Moton is teaching the first grade after having taught last year in Melbourne. She comes from Gastonia, N. C. and earned her B. S. at Appalachian State Teachers College in Boone, N. C. Miss Moton lives in Fort Pierce.

Mrs. Billy Cruse, teaching the second grade, is a Jensen Beach resident and has been with the school for seven years. She is from Mounds, Illinois and received her B. S. from Southern Illinois University. Mr. and Mrs. Cruse have two children in school.

Ernest Varvill is in his second year here as Principal and sixth grade teacher. He is from Paragould, Arkansas and holds a B. S. E. degree from Arkansas State College. Mr. Varvill is presently pursuing a Masters Degree in guidance and counseling. From 1949 to 1951, he was principal of Warfield school in Indiantown and has had extensive experience in grade and high school levels. Mr. and Mrs. Varvill and their two school age children live in Stuart.

The Parent-Teacher Association of the Jensen Beach School will hold its first meeting on Tuesday evening, September 10, in the school cafeteria. The P. T. A. President, Mrs. R. H. Crowder, has announced that this meeting will be an occasion to honor the new teachers and parents new to the area or to P. T. A., and to welcome back familiar teachers and parents.

Sandy Will Leave Friday For Contest

Sandy Simmons, Miss Jensen Beach, will leave Friday for the Boat-a-cade Queen Contest in Fort Myers. She will be accompanied by her parents, Mr. and Mrs. Robert Simmons and Mr. and Mrs. Martin Wahl.

Schools Are Up in First Day

Martin County's school population on the first day of the new year was almost 10 classrooms higher than on opening day last year, and almost two classrooms higher than on the closing day of last semester, according to figures given out by Supt. of Schools Thomas L. Crook yesterday.

First day registrations totaled 3,769 on Monday; last year on the same day, 3,493 pupils registered. The increase totals 276, which, at 30 pupils per class, is almost 10 rooms.

At the close of school last May, pupil registration totaled 3,721, giving the new year a head start even over the end population of last year by 48 pupils.

The school year started with two supervisors, six itinerant teachers and 172 teachers.

Chamber Adds Covered Porch

The Jensen Chamber of Commerce is installing a covered porch to their building on Commercial Street. The porch is designed to do three things, according to Chamber president Frank Forsberg. Forsberg said the porch would "Improve the appearance of the building, offer a covered area for protection and comfort of visitors to the Chamber building and cover the area provided for the Samaritan ambulance.

The project is expected to cost $395.00.

HE BRIDGE OF UNDERSTANDING

arol Olney Returns fter Summer n Student Exchange

By Frank Cofer

... would you like to spend ... in the mountains of ... A pretty, sparkling ... old Martin County ... school student, Carol ... in authority on the ... Recently returned ... student exchange pro... Tegucigalpa, Honduras, ... of six MCHS students ... the trip.

... like to go back for ... weeks, to see some ... I made on the trip," ... However, she added ... was glad to be home. ... Carol said, was made ... primarily to promote good ... between the Honduran ... and us."

ANNA AND CAROL

... program, popularly known as "The Bridge of Understanding", ... special undertaking of the Martin County High School, co... ating with the Institute Central, Tegucigalpa, Honduras, and ... initiated by MCHS Spanish teacher, Don Gale and Dale W. ... another MCHS teacher. Along with the five other Exchange ..., Carol was chosen on a basis of grades and fluency in ... and other academic achievements, as well as person... Making the trip with Carol were, Jo Anne Andres, Claire ... Steve Swain, Arden Brannen and Sue Aigotti, all MCHS ... Responsible for their selection were Gale, J. C. Grey, ... principal, and the five girls who previously participated in ... program.

... discussing the trip, Carol, who is the daughter of Mr. and ... Edward Olney, of Skyline Drive, Jensen Beach, spoke with ... and enthusiasm of the Honduran people, and said that ... customs are in many ways similar to ours. "The most out... ding local custom," she said, "was the siesta. The students ... classes from seven until noon, take a siesta, then continue ... three to six." The Hondurans' amiable and hospitable ... alities made some of Carol's more difficult adjustments ... to make. For example, the cold-water showers and the ... plicated public transportation system became negligible in... ... in time. The public buses, she said, are numbered ... ding to routes, and the rider has no way of knowing where ... going, unless she is familiar with the route numbers. It is ... sible to disembark from a bus unless the rider presents the ... amount of the fare to the driver.

... traffic situation in Tegucigalpa, Carol said, is beyond the ... of imagination. All traffic in the city is controlled by ... men and two traffic lights (which don't work).

... noticed a lot of Chinese people, as well as many Ameri... in Honduras. Her week-ends were not idle. Each one was ... to a combined picnic-tour, and as a result, she saw most ... country. "I averaged five bananas a day," Carol laughed, ... gained ten pounds."

... hostess in Tegucigalpa was Anna Graciela Fumes O., ... had been Carol's guest in December, 1962, when a group of ... duran students visited MCHS as a part of the "Bridge of Under... ding" program.

... are many contrasts, Carol said, between the Honduran ... system and the Martin County system. Mainly, the differ... lay in the amount of discipline used in the schools. Carol ... decided that our local school's discipline was more evident ... the Honduran.

... Hondurans love American music. Records for distribution ... Honduras and other Latin-American countries are remade in ... City in Spanish.

..., who plans to be a fashion designer, says she's glad to be ..., but will never forget the experiences she had in Honduras, ... friendships which grew out of the trip.

RAINS BRING DELAY--Torrential rains last Monday threw a one week delay into the development of the 40 new units in Ocean Breeze Park in the recently acquired Hendry property. The heavy downpour washed away the base of the new road, sluicing over 12 inches of dirt into the newly installed drainage pipe. Inspecting the damage above are, left to right, Dick Hoke, Gene Hoke, Ransom Tilton and Harry Hoke.

MCHS Evening Adult School Will Begin Classes September 23

Registration September 16-17

The evening adult school for Martin County has announced the calendar of events for the new year beginning in September.

Several new courses will be offered for the first time this year including French, which will be taught by Marcel Crespil, according to E. B. Horton, director of adult education.

Also to be offered, if there is sufficient interest, will be music, choral or instrumental; drafting and blueprint reading; general business related to everyday living; Americanism vs. Communism; general education involving elementary and secondary levels.

These are in addition to the usual offerings in the adult school. They include Spanish I and II; German; English; English for new Americans; Mathematics; Social Studies; Science Reviews; Art; Ceramics; Oil and Water Color Painting; Ship Woodworking; Mechanical Drafting; Typewriting I and II; Bookkeeping; Shorthand I and II; CD Courses; Plane Geometry; Advance Math and Elementary Education.

Horton said other classes would be offered if sufficient people are interested. He said there should be at least 10 adults showing an interest in a course for its organization.

Sept. 9 through 13, GED tests will be given for those seeking a High School diploma. Registration will be held Sept. 16 and 17. Classes will begin Sept. 23.

Explorers Return From Greece

Three Explorers who left July 17 to attend the International Boy Scout Jamboree at Athens, Greece, have returned, making the last leg of their trip from Atlanta in a car driven by one of the Mothers, Mrs. Hanna Jones.

The returnees, glad to be home, but filled with stories to tell, were Dale Anderson, Brad Feldser and David Keller.

"Boy, am I glad I'm an American," said Anderson.

The boys will have their first speaking engagement at a Kiwanis Club meeting September 5.

Boat License Is Due By September

There were two developments on the boat-licensing front last Friday.

Randolph Hodges, director of the Conservation Department, notified all county tax collectors that the Florida Conservation Patrol will begin rigid enforcement of the new licensing law on Sept. 1.

Sales of the new one year licenses started August 12 and they will expire June 30, 1964.

The second development was a ruling sent to county assessors that 1963 personal property taxes would NOT be paid by boat owners.

Earlier, Attorney General Richard Ervin had ruled the tax should be paid.

Tax Collector Alvin (Andy) Andrews said Friday, however, that he has received no instructions on what is supposed to be done, or how. He said he assumed information would be passed to collectors who would then have to get agreement from assessors.

Post Office Is Accepting Bids For "Vehicle Hire"

The Post Office at Jensen Beach is accepting bids for "Vehicle Hire", said vehicle to be used on city delivery route.

Type of vehicle required must have approximately 100 cubic feet enclosed body capacity; doors and windows must be in good working order with operating locks; must meet safety standards; must be presentable in appearance and in good operating condition.

Contractor must bear all operating and maintenance expense and must keep the vehicle in safe operating condition at all times.

Forms for bidding are available at the above named post office and the sealed bids will be received by the Postmaster until 2:00 p.m. of Wednesday, September 4, 1963.

If interested in bidding, or for further information, contact A. F. Kendall, Postmaster.

Mr. and Mrs. Walter Elchen and Mr. and Mrs. A.A. Pitton celebrated the Birthday of Mrs. Elsie Elchen last Friday, August 23rd. at the Yacht Club Restaurant.

A birthday cake on a silver platter was presented to the guest of honor by the managment.

Daniel H. Sherman Died Monday at Martin Memorial

Mr. Daniel H. Sherman, 74, a resident of Ocean Breeze Park in Jensen Beach, died on Monday, August 26, at Martin Memorial Hospital. He was a native of Wayland, Mass. and had been a local resident for two and a half years. He was a civil engineer before his retirement. There are no survivors. Burial will be in Monmouth, Illinois with Yates Funeral Home in charge of local arrangements.

Rod and Reel Motel Visitors

Recent guests at the Rod and Reel Motel were:

Robert Roth and Sam Flowers of Tierra Verde; Mr. A. C. Nestor, Maitland, Fla.; Mr. B. Ross, Winter Park, Fla.; Mr. & Mrs. Donald Twining and family of Port Clinton, Ohio; Rev. and Mrs. Foster Holt and children of Neptune Beach, Fla.; Mr. & Mrs. David Lee, West Palm Beach; Mr. & Mrs. C. J. Marles of Orlando; Mr. & Mrs. Ted Wallace, West Palm Beach; Mr. & Mrs. C. W. Baker from Kendall, Fla.; Mr. & Mrs. Charles Yannarella and daughter of Ringoes, N. J.; Mrs. M. Papsidera and party from Glen Cove, L.I.; Mr. & Mrs. M. G. Curtis, and daughter, Arlington, Va.; Mr. & Mrs. Thomas Leonard of Orlando; Miss Barbara B. Davidson and sister, Ft. Lauderdale; Mr. & Mrs. William H. Martin, Homestead, Fla.; Mr. & Mrs. James E. Halligan and family from Tallahassee.

William Wheeler, newly elected president of the Martin County High School PTA, has set the first meeting of the organization for September 10 at 8:00 p.m. at the high school cafeteria.

Teachers will be introduced to parents at the meeting.

The Reverand and Mrs. Foster Holt, and children, of Neptune Beach Florida, were Jensen Beach visitors last weekend. Rev. Holt is the former Pastor of the Community Church.

HEALTH TOPICS

A Service of Your Doctor of Medicine, Your Local Medical Society and the Florida Medical Association

TAKE CARE OF YOUR FEET

"My corns are killing me!" How many times have you heard someone voice this complaint? How many times have you voiced it yourself?

It may or may not be corns that are causing the discomfort. But painful feet, from a wide variety of causes, rank close to the common cold as one of America's health problems.

Your feet take a lot of punishment in a lifetime of bearing your weight around every day, mostly on sidewalks, hard floors and pavements. In fact, it's a tribute to the anatomical structure of the foot and ankle that this part of the body doesn't cause even more trouble.

There are several points to remember in care of the feet—

- Be aware of your feet and that they need care, cleanliness and attention.
- Pay attention to minor aches and pains which can lead to more serious foot problems.
- Seek professional advice and assistance for foot disorders.
- Include a foot examination in your annual health checkup.

An important factor in foot health is properly fitted shoes. Corns and bunions often are caused by undue pressure of shoes on localized spots on the feet or toes.

There are many foot troubles with a definite physiological basis that require professional attention by your physician. Some are birth problems, such as club foot or other malformations. There are circulatory problems such as inflammation and narrowing of the arteries of the legs, nutritional diseases such as rickets, metabolic problems such as diabetes or gout, and fungus infections, such as athlete's foot.

Don't neglect your feet. Minor aches and pains may develop into more serious problems if ignored.

The Jensen Beach Bank Takes Pleasure In

INTRODUCING THE FACULTY OF JENSEN ELEMENTARY SCHOOL

These Fine Educators Will Teach

Our Primary School Children This Year

Principal

ERNEST VARVIL.

6th Grade

With one year behind him as principal of Jensen Beach Elementary School, Ernest Varvil understands the administrative problems of the school and his senior (6th graders. Varvil is from Paragould, Arkansas, has a BSE degree from Arkansas State College, and is presently working on his masters degree. He taught from 1949 to 1951 as principal of Warfield School in Indiantown, and has extensive educational experience. He lives with his wife and two school age children in Stuart.

MRS. BILLY CRUSE.

2nd Grade

Mrs. Billy Cruse has been teaching in Jensen Elementary School for seven years. From Mounds, Illinois, she has a BS from Southern Illinois University. Mrs. Cruse lives in Jensen Beach with her husband and two school age children.

MISS JOYCE DEAN MOTON.

1st Grade

Taking charge of the first grade at Jensen is Miss Joyce Dean Moton. Last year Miss Moton taught at Melbourne after winning a BS at Appalacian State Teachers College in Boone N. C. She was born in Gastonia, N. C. and now lives in Fort Pierce.

MRS. MARY E. THOMAS.

3rd Grade

Born in Toledo, Ohio, Mrs. Mary E. Thomas is a graduate of DeSales College in Toledo with a B. A. Mrs. Thomas was a substitute teacher in Martin County last year. She lives with her husband and three school age children in Stuart.

MRS. LUCILLE CHICKY.

5th Grade

A three year veteran at Jensen Beach School, Mrs. Lucille Chicky is from Deerfield Mass. She attended Hyannis Nominal, and Roanoke University, and has a BS-BA. Mrs. Chicky lives in Jensen with her husband.

MISS JANE WEST.

4th Grade

Miss Jane West is from Houston, Texas, and was a teacher last year in Englewood, Florida. She lives in Stuart and has a BS from Florida Southern College.

The Jensen Beach Bank is honored to welcome and salute the faculty of Jensen Beach Elementary School in this new school year. We are proud of our local school, just as we are proud to offer complete banking services to the people of the Jensen Beach, Rio, Sewall's Point and Indian River area.

AS YOUNG AS YOU FEEL--If a big smile is any indication, Mrs. Arletta Johnson doesn't count her age by the number of birthdays, but measures it by the way she feels. Attending her birthday celebration on August 16 at the Jensen Bowling Lanes were Mrs. Vera Gilliard, Mrs. Ann Kuhn, Mrs. Alice Hickey and son, Michael, Mrs. Thelma Parks, and Tom Lewis.

Effective at once, because of the limited facilities for the conveyance of airmail to Cuba, it is necessary to restrict temporarily the service by air to letters in their usual form, postcards and aerograms, and to suspend the acceptance of all other postal union mail as well as parcel post. Such articles and parcels may be sent to Cuba only by surface mail.

In a study conducted by Northwestern University, 92% of housewives interviewed said that if they had a choice of newspapers with or without advertising, they would prefer newspapers with advertising.

Palm Beach Files Suit In Lake Split

Palm Beach County has filed a suit to upset an act by the Legislature which gave Martin, Okeechobee, Glades and Hendry Counties portions of the area of Lake Okeechobee. The bill became effective Monday and the county stands to gain $4 million which is based partially on the geographic areas of the counties.

The suit alleges that the new boundary lines are too vague to mean anything.

Former Rep. A.R. Scott first introduced the bill in 1961, when it was stalled in a senate committee by Palm Beach County Rep. W.F. Owens teamed with Sen. Irie Brown managed to get the bill through both houses.

Martin County Commission moved as soon as the bill session ends to obtain parklands on which ended to obtain parklands on which to build a picnic area and boat ramp on the lake. To date no concrete plans have been announced.

Carole Ross Returns Home After Jensen Beach Visit

Mr. and Mrs. Thomas Foster of Hickory Ridge Road entertained their neice, Miss Carole Ross of Cincinnati, Ohio this past month. Carole accompanied the Fosterds and their daughter, Mrs. Joyce Quick, on their trip to Jensen Beach after a month's sojourn in Ohio.

The Fire Department reports that there were no fire calls this past week.

HOT WEATHER IS SPRINKLING WEATHER
and exciting scenes are created by
the sun shining through the beads
of water in the late afternoon.
But that is just one of the
thrillings sights to be seen in
everyday life in Jensen Beach, for
who can tell what strange and unexpected
design will come from the gasping; raspy
voices of the Sprinklers. Listen to
their sounds as the sun's rays grab
each and every hissing drop
of water... see the sparkle
of the water on leaves
and blades of grass.
It is a sound of fresh green grass growing.

ounty Commission This Week

OT MOWING FEES ARE SET AT $18 & $50 ACRE

ET fees of $18 per lot and 0 per acre as charges to be ked by county if it mows lots acreage in unkemp subdivis-s, activated HB 1614, the t mowing act, agreed to post t of lots to be mowed, and en adopted a resolution list-g about 30 lots for first use of w law.

HEARD Collins outline pro-dure for implementing special iessment paving routine, heard ollins say $4,64 would be cost timate of road in Palm Lake rk, a county-owner participa-on method of building roads. Palm Lake Park residents will tition for such a construction ogram, will have 10 years to pay. A hearing will be held hen practicable.

Wa cha said after the meeting, t road cost would probably nount to $2,25 per foot on ch side of the road, with the unty participating at about third of the cost.

SUGGESTED that precinct and strict boundaries would be adied for equalization of voter tals and change after Novem-r election, but took no formal tion.

HEARD Saunderson say com-ercial fish truck problem at lemo Shores had been solved please all concerned.

HEARD him also report that edging and filling operation Nick Sponciera at south unty line in Intracoastal aterway was for purpose of lkheading and squaring off erent un-bulkheaded propert 9, 26 feet into waterway.

AGREED to charges of $1, 50 tax per camp group at Sand-rit Park.

AGREED to withhold distribu-on to Martin County Golf and untry Club $12,000 until ter April 1, at which time rst National Bank of Stuart ll have been re-paid $12,000 an made by club, not county.

TOLD Ed Mappit was believed e Florida East Coast railroad ould start delivering lime rock r U. S. 1 construction in two eeks. Wacha told Mapp the urnpike and Cape Canaveral ojects had priority, but this unty's turn was coming soon.

APPROVED and adopted a ning change from R-3 to C-1, 330-ft. section of Ocean vd. outside the city limits.

AGREED to pay $122 in extras the re-built Rio fire truck, ne by Artex, Inc. at a total st of $3, 720.

DONATES PARK SIGN--A new sign decorates the entrance to Langford Hall Park. Donated by Richard Baker, of Stuart, and erected by Al Walker, the sign replaces a worn out wooden piece that had outlived its usefulness.

SANDSPRIT PARK BEGINS FEE FOR OVERNIGHTERS

Sandspit Park will begin a daily fee of $1, 50 per trailer on August 25. The announcement was made by County Park Supt. Jesse Griffin and County Commissioner Jack Saunderson. The $1, 50 will cover a 24-hour period with a three per cent "plus tax".

The camping park has been maintained by the county without charge to campers since it was opened several years ago.

One hundred and fifty campers make up an average weekend Saunderson said 500 camping groups may be expected during the Labor Day weekend.

With Electronic Gear

Soviet Trawlers Ply South Florida Waters

The contention made by Rep. Paul G. Rogers and Federal Investigators that Soviet Russian fishing trawlers were frequenting the waters along the Florida Coast was verified by local boatmen.

As a result of a report by investigators of the House Armed Services Investigations sub-committee following a probe into the foreign traffic close to the coast of Florida, recommendations were made calling for daily air and sea patrols along Florida's territorial waters.

The report said that "Red trawlers have been spotted frequently" inside the three mile limit and between St. Lucie Inlet and Miami.

The request for patrols was supported by Rep. Rogers who said the U. S. Coast Guard has already taken initial steps necessary to improve its vigil along the coast.

The sub-committee investigation was undertaklin after it was requested by the Florida congressman and others.

Rep. Rogers said that he was particularly pleased to see the report take to task the so-called innocent passage practice which permits ships of foreign flags to enter our territorial waters.

"The report exposes this excuse, noting that the route through Florida waters is not the shortest or fastest for Russians to use in their announced intention of going from the Atlantic Fishing grounds to Cuba to dump fish," he added.

Local boatmen recently reported seeing all types of Russian craft off the shore here.

Captain A. M. Whiticar, senior skipper of the Whiticar charter fleet, recalled seeing seven trawlers headed south "a couple of months ago."

World War II veteran and avid fisherman Walter Kean reported seeing three Russian trawlers off Jensen Beach not more than a week ago.

He also said he had received reports that the trawlers could be easily identified by their configuration from American trawlers, shrimpers, or other craft.

"They carry far more electronic gear," he said.

Retired advertising executive C. M. Rohrebaugh, who lives at Coconut Park on the North Fork, reported he had seen strange looking vessels doing odd things off the coast.

Rohrebaugh also said he had sighted a Russian submarine and had got within a half-mile of it before it submerged, not long ago.

"Evidently it was ready to submerge when we approached," he said, "because it went down when we approached it."

It was off Jensen Beach about 10 miles, he added.

He also said he had seen one trawler that he could not identify as American and that it was heavily laden with electronic gear.

The oddest thing he could recall was a trawler going south in the middle of the Gulf Stream, something no bright skipper would ever do unless he had something unusual in mind.

Dalton Anderson, a long-time resident here, reported that he saw Russian trawlers a short distance off St. Lucie Inlet at dawn one Sunday morning not long ago.

Russian tankers are seen frequently passing the inlet on a trek to the south, but they are rarely ever seen inside the three mile limit.

Nearly every skipper in the charter boat fleet can recall at one time or another the sighting of Russian and other foreign craft they could not identify, but one captain reflected that he had not seen anything.

"Too busy looking for sailfish," he said laughingly.

Lynn Mauldin Is Miss Martin Co

Linda Feldman Will Reign as Miss Stuart JayCee

A HAPPY MOMENT--It was a dream come true for Miss Lynn Mauldin when the judges named her 'Miss Martin County' in the Stuart Jaycee Beauty Pageant Monday night at the Pelican Hotel. Showing her happiness in a radient smile, Miss Mauldin is crowned Queen by the former title-holder, Miss Carolyn Johnson.

Miss Lynn Mauldin became Miss Martin County in the Jaycees beauty pageant, held Monday night at the Pelican Hotel.

Miss Mauldin, a junior at the University of Florida, succeeds Miss Carolyn Johnson, also a junior at the same university. Lynn is now eligible for the Miss Florida and Miss America contests next June and September.

Miss Linda Feldman, senior at MCHS, became Miss Stuart JayCee in the junior division.

Runners up in the senior division were Miss Jill Rambert and Miss Pat Uhl. Junior runners up were Miss Lorraine Antos and Miss Carol Syme. The judges were Pat Snow and Jack Hardin, past presidents of the Jupiter Jaycees, and Bill Magrogan, the incumbent president of the same chamber.

Bob Murphy, of West Palm Beach, was Master of Ceremonies. Richard Pryor, president of the Stuart Jaycees, made the presentations.

Mrs. Elaine Rhodes, Mrs. Katy Vickers and Mrs. Sara Timon coached the contestants.

MCGCC Opens 5 New Holes

Martin County Golf and Country Club will officially open five new holes on Saturday morning at 9:00 with a ribbon cutting ceremony assisted by Stuart Mayor William Todt and Frank Wacha, chairman of the county commissioners. The announcement was made by club pro Ben Hartig.

Following the ceremony, there will be a handicap Callaway tournament for men and women whether club members or not, and a buffet luncheon in the club house at noon.

Hartig and Ed Higbee head the committee.

Labor Day winners in the blind bogey tourney were Mrs. Ida Allen, Ed Higbee, Bob Harmier, Don O'Kelly, Lou Papsidero, Curt Whiticar and Layne Rinker.

Mr. and Mrs. Joe Roberts Sr. of 42 Park Road, Jensen Beach, spent Labor Day Weekend visiting their friends in Ocala.

Adult Education Courses Are Set

Several new courses will be offered in the Martin County Adult School program which starts this month, according to E. B. Horton, evening school director.

Courses in health and physical fitness, French, music appreciation (which has not been offered for several years), and choral music.

Norton may be reached for further information at AT 7-2107 or AT 7-0291.

...ADE QUEENS--Posing on the bow of the yacht that carried them from Ft. Myers are the queen representatives of member towns ...ssee-state canal. Their trip was a part of the Okeechobee Waterway Labor Day Boatacade. At right is the winner of the con- ...to a boatacade queen, Miss Janet Siewert of Clewiston.

GED Tests Will Be Given To Qualified Florida Residents

General Educational Development tests will begin at Martin County High School on Sept. 9, according to E. B. Norton, adult director. There will be one section given each night through September 13.

Any legal resident of Florida who is 20 years of age or older, and has not completed high school, may take the tests. Applications must be made to Mr. Horton at Martin County high school.

This is the fifth year of such exams, during which time 140 diplomas have been awarded.

The review courses for the basic high school subjects will not begin until September 16, but this does not prevent anyone who is qualified from taking the tests.

Here's Fishing

by Ed Gluckler

It might be monotonous, but this is it. Sails still hotter than hay in lovetime; dolphin excellent; bonito all over the ocean, kings scattered but out there in numbers; barracuda all over the ocean, and big blue marlin in surprisingly heavy count.

Near shore (and sails are being raised in the mouth of the St. Lucie Inlet every once in a while) the Spanish mackerel are schooled up and driving casters nuts. (Small spoons, small white feathers are working, however.)

Blue runners in enormous schools for light tackle fun fishing. Snook in the surf, as are scattered blues and channel bass (redfish) in lesser numbers. Some sea trout on the outside and pompano, although the latter are somewhat small.

Inside, sea trout (spotted) and weakfish excellent fishing from the inlet up the Indian River, on the flats; up the St. Lucie, both forks. Good sizes.

Snook excellent at bridges, holes, both forks, crossroads, everywhere. Tarpon light in the surf, but good up North Fork.

Black bass fishing is good in the Jensen Savannas and in the South Fork and St. Lucie Canal.

FISHING IS TERRIFIC...

Over 1,500 people spent part or all of the weekend "roughing" it at Sandsprit Park, A. E. Simmons new toll taker for the county, told Sheriff Roy C. Baker.

Fashion Show Luncheon Has Been Postponed

Mrs. Edna Wolf, president of the Coptomist club, has announced that the Fashion Show Luncheon planned for November 12th at the Outrigger Restaurant, has been postponed until December 3rd.

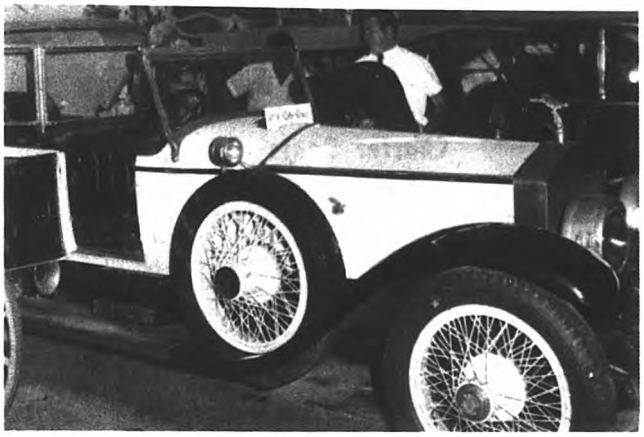
Fashions of the South Seas will be the theme for the show, which will be presented by Mrs. Frances [illegible], manager of the Outrigger Gift Shop.

PTA Meets

The Martin County High School PTA met Tuesday night at 8:00 p.m. in the high school cafeteria.

Principal William Wheeler, president there was a progress report on the new high school, and the school board member [illegible] were introduced.

Vintage Auto Club Plans Parade Here



1924 ROLLS ROYCE--Pictured above are Steve Schmith and Rick Carroll loocking over the 1924 Rolls Royce to be driven by Carroll in the forthcoming Vintage Auto Parade. Carroll who owns his own antique auto, plans to restore the Rolls Royce to running condition for the parade.

Rick Carroll is Local Entry

The Vintage Automobile Club of the Palm Beaches will have a pilgrimage here November 3rd, and with it, a parade of antique cars from Stuart to the Elliott Museum, according to Stephen Schmidt, director of the county's museums.

Schmidt said that William Baker had visited here to make arrangements for the day as a member of the Ways and Means Committee of the auto club.

The group, which will bring an estimated 30 old cars with it, will arrive here at about noon, after leaving Palm Beach at 9:30 a. m.

They will attend a luncheon at the Outrigger, and at about 2:00 p. m., will start the drive from Stuart to the Elliott museum.

Invitations are being prepared for all antique car owners from Martin County north through Fort Pierce, Vero Beach, and Brevard County to participate. These will go out from the Stuart Chamber of Commerce.

Local entree in the coming antique car parade is Rick Carrol of Indian River Drive, who will be driving a Rolls Royce for the museum.

The Jensen Beach Chamber of Commerce, has been invited to take part in the entire proceedings.

Stuart Mayor William P. Todt, County Commission Chairman Frank A. Wacha, and commissioners from both boards, will be asked to make up the welcoming committee.

CD Personnel Spent 24 Hours Underground

Ernest Varvil Is Local Shelter Manager

Seventeen shelter management personnel of the Martin County Civil Defense organization spent a 24-hour stretch in a former Camp Murphy underground reservour last weekend, according to Ernest Varvil, future shelter manager at St. Joseph's Academy in Jensen Beach.

Varvil said that ten men and seven women participated in the event and found life underground hot and humid, but not too unpleasant.

A crew of four took care of the shelter outside and took care of the security, communications, and power facilities.

Civil Defense Director Al Keaton said that the underground crew did not suffer as much as the ones outside, due to "several billion" mosquitoes attacking the surface workers.

The drill, which started at 2:00 p. m. Saturday and ended 2:00 p. m. Sunday, was believed to be the first in the South Florida Operations area of Civil Defense, which includes 15 counties.

Varvil said that the purpose of the operation was to test the efficiency of the management teams while under pressure of CD radio mock commands and simulated catastrophies delivered to the underground crew on tape.

"It was a climax to about three weeks of 2-hour classes held at night by the Civil Defense, and gave a good oppurtunity to put some of the things that had been learned into practice," Varvil added.

He said that the shelter could accomodate approximately 250 people in addition to the crew that he worked with.

On hand at the training mission were Roy Isom, shelter manager for the Turnpike shelter, D. A. Bullock, future security officer at the Jonathan Dickinson Park shelter used Saturday, Director Al Keaton, and Varvill.

NEW GUIDES ARE IN STOCK--The 1964 Jensen Beach Fishing Guide is now at the Chamber of Commerce office. Pictured above, the new guide is held by Reg Walker, Chamber manager just returned from vacation, and president Frank Forsberg.

Student Council Elects Officers

Natalie Taylor and Glee Foxter were elected treasurer and secretary of the Martin County High School Student Council at a recent meeting.

Skeets Tyson was elected president last spring, and at the same time, Scott Feaster was elected vice president.

Feaster also heads the Advisory Board, which will replace the former Interclub Council, which has been discontinued.

County Commission Reports

OK Submerged Lands Sale At Sewall's Pt.

NOTIFIED the Trustees of the Internal Improvement Fund that the county had no objection to sale of submerged lands off Sewall's Point and Rocky Point to upland owners under previous agreements by the board and the owners. One parcel involves the Sewell bulkheading of former spoil bank islands, the other Roger Hallman's development in Great Pocket.

The Martin County Commission made several moves favoring recreation in various ways during its regular meeting this past week.

After Charles Kindred, president of the Izaac Walton League Chapter here asked for it, the county commission:

Went on record as favoring the constitutional amendment which would permit the issuance of $50 million in revenue certificates by the state for recreation purposes.

Asked the Game and Fresh Water Fish Commission to make a Fish Management area of the entire length of C-23 canal from the first control structure westward.

And agreed to set up a Recreation Planning Committee for the county in the future.

Kindred told the board a one dollar license fee would be charged to anyone fishing the management area if the Game and Fresh Water Fish commission decides to make it such after a study.

Commissioner Ed Miller asked if he would have to buy a license to fish from his dock, and it was then that the control structure was set as the eastern boundary of the area. His dock is on the North Fork.

Commissioner Jack Williamson said he attended the Izaac Walton League meeting, heard County Agent Levi M. Johnson question whether the Game and Fresh Water Fish Commission could control trash fish if the canal is extended to Lake Okeechobee as planned.

County Commissioner Jack Williamson said he felt more study was needed in order to protect the rights of the "Little fellow" with a cane pole, referring to the one dollar extra license fee.

Chairman Frank A. Wacha asked Kindred to supply the board with a copy of the recreation amendment for inclusion with the record of the boards approval vote.

A few hours after the Martin County commission met, the St. Lucie County commission voted to ask for the Fish Management Area on its side of C-23 canal, and took under advisement, similar moves for C-24 canal.

In other business, the Martin County commission this week:

AGREED officially not to charge Martin County residents for use of Sandsprit Park camp sites, also noted that no charges would be made for picnickers or swimmers. Saunderson pointed out $670 was income from $1.50 campers' fees on Labor Day weekend.

TRANSFERRED $1,000 within Tax District C budget to take care of fire department expenses.

SET a public meeting September 24, at which time sub-division regulations will come up for adoption. New regulations have been the topic at several planning board hearings.

continued on back page

FIRST PTA MEETING OF THE YEAR--Jensen Beach Elementart PTA held its first meeting Tuesday night at the school cafeteria, about 50 parents attended. Mrs. Philip Baker, vice president, officiated in the absence of Mrs. Caryl Crowder, president. A date was set for the PTA Carnival of October 31, after the business meeting Mr. Varvil introduced the faculty. Refreshments were served by the PTA officers.

Want Ad Requests "Volunteer" Dogs For Police Dept.

The history of German Shepherds is full of success stories in police work and heroics in war. It is an established fact that a dog can disperse a mob faster than patrolmen with sticks or firehoses. This ad appeared in the Miami Herald

WANTED: 6 German Shepherd volunteers for Miami Police Dept. Glamorous work for and healthies furnished free uniforms and medical attention. Nice private home with good family and own kennel.

Captain Klimkowski, who placed the ad, stated, The canines have proven very successful.

School Enrollment Is Now 3,980 In The County

School department offices report that enrollment in Martin County schools increased by 211 students during the period between opening day and the day after Labor Day.

The opening day enrollment of 3,769 jumped to 3,980. The elementary schools absorbed most of the increase with 158 pupils coming for the second week, while the secondary schools had an increased enrollment of 68.

Sailfish Club Sets New Rules For December

The Stuart Sailfish Club, reversing the field on most of the big sports fishing tournament sponsors, has come up with more plans for separating the adults from the children in the rules for the 10th Annual Light Tackle Sailfish Tournament to be held December 10, 11, 12, and 13.

"The tournament has now been returned to one of skill in handling fish," said William O. Simpkin, chairman of the tournament committee and president of the club.

The entire tournament will be fished under "do it yourself" rules with no backing down or other maneuvering other than keeping the stern of the boat pointed at the fish.

New rules call for one captain and one mate per boat. Extra mates have been ruled out.

Jerking the hook out of the sailfish's mouth will be forbidden. The hook must either be removed or the leader cut within three feet of the hook.

Twenty-pound test line will be standard for everyone fishing this tournament.

Sails caught must be released unless they are 7-ft. 9 in. or over and are to be entered for the length points. One hundred points will be allowed for each fish of that length, with 10 points added for each inch over that length. Releases score 100 points each.

In the past three tournaments, the "do it yourself" day has been weathered out. This year, the club officials have decided to run the entire four-day tournament as a "do it yourself" contest. Any day of the four weathered out will be a day lost to the tournament.

Tournament headquarters will be at Sunrise Inn. Other details will be announced later in the fall.

Serving on the committee with Simpkin are: Van Jordon, Rules; John Crawford and Johnson Whitcar, chairmen; Ernest Wendemuth, prizes; Bill Todt and Ray Young, protest; Bob Scrimsh and Bill Bradley.

Kid's Day Is Set September 28

The annual Kiwanis Kid's Day will be held Saturday, September 28 at the Stuart Civic Center at 8:30 a. m., for all kids aged 16 and under. Kids in costumes will parade down E. Flagler to Ocean Blvd., west on Osceola and back to the Civic Center. Ice cream and soft drinks will be served.

Prizes will be awarded for the most original costume, best decorated bike, and funniest couple.

At 10:30 a "Cartoon Revue" will be shown at the Lyric Theatre.

The "Peanut Sale" for Kid's Day will be Friday, Sept. 27.

TOPPER TARPON--"It was my first fish, and ev erything I catch from here on out will be an anti-climax", was the comment of Karl Metz last Thursday afternoon. Metz caught this 83 pound, six foot long tarpon after an hour battle. He was fishing off the Rand Pier, using a 30 pound monofilament line and live mullet for bait. Metz is visiting his sister and brother-in-law, the Wendell Orrs, and will be here for two weeks before returning to his home in Morgantown, West Virginia.

ZING SLAP

Airplane spraying of the Hutchinson Island beaches headed a list of attempts to halt the hordes of Mosquitos plaguing Jensen Beach and all of Martin County this week. Designated the salt water variety of Mosquito, the little pests were biting and digging into local residents to bring hundreds of calls to the district office of the mosquito control. "Worst in years", and "Never have seen them to bad" were the comments of local residents.

Mark Witham, director of the mosquito control district, stated that the mosquitos were the worst in his 18 years here. Warner B. Tilton reported that he had never seen them as bad in his 38 years in Jensen.

Witham blamed the onslaught on heavy rains coming after a prolonged dry spell.

County Commissioner Frank A. Wacha said that the plane was being used experimentally at a cost of $45 per hour for plane and pilot, with the mosquito control district supplying the spray materials.

Joe Perlberger was fishing at the beach near Rand's when the spray plane went over Wednesday morning. He said that the top of his car was covered with dead mosquitos.

Elliott Museum Will Charge An Admission

The Martin County Historical Society announced that there will be an admission charge at the Elliott Museum for the general public, beginning in about a month after a committee has worked out details of personnel, taxes and collections.

The planned admission price will be 50 cents for adults and 25 cents for children. Exempt from the charge will be members of the Historical Society and school groups or other properly chaperoned groups.

The House of Refuge will continue to operate with free admission.

Helen's Dress Shop Has New Partner

Mrs. Maxine Dobbins has moved to Jensen Beach with her twelve year old son, and will be in partnership with Mrs. Leonard Smith in the operation of Helen's Dress Shop.

Mrs. Dobbins and Mrs. Smith are long-time friends, both being from Ohio. Mrs. Dobbins is originally from Lima, Ohio, but is familiar with Florida, having lived in Pompano Beach.

Mrs. Smith reports that Helen's Dress Shop will reopen around the 1st of October.

Bond Group Has Meeting

Local residents met with community leaders of Martin County Tuesday night in the First National Bank Community Room to organize a county wide program on information concerning the upcoming bond issues to be voted on in November.

Dr. Maxwell King and Mrs. Joyce Quick represented Indian River Junior College at the meeting.

Golden Age Club Gets Discount In Lyric Movies

A new club is being formed in the Martin County area. The Lyric Theatre has announced that the "Golden Age Club" is being formed. Earl Widener, manager of the Lyric, said that the club was designed to give the great number of retired persons in the county the benefit of a discount in theatre tickets.

Widener said that regular admission to members of the club will be 50 cents, a saving of 25 cents on the regular 75 cent admission. He added that when movies come to the Lyric that demand certain arrangements on the part of the motion picture producers some prices may rise, but regular movie admissions would give the one-third discount to the age group sixty and over.

Being sixty years of age and over is the only requirement for membership in the club, Widener said. In order to receive the membership card, which will entitle members to the discount and to personal mailings of special movies of interest to the retired people, persons should apply at the ticket office of the Lyric Theatre or at the managers office.

Rep. Raymond J. Maudry of Palm Beach County, will speak to the Women's Republican Club of Martin County on Tuesday in the Community Room of the First National Bank.

Ed Kendles 'Like To Have Visitors'

Raise Fruits and Berries On 1½ Acre Farm Here

By Eileen Wadhams

Visit the Ed Kendle home, 311 Palm Rd., and you will be amazed at the quantity and variety of fruits and berries that are raised by this industrious couple on a one and one-half acre plot.

Here you will see one of the two commercial black-cap raspberry patches in the state, a grove of 120 Papayas, 600 Pineapple plants, a grove of Mango trees, Mulberry trees, Carambolas and all types of Citrus.

The Kendles take much pride in the quality of their fruits; the raspberries are never sprayed, yet 1800 pints were picked last season. Their pineapples consist of 12 varieties and grow just as good as they did here 50 years ago. The delicately flavored mangoes are the result of much experiment and grafting.

A delicious native, the Carramboal, is the latest addition to the Kendles' project, and Ed predicts that in a few years this exotic fruit will be marketed commercially.

Kendle is well know locally as an expert at smoking fish, using his own secret method, and he has processed tons of it for his friends during the past 10 years.

With all this to take care of, the Kendles never seem hurried. Both are on bowling teams, go fishing and sight-seeing, too.

"We like to have visitors" says Ed, "tell folks to come on over and we'll show them around."

100 BILLION DOLLAR *Savings and Loan Business*

Working men started it... working men made it succeed

THE SUCCESS STORY of America's Savings and Loan Business has been written by working people. Wage earners in the early 1830s needed a new way to finance home building so they formed the country's first cooperative "building associations." Later in the century, the rapid development of industries and the movement of people to cities created a need for more homes. Thrifty working people turned to Savings and Loan Associations for the solution of their housing problems.

The Savings and Loan Business has grown hand-in-hand with America's majority . . . the great middle class . . . by fulfilling the basic needs of practical, low-cost home financing and profitable, safe saving. In doing so, it makes significant contributions to everyone. Each year America's 6,300 Savings and Loan Associations help finance over 1,129,000 homes, create more than 700,000 construction jobs, make possible $2.4 billion in retail sales, pay more than $3 billion in earnings to savers.

Helping working men achieve a better way of life is no longer the pioneering job it was in the 1830s, yet Savings and Loan Associations continue to help more than 45 million people enjoy a greater measure of *personal security*. As we celebrate the $100 billion growth of this business,

A Kid Becomes A "Boot" Becomes A Man

Bob Crowder Wins PFC And "Outstanding" Award

By Caryl Crowder

It was a pleasant sunny morning on September 10, 1963 at the Parris Island Marine Base. At exactly 0830 hours, the band began to play in front of the reviewing stands which seated the families of the four graduating platoons standing in strict formation out on the parade field. Each man out there stood at least a foot taller than all the others, in the proud eyes of his particular family. Almost half of the men were wearing the coveted Rifleman badges, which glistened brightly in the morning sun.

The first group to march forward to the base Commander included our son, Bob. These were the ones who had earned the stripe of Private First Class, and the four men who were receiving the Outstanding Recruit Award from each platoon. In the Commander's address to all the men on the field, they heard themselves called "Marines" for the very first time since they arrived three months ago as bewildered and confused recruits. At this moment they were neither bewildered nor confused, but bore an attitude that I can describe only as "proudly confident in an humble way."

We parents and relatives were even more proud of these men at the end of the day, after being shown other recruits going through the obstacle courses, karate classes, calisthenics, firing range procedures. If the D.I. seemed to be using humiliating and degrading tactics, it was for a purpose that brought results. He is building men, not summer campers, and these recruits know that the only humiliation would be in not taking all that is dished out to them.

You 'older' men who went through Parris Island during the war may think that the practice of having graduation exercises is bordering on the sissy side, but rest assured that Parris Island style boot training is still the same as it ever was. Doesn't it make the hair on the back of your neck rise in glee just to remember?

I am proud of what has happened to our son. In June we said goodbye to a nice, rather puffed up young boy whom we shall never see again. In September, we met a hard and lean, well disciplined and well mannered man. He was young, but every inch a man.

PFC BOB CROWDER

Ten Scouts Join Local Troop 401

Ten Boy Scouts signed into Troop 401, with J. D. Lookadoo, scoutmaster, at a meeting held Sept. 11 at the Community Center. The next meeting of the troop will be Sept. 17, 8:00 p. m. in the Community Center.

A special meeting of mothers of boys aged 8 to 10 1/2, interested in Cub Scout activities, will be held at the Community Center, Sept. 19 at 8:00 p. m. Mothers of Jensen Beach Cub Pack 401 are also urged to attend.

FISHING NEWS

Doc Shull reports the surf fishing picked up over the weekend with many nice snook being taken on lures. Pompano were also caught despite the weedy conditions. Tarpon were seen and blues, too, but they are still too far out to be taken from the beach.

B. Robinson, wading the river, caught 14 trout, one snook and a snapper over the weekend.

Tarpon can be found all over the place several hours each day. Early in the morning just after sunup is particularly productive. They're up the North and South Forks in some numbers, but the really big ones usually appear in the lower estuaries, frequently right between Frazier Creek, Roosevelt Bridge, and Dyer Point across the river.

Hundreds are there at a time, chasing bunker and small mullet. Leapers have been estimated at up to 200-lbs. by the experts, right on down to the little ones.

The surf was kind of dirty on the weekend, but there have been reports of continuing and added blue activity, including some snook and tarpon.

Snook still find the rivers their best home, as well as under the bridges.

Spanish mackerel in small little schools can be found off the inlet. Bonita, however, are usually found further out. Barracuda, dolphin, and a few kings are active in the usual areas.

Generally, tarpon are the best bet if you're depending on fish for breakfast, but all the fishing is excellent.

Commander Bell Will Attend Local Meeting

Jensen Beach Post 216 of the American Legion and Auxiliary, will hold a joint meeting at 8:00 p. m., Sept. 23, at the Post home.

Guests will include 12th district Commander Jack Bell and Mrs. Bell, 12th district President, and members of Harold Johns Post and Auxiliary from Stuart.

Reports will be given at this meeting by the representatives to Boys State and Girls State.

Fire Department Auxiliary Holds First Meeting

The Auxiliary of the Volunteer Fire Dept. met at the Fire House on Monday evening, September 26, with 12 members attending. Hostess for the month was Mrs. Hazel Willeke.

New membership was discussed, and anyone interested in becoming part of the Auxiliary may contact any member or officer.

The next meeting will be on October 21, with Mrs. Juanita Proffitt as hostess.

Social Security Receivers Must Report Change

Mr. R. C. Gehrken, Jr., district manager of social security in West Palm Beach, has issued a reminder to all persons who are receiving social security benefits that they must notify the Social Security Administration whenever something happens that might affect the payment of their benefits. Some of the events which must be reported are:

1. Earnings from all types of work if the beneficiary is under age 72 and expects to earn more than $1200 during the year.
2. Death of a beneficiary.
3. Change in marital status, unless the beneficiary is receiving payments as a retired worker.
4. Change of custody of a child or other person for whom you are receiving benefits.
5. Change in address.

Social Security beneficiaries who do not have a list of the events that must be reported, can get one at the social security office, according to Mr. Gehrken. The West Palm office is 715 S. Dixie Hwy.

Everyday the American public buys more daily newspapers than all the paper match books given away free.

CORRECTION

The Mirror erred last week when we reported that it would cost an extra dollar to fish the new wildlife management area. The dollar is a part of the $3 paid for your fishing license, as was brought to our attention by Chuck Kindred of the Isaac Walton League. The only increase in cost of fishing is that residents of Martin County must have the license to fish in the area.

61 Members Attend CardParty

The Jensen Beach Woman's Club held a Dessert Luncheon on Monday afternoon at the clubhouse. Mrs. Myrtle Whitman was chairman of the card party attended by 61 members, and was assisted by Miss Peggy Dean, Mrs. Carlene Hanks, Mrs. Hazel Vincent, and Mrs. Mable Tyroff.

Mrs. F. O. Hanson and Mrs. Frances Hubbell were winners of the door prizes.

The next meeting will be a luncheon-card party at the Manatee Yacht Club on September 23, at 12:30 p. m. Chairman will be Mrs. E. Miller.

Rainfall Over Lake Okeechobee Lowest in 33Years

Rainfall from March through August of this year over Lake Okeechobee has been the lowest since 1930 when official record-keeping was begun, according to the U. S. Corps of Engineers in Jacksonville.

Larry Farrer of the engineering division of the Corps, said that the evaporation from the lake during the summer months was greater than the inflow of water. Total rainfall recorded around the lake's seven stations was only 20 inches in six months, about 12 inches below normal.

Sue Weiss and Eddie Lowe Are Elected Program Chairmen

The Beta Club of Martin County High School has elected Sue Weiss and Eddie Lowe for their program chairmen. Claire Dumich was named member-in-charge of the school bulletin board.

The initiation committee are Arden Brannan, Sally Henderson and Marcie Whiteside.

Officers of the Beta Club are: Kitty Kindred, President; Natalie Taylor, vice-president; Arden Brannan, treasurer; and Virginia Decker, secretary.

All Saints Sunday School Registration is Sunday

All Saints Episcopal Sunday School registration will take place at the 9:00 a. m. service on Sunday, September 22, with Mrs. Alice Wilber heading the teaching staff as Superintendent.

The regular 11:00 a. m. church service will be resumed on October 6, in addition to the 7:30 and 9:00 a. m. services.

The People Favor Tax Cut; Say No To Medicare Tax

Congressman Paul Rogers announced the following results to his Annual Questionnaire:

Question	%Yes	%No	%Blank
1. Would you favor a tax cut a)If Federal spending is cut?	83.6	6.0	10.4
b)If tied to tax law revision?	36.2	20.4	43.4
2. Do you support my plan for systematic reduction of the National Debt?	93.4	1.8	4.8
3. Do you favor an increased Social Security tax to provide Medical Care for the aged?	38.7	57.8	3.5
4. Would you favor Federal Aid to Elementary and Secondary Public Schools?	30.4	64.0	5.6
5. Should Foreign Aid be cut?	89.8	6.1	4.1
6. Do you believe the U. S. should work for a nuclear test ban treaty with adequate controls?	81.6	13.4	5.0
7. Do you believe the U. S. should abandon the United Nations?	38.8	54.1	7.1
8. Do you favor my proposal to close U. S. ports to any of our "allies" who are aiding Cuba?	91.4	5.6	2.7

Questions 5 and 6 have been previously announced. This completes tabulation of the 1963 Questionnaire sent to District residents by Congressman Paul Rogers, and the return of 52,047 is believed to be the largest response to any similar poll.

Mrs. J.M. Kling, N. Indian River Drive, returned September 15 from a two week visit at the home of her daughter, Mrs. John Combs, Fort Lauderdale.

William Clave of Ocean Breeze Park, entered Martin Memorial Hospital on September 14.

Plans are being made for a Re-Dedication Service, to be announced at a later date, according to vestry secretary, A. J. Mace.

MCHS Teacher Receives Grant at The University of W Virginia

Charles T. Coffman, MCHS science teacher, has received a National Science Foundation grant for a year at the University of West Virginia where he will earn his masters degree. Mr. Coffman is a graduate of the same university.

His replacement at MCHS will be George Yarboro, a science teacher in the junior high school. Coffman will probably return to this school system next year, according to Jack Smouse, who announced the grant.

U.S.1 May Remain Open For Traffic During Construction

Walter C. Crowell, Jr., vice-president of Dickerson, Inc., the contractor for U. S. 1 construction, has announced that his company is investigating the possibility of maintaining traffic on U. S. 1 during construction.

A special provision in their contract with the State Road Dept. provides that the road may be closed no more than 150 days on the section between Roosevelt bridge and SR 76. Traffic would be detoured during this period of closure over A1A to Colorado Avenue, and back to U. S. 1 near Conrad's Shell Service Station.

Mr. Crowell said that in the interests of the community, his company is submitting a plan to the State Road Dept. which would allow them to reduce the time of closure to traffic. If accepted, it would involve short term closures not to exceed four days, and probably not to exceed five different periods. Involved in the closure is the Frazier Bridge area and the laying of approximately 3,000 feet of deep storm sewer throughout the section.

"We hope that the people in the area will benefit from this decision", Mr. Crowell said. "We will submit our plans to the proper authorities within the next few days."

Fair Association to Ask For Bids On New Buildings

The Martin County Fair Assoc. will advertise soon for bids on the construction of a new building at the fairgrounds. The decision came during the regular meeting for September.

Preceding the meeting at the County Agriculture building, about 30 people attended a barbecue there. Levi Johnson and Guy Boyd were the barbecuers, and were assisted by Mrs. Lee Spowart, Miss Martha Burdine and members of the association.

The proposed building will be for showing livestock. It will be of block construction and have a dirt floor.

Marie Rhoades and Cedric Benz Will Marry September 20

Mrs. Marie F. Rhoades and Mr. Cedric C. Benz, both of Port St. Lucie, will be united in marriage on Friday, September 20, in wedding will be at 4:30 p. m. in the Port St. Lucie Methodist Church, with Rev. C. Benz, Jr. officiating.

All friends are cordially invited to attend the ceremony and the reception at the Port St. Lucie Marina.

Mr. and Mrs. Harold Powell of Pompano Beach were week-end guests of Mr. and Mrs. W. B. Cook, 9 Marguerita Drive.

The Powells lived here for several years and were former neighbors of the Cooks when both couples resided at Ocean Breeze Park.

Bluefish have been reported showing up again at the surf. Helen Richards caught her first one for the season on Sept. 12.

Episcopal Church has the morning devotions on radio station WSTU this week at 7:45 a. m.

Weekday services at All Saints will be cancelled from Sept. 23 through Sept. 26 while Father Feaster attends a Clergy Conference at Camp Wingmann.

The Ladies Aid Circle of the Jensen Community Church will meet on Wednesday, September 25, at 1:30 p. m. at the church.

PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON NOVEMBER 5, 1963

NOTICE OF SPECIAL ELECTION

WHEREAS, the Legislature of 1963, under the Constitution of 1885 of the State of Florida did pass Joint Resolutions proposing amendments to the Constitution of the State of Florida and they were agreed to by a vote of three-fourths of the members elected to each House, the names of said Joint Resolutions were entered upon their respective Journals with the yeas and nays thereon and they did severally and direct that the said Joint Resolutions be submitted to the electors of the State of Florida for approval or rejection on November 5, 1963;

NOW, THEREFORE, I, TOM ADAMS, Secretary of State of the State of Florida, do hereby give notice that a

SPECIAL ELECTION

will be held in each County in Florida on the first Tuesday after the first Monday in November, which date is November 5, 1963, for the ratification or rejection of the said Joint Resolutions proposing amendments to the Constitution of the State of Florida, to-wit:

NO. 1

COMMITTEE SUBSTITUTE FOR HOUSE JOINT RESOLUTION NO. 428

A JOINT RESOLUTION relating to elections, proposing an amendment to Article IV, Sections 2 and 3 of the Constitution of the state of Florida, providing for the election of certain state officers at the 1964 and 1966 general elections, providing for an emergency election.

Be It Resolved by the Legislature of the State of Florida

That the following amendment of Article IV, Section 2 of the Constitution of the state of Florida be and the same is hereby agreed to and shall be submitted to the electors of the state of Florida for approval or rejection at a special election to be held on November 5, 1963 as provided in Article XVII, Section 3 of the Florida constitution.

Section 1. Election and term of governor. The governor shall be elected by the qualified electors of the state. The first election for governor under this section shall be at the general election of 1964 for a term of two (2) years and thereafter commencing with the general election of 1966 the governor shall be elected for a term of four (4) years. The terms of offices shall begin the first Tuesday after the first Monday in January next after this election. The governor elected at the general election of 1966 shall be eligible for re-election to said office in the general election of 1966, but the governor elected at the general election of 1966 and thereafter shall not be eligible for re-election to said office the next succeeding term.

Be It Further Resolved by the Legislature of the State of Florida

That the following amendment of Article IV, Section 20 of the constitution of the state of Florida be and the same is hereby agreed to and shall be submitted to the electors of the state of Florida for approval or rejection at the general election to be held November 5, 1963 as provided in Article XVII, Section 3 of the Florida constitution.

That three-fourths (¾) of all members elected to each house of the legislature does determine that an emergency requiring an early decision by the electors of the state does exist with reference to this amendment to Article IV, Section 2 of the constitution.

Section 2. Election and term of governor. The governor shall be elected by the qualified electors of the state. The first election for governor under this section shall be at the general election of 1964 for a term of two (2) years and thereafter commencing with the general election of 1966 the governor shall be elected for a term of four (4) years. The terms of offices shall begin the first Tuesday after the first Monday in January next after this election. The governor elected at the general election of 1966 shall be eligible for re-election to said office in the general election of 1966, but the governor elected at the general election of 1966 and thereafter shall not be eligible for re-election to said office the next succeeding term.

Be It Further Resolved by the Legislature of the State of Florida

That three-fourths (¾) of all members elected to each house of the legislature does determine that an emergency requiring an early decision by the electors of the state does exist with reference to this amendment to Article IV, Section 3 of the constitution.

Section 3. Election and term of governor. The governor shall be elected by the qualified electors of the state. The first election for governor under this section shall be at the general election of 1964 for a term of two (2) years and thereafter commencing with the general election of 1966 the governor shall be elected for a term of four (4) years. The terms of offices shall begin the first Tuesday after the first Monday in January next after this election. The governor elected at the general election of 1966 shall be eligible for re-election to said office in the general election of 1966, but the governor elected at the general election of 1966 and thereafter shall not be eligible for re-election to said office the next succeeding term.

Be It Further Resolved by the Legislature of the State of Florida

That the following amendment of Article IV, Section 20 of the constitution of the state of Florida be and the same is hereby agreed to and shall be submitted to the electors of the state of Florida for approval or rejection at the general election to be held November 5, 1963 as provided in Article XVII, Section 3 of the Florida constitution.

That three-fourths (¾) of all members elected to each house of the legislature does determine that an emergency requiring an early decision by the electors of the state does exist with reference to this amendment to Article IV, Section 20 of the constitution.

Section 20. Governor's cabinet — The governor shall be assisted by administrative officers as follows: A secretary of state, attorney general, comptroller, treasurer, superintendent of public instruction, and commissioner of agriculture, who shall be elected at the same time as the governor, and shall hold their offices for the same term; provided, that the first election of such officers under this section shall be had at the time of voting for governor in 1964 for a term of two (2) years and thereafter commencing with the time of voting for governor in 1966, said officers shall be elected for a term of four (4) years.

COMMITTEE SUBSTITUTE FOR SENATE JOINT RESOLUTION NO. 254

A JOINT RESOLUTION proposing an amendment to Article XII of the Constitution of Florida, by adding a section to be numbered by the secretary of state authorizing the issuance of bonds for capital outlay at institutions of higher learning, including junior colleges and certain vocational technical schools pledging certain tax funds, providing for the use of accumulated surplus to pay for any capital outlay project theretofore authorized by the Legislature providing procedures therefor, providing powers and duties of the State Board of Education and State Board of Administration and requiring a special election thereon.

Be It Resolved by the Legislature of the State of Florida:

That Article XII of the Florida Constitution be amended by adding at the section set forth below to be numbered by the secretary of state and that said amendment be submitted to the electors of Florida for ratification or rejection at a special election to be held under authority of Section 3 of Article XVII of the Florida Constitution on Nov. 5, 1963. That three-fourths (¾) of the membership of the Legislature does determine that an emergency exists requiring early decision by the electors of this state at

Section 1. (a) That beginning January 1, 1964, and for thirty (30) years thereafter all of the proceeds of the revenues derived from the gross receipts taxes collected from every person, including municipalities, receiving payment for electricity for light, heat or power, for natural or manufactured gas for light, heat or power, for use of telephones and for the sending of telegrams and telegraph messages, as now provided and levied as of the time of adoption of this amendment in Chapter 203 Florida Statutes (hereinafter called "Gross Receipts Taxes"), shall as collected be placed in a trust fund to be known as the "Institutions of Higher Learning and Junior Colleges Capital Outlay and Debt Service Trust Fund" in the State Treasury (hereinafter referred to as "Capital Outlay Fund"), and used only as provided in this Amendment.

Said fund or funds shall be secured by the State Board of Education, as now created and constituted, by Section 4 of Article XII of the Constitution of Florida (hereinafter referred to as "State Board"). For the purpose of this Amendment, said State Board as now constituted, shall continue as a body corporate during the life of this Amendment and shall have all the powers provided in this Amendment in addition to all other constitutional and statutory powers related to the purposes of this Amendment as heretofore or hereafter conferred by law upon said State Board.

(b) The State Board shall have power, for the purpose of obtaining funds for acquiring building, constructing, altering, improving, enlarging or furnishing or equipping capital outlay projects theretofore authorized by the legislature and any purposes appurtenant or incidental thereto, for Institutions of Higher Learning or Junior Colleges, as now defined or as may be hereafter defined by law, and for the purpose of constructing buildings and other permanent improvements for vocational technical schools as provided in chapter 230 Florida Statutes, to issue bonds or certificates, including refunding bonds or certificates to fund or refund any bonds or certificates theretofore issued, all such bonds or certificates shall bear interest at not exceeding four and one-half (4½%) per centum per annum, payable at such time or times as the State Board shall determine not exceeding, in any event, however, thirty (30) years from the date of issuance thereof. The State Board shall have power to determine all other details of such bonds or certificates and to sell at public sale, after public advertisement, such bonds or certificates, provided, however, that no bonds or certificates shall ever be issued hereunder to finance, or the proceeds thereof expended for, any part of the cost of any capital outlay project unless the construction or acquisition of such capital outlay project has been theretofore authorized by the Legislature of Florida. None of said bonds or certificates shall be sold at less than ninety-eight (98%) per centum of the par value thereof, plus accrued interest, and said bonds or certificates shall be so sold at the public sale thereof to the bidder offering the lowest net interest cost for such bonds or certificates in the manner to be determined by the State Board.

The State Board shall also have power to pledge for the payment of the principal of and interest on such bonds or certificates and reserves therefor, including refunding bonds or certificates, all or any part of the revenue to be derived from the said Gross Receipts Taxes provided for in this Amendment, and to enter into any covenants and other agreements with the holders of such bonds or certificates concerning the security thereof and the rights of the holders thereof, all of which covenants and agreements shall constitute legally binding and irrevocable contracts with such holders and shall be fully enforceable by such holders in any court of competent jurisdiction.

No such bonds or certificates shall ever be issued by the State Board in an amount exceeding seventy-five (75%) per centum of the amount which it determines, based upon the average annual amount of the revenues derived from said Gross Receipts Taxes during the immediately preceding two fiscal years, or the amount of the revenues derived from said Gross Receipts Taxes during the immediately preceding five fiscal years as shown in a certificate filed by the State Comptroller with the State Board prior to the issuance of such bonds or certificates, whichever is the lesser, can be serviced by the revenues accruing thereafter under the provisions of this Amendment, nor shall the State Board, during the first year following the ratification of this amendment, issue bonds or certificates in excess of seven (7) times the anticipated revenue from said Gross Receipts Taxes during said year nor during each succeeding year more than four (4) times the anticipated revenue from said Gross Receipts Taxes during such year. No election or approval of qualified electors or freeholder electors shall be required for the issuance of bonds or certificates hereunder.

After the initial issuance of any bonds or certificates pursuant to this Amendment, the State Board may thereafter issue additional bonds or certificates which will rank equally and on a parity, as to lien on and source of security for payment from said Gross Receipts Taxes, with any bonds or certificates theretofore issued pursuant to this Amendment, but such additional parity bonds or certificates shall not be issued unless the average annual amount of the revenues derived from said Gross Receipts Taxes during the immediately preceding two fiscal years, or the amount of the revenues derived from said Gross Receipts Taxes during the immediately preceding fiscal year as shown in a certificate filed by the State Comptroller with the State Board prior to the issuance of such bonds or certificates, whichever is the lesser, shall have been equal to one and one-third (1 1/3) times the aggregate amount of principal and interest which will become due in any succeeding fiscal year on all bonds or certificates theretofore issued pursuant to this Amendment and then outstanding, and the additional parity bonds or certificates then proposed to be issued. No bonds certificates or other obligations whatsoever shall at any time be issued under the provisions of this Amendment, except such bonds or certificates initially issued hereunder, and such additional parity bonds or certificates as provided in this paragraph. Notwithstanding any other provision herein no such bonds or certificates shall be authorized or validated during any biennium in excess of fifty million dollars, except by two-thirds vote of the members elected to each house of the legislature; provided further that during the biennium 1963-1965 seventy-five (75) million dollars may be authorized and validated pursuant hereto.

(c) Capital outlay projects theretofore authorized by the legislature for any Institution of Higher Learning or Junior College shall be eligible to participate in the funds accruing under this Amendment derived from the proceeds of bonds or certificates and said Gross Receipts Taxes under such regulations and in such manner as shall be determined by the State Board, and the State Board shall use or transmit to the State Board of Control for to the Board of Public Instruction of any County authorized by law to construct or acquire such capital outlay projects the amount of the proceeds of such bonds or certificates or Gross Receipts Taxes to be applied to or used for such capital outlay projects. If for any reason any of the proceeds of any bonds or certificates issued for any capital outlay project shall not be expended for such capital outlay project, the State Board may use such unexpended proceeds for any other capital outlay project for Institutions of Higher Learning, Junior Colleges and vocational technical schools, as defined herein, as now defined or as may be hereafter defined by the Legislature authorized by the State Legislature. The holders of bonds or certificates issued hereunder shall not have any responsibility whatsoever for the application or use of any of the proceeds thereof, or the sale of said bonds or certificates, and the rights and remedies of the holders of such bonds or certificates and their right to payment from said Gross Receipts Taxes in the manner provided herein shall not be affected or impaired by the application or use of such proceeds.

The State Board shall use the moneys in said Capital Outlay Fund in each fiscal year only for the following purposes and in the following order of priority:

(1) For the payment of the principal of and interest on any bonds or certificates maturing in such fiscal year.

(2) For the deposit into any reserve funds provided for in the proceedings authorizing the issuance of said bonds or certificates, of any amounts required to be deposited in such reserve funds in such fiscal year.

(3) After all payments required in such fiscal year for the purposes provided for in (1) and (2) above including any deficiencies for required payments in prior fiscal years, the moneys remaining in said Capital Outlay Fund at the end of such fiscal year may be used by the State Board for direct payment of the cost or any part of the cost of any capital outlay project theretofore authorized by the legislature or for the purchase of any bonds or certificates issued hereunder then outstanding upon such terms and conditions as the State Board shall deem proper or for the prior redemption of outstanding bonds or certificates in accordance with the provisions of the proceedings which authorized the issuance of such bonds or certificates.

The State Board may invest the moneys in said Capital Outlay Fund or in any sinking fund or other funds created for any issue of bonds or certificates, in direct obligations of the United States of America or in the other securities referred to in Section 344.27, Florida Statutes.

(d) The State Board shall have the power to make and enforce all rules and regulations necessary to the full exercise of the powers herein granted and no legislation shall be required to render this Amendment of full force and operating effect on and after January 1, 1964. The Legislature, during the period this Amendment is in effect, shall not reduce the rate of said Gross Receipts Taxes now provided in said Chapter 203, Florida Statutes, or eliminate, exempt or remove any of the persons, firms or corporations, including municipal corporations, or any of the utilities, businesses or services now or hereafter subject to said Gross Receipts Taxes, from the levy and collection of said Gross Receipts Taxes as now provided in said Chapter 203, Florida Statutes, and shall not enact any law impairing or materially altering the rights of the holders of any bonds or certificates issued pursuant to this Amendment or impairing or altering any covenants or agreements of the State Board made hereunder, or having the effect of withdrawing the proceeds of said Gross Receipts Taxes from the operation of this Amendment.

The State Board of Administration shall be and is hereby constituted as the Fiscal Agent of the State Board to perform such duties and assume such responsibilities under this Amendment as shall be agreed upon between the State Board and such State Board of Administration. The State Board shall also have power to appoint such other persons as it may deem necessary, and the expenses of the State Board in administering the provisions of this Amendment shall be paid out of the proceeds of bonds or certificates issued hereunder or from said Gross Receipts Taxes deposited in said Capital Outlay Fund.

(e) No capital outlay project or any part thereof shall be financed hereunder unless the bill authorizing such project shall specify it is financed hereunder and shall be approved by a vote of three-fifths (3/5) of the elected members of each house.

NO. 3

COMMITTEE SUBSTITUTE FOR SENATE JOINT RESOLUTION NO. 177

A JOINT RESOLUTION proposing an amendment to Article IX of the Constitution of Florida by adding a section to be numbered by the secretary of state providing for issuing state bonds for outdoor recreation and natural resources conservation, determining that an emergency exists.

Be It Resolved by the Legislature of the State of Florida:

That Article IX of the Florida constitution be amended by adding the section set forth below to be numbered by the secretary of state, that three-fourths (¾) of all members elected to the house of representatives and to the senate determines that an emergency requiring an early decision by the electors of this state exists and that said amendment be submitted to the electors of Florida for ratification or rejection at a special election to be held on Nov. 5, 1963, and that publication of notice of election be given.

Section 1. The outdoor recreational development council, as created by the 1963 legislature, may issue revenue bonds, revenue certificates or other evidences of indebtedness to acquire lands, water areas and related resources and to construct, improve, enlarge and extend capital improvements and facilities thereon in furtherance of outdoor recreation, natural resources conservation and related facilities in this state; provided, however, the legislature with respect to such revenue bonds, revenue certificates or other evidences of indebtedness shall designate the revenue or tax sources to be deposited in or credited to the land acquisition trust fund for their repayment and may impose restrictions on their issuance, including the fixing of maximum interest rates and discounts.

The land acquisition trust fund, created by the 1963 legislature for these municipal purposes, shall continue from the date of the adoption of this amendment for a period of fifty (50) years.

In the event the outdoor recreational development council shall determine to issue bonds for financing acquisition of lands for multiple purposes the state board of administration shall act as fiscal agent, and the attorney general shall handle the validation proceedings.

All bonds issued under this section shall be sold at public sale after public advertisement upon such terms and conditions as the outdoor recreational development council shall provide and as otherwise provided by law and subject to the limitations herein imposed.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Florida at Tallahassee, the Capital, this the thirtieth day of August, A. D., 1963.

WACHA FINALLY BLOWS HIS STACK ABOUT MILLER HARASSMENT IN COMMISSION MEETING

Commissioners List 14 Major Accomplishments

Fourteen major accomplishments of the Board of County Commissioners from January 1, 1961 to August 31, 1963. They are:

1. Securing from the Flood Control District funds to construct a two lane bridge over C-23 canal instead of the one lane facility planned with the prior Board.

2. Securing funds in the current State Road Departments budget of the paving of Martin Highway (SR 714), an accomplishment requested by each prior board for more than twenty years.

3. The widening of A1A from Hobe Sound through Port Salerno, and the resurfacing of this road.

4. The securing of the right-of-way for the construction of the Pratt-Whitney Road, and the beginning of construction of this road.

5. The securing of the right-of-way for the four-lane of US 1, and the accomplishment of having the entire project now under contract for construction.

6. The re-construction of the Jensen Beach Bridge, with the funds for, and the plans for the center span now available.

7. The removal of the tolls from the Martin County Bridge system.

8. Securing of funds in the current State Road Department budget for the construction of a high level bridge at Indiantown, a contract could have already been let if certain property owners would have donated the right-of-way earlier in the year.

9. Securing of funds in the current State Road Department budget of the widening and resurfacing East Ocean Blvd. from the school to the east city limits. The survey for this work is now being done.

10. The Board has done a great deal of work on parks and recreational facilities and we now have a park system of which we can be truely proud.

11. The Board has taken great strides in the fields of planning and zoning to insure the proper growth and development of Martin County.

12. The Board has attempted to interest industry to insure sound economic development of Martin County.

13. Cooperation with St. Lucie County for the construction of A1A down the ocean front to connect with our road, and also the construction of the Allapatha road to the western part of the County. The funds for the first phase of the A1A construction are in the current State Road Department budget.

14. The Board has maintained the same County millage (tax rate) throughout this period without decreasing services. In fact because of better management of County affairs, the Board has been able to serve a growing population, without a tax increase, and has served them better.

ction Set Aside

Judge C. Pfeiffer Trowbridge ushed an action brought by alph Ward which sought to force e county commission to include nds in the 1963-64 budget to y his fees as constable after n. 1, 1964.

udge Trowbridge was requested do this by County Attorney Dean ooker, and with the agreement Evans Crary, Sr., Ward's coun-, when it was revealed that ere actually were funds with hich to pay Ward and the other nstable, John Holt of Indian-wn, after the first of the year.

HAPPY BIRTHDAY, DEAR REGGIE- Reg Walker shows great pleasure (or is it anticipation) at receiving this birthday cake from Margaret Wallace. A Gift of Chamber of Commerce president Frank Forsberg, the cake was brought over from Jen-Bea Sundries by Miss Wallace. Reg would not admit to the six years represented by the candles, much less any over that. The cake was later consumed by the OFC Club at Seymour's Inn.

JACK SMOUSE IS NAMED TO NEW SCHOOL POSITION

GOOD SIZED CROAKER--D. O. Starr, of Palm Beach Gardens, was hauling this three pound croaker over the rail on Jensen center bridge when the photographer passed by. He readily posed with his fine catch, adding that he and his wife fish here often "cause it's better than fishing in Palm Beach..." The Starrs were up last Tuesday for a good day of fishing.

The Martin County School Board has unofficially named Jack Smouse, former high school principal, to the position of general co-ordinator of the school system.

Official action by the board is expected to occur at their next meeting. Smouse has been working in most of the areas concerned with the job since the first of the school year.

Frank De Stefano, a board member, confirmed the move at a meeting of the board and school principals held Monday night, at which time the job was discussed and its duties outlined.

Smouse will assist the superintendent, school principals, teachers, and all other school personnel with non-instructional problems, if he assumes the new position.

Other duties will include the compiling and computation of statistics concerning school problems for the use of school administration officials, assume the responsibility as director of the itinerant teachers, receive their reports, complaints, and to help with their schedules and duties.

For the first time, the itinerant teachers, including those in music and speech therapy, have been assigned to Smouse's office at the high school.

A solid division has not been set as yet, according to De Stefano but it is generally believed that school administration offices will move from the court house to the present high school when the new high school is built

Smouse would remain at the older building when the three upper classes move out, De Stefano said.

Gunn Gets Grievance Job

Other action that occurred at the board-principal meeting was the appointment of Henry Gunn as a member representing the board of a grievance committee, which the board asked principals to set up, and the discussion of school problems, including that of water in the playgrounds as a result of the heavy rains.

Calls Miller a 'Grandstander' for Issuing 'Private Press Releases'

Heated arguments arose at the Martin County commission meeting last Tuesday, as a result of a conflict between County Commission Chairman Frank A. Wacha and Commissioner Ed Miller.

Wacha, with an apology to the public and reference to a suit instituted by Edward W. Miller, son of the county commissioner, and several references to a weekend spent researching county records, voiced his discontent with Miller.

"Because I have heard this myth about Miller being picked on by this board," Wacha said, "and this myth about his not being able to get a motion seconded, I spent the weekend going through every page of the commission records since January, to find out the record."

Wacha then cited 47 motions made by Miller, 36 of which were seconded, and listed the other 11 as:

June 11, his motion to replace the chairman, September 10, the same motion, January 25, two motions to return matters to the zoning board instead of for action by the commission.

January 25, to name a sister city for Stuart, over which the commission had no authority, May 28, Miller's move to change hours of voter registration without asking the registrar, April 9, a move to make null and void a Walter Travers contract, September 10, a move to replace Don Ward as zoning board member, March 2, a Murphy Rd. bid, August 27, a move to have all persons involved with the county take a lie detector test over the Murphy Road bridge burning, September 10, a move to require county commissioners to give their salary to charity.

Frank Wacha

Wacha then snapped: "Ed Miller wouldn't even vote for fish management on C-23 canal unless it started west of the spillway so he could fish from his dock without buying a fishing license."

Miller interrupted: "I want to ask one thing: Are we governed by Roberts Rules of Order at these meetings?"

"No," said Wacha.

He added, "Robert Rules require a second to any motion, so it may be debated. The seconder can vote against the motion. This thing of dying for lack of a second is a promise I got before taking office." Miller concluded, saying: "I believe any motion should be seconded."

Wacha then asked if he would like to make that a new policy. Then he referred to two motions unseconded after introduction by Commissioner Jack Saunderson.

"Is that for everyone or just for you?" Wacha asked Miller.

Miller, in apparent agreement to a new policy that was followed several times later in the meeting, answered Wacha, "Fair Enough."

Then Wacha asked for a motion, made by J. H. Bruner, to take a motion made last spring, from the table. Saunderson seconded it.

The motion, to name two and one half miles of road skirting Hideway Isles Crane Creek Rd., and received a 4-1 vote, with Miller opposing.

"As a matter of courtesy, I suggest Miller be allowed to submit names for the two roads at this time," Williamson said.

"I'm not going to name any at this time, they are not county roads," Miller said.

"Hadn't we better accept them as county roads first?" Bruner asked.

County Attorney Dean Tooker explained that the road could be accepted by resolution or by actually maintaining it.

"You have to maintain it for four years," snapped Miller.

"Are you the attorney or am I," asked Tooker, who added, "You are wrong."

"No, not four years," Wacha said, "but it will be if this keeps going this way."

He charged that Miller wanted to put $88,000 in his district road budget to build old Murphy Rd. and a bridge, which the commission refused to do.

Wacha then read a three-page letter, plus an extra page listing accomplishments by the commission in two and one half years, that he sent to the Palm City Civic Association.

When he finished it, he said:

"This is not a joyful period as far as human relations are concerned. It's no fun to dissect a fellow commissioner. I have kept my mouth shut for two years plus, but I have reached the boiling point.

"The release of the letter from the Palm City Civic Association to the press before we received it touched it off. Four members of the board have continuously given hard work. We have a grand stander who puts out private press releases."

"He gets big flashy headlines... Like the Miami Herald last week, with its Bridge Widening Pushed By Miller, who had to see eight accidents before he asked for anything to be done about the Palm City Rd. bridge.

"Like the stop signs in Palm City he asked for only after two young fellows ended up in St. Mary's Hospital in critical shape.

"In November, 1961, the Indiantown Press said: "...Miller continued his campaign of harrassing ..." and referred to Wacha as "patiently...doing something."

"July 5 the Stuart News told of the Judge ruling against Miller," he continued, and listed reasons given by Judge C. Pfeiffer Trowbridge.

"In Ed Gluckler's column in the News-Tribune of April 11, Ed Miller is quoted as saying he will be a candidate for re-election in 1966.

"Miller had better start filing campaign reports or get a retraction, that's my advice to him," Wacha continued.

"This has been gnawing at me for a good long time, I work late at my own job so I can work days for the county," he said.

First Mobile Home on New Section

A 53 foot mobile home was moved onto it's site in the new section of Ocean Breeze Park last Tuesday. The mobile home, which features an extension living room, is for Admiral William H. Fitzgerald, who now lives in the park. Other mobile homes start arriving this week for the 40-unit extension to the incorporated mobile home "town on wheels".

Colemans Featured In Nationwide Magazines

The colorful midway of Coleman Brothers Shows, owned by Dick Coleman who winters on Sharp Road in Jensen Beach, has been featured in a nationwide advertising campaign by Eastman Kodak Co. of Rochester, N. Y.

Displaying the advantages of color photography, the two page advertisement shows many of the attractive midway features of Coleman Brothers, with Dick Coleman, the owner, and his wife clearly visible in the left hand background.

Also recognizable in the picture, taken at Oneonda, N. Y., earlier this year, is Francis Coleman, co-partner, and Mac McCormick, foreman of the Tilt-A-Whirl Ride, both well known and popular to county fairgoers.

Coleman Brothers Show was chosen by Eastman after a nation wide study of all major carnivals because the company felt it was the most colorful and cleanest midway in the country.

The company discussed photographing the show while Coleman was at Franklin County Fair last year, but decided a prominent green background would be more colorful at an earlier time of year, so Oneonda was selected.

The advertisement can be seen in the Aug. 16 issue of Life Magazine and the Aug. 24 issue of Saturday Evening Post, in addition to other magazines later. Kodak plans a huge 10 by 30 foot reproduction of the picture for Grand Central Station Concourse in New York later this year.

Visible in the background are featured rides that will be at Franklin County Fair Sept. 8-11 this year. Shown are the Octopus, Tilt-A-Whirl, Scooter tent, Merry-Go-Round, Kalaidoscope, Model Train, Octobopus, and one of Coleman's ferris wheels.

About half of the midway is not shown, for Bob Coleman, another partner, had taken part of it to a church festival the day the picture was taken.

Coleman Brothers plays throughout New England and New York each summer, but has indicated the highlight of the season has been the appearance at the Franklin County Fair.

Riptide Players Are Seeking Directors For The Season

The Riptide Players of Martin County met last week at the Stuart Shuffleboard Club.

The group is seeking three directors for the season's plays.

Casting for the first play, "Seven Nuns in Las Vegas", will begin as soon as a director is determined. It is scheduled for early December.

BELONGS ON EVERY DESK--More and more businessmen in Martin County are discovering the Jensen Beach Mirror, and the great market of buyers that shop out of their local newspaper. Jensen Beach is the largest voting district in Martin County, the largest community area, and offers merchants a full range of public buying power. It's no wonder that more and more people read and use the Mirror... for it is the voice and market place for the Jensen Beach Area. (adv.)

County Commission Reports

The Martin County Commission this week:

RECEIVED two bids for piling work on the House of Refuge pier, voted to re-advertise. The low bidder, Langford Marine Construction, Inc., at $2, 300, had no certified check with the bid as required: the other bidder, at $4, 805, was deemed too high. The bids will be re-advertised.

VOTED to abandon dead end streets adjacent to the golf course.

AGREED to hold a public meeting of Palm Lake Park subdivision residents relative to paving Cuthbert Rd., Oct. 3, at 7:30 p. m. at the court house.

CERTIFIED notices to 12 lot owners, asking clearance of underbrush, in connection with commission policy.

DELAYED appointment of General Contractors' Board until the prospective appointees can be notified of their appointments.

TABLED until Oct. 8th meeting continued hearing of subdivision regulations.

AGREED, on request by William C. Harrell, attorney in the state treasurer's office, to release Al Cox Construction Co. in regard to court house addition.

AGREED, to arrange swap of right-of-way for re-location of SR 707 on Jupiter Island with Humphrey B. Simson and his wife, swapping an easterly right-of-way for a westerly one, on request by State Road Department.

HEARD Saunderson say a fish truck on Third St., Salerno Shores, would soon move to a new location, removing problem.

HEARD complaint by Robert Bertman that a fish net had been placed in fixed position across entrance to Seagate Harbor channel, and asked that the sheriff and other authorities take action to prevent further illegal acts.

AGREED to advertise for sale, lot nine, block 2, Frazier's Addition, City of Stuart, owned by St. Lucie Inlet Authority, and to apply the receipts on the bond program.

AGREED to pay $4, 500 to Ben Hodapp & Sons on Contract to make Civil Defense Control Center of old City of Stuart water department building on Flager Ave. Half of bill will be paid by Federal CD funds.

AGREED, after some argument, to post a sign at least 12 by 12 inches on property up for rezoning, and directed the county zoning director (Collins) to prepare the posters and see that they are posted. The move was taken in lieu of request by Miller that letters be sent to five abutters in zoning change cases.

REFUSED in a 4-1 vote, to fire William J. Matheson, zoning adjustment board alternate, in favor of Henry Crews, as asked by Miller.

HEARD Wacha read a letter from John H. Monahan, Road Board District member, in which he said that the SRD was agreeable to a "no closing" plan on US 1 if the contractor was. Wacha said Walter Crowell at Dickerson, Inc., and Joe Langford of Cleary Bros. had both said they would co-operate, even though it would cost them money.

HEARD letters from Charles Leighton, former commissioner, Richard M. Hardy, Jupiter realtor, Michael G. Littman, local attorney, and Harry F. Dyner, local judge and attorney, ask that Don Ward be retained as a member of the zoning and planning board. The commission refused to fire him at their last meeting, as requested by Miller.

AGREED, with Miller, that W. J. (Jesse) Griffin, Park Superintendent, should not be mowing grass at the sides of roads in Hidwaway Isle as directed by Leighton and told not to by Miller. Tooker pointed out the roads had not been accepted.

Girl - Boy State Representatives Are Guests of Legion Post

The members of the American Legion Post 126 and Auxiliary attended a meeting at the Post Home on September 23, with guests from the Harold Johns Post and Auxiliary of Stuart, including Cdr. John Taylor and President Mrs. Angelo Tsimas.

A feature of the evening was a reading of reports by local representatives to the recent sessions of Girls and Boys State in Tallahassee.

Mr. John Gray, Supervisor of Secondary Education, acted as moderator at a panel discussion with Boys State Representatives Tommy Redinger of the Jensen Beach Post; Lou Tyson and Kenneth Foote of the Harold Johns Post, Stuart; Girls State Representatives Marcia Whiteside and Susan Weiss of the Jensen Beach unit; and Sandra Dale of the Harold Johns unit, Stuart.

The group told of impressions of city, county and state government, various candidates, and touched on the high caliber of other visiting boy and girl staters.

Refreshments followed the meeting.

HS. PTA To Meet Oct. 1, Program on Moral Values of Todays Youth

The M. C. H. S. Parent-Teacher Association will meet on Tuesday evening, 8:00, in the high school cafeteria.

The program will be "The Fourth 'R'--Right or Wrong" and concerns the moral values of today's youth. There will be a film on the social diseases among teenagers entitled "Dance, Little Children".

Following the film showing, there will be a question-answer period with Miss Marion Tschischeck, Martin County Public Health Nurse; and Mr. John Wood, Venereal Disease Investigator for the State Board of Health.

The purpose of this program is to give all parents and P. T. A. members a chance to view the film, and secure their approval to have the film shown to the high school students.

Free square dancing lessons will be given at the Stuart Youth Center today at 8:00 p. m. when Ralph Otis calls the dances for the Stuart Hi-Steppers.

Otis will be on hand every second and fourth Thursday of the month for square dances, according to Jim McMahon, center director.

Jones - McDonald Nuptials Will Be September 28

Sarah Pauline Jones and William Garrett McDonald will be married at the home of Mr. and Mrs. Pat Champion of Stuart on September 28, with the Rev. Loys Frink officiating.

The bride is the daughter of Mrs. Gertrude Jones, Rio. She attended Martin County High School and is currently employed in Jensen Beach.

The groom is the son of Mrs. Ruth McDonald, Fort Pierce. He is associated with Food Fair Market in Fort Pierce.

Maid of Honor will be Miss Sandy Ambrose. Best Man will be Mr. Thomas Frake of Fort Pierce.

Following the wedding, the couple will be at home at Sailfish Estates, Fort Pierce.

Lobster Study Will be Made in New Project

The spiney (Florida) lobsters, or crawfish, as they are known here, have won preference over the green sea turtles and stone crabs as the subject of a study to be made at the House of Refuge in a project by the State Department of Conservation.

Rep. William Owens said that conferences appear to have led to the decision to conduct full scale studies of the habits of the spiney lobster.

He will formally request State Conservation Director Randolph Hodges to allot between $5,000 and $8,240 to the House of Refuge for the study, which will seek to determine if the crawfish can be raised on artificial reefs in amounts of commercial importance.

Three reefs of honeycombed concrete blocks would be built near the House of Refuge; two in the ocean, one at a depth of 10 to 15 feet, and the other at 50 ft.

The third reef would be built in the Indian River.

The project will be of immense economic importance if the study proves the lobsters can be raised in artificial reefs, because the supply of the shellfish exceeds the demand.

MABEL NANCY TYROFF

Mrs. Mabel Nancy Tyroff, 59, of Jensen Beach, died last Wednesday after a prolonged illness.

A native of Newark, N. J., she had made her home here for two and a half years.

She was a member of the Jensen Beach Women's Club, the Jensen Beach Garden Club, the auxiliary of the Jensen Beach Barracks, Veterans of W. W. I, and the auxiliary of the American Society of Mechancial Engineers.

Survivors include her husband, Carl E. Tyroff; her mother, Mrs. Carlena Hanks, both of Jensen Beach; a sister, Mrs. Barbara Christmann of Union, N. J.; a brother, Harry Hanks of New Haven, Conn.; several nieces and a nephew.

Funeral services were held in Johns Funeral Home Chapel on Monday.

Burial was in All Saints Cemetery, Jensen Beach.

Use Caution With Strange Objects Found on Beaches

A submarine float signal, brought to the sheriff's office last week, revealed under inspection that it had misfired when sent from the depths by a submarine offshore and had drifted ashore.

The people who found the signal on the beach, brough it to the sheriff in their car. Luck was with them, as the slightest jar could have set it off. There was enough charge in it to blow the head, a pyrotechnic charge, 250 feet into the air from the surface of the ocean.

Instances such as this have again brought appeals from Sheriff Roy C. Baker, his deputies, demolition experts, and Civil Defense, "LEAVE IT ALONE and call the Sheriff's office".

Time and time again, aluminum cylinders with sufficient power to blow off an arm or leg are carried blithely into the court house or school by unsuspecting people who do not know the destructive power they are carrying.

"They're nothing to fool with", Baker said, "There's no such thing as a safe explosive device. Please call us when you find one, leave it where you find it, and mark it so it can be readily found again".

Noted Artist to Teach at Art Mart

Gordon Ian MacLeod, noted landscape artist, will soon begin teaching landscape art at the Art Mart in the Art Center Building in Rio. MacLeod lives in Fort Pierce.

A member of the Sarasota Art Association and the Art League of Manatee, MacLeod has exhibited his works in art shows throughout Florida. His teaching is designed to "develop the individual style of each of his students" through field trips.

NROTC Applications are Available Test Given December 14

Applications are available for the U. S. Navy's 18th annual NROTC qualification test, according to Mrs. Marie Huening, guidance councelor at Martin County High School.

The nation-wide examination will be given Dec. 14 and all eligible male high school seniors and graduates may apply.

Benjamin Franklin was the first American editor to introduce woodcut illustrations in the advertising columns of a newspaper.

DEAFNESS: NEW HOPE

Deafness is considered by many the number one physical impairment. An estimated six million persons in the United States have some degree of hearing loss.

One out of five cases of deafness is due to otosclerosis, the formation of spongy bone in the capsule of the labyrinth of the ear. When this spongy bone immobilizes the stapes or stirrup and limits its motion, a loss of hearing results.

Some fifty years ago, otologists (ear specialists) devised surgical techniques for bypassing the fixed stapes with a "window" made in the horizontal semicircular canal for the conduction of sound to the inner ear. This operation was known as fenestration, from the Latin fenestratus, (furnished with windows). More than one stage was required to complete the operation, and the fenestra or opening had a tendency to close.

About ten years ago, an operation which had been earlier abandoned when the fenestration technique became popular, was revived and has since achieved wide success. Known as the stapes mobilization, the procedure is involved with mobilizing or removing the fixed stapes.

The advantage of the stapes operation is that it requires only one or two days of hospitalization, little post-operative care, and the patient can return to regular daily activities when he leaves the hospital. Patients as old as 75 years have successfully undergone the stapes mobilization operation for deafness. There is no age limit and the experience is rendered painless by local anesthesia.

SRD Plans For New Jensen Bridge Are Revealed

DDIES--Peggy Olney and Joy Tweedy observe the proper method of smelling cupcakes as is monstrated by an enthusiastic Jeannie Sprott. The event was bake sale held by the Junior Youth llowship of the Community Church. Group supervisor Mrs. Anita Wacha looks on as the change made for a dollar.

BRIDGE WILL HAVE CATWALKS FOR FISHING AT 4 FT. LEVEL

Details of the proposed new Jensen Beach bridge were revealed yesterday, when the U. S. Corps of Engineers gave notice that the State Road Dept. had made application for a permit and for approval of plans for the new structure.

To replace the present rickety wooden span, the SRD has planned a double leaf bascule span consisting of 13 spans between existing solid fill approaches.

The proposed new bridge will have a horizontal clearance of 90 feet between fenders normal to the channel, and a vertical clearance of 24.6 feet above mean high water and 25.7 feet above mean low water.

The existing bridge, a swingspan, will be removed. A proposed operating cable will be buried across the channel at a depth of at least two feet below the bottom of the waterway.

The new bridge will have fishing piers along the sides. These piers will be about 260 feet long and have a vertical clearance of 4.6 feet above mean high water.

They extend from the shore, and on the west end of the bridge, are on the south side; on the east side of the bridge, the fishing pier is on the north side of the main bridge.

The overall length of the bridge which takes the shape of an arch, is 820 feet. No hearing will be held by the U. S. Corps of Engineers, but protests or comments regarding it may be submitted to the District Engineer at Jacksonville in time to be received on or before Oct. 28.

Funds with which to build the replacement structure come from the $900,000 surplus which resulted when a $2.7 million Martin County bond issue was sold in late May by the Florida Development Commission to redeem $1.71 million in outstanding bonds from the original toll bridge issue of $2.2 million.

The original issue paid for the construction of the Indian River and St. Lucie toll bridges.

Tolls were removed from all three bridges June 20.

The construction of a 656-ft east relief span was completed recently at a cost of $251,339 raised by use of secondary road funds obtained through gasoline taxes.

The west relief bridge, a 90-ft. span costing $18,000 was built in the summer of 1961. Causeway changes brought about by the narrowing of the channel were completed in the spring of 1962. Funds for the west bridge came from the district budget.

College Night Sees 350

Annual College Night at Martin County High School was held on Sept. 30 with an estimated 350 students and parents attending.

The sessions were informal, with questions running along the usual line as to costs, courses and credits. The state universities drew the greatest interest.

The evening was opened by a brief introduction by Principal James C. Woodall at a general meeting in the cafeteria, followed by an explanation of the routine by Mrs. Marie M. Huening, guidance counselor.

Members of the Student Council acted as ushers, and members of the Future Homemakers Assoc. served refreshments during a short intermission.

lolson Heads Stuart C of C

nnie Nelson was elected on day night to be the new presi- of the Stuart Chamber of mmerce.

H. L'Heureux was elected as vice-president; Phillip J. eck, second vice-president; Donald Bowden, treasurer.

Holdover directors include Ray Cooke, Sam Harless, John L. McQuigg and Robert E. Greene.

Newly elected directors are Mrs. Radie Belle Krueger, Earl Dyer Ricou, Mike Greene and William F. Crary.

Pack 402, Den #2 Resumed Tuesday

Cub Scout Den # 2, Pack 402, resumed their den meetings on Tuesday night. They will meet regularly every Tuesday night at the Legion Hall from 6:30-7:30.

The Den Father is David Deci, taking the place of former Den Mother, Carol Duryea.

eniors Plan Trip to D.C.

eniors of M. C. H. S. may take educational trip to Washington ring the Easter season, accord- to Principal, James C. Wood- The trip is now in the plan- stages.

all expense trip that would about $80 apiece, if from o 80% of the class took it, is g looked into as a possibility. e trip would start on Good day, March 27, Woodall said, the class would return on the owing Tuesday. With Monday being a holiday, only one of classes would be missed.

EOPLES BANK STOCK IS URCHASED BY KINCAID

A substantial interest in the eoples Bank has been sold to ervice D. Kincaid of Lexington entucky, according to Dr. Ira illiams, chairman of the board. incaid owns 15 banks, including nks in Dania, Miami and Mara- on.

MORE FOOD, PLEASE--Helping to serve at the Community Church dinner this Monday night were left to right, Mrs. Wilda Dailey, Mrs. Carol Pitman, Martin Wahl, Mrs. Ivy Chase and Mrs. Albert Bray. The dinner was the annual family affair sponsored by the women of the Community Church.

Speaker is Set for Schools Group

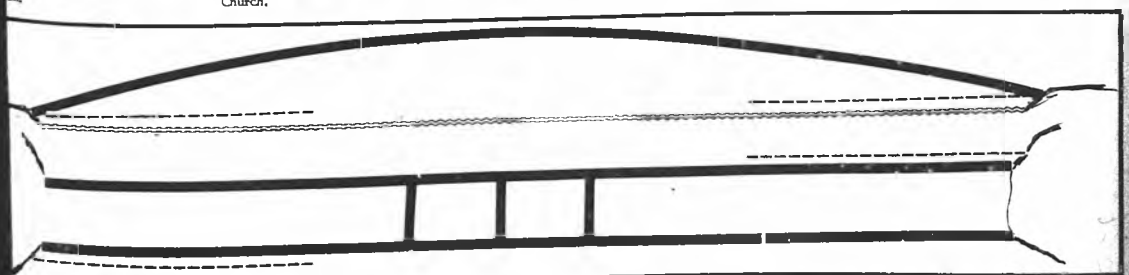
The Martin County Citizens for Better Schools will have as their guest speaker, Dr. Carl M. Bair, Jr., executive secretary of the Palm Beach County Teachers Association, at a special meeting on October 8, at 8:00 p. m. in the Community Room of the First National Bank.

Mrs. W. C. St. Clair, president of the committee, said the public is invited.

PTA OK's VD Film Showing

The Martin County High School P. T. A. members viewed a special film on venereal disease on Monday night, and a show of hands brought unanimous approval to have the film shown to members of the top three classes at high school.

Principal James C. Woodall said he would schedule the film and attendance programs separately for boys and girls, and would permit only children with written permission from their parents to attend the showings.



ew Jensen Beach Bridge fishing piers are shown above in rough outline. The bascule span will have two fishing piers attached to the sides of the bridge, just a little over four om the water level. The piers should increase the action on fishing, making it possible for fishermen to get nearer the water for easier handling of the fish.

Irene Burch and Ray Stewart United in Marriage

Irene J. Burch, 323 N. Pine Ave., and J. Ray Stewart, 3 Poinciana Lane, were united in marriage by Rev. Norman B. Feaster at All Saints Episcopal Church on October 1 at 10:00 a. m.

The bride is the daughter of Mrs. Florence Sokoloski, Riverside Trailer Park. Mr. Stewart is the son of Mrs. Nellie B. Stewart, Peoria, Illinois.

Mrs. Richard Angus, Ridge Rd., was Matron of Honor at the ceremony, and Chester Martin, of Palmer Rd., served as Best Man.

After a short honeymoon motor trip, the couple will make their home at 323 N. Pine Ave.

THANK YOU

To all our friends who were so kind during our time of grief.

The Family of Mabel Tyroff

Pvt. Harry Lenz left last Thursday for Fort Rucker, Alabama, after a 14 day leave. Following Basic Training, he will attend Aviation School.

Spinney's Return After A Four Week Vacation

Firechief R. B. Spinney is back at his post after a month vacation at Chilicothe, Ohio, and a tour of the north which included a visit with the C. C. Bright family at Hilldale, Mich. C. C. "Shorty" Bright was a former resident and volunteer fireman here. From Michigan, the Spinneys went to Fairview, Pa. where they were the guests of Mr. and Mrs. Kenneth Lucas.

The trip north to Westport, Ont., was somewhat disappointing as it was too cold to go salmon fishing as they had in past years.

On their homeward trip, the couple took the ferry at Seabright, N. J. for a one and three-quarter sail across Chesapeake Bay. Spinney said it will probably be the last time they do this, as construction of huge tunnels under the bay has already started, and are expected to be finished in 1964. The underwater highway will replace the ferry service, enabling motorists to cross the bay in 15 minutes.

Triple Birthday Is Celebrated

A triple birthday celebration was held September 27 at the home of Mr. and Mrs. Hubert Klein, Martin Blvd., Rio, on the occasion of Alexander Wilson's 70th, Hubert Klein's 75th and Harry Spencer's 80th birthdays.

Among the 21 guests were many members of the Rio Civic Club in which organization the honored three are active workers.

After a buffet supper at the Klein home, the guests re-assembled at the home of Mr. and Mrs. Alexander Wilson, Pine Lane, where the birthday cake was cut, refreshments served and a series of games played afterwards.

Charles L. Smith Marine Construction Co. was low bidder last Friday to build concrete walls on the West Murphy Rd. bridge over a branch of Bessey Creek at $4,805. The project will start within 20 days and be completed in 60 days according to terms of the contract.

Sharon Stoner, 327 S. Indian River Drive, has recently been elected by Stuart Assembly 92, to receive the degrees of the Order of the Rainbow for Girls.

Museum To Exhibit Antique Maps of The World

The Elliott Museum will feature for the first time, a color print exhibit of Antique Maps of the World. This exhibit will begin on October 1 and run through November 3.

Some of the maps are highly decorated with artistic borders, ships and ocean monsters, and others show purely imaginary flora and fauna. There are maps of both Europe and the new world, as early Cartographers saw them. With instruments that would seem crude in this day, it is amazing how nearly accurate they were, and it reveals man's constant quest for knowledge of the unknown. These early efforts offered inspiration for the great explorers to journey to the far ends of the earth.

The Elliott Museum and the House of Refuge are open from 9:00 to 5:00 on weekends and holidays, and from 1:00 to 5:00 Tuesday through Friday. The museums are closed on Monday.

Admission to the Elliott Museum is 50¢ for adults and 25¢ for children. There is no admission charge for the House of Refuge.

Wahl's Return From a Cool Vacation

Mr. and Mrs. Martin Wahl have returned from a three week visit in Reading, Pennsylvania. Mr. Wahl reported that, although they had a very nice trip, they were glad to get back to Jensen. The temperature dropped to 27 degrees one day, catching them unprepared on the problem of warm clothing.

A Four County Intelligence Unit Is Formed

A four-county Indian River Intelligence Unit was formed in Fort Pierce last Friday in a meeting of sheriffs' departments and police personnel.

Officers elected to head the group are: Wallace Gossett of Vero Beach President; Roy C. Baker of Stuart, vice-president; and Finn Parrish of Fort Pierce, in the St. Lucie Sheriff's Dept., was elected secretary.

The meeting was for the purpose of setting up an organization in which information will be pooled and exchanged as a co-operative effort to put down crime.

56 Members Attend Luncheon

The Jensen Beach Women's Association met for a luncheon at the Manatee Yacht Club Restaurant on Tuesday, September 24. Fifty-six were in attendance, with Mrs. Edwin Miller as Hostess and Chairman.

Door prizes were won by Mrs. James Livermore, Mrs. Blanche Hermann, Mrs. Edna Anderson and Mrs. Lillian Staples.

The next meeting for the Association will be October 7 at the clubhouse.

A. W. (Sammy) Chapin, Skyline Court, was taken by ambulance to south Florida hospital Sept. 27, where he will undergo a series of tests during the next week.

WOMEN PLAN OPPOSITION TO BOND ISSUES HERE

The Republican Women's Club of Martin County will hold a special business meeting on October 8 in the First National Bank Community Room to consider a resolution opposing support of the two bond issues to be on the Nov 5 ballot, according to club president Mrs. J. W. Hussey.

Mrs. Hussey said that Rep. Raymond J. Moudry of Palm Beach County, in speaking to the group last week, pointed out what he said were misleading facts being brought out by the administration's committee for the passage of the amendments.

Rep. William E. Owens will be consulted before action is taken at the special meeting, Mrs. Hussey said, in order to get clarification and further information on the two issues.

Information concerning reservations and transportation to the Young Americans For Freedom convention rally on Nov. 9 at Fort Lauderdale will be available at the special meeting.

Sen. Barry Goldwater will be the featured speaker at the rally to be held at Yankee Stadium.

The regular October meeting will be a special pre-election dinner meeting at the Town House Restaurant. Husbands and friends will be invited.

THE BLACK RACER SNAKE MOVES ABOUT 15 MILES AN HOUR!

Accidents Mar Week In Martin County

A steer was knocked forty feet on SR 710 northwest of Indiantown Saturday night when it ran from the left side of the road and into the path of George H. Williams, of Winter Haven, who was driving south on the highway.

Deputy Sheriff Frank Prevatt said the steer received a broken neck and was valued at $100. No charges were made.

In another accident, Linda Roxby, 16, of Gulf Harbor, Palm City, was uninjured when the bike she was riding on SR 76 near Monterey Rd. was brushed by a car driven by Ervin Fulton, Jr.

Fulton said he was driving west on SR 76 when he heard a thump, turned around to investigate the reason. He found the girl standing beside the road with her bike. She said she was unhurt. Deputy Sheriff James Mills investigated and placed no charges.

A gasoline pump pulled over by a moving car hooked with the gas hose was fired Saturday night when sparks caused by the metal of the dragging line ignited gasoline.

The fire, at the Gulf Gas Station on US 1 near the intersection of SR 76, brought out the fire department and was put out by an application of foam.

The pump was overturned when Willie Lee Stearns drove away from it with the hose tangled in his back bumper.

Patrolmen Frank Ziemba and Harvey Piley investigated. Damages to the pump were estimated at $50 and $50 to the car. No charges were placed.

Success car, '64 edition...

'64 Pontiac

HERE'S WHY YOU'LL LIKE IT!

You can drive one and see for yourself.

BONNEVILLE CONVERTIBLE

The styling is clean, uncluttered. The Bonneville crest accents a vast expanse of polished metal -- capped by finely chiseled lettering on the extended rear deck. Quiet, crisply fashioned interiors are color matched with meticulous care right down to the full nylon-blend carpeting.

Powered by a 389 cu. inch Trophy V-8 rated at 306 HP -- or by optional engines up to the 421 cu. inch rated at 370 HP -- the '64 Bonneville readily lives up to its name and reputation. All this and much more justifies its being the premium Pontiac car.

TEMPEST 4-DOOR SEDAN

TEMPEST CUSTOM SAFARI

HERE'S WHY YOU'LL TELL OTHER PEOPLE YOU LIKE IT!

When you come up with a car that's fantastically successful, do you drop everything and change it just because the model year changes? Not if you're Pontiac, you don't. Oh, we refined and smoothed and quieted and sharpened, but basically we didn't change anything much. That way, you can enjoy the same smooth Wide-Track ride as last year -- only it's a little smoother and quieter. And you can get your kicks from the same Trophy V-8 spice as last year -- only it's a little spicier. And all those Pontiac-admirers will still be around to admire you -- only they're a little more wishful. Did you ever wish that Pontiac-watchers were wishing they were you? They will, when you have your new Pontiac.

FISHING NEWS

The Snook Nook reported a few trout and snook taken from the bridges, and a few blues in the surf.

Harry Anderson got a four and a half flounder while fly fishing.

Mr. Baird and Mr. Ard from West Palm Beach brought in 84 trout, plug casting in the Indian River.

Offshore fishing settled down to a wild routine after the weekend storm with plenty of kings, big dolphin, baraccuda and jacks. Sails are terrific.

In the rivers, most areas are excellent for snook, tarpon, drum, channel bass, sheepshead and croaker.

The tarpon are mostly uptream in the North and South Forks in the early morning and late afternoon.

In the surf, just offshore, there are both spanish mackerel and blues. Snook are good around the rocks at the House of Refuge and the area around the ocean pier.

Medium sized snook continue to be productive in the inlet area.

The ocean conditions scattered the big mullet schools on the weekend, but they appeared again the first of the week to provide plenty of feeding action by blues, snook, jacks and kings.

Temperature and rainfall recorded at Radio Station WSTU, official Weather Bureau Sub-station.

A PROMISE IS A PROMISE ALMOST

There is an interesting sequel to the story of the 83 pound tarpon (pictured in a recent edition of the Mirror) that was caught by Karl Metz of Morgantown, W. Va.

Metz had to leave for home a few days after the catch, and his brother-in-law, Wendell Orr, after bidding him goodbye, vowed to catch a bigger one and replace him as the record holder in the summer fishing tournament.

That very afternoon, Orr went back to the scene of the big catch, Rand's pier, and soon tied into a big fish. After a lively battle, he brought in a 31 pound king mackerel.

His name is now on the tournament board as high man in the king mackerel division, and while not quite fulfilling his promise, he made an outstanding showing and his effort paid off.

After the fish was weighed in, Orr decided to take it home to eat and according to Mrs. Orr, was challenged again, this time by the problem of how to clean a 31 inch fish in a 36 inch divided kitchen sink. He did it.

Mrs. J. E. Sampley Dies At 82

Mrs. J. E. Sampley, 82, mother of Rev. Roy C. Sampley, died Sept. 24 in Fort Pierce Memorial Hospital. A native of Troy, Ala., she had resided in Fort Pierce for eleven years, having come from Lake Junaluska, N. C.

She was a member of the First Methodist Church of Fort Pierce, and the Womens Society of Christian Service. He husband, Rev. James E. Sampley, is a retired Methodist minister of the South Georgia Conference after 69 years in the ministry. Her son, Roy C. Sampley, retired after 30 years in the ministry. Her son-in-law, Rev. A. A. Waite, Jr., is minister in St. Simon, Ga.

Beside her husband and son, she is survived by two daughters, Miss Ethelene Sampley of Fort Pierce, and Mrs. Mary Nell Waite of St. Simon, Ga.; six grandchildren and three great grandchildren; a brother, Thomas Duck of Americus, Ga.

Services were held Saturday afternoon at Yates Funeral Chapel in Fort Pierce. Rev. Waldo Faradee, Pastor of the First Methodist Church of Ft. Pierce, and Rev. Royal Page, retired minister and family friend, from Ft. Myers, officiated. Burial was in Hillcrest Memorial.

Local Resident Makes Who's Who of American Women

Zola Swarthout

Martin County is well represented in the new listings for the Third Edition of Who's Who of American Women.

Included in the 10,000 names of prominent women of the U. S. A. are Mrs. Elva Dougherty Blackwelder of Rocky Point, Port Salerno, Virginia Ranson Forrest of Stuart; and Zola Clear Swarthout of 46 Sunny Acres Rd., Jensen Beach.

County Report

The Martin County Commission this week:

CONTINUED to send out lot mowing orders to owners of lots in subdivisions, but noted that the 15 days given in the orders in which compliance is specified runs to two months in some cases.

HEARD Tooker read a letter from the attorney general of the county zoning and planning board or the board of adjustment without agreement by a majority of the county commission. Miller asked Tooker to read the opinion and said he would abide by it.

ADOPTED new subdivision regulations after the county engineer said that there were no objections left by anyone after eight or nine meetings and four sets of regulations.

NAMED to the General Contractors Board, the following: Paul Siefker, Indiantown; Ernest Higbee, Palm City; Ben Hodapp Sr., Stuart, William Rice, Salerno, and Frank Forsberg, Jensen Beach.

AGREED to advertise for bids on a half-ton pick up truck for the road superintendent, to be painted white, bids returnable November 12th.

AGREED to start work on a wooden bridge on St. Lucie Blvd., on Monday, and voted to close the road from 9 a. m. to 3 p. m. each working day until the job is done. School and sheriff's offices were to be notified.

POSTPONED action once again on county zoning regulation amendments after Williamson asked for further study. Miller asked that the county engineer check with other counties to see if Martin County alone was setting up strict regulations.

GAVE Williamson, Collins, and Rep. William E. Owens permission to attend a meeting of the national association of road officials at an unknown place at an unknown date in order that they may continue the fight to have SR 710 and a part of US 301. The State Road Dept. has agreed the move should be made to make US 301 terminate at Jupiter, thus adding highways from Sarasota across the state to the highway from Baltimore to Sarasota.

HEARD County Attorney Dean Tooker report that the State Parks and Historic Memorials Commission will take up the possibility of turning over beach at the old U. S. Coast Guard Station, Hobe Sound, to the public, at its Oct. 29 meeting, and gave Saunderson and Tooker permission to attend the Tallahassee meeting.

AUTHORIZED the execution of a deed giving the State Road Department title to land at the site of the Indiantown-St. Lucie Canal high level bridge and authorized Tooker to proceed with condemnation proceedings to obtain the balance of the right-of-way needed, held by two owners.

Ocean Breeze Bulkhead Back, IIF Suggests 600 Ft Line

Jensen Beach will lose over three hundred potential families if the IIF board holds to its 600 foot line. This was learned Tuesday when Mayor Harry Hoke of Ocean Breeze Park said that it would not be economically feasible to develop the riverbottom land without at least 800 feet bulkheading.

"It costs just as much to lay a bulkhead across the front at 800 feet," Hoke said, adding, "and we would lose over 150 mobile home sites. We couldn't afford to do it."

The Trustees of the Internal Improvement Fund returned to Martin County, a request by the Town of Ocean Breeze Park for a 1,000 bulkhead line in the Indian River, and sent a recommendation that any new line be set within the 600-ft. limit.

The IIF move came on a postponed action dating back to last July, when the trailer town asked that a 1,000-ft. bulkhead line be set so the town could expand eastward.

At the time the matter was postponed, the IIF asked that a Dept. of Conservation biologist conduct an ecological survey of the river and late in July, Kenneth D. Woodburn, the biologist, recommended that no more than a 650-ft. bulkhead be set.

The Martin County Chapter of the Isaac Walton League has appeared in opposition to the deeper bulkhead line at all points, including before the county commission prior to its action in turning the problem over to the state.

Attorney Evans Crary, Sr. appeared on behalf of the Town of Ocean Breeze Park at the IIF meeting. He asked for an 800-ft. line instead of the 1,000-ft. line as originally sought.

He was asked why the town did not cross the railroad tracks and expand to the west, where it owns land, and he told the board that such a move was not feasible because of the difficulty in obtaining a crossing over the FEC tracks, and he predicted such a move would result only in a long fight.

Owen Lockwood, owner of the Poinciana Cottages in Jensen, who has opposed the granting of the deeper bulkhead line, appeared at the hearing on behalf of the Walton league, but had nothing to say.

WHOOOOSSHHH! FLORA MISSED US ...WE HOPE

Hurricane Flora has been giving a lot of ulcers lately, not so much because she is so destructive, but because she is so unpredictable.

After tracing her erratic path of destruction through Haiti, Cuba, and the rest of the Caribbean, officials feel comparatively sure that danger to the Jensen Beach area and the south east part of the United States is over.

The Red Cross and Civil Defense were taking no chances, however, and Mrs. Elsie W. Smalley, executive director of the former, and Al Keaton, Martin County Civil Defense director, spent Friday and Saturday of last weekend polishing up disaster plans while keeping a watchful eye on those constant fluctuations on their hurricane map.

Basic information announced by the Red Cross might apply in any type of disaster, they said, and also expressed hope that Hurricane Flora would go somewhere else.

The Red Cross and the Civil Defense weren't the only ones to experience anxiety as a result of Flora's wild antics, most of Jensen Beach felt it.

Although some of the people will be disappointed that it missed us (those who have to go to school and those who planned hurricane parties) the majority felt relieved and are glad the danger is past.

Alice Ave. Crossing Will Remain Closed

The State Supreme Court has ruled that the Alice Avenue F. E. C. crossing at Rio will remain closed for some time to come.

The court gave the Florida East Coast Railway a stay order which preserves the status quo of the crossing until such time as the entire question is answered in the courts.

County Attorney Dean Tooker had asked the court to permit the county to use the crossing to the radio station while the case was in court.

The court, on another motion, gave FEC counsel permission to file a brief of more than 50 pages in the appeals case.

Attorney Angus Sumner of Fort Pierce, who received the report on the results by telegram, said the FEC had a 117-page brief ready to file.

Tooker expressed disappointment that the crossing would not be used during the case, which he predicted would be a long one.

The FEC brief will be filed soon, he predicted, and he will then file an answer for the county.

"Exploring Books" Will Hear Reviews

The new season on "Exploring Books" will get underway on October 17, 7:30 p. m. at the Martin County Public Library.

There will be four panel-type discussions, with a panel. The audience will have an opportunity to participate and to generate enthusiasm for reading good books and for using the library.

Miss Jean Roos will act as Moderator. Capt. W. G. Corliss will review "Harm's Way" by Bassett, Jim Hutchinson will do "Fail Safe" by Burdick, and Margie Neal will discuss "Moon Spinners" by Stewart.

Mrs. Helen Funnell will review "Caravan" by Michener, substituting for Dr. Irene Haber who has been stricken with a heart attack and is in Martin Memorial Hospital.

Add Three Hours for Bridges

All Saints' Rededicate Church On Sunday

Members and friends of All Saints Episcopal Church of Jensen Beach have been invited to attend ceremonies, Sunday, Oct. 13 at 11:00 a. m., which will be in the form of a declaration of dedication of the church building in its new location. The services will also include returning the contents of the cornerstone, which will be brought up to date before being resealed.

This tiny white church, which stands atop one of the highest hills in the Jensen Beach area, is one of the oldest religious structures in south Florida, having been dedicated as a mission in 1899. This summer the church was moved from its original location to a site just east of and adjacent to the new parish house which was constructed about two years ago, as a part of the church's building and expansion program.

When the cornerstone was opened it's contents were found to include beside the usual religious articles, copies of The World and Indian River Advocate and East Coast Chronicle--newspapers that apparently served the area in that long-ago day. These will be returned to the cornerstone, along with a cross, Bible, Book of Common Prayer, a list of the current vestry, and a history of the church brought up to date and including a list of the clergy who have served both the mission and the parish.

Following the service and brief ceremonies, refreshments will be served at an informal reception in the parish house.

The Presbyterian Church Executive Board and 1964 Planning Committee of United Presbyterian Women will meet Thursday evening, Oct. 10, at 7:30

HOT DOG, HOT DOGS--These youngsters are enjoying a picnic... time for hot dogs and swimming. Of course, with the soda pop and all, the swimming will just have to wait, well maybe a minute. The scene of sheer extasy was at the Community Church Youth Fellowship picnic at the Red and Reel Pool last week. See the centerspread for more pictures.

LIVE..... And Love It

By DICK CAMPBELL

On a cold blustery morning in January, a young man took the oath of office as Chief Executive of his Nation. He was 43 years of age. Standing at his side was his predecessor, a highly respected General of the Armies who just 15 years before had been in command of his country's forces when the Germans were defeated. The new Executive was a Roman Catholic who celebrated his accession to office by sponsoring a party that lasted until 3 a.m. This Chief Executive owed his position to a small minority.

As soon as he took office this Chief Executive began to harass the big business firms of his nation by threats. Later, ignoring the legislative bodies of his country, he sought to regulate all activities of executive order.

The constitutional Government was replaced by executive decree.

In order to satisfy the demands of his minority the Chief Executive condoned mob violence and endorsed street demonstrations which inevitably led to mass arrest. The Government courts invariably ruled in favor of the mobs and their leaders, who were released for further use in later unlawful activities.

Encouraged by his successes this Chief Executive introduced legislation favoring his minority group. Each piece of legislation was introduced with a background of mob violence and threat of vast street demonstrations accompanied by singing and civil disobedience.

This Chief Executive established a direct communication with the Russian dictatorship and actively supported a non-aggression pact with his nation's enemies to the East - The Russian Red.

The year 1932; The General is Von Hindenburg; The Chief Executive is Adolph Hitler.

Local reports are glowing on the early arrival of our winter residents. Many local merchants have shown increased sales in the Jensen Beach area. The proximity of Hurricane Flora to our area will slow down the influx of our winter residents, but that should just be for a short time. The weather has held up well, and high winds have kept usually high October temperatures to a nice level.

How do we feel about the three important constitutional amendments on the calender for November 5th. election?

The amendment to provide an election of governor and cabinet is a good one. It will take the local campaign out of the national spotlight and keep the governor from riding into office on the coat-tails of a popular national candidate for president. This has bi-partisan support of both major parties. The Mirror is for this amendment.

The college and junior college amendment is needed. There are safeguards as to spending, and tax revenue obligated to pay off the bonds. Having seen the need as exhibited by our own junior college at Fort Pierce, and having been assured by the wording of the amendment that safeguards are sufficient, the Mirror is for this amendment.

The Recreation Amendment does not have the necessary qualifications of a good constitutional amendment and looks like it would be an open door to high governmental bureaucracy and free spending. It could, indeed, be another "rivers and harbors" port barrel. For this reason, and for the reason that no one seems to be interested in pursuing ratification and study, the Mirror sees not enough good, compared to possible dangers of this amendment. We are against it.

We certainly believe that each citizen should make himself aware as soon as possible of the facts in each amendment. It is important to go into the voting booth fully informed. It would be a disgrace to our ideals for freedom to just vote For, or Against the issues.

The best thing for you to do," advised the physician to the nervous salesman, "is to give up smoking, drinking, late hours and rich foods."

"I do not feel," replied the salesman, "that I deserve the best. What is your second best solution?"

Basic Facts on The University-Junior College Bond Amendment

Q. A total of $87,877,240 in projects is listed in the law passed by the 1963 Legislature to implement the bond amendment. Why this larger amount?

A. The total of $87,877,240 is listed in order that the State Board of Education and the State Board of Control may have flexibility in designating the projects to be built, in the interest of orderly planning and contracting and in the interest of sound education and economy. This total is divided $51,697,000 for the universities and $35,950,240 for the junior colleges.

Q. How is the $35,950,240 for junior college allocated?

A. Bay county $511,966, Brevard county $2,159,432; Broward county $3,190,922; Columbia county $1,362,625; Dade county $10,281,022; Escambia county $2,167,550; Jackson county $515,540; Lake county $1,235,668; Lee county $1,369,212; Madison county $295,000, Manatee county $1,453,422; Marion county $1,021,292; Palm Beach county $2,916,312; Pinellas county $4,969,526; Putnam county $762,052, St. Lucie county $565,120; and Volusia county $1,185,365.

Q. What types of buildings are included in the university projects?

A. About $20 million worth of buildings in the science, engineering and technological areas are included which would allow Florida institutions to gear to the space age and help industrial development. The remaining $25 million will go for dormitories, classrooms and expanded facilities to take care of increased enrollments.

WW1 Auxiliary Dedicates New Flag and Banner

A new American Flag and Banner for the Veterans of World War One Auxiliary was dedicated at ceremonies held last Friday night at the old Community Church. The flag was presented to the auxiliary unit by members of the barracks.

The dedication was supervised by Mrs. Catherine Courtney, past auxiliary district president, West Palm Beach, before forty members.

Six new members of the auxiliary were introduced. They are Mrs. Doris Angus, Mrs. Frances Trask, Mrs. Minnie Schafer, Mrs. Frances Helm and Mrs. Julia Gesner. The charter of the group was draped

American Legion and Auxiliary Future Events

The American Legion Post 126 for the meeting in memory of Mrs. Ella Quarles and Mrs. Mabel Tyroff, who recently passed away.

Mrs. Josephine Doring, Mrs. Marie Lucas and Mrs. Helen Ferguson reported to the auxiliary on their recent trip to the state convention in Tampa.

Future activities of the auxiliary include a dessert-card party at 1:00 p.m. on October 17, chairmanned by Mrs. Cecil Harlow, Mrs. Josephine Doring and Mrs. Helen Ferguson, and a combined barracks-auxiliary social meeting on October 18 at the Community Building on Commercial Street.

News Calender

of Jensen Beach will hold their regular meeting on Monday, Oct. 14th at 8:00 p.m. Plans will be completed for the dedication of the new building and Past Commanders plaque.

The Post will have a work party at the club house on Monday, Oct. 21st.

The American Legion and Auxiliary family night will be held Monday, October 28 at 6:00 p.m. It will be the annual Halloween party and cook-out.

Samaritans Received Many Donations During Past Month

The Samaritans wish to thank those who have been so thoughtful remembering this community project which is solely supported by the people in the Jensen-Rio area, through the local United Fund and donations and memorials received from individuals and neighborhood groups. All donations and memorials are used to build up the supplies needed in the loan closet. In the past month walkers, hospital beds, wheel chairs and many other things that were needed were obtained.

In the past month, gifts were received in memory of Mrs. Ency Batterman, Mrs. Clarence Gilbert and Mrs. Carl Tyroff.

A hospital bed was received in memory of Amy Hults.

Many things needed were received in memory of Mrs. Howard Anderson, of Sewalls Point.

The Klings Texaco Station supplied the gas for the ambulance during the month of September. Some other groups and service stations give free gas on a rotation basis during the year.

A new schedule of drivers is listed at various places, and Mrs. Pat Kirby of the Indian River Nursing Home will receive phone calls at all times when needed--AT 7-2696. The Samaritans wish to thank Mrs. Kirby for this wonderful service she is giving.

Jack Lucas is chairman of the drivers to be called for in Rio.

Martin Wahl is chairman of drivers south of Commercial St., including Sewalls Point.

Through the cooperation with the Jensen Chamber of Commerce, the ambulance is fully protected from the sun and rain with the new addition to the Chamber building.

Mrs. Kathy Huggert has returned from Costa Mesa, Calif. where she spent the summer. After a week in Martin Memorial Hospital, she is now convalescing at her Ocean Breeze home.

LIONS PLAN LADIES NIGHT

The Lions Club of Jensen Beach will hold their first Ladies Night of the 1963-64 season at Seymours Inn on Wednesday night, October 16, at 7:15.

Guest speaker will be the new District Governor Erwin C. Sharp of Ft. Lauderdale.

Jerry Doyle, Int. Counsellor, of West Palm Beach, will install new members.

Garden Club Will Resume Meetings October 16

The Jensen Beach Garden Club will hold its first regular monthly meeting October 16 at 12:30p.m. This will be a business meeting in discussing the season ahead in club workings.

It will be a pot-luck luncheon and members are asked to bring a "dish" for four, with table setting.

Hostesses are Mrs. Frank Forberg and Mrs. Robert MacFarlane.

The Reverend Gunsalus Heads Training School

The Christian Training School, sponsored by the Methodist churches of the Indian Riverland area, including Martin, St. Lucie, will be held at the First Methodist Church of Fort Pierce, October 13-17, with sessions: Sunday, 3 to 5 p.m.; Monday through Thursday, 7:30-9:30 p.m.

The Reverend Neil Gunsalus of Trinity Methodist Church, has been appointed Dean of the school.

The purpose of the school is to help teachers, officers and other workers of the church to become more effective in their responsibilities and to train others for the work.

Mr. and Mrs. Hepburn Smith, formerly of 327 S. Indian River Drive, returned from a six-week stay at the home of their daughter and son-in-law, Mr. and Mrs. W. A. Ormiston, Bridgeport, Conn.

The Hepburns have taken up residence at Ocean Breeze.

The annual convention of the Florida Fruit & Vegetable Assoc. will be held at the Americana Hotel, Miami Beach, Sept. 23-28. Senator Spessard Holland will deliver one of the main addresses.

LOVE IS BLIND

They say that love is blind, but anyone who *drives* blind will have accidents. Such a driver cannot qualify for the lower insurance rates provided by Ætna Casualty's Auto-Rite. Ask us about Auto-Rite—for *safe* drivers only.

Community Church Will Host Florida Church Conference

The eighth annual meeting of the Florida Fellowship of Community Churches will be held on October 20, 21 and 22, with the Jensen Beach Community Church as Host Church.

A good conference is planned for this year. The keynote speaker is Dr. Clair W. Bemis, a top-flight scientist, an ardent churchman, an excellent speaker, and a very attractive personality. His topic will be "Your Challenge in the Space Age".

E. Weldon Keckley, President of the Council of Community Churches, along with other National Community Church leaders, will present some of the concerns and plans of the Community Church Movement.

Also, there are plans for much Christian Fellowship, fine music, good food, and inspiration.

The Community Church Women will hold their meetings Monday morning, Oct. 21, while the men discuss and plan together with national leaders.

Mr. and Mrs. Ray Sexton of Niles, Ohio, returned October 1 for their 10th winter visit here, and will again reside at Jensen Beach Trailer Court.

All Saints' Church Has Grown With Jensen Beach

"BETWEEN THE DESTINY AND THE FULFILMENT"--The tiny white church shown above is scheduled for new dedication ceremonies at a new location next Sunday, October 13. The last time that this quaint Jensen Beach landmark went through dedication ceremonies was 64 years ago, when it was declared a mission in 1899. This summer the church was moved from its original location to a site, atop one of the highest hills in Jensen Beach, next to the All Saints' Episcopal Church. Photograph by George A. Ostertag.

By Allen F. Brewer
and
Aaron J. Mace

In 1899 a tiny, gleaming white mission church was built and consecrated atop a tree-dotted hill, overlooking the broad expanse of the Indian River. In the days of its origin, it was known as All Saints, Waveland. That was only three years after the somnolent village of Miami had been incorporated as a city and 13 years before work was started which would convert a snake and mosquito infested mangrove swamp and hammock into the glittering, betinsled Baghdad of Biscayne Bay--Miami Beach.

As a result, when All Saints Episcopal Church, Jensen Beach, became a parish in 1961, it enjoyed the distinction of having been the oldest mission, yet the youngest parish, represented at the Episcopal convention in Orlando. Early historical details of the mission and the area it served are fascinating. When part of the area now known as Jensen Beach was called Waveland, an Episcopal mission was established at the crest of one of the highest hills. Designated as All Saints Waveland, it was the first church available to a community which was emerging from the river transportation and sand road stage of the Old Dixie Highway.

Those days the railroad was to supplant the Indian River traffic for mail and commodity delivery when the mellifluous voices of the river steamboats echoed and re-echoed from the hills and the arrival of a railroad train was a social event. The pineapple industry was in its heyday. Railroad shipping stations were located at Eldred, Ankona, Eden, Jensen and Rio, and Walton, Eden, Jensen, Waveland and Rio boasted post offices. In those days this tiny, white House of God, with it's steeple pointing toward heaven served as a landmark to river traffic on the broad Indian River nearing the confluence with the St. Lucie.

It was an interesting, colorful era. Many of today's old timers as children, trudged the dusty roads under a blazing Florida sun to attend classes in a little school building, which still exists as a modernized dwelling on Indian River Drive.

They recall with nostalgia the pineapple prosperity, the river freight boats--St. Lucie, St. Augustine and St. Sebastian--and subsequently the loading of hundreds of crates of fragrant pineapples daily onto the freight cars after the railroad was established in 1894. There were two trains daily in those halcyon days and Barbara Ferson and her sisters walked from the old family home on the Drive to the post office at Eden for the mail.

Jensen has grown to engulf what was Waveland in the more than six decades since the consecration of the tiny mission on February 18, 1899, and to become today's Jensen Beach. All Saints has had a close and intimate association with the people of the area since its inception. As might be expected in an area that has seen the nature of its economy change from one in which the pineapple was king to a community which has become a haven for retirees and in which tourism plays an ever increasingly vital role. All Saints has had its ups and downs. There were some years when it was virtually closed.

Old church records show landmarks in the names of some of its members who were baptized, confirmed, married and, in a few cases, paid their last respects within its walls. Memorial windows reveal names of historical significance and plaques pay tribute to Air Force officers who gave their lives so that All Saints and other churches throughout the length and breadth of the land might continue to spread the word of God. Those churchmen who officiated during those trying years were truly missionaries who strove valiantly and unremittingly to keep the Episcopal faith alive in the community.

Those churchmen and loyal parishioners not only had to battle the demands of a changing world but the forces of nature as well. Over the years various hurricanes and tropical storms have buffeted this tiny house of worship. But the structure that houses All Saints is a tribute to the sturdy construction of its builders. It has withstood the ravages of hurricanes as today it is withstanding the ravages of time. Only the hurricane of Aug. 26, 1949 disturbed its stability and the efforts of loyal parishioners soon erased the marks of that debacle.

Today the Parish of All Saints, Jensen Beach, serves all the communities from Ankona to Rio. But in the memory of those who have been a living part of its unique history and who revere the simple sanctity of this tiny, sturdy structure it will always be All Saints Waveland.

The effects of time and the growth, not only of Jensen Beach but of the parish itself, have made expansion imperative to better serve the demands of the church school and the mounting membership. Consequently, for some time now, a building program has been underway which, eventually will culminate in the erection of a new church building. Already a new and attractive parish house has been built--Hoag Hall, so named in honor of a man who has played a dedicated part in its erection, in other building projects and in the parish itself. This summer, 1963, the church has been moved to a point just east of, and adjoining, the parish hall. The next step will be the erection of a new, modern rectory to supplant the somewhat inadequate home in which the rector and his family now live.

The new church, when it is finally constructed on a site east of the present structures and connected with them by a cloister, will meet the demands of the parish for the foreseeable future. Until then, the old church, now moved to its new location and refurbished by skilled and dedicated hands, will continue to function as it has for more than six decades. And when the new building is erected, the old church will stand in all its pleasing simplicity, serving as an auxiliary place of worship as well as a reminder to parishioners, and the community, of the memories of the past and the prospects of the future.

WHO, ME?--Reverend Newton Tweed was chief chef at the picnic, and seemed to enjoy his work at the barbeque grill.

A VERY SPECIAL DIVE--Try this in your fifties... or even in your twenties. Acrobat off the diving board would be a good title for this picture, as the youth fellowship group celebrates a picnic.

ME JANE--Some of the wild positions of the young divers were a sight to see at the youth fellowship picnic, held last week at the Rod and Reel pool. Did we say "diving"?

LOOK MA, I'M FLYING--What a wonderful expression of glee on the face of this young lady as she soars off the end of the diving board, into the pool.

The new Underwater Mermaid Show at Weeki Wachee, "Spring of Live Mermaids", has been titled "UNDERWATER FOLLIES" and features a friendly dolphin, a new mechanical pet of the merry Mermaids.

Florida Residents Will View Underwater Show at Weeki Wachee

Florida residents have been invited to visit the tourist attraction Weeki Wachee during the entire month of November as the guests of the Weeki Wachee Mermaids.

Florida residents may identify themselves with a Florida driver's license, or similar identification, and will be admitted to see the new underwater show upon paying a small service charge.

This will mark the fourth annual All Florida Appreciation Month for Weeki Wachee, a program designed to show appreciation of the attraction towards Florida residents for their help in making it one of the leading tourist attractions of the state.

MUSEUM TREASURES

By: Carol Schmidt,
Assistant Director,
Martin County Historical Society

Many people have asked how to become a member of the Martin County Historical Society and just what does the society do for its members... and just exactly what does the membership dollar do for the society.

Primarily, the society is interested in the maintenance of the House of Refuge Museum and the Elliott Museum, and the membership dues are channeled into the various projects, exhibits, programs, and special displays which are sponsored by the society to the betterment of the cultural and educational atmosphere of our area.

You, the member, or the prospective member, can benefit in the use of both museums and in social as well as cultural programs. Members of the society also receive the immediate advantages of free admission to the Elliott Museum, a monthly newsletter which keeps members informed of the society's activities, and a ten per cent discount on all sales items at both museums.

Membership in the society is open to anyone who expresses an interest in the support of the museums and in the informative and entertaining activities which are sponsored year round by the society. There is a membership application form in every brochure about the museums. These are available at both the House of Refuge and the Elliott Museum or may be obtained by writing directly to the society at Post Office Box 1497, Stuart Florida.

You are cordially invited to join with us in the membership of the Martin County Historical Society. And in the meantime, come out to the Martin County Museums on Hutchinson Island. Visiting hours are one to five p. m., Tuesday through Friday, and from nine to five on weekends and holidays. (Closed Mondays) There is a small admission charge to the Elliott Museum, however the House of Refuge is free to all.

Martin Memorial Rates Lowest in Comparison With Other Counties

How do the room rates at Martin Memorial compare with other hospitals along the East Coast of Florida?

"Generally lower," according to Hospital Administrator Guy N. Cromwell.

And as a non-profit hospital, it stacked up well when compared to the tax district hospitals in the area.

A non-profit hospital is one directed by a local board of trustees, supported by its own revenues and such donations as are made to it.

A tax district hospital, however, is one which levies a tax millage receives and spends tax money for its operation, in addition to regular charges.

On the list as non-profit hospitals in the survey were Brevard and Melbourne, Martin, Memorial at Fort Pir
al at Fort Pierce, Eugene Westhoff Memorial at Rockledge, St. Mary's at West Palm Beach, and Good Samaritan, also of West Palm Beach.

Tax hospitals on the list were Memorial at Vero Beach and Cape Canaveral at Cocoa Beach.

Only four on the list have ward rates, but Martin Memorial was lowest, with $15 compared to $15.50 at Fort Pierce and $17 at the two Palm Beach hospitals.

Martin was the lowest of the non-profit hospitals for semi-private rates, and was beaten out only by one tax hospital, Indian River, $14.

Martins was $18, Fort Pierce had $18.50, Brevard, Cape Canaveral, St. Mary's and Good Samaritan all had $21, with Westhoff at $24.

Martin's private room rates beat them all, with lowest offered at $20 and highest $25.

Fort Pierce runs from $22 to $27. St. Mary's highest offered was $39.

Cromwell wouldn't promise that this would continue to be the picture.

Safe Boating Lessons Will Start Soon

Stuart Flotilla 59, U. S. Coast Guard Auxiliary, will begin it's first "SafeBoating" public instruction course of the season on November 5, according to Vernon Chatom, flotilla commander.

The ten-lesson course will be held each Friday and Tuesday night at the flotilla's building near the Stuart Youth Center.

The first lesson is scheduled for 7:30 p.m. to provide extra time for registration and distribution of books and materials. Subsequent classes will start at 8:00.

Registration can be made at the first meeting, or can be made in advance to the training officer, Van Malder, VI 7-0532, or by mail to him at Everglades Blvd., Bear Passage, Stuart.

NAVY'S GRAVY--Douglas Slockbower, AN, son of Mr. and Mrs. Slockbower, 121 Sandra Drive, is home on a seven day leave from the Navy carrier, U. S. S. Forrestal, now in Norfolk, Va. He will return on October 9, when the ship will go out for carrier qualification prior to a Carribean cruise.

Airman Slockbower is a catapult hook-up man on the huge ship, (Shown above, center) working with the A4D jet attack fighter-bomber planes. He is now taking courses in jet hydraulic systems, which will earn him the rating of AMH1. He expects to see duty in the Mediterranean next year.

County Sales Are Ahead of 1962

Martin County sales tax collections in september were up over August, and far ahead of September, 1962, according to a report by J. Ed Straughn, director of the Florida Revenue Commission.

Collections in September were $42, 338. 77, up from $36, 882. 75 in August, and far ahead of the $29, 991. 36 in September 1962.

Collections of the seven cents of gasoline tax also showed a jump for the same months.

September collections on 705, 198 gallons, amounted to $49, 399 89 collected in September 1962.

The two cents returned to the counties amounted to $30, 641. 57 for Martin County.

Of the $141, 074. 81 due to Palm Beach county, $5, 767. 51 was held in escrow pending the outcome of Lake Okeechobee area litigation, it was pointed out in the report.

Watch Pine Cones For Flat Tires

Old time residents in this area warn new-comers of the danger of tire punctures during periods of high wind. Pine cones have sharp pointed segments as have some types of palm fronds. They have said that it is also wise to avoid running over the land crabs which are seen on the roads at this time, as the sharp claws have been known to cause many flat tires.

CITIZENS WILL HEAR Dr. BAIR

Dr. Carl M. Bair, Jr., Executive Secretary of the Palm Beach County Teachers Association, will be guest speaker at a special meeting of the Martin County Citizens for Better Schools on Monday night October 28, at 8:00 in the Community Room of the First National Bank.

The meeting was announced in last week's Mirror as being scheduled for October 5, which is in error.

HOSPITAL AUX HOLDS MEETING

The Martin Memorial Hospital Woman's Auxiliary held their first fall meeting on October 7 at the First National Bank Building, with sixty uniformed Pink Lady members in attendance.

Guest speaker was Guy Cromwell, hospital administrator, who commended the members for their efforts to expand their services, told of the encouraging results in the operation of the Gift and Snack bars, and thanked the group for their $2000 donation toward a hospital pledge.

New members introduced were Mrs. John Hart, Mrs. James Rowell and Mrs. Van Smith.

Several members received awards of medallions, caps and pins for their hours of service.

44 Members Attend Assn. Meeting

The Women's Association of Jensen Beach met on Monday, October 7, with 44 members and two guests present.

There was a silent memorial for Mrs. Mabel Tyroff.

The activities for October include a bake sale to be held on the 26th at the Jensen Beach Bank, and a Dessert-Card party on the 28th at the clubhouse at 12:30 p.m.

The next regular meeting will be October 21.

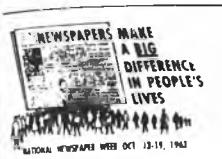
Community Church Will Host Annual Meeting On October 20,21,22



ALLIGATOR OUT--"There is an alligator running around my swimmin' pool", said Mrs. Bob Swanson of Skyline Drive. Sure enough, when we went to the pool, there was a mean as ever. The 6-foot alligator wandered out of the brush area and was going to take a cool dip when interrupted by people. Before the wildlife service could get there, Mr. Alligator decided to leave--and no one stopped him.

CHAMBER WILL GET CHAMBER

Plans are under way to put an eight foot extension on the Chamber of Commerce building to provide rest room facilities and a storage area, according to action taken this week at a board of directors meeting.

FISHING NEWS

Johnny Crawford of the Snook Nook reports that Croakers have been caught on the St. Lucie bridge, Trout from the Indian River and Jensen bridges, and Snook from all bridges.

Reported catches are: Tony Rynski, 15 croaker Ernie Webster, 6 snook (released 3) and one tarpon; Andy Denovitch, 3 trout, 3 croaker and 4 snook; Clint Webb, 6 trout and 1 snook; Goerge Dunnavan, one 8-lb. Blue, Harlow Sutter, one 14-lb snook; Jim Dailey, 12 trout; Harry Dickey, 15 trout; Joe Perlberg, 8 snook; John Duym, one 20-lb snook; Steve Stevenson, 5 snook.

Blues are strong in and around the inlet, in the surf and in the Indian River.

Large Spanish Mackerel have been in and out of the inlet for about a week.

Blue Marlin are found, although not plentiful, as are dolphin, by some reports.

Snook are in many places, but are running in smaller sizes than through the summer.

Sea trout action is fast at the East Relief bridge on the Indian River causeway.

Halloween Carnival workers are asked to attend a meeting at the school on Wednesday night, October 23, at 8:00 to make final arrangements for placing the various activities. This will be just one week before the Carnival date of October 31.

E. WELDON KECKLEY

The Jensen Beach Community Church has extended invitations to the general public for the 8th Annual Meeting of the Florida Fellowship of Community Churches for October 20, 21, 22.

The three-day celebrations are planned with a space age theme, with featured speaker Dr. Clair W. Bemis, Director of the Long Time Planning at the Cape Canaveral Missile Center delivering enlightenment on the challenge of the space age.

Registration for the celebration has been set for Sunday, October 20, from 5:30 to 7:30 p. m. Dr. Bemis' speech will follow at 8:00 p. m.

An estimated 150 people are expected to attend the meeting, representing approximately 25 churches in Florida.

The Jensen Beach Community choir will sing Sunday evening at the meeting and Frank Ilgin, president of the Florida Fellowship of Community Churches, will direct the proceedings.

Other speakers scheduled are: E. Weldon Keckley, President of the Council of Community Churches; Dr. and Mrs. J. B. Chitambar, Allahabad Agricultural Institute Faculty Members; Frank Ilgin; Mrs. Pearl Newman, President of the women's Fellowship.

The closing service will include a Tuesday noon luncheon.

Man Loses Teeth in Surf Gets Them Back Year Later

Can you imagine? Al Martz, owner of Jensen Beach Motel, told the Mirror that it was a "Believe it or not" story, and when we heard it, we believed it. Merle Beckdalt of Youngstown, Ohio, has spent his last eight summers vacationing in Jensen Beach.

A year ago, Beckdalt was swimming in the surf at Jensen's beaches. A large breaker caught him unaware and knocked the upper plate right out of his mouth. Soon he had most of the people on the beach looking for them. They searched to no avail, and the Beckdalts returned to Youngstown minus teeth.

Two days later, Mrs. Banig of Ocean Breeze Park, found the teeth at the St. Lucie Inlet. She brought them home with her and advertised finding them. With Beckdalt up north, there was no answer to her ad. She put the teeth away in a cupboard.

The happy ending to our story has an even greater twist. When Beckdalt came back to Jensen this year on vacation, wearing his new teeth, he was told about the ad, and went to see Mrs. Banig. She broke into laughter when she found who he was, for she had buried the teeth in her garden, not expecting anyone to call for them.

After a washup, the teeth were found to fit perfectly. Mr. and Mrs. Beckdalt have since returned to Youngstown with two sets of uppers.

Cub Pack 401 Elects Directors

Cub Pack 401 of Jensen Beach, sponsored by the Volunteer Fire Department, has announced the following directors:

Edward Sprague, Institutional Representative; James M. Walker, Pack Committee Chairman, with Committeemen John Hendry, J. D. Lookadoo, and Walter Richards; Harper Quinn, Cubmaster; Wally Hostetter, Assistant Cubmaster; Jean Quinn, Senior Den Mother, with Den Mothers Marie Yurillo, Charlotte Thomson, Jonne Langberg, Joan Hostetter and Rose Jones.

Ditch Diggers Cut Comunications

Ditch diggers cut a telephone cable on Tuesday morning which served the Rio area, putting 125 phones out of commission.

Also cut were the United Press International wire and Mutual Network line to radio station WSTU, which was off the air for an hour.

The break was made at the grade crossing below U. S. #1 and Gulf Oil docks north of the Roosevelt bridge. The cable carried 100 Pairs, according to Carl Fremaux, District Manager of Southern Bell Telephone Co.

Cablemen worked most of the day to restore service.

The ditch was being dug in connection with the U. S. # 1 four-laning project. Workmen said their prints showed two water lines but no phone cable underground at the point where the cut was made.

DECLARATION OF DEDICATION--Taking part in the Declaration of Dedication, held at All Saints Episcopal Church at the 11:00 service on October 13, are, left to right: John Herrmann, former Senior Warden; Henry Doring, ex-Vestryman; A. J. Mace, Clerk of Vestry; Jack Addy; Al Hendry; Chester Martin; Walter Hewitt; Father Norman B. Feaster; Wallace Fletcher, Treasurer; Archie Clark, Senior Warden; Ray Lorenz; Carl Houg, Junior Warden; Col. John D. Barwell; and Timmy Lorenz.

Bud Dickinson Is Lining Support For Governor Race

Fred O. Dickinson came to Stuart on Monday, as part of a tour of Florida. It has been called a pre-announcement tour before stating his candidacy for governor in the May democratic primaries.

In a press interview, he said that by the end of this week, he will have covered all the cities and counties in the state.

He indicated that an announcement might follow soon after the end of the tour, and at the same time, announcements naming a county manager, ladies' chairman and finance committee.

It is his belief that as the lone candidate from south Florida of the five who appear ready to announce throughout the state, the situation is favorable to him.

While he ran fifth in a ten-man primary race in 1960, he was in second place in the West Coast areas and feels he still has good strength there now.

Coupling that with what might be termed South Florida "stick-together-iveness", (one-third of the state's vote on the Gold Coast) Dickinson considered the circumstances as excellent.

He pointed out that there are about 1.4 million Democrats and 375,000 Republicans on the State rolls.

To the question, "What about your candidacy and the presidential campaign?", he answered, "Florida Democrats are restless politically. They want some permanent problems solved, like roads and education. These are probably the number one and two problems facing the state, but there are others.

"No any candidate here is going to have to stand on his two feet and face state problems. I intend to do this, and if I'm the Democratic party nominee, I intend to remain a Florida candidate and not be a rubber stamp for anyone in any other election campaign."

He was State manager for President John F. Kennedy in the last campaign.

On the three referenda facing voters Nov. 5th, Dickinson said only that he felt there was a need of school bonding and recreation land purchases, favored both; he also favored the off-year election set up, and said he felt sentiment over the state indicated that all three would pass.

Of the off-year gubernatorial election, he said that 36 other states, both Republican and Democratic dominated, have such a system.

"There are so many local issues here, it is almost imperative that we separate issues," he added.

The meeting was held at County Commissioner Chairman Frank A. Wacha's office, where both Wacha and Commissioner J. H. Bruner greeted Dickinson and his party before a trip was made around down-town Stuart, including the court house.

With Dickinson on the tour were Percy I. Hopkins, West Palm Beach, who is state co-ordinator; J. Ed Bell, Dickinson's administrative assistant; and Ed Lambert, district co-ordinator in territory from Indian River County to Broward County.

Hopkins is a former mayor of West Palm Beach.

WILLIAM CLAVE

William Clave, 61, Ocean Breeze Park, died on October 14 at Martin Memorial Hospital after a lingering illness. He had been a resident of Ocean Breeze since 1956, having come from Upper Darby, Pa. He was a retired Forest Pathologist and spent 32 years with the U. S. Dept. of Agriculture, and retired in 1956 from the U. S. Forestry Service.

He was a life member of the Society of American Foresters, a life member of the New England Forest Pest Control Council, member of the National Assoc. of Retired Civil Employees, member of the American Retired Persons.

Survivors are his wife, Gladys E. Clave, Ocean Breeze; a son, Robert W. Clave of Santa Ana, Calif.; a daughter, Mrs. Chester Almstrom of Auburn, Mass.

Funeral and burial services will be in Worchester, Mass. on October 18, with local arrangements by Baird Funeral Home of Fort Pierce.

Edward T. Gledenning

Edward T. Glendenning, 75, of Commercial St., Jensen Beach, died in Martin Memorial Hospital on Monday, October 14, after a brief illness. He had been a local resident for the past 18 years.

Services will be held in the Johns Chapel on Friday, October 18, at 11:00 a. m., with Rev. Newton Tweedy, Pastor of the Community Church officiating. Friends may call on Thursday evening from 7:00 to 9:00.

John Green

John Green, 78, 404 S. W. Hickory Ave., Jensen Beach, died Saturday, October 12, in Martin Memorial Hospital. A native of England, he had been a resident of Jensen Beach for two years, coming from Milford, Pa. where he was a Chauffeur before retirement.

He was a member of the Jensen Community Church and a member of Manhattan Lodge # 62 F &AM of New York City.

Survivors include one sister, Mrs. John Gilbert of Jensen Beach; one brother, Harry Green of Deal, N. J.

Services were Wednesday at 2:00 p. m. in Yates Jensen Beach Chapel, with Rev. Newton Tweedy officiating. Burial was in All Saints Cemetery with Masonic Rites at the graveside. Yates Funeral Home of Ft. Pierce was in charge of arrangements.

Dr. and Mrs. R. Q. Penick spent last weekend at Lakeland attending the Florida Academy of General Practicioners Convention.

PRESBYTERIAN CHURCH NEWS

The First Presbyterian Church will observe Layman's Sunday on October 20, with the men of the church conducting the morning worship service.

The Senior High Fellowship will meet at the church at 6:00 Sunday evening, Oct. 20.

On October 22, the United Presbyterian Womens Association will meet at the church at 8:00 p. m. The program topic will be "What Do You Know". Hostesses will be Circles 2-A and 2-B.

Local Residents Return Home

Mr. and Mrs. J. C. Backus, Rio, and Mrs. Evelyn Higbee, Palm City returned from a trip to New England last week.

The group visited at the home of Mr. Backus's daughter and son-in-law, Mr. and Mrs. J. Paul Sampley, Clinton, Conn. and also were guests of Mrs. Higbee's daughter Shirley whose home is also in Clinton.

P. T. A. GUEST SPEAKERS--The four young girls above visited the Jensen Elementary School's P. T. A. meeting on October 8, bringing an interesting program of color slides and souveniers of their 10-week visit to the British Honduras last summer. Left to right are Mrs. Robert Crowder, P. T. A. president, Mrs. Ernest Varvil, school principal, Jo Anne Andrews, Claire Dumich, Carol Olney and Arden Brannan. The girls lived with families during their Honduran stay, and were treated as "sisters" in the family routine. They attended school classes, and made interesting sight-seeing trips, among them a visit to the ruins of an ancient civilization of Mayan Indians.

Girl Scout Troop to Meet Thursday October 17

Girl Scout Troop 213 of Jensen Beach will hold their first meeting of the season Thursday, October 17 at 3:30 p.m., at the Trinity Methodist Church building.

The meeting will be held under the direction of Mrs. Kathy Rawlinson, neighborhood chairman, Mrs. Rick Carroll is Troop leader and Mrs. Herbert Kranitz, assistant.

This is a most important meeting, being held for the purpose of reorganization of the troop.

All girls of the 4th, 5th and 6th grades, and others interested in Girl Scouts, and their mothers, are urged to attend. Mothers must be present at the time of registration.

Listers Return "For Good"

Ray and Helen Lister, former residents here, are back again, this time for good, according to Lister.

"We have moved away twice", he said, "the last time to New Mexico, but our hearts are here in the Stuart-Jensen area, so back we come".

The couple are charter members of the Riptide Players of Martin County. Lister took part, playing a double role, in last winter's production, "You Can't Take It With You".

Upon their return here they again became active members of the group and in the forthcoming production of the Playen'" Seven Nuns at Las Vegas". Mrs. Lister will take a part as a night club hostess.

Basic Facts on The University-Junior College Bond Amendment

Q. What types of buildings will be contructed for junior colleges?
A. Instructional, administrative and general use facilities needed to accommodate present enrollments at existing junior colleges. Buildings provided in the past have not provided for the rapid expansion of enrollment. Over half of the students this year are being taught in some type of temporary facilities.

Q. Why is no money provided for vocational technical schools in 1963-65?
A. Because no orderly planning has been done to determine the need and location for such schools. A requirement is made in the bond implementation bill that the State Board of Education during 1963-65 make a tudy of the needs for vocational technical education so recommendations can be made to the 1965 Legislature for proceeding in this area on a sound basis.

Q. A total of $13,042,000 in capital outlay is provided for the State universities and more than $17,000,000 has been provided for the junior colleges in the general appropriations bill for 1963-65. Will this not be enough?
A. No. The board of Control has placed the accumulated needs of the State universities at more than $100 million and the junior colleges have set their capital outlay needs at $58 million.

Q. Can't the 1965 Legislature provide for these additional needs?
A. No. Florida cannot delay longer because the projections indicate that the major impact of the college enrollment explosion will be felt in the next three years as the "war babies" reach college.

Q. What are the prospects for enrollment increases?
A. Conservative projections made on the basis of enrollment figures from the State Department of Education how that the number of high school graduates will jump from 43,914 in 1962-63 to 52,136 in 1963-64 and 60,333 in 1964-65. This heavy increase will continue so that by 1970 Florida will have an estimated 218,000 students enrolled in public and private institutions of higher learning.

Q. How does Florida compare with other states in the number of its college age population attenting college?
A. In 1962, of every 100 young people in Florida between 18 and 21 years, 31 were in college. Over the nation as a whole, 42 of every 100 were in college. California had 58.7 of every 100 in colleges. Of every 100 young people 20 and 21 years of age 15 of those who lived in Florida in 1962 were in Junior and senior colleges. The average for the nation was 29. California had 35.

Q. What happens if the bond amendment fails?
A. The State of Florida and its young people will be the losers. In this day when state after state is moving ahead rapidly to gear its system of higher education to advances in space technology, industrial automation and other impressive applications of scientific discoveries, Florida will have failed to take advantage of its opportunity to catch up and move ahead.

Q. Who, in addition to those in the field of higher education, are supporting the bond program?
A. People in all areas of education, plus state officials and legislators and business and industrial groups such as the Council of 100 and State Chamber of Commerce are among those endorsing the plan initially.

Walt Robinson has returned to Jensen Beach from Philadelphia, Pa., will be associated with Harris Wood and Associates of Fort Pierce.

Junior Womans Club Plans For Christmas Parade

The Junior Womans Club of Stuart will sponsor the annual Christmas parade. The date, to be announced, will be in early December.

Mrs. Guy Cromwell is parade chairman and Mrs. Helen Engebretsen is publicity chairman.

GIFT SHOP OPENS--Mrs. Edith Setterfield, owner of The Swinging Door Gift Shop, on opening day.

CofC General Membership Meet Monday

The Jensen Beach Chamber of Commerce will hold its first General Meeting of the season on Monday night, October 28, at 8:00 o'clock in the Community Center. Frank Forsberg, president, will be in charge.

Reg Walker, secretary of the Chamber, expressed the hope for a large attendance of members so that all may have a chance to express their ideas and comments.

ISLAND WATER IS BEING NEGOTIATED

The fresh water needed so badly to start the development of Hutchinson Island appears to be on its way, according to Roland Merrell, vice president and trust officer of First National Bank of Stuart and trustee for the Hutchinson Island Water Project escrow funds.

Merrell said Southern Gulf Utilities, Inc., which has a contract to supply water to Sewall's Point, has offered island property owners a proposition that has every chance of becoming a reality in the near future.

Southern Gulf has offered to install a 10-inch transmission line from Sewall's Point to the island, a million gallons water storage plant on the island in the vicinity of the Elliott Museum, and run an eight inch distribution line north to the county line and south to the House of Refuge.

The utility company will provide $114,000 of the $320,000 needed to do the job and has asked island owners (in a letter to Merrel) to provide the $206,000 balance.

For an additional $25,000, the company will extend the line south to Sailfish Point, where Bradshaw Interests have development plans on paper awaiting water.

Merrell, acting only as a trustee who owns no land on the island, said that the proposition was offered by Harry P. Davison Jr. of the utility company.

A meeting of property owners has been set for October 30th at 3 p. m. at the Community Room of the bank.

Merrell was optimistic that the owners would provide the necessary funds.

He said: "R. C. Gelsinger of Fort Lauderdale, with the Bradshaw syndicate, owners of the southern tip of the island, have said they would put up $10,000 even if the water mains aren't extended to their lands, which are south of James Rand's Seminole Shores development."

Seminole Shores drove its own wells to get water.

Merrel also siad that Gordon Mark of Topeka, Kansas, grain operator, has plans for immediate construction of a co-operative apartment building midway between Jensen Beach and the Elliott Museum as soon as water is on the island. Other owners of land there have been impatient to build as soon as water is made available.

There was "substantial cash", Merrell said, in the escrow account now that over $100,000 was in sight, and he predicted no difficulty in obtaining the balance.

Water assesment presumptions have been based on contributions of six per cent of assessed valuation, he said. Island assessments total approximately $3.5 million, with scanty construction on the island.

The utility company has set up a series of estimates on the number of customers it believes will be available in the first five years.

The figures are: First year, 50; second year, 150; third year, 286; fourth year, 429; and fifth year, 572.

The net operating cost for the five year period, it estimates, would be $37,100, with earnings of $4,000 the first profitable year, which is the fifth year.

The storage tank, similar to the one to be built on Sewall's Point for use in that town's system, would be 35 feet high and 70 feet in diameter.

The City of Stuart, since it already has agreed to supply the water to Sewall's Point in its system, would be the supplier for the island, as well.

Charles Black, the city's consultant on water and sewer matters, has indicated in the recent past that the city has ample water for the uses planned, and pumping facilities either at present or planned.

Both the Sewall's Point and the Hutchinson Island storage tanks would be filled between midnight and daylight daily as needed and would not effect pressure or supply in the city.

Southern Gulf's president, Norman J. Davidson, a former vice president of Curtiss-Wright Corp., is also chief operating officer of the firm, which operates water and sewer works in over 150 subdivisions in 50 different areas of Florida, Texas, and South Carolina.

GINNY? WHO KNOWS?

Hurricane "Ginny" has put the Florida east coast on a hurricane watch, from Cape Canaveral to Fort Lauderdale, according to the 11:00 a. m. advisory Wednesday from the Miami weather bureau.

"Ginny" was located at that time at Latitude 28.6, Longitude 78.0, or about 155 miles east of Cape Canaveral, and moving toward the south west at 8 miles per hour. Winds near the center were estimated to be about 75 miles an hour.

Unless there is a change of direction, which is not expected, the storm would reach the central and southern coast of Florida by Wednesday night or Thursday morning, although winds may not be of full hurricane strength.

Drunken Teen Age Brawl Brings Causeway Curfew

Partial curfew has been imposed for youths under 21 years of age at the Jensen Beach Causeway by the county commission Tuesday, following provocation that Chairman Frank A. Wacha described as an unchaperoned, drunken brawl that occurred last Saturday.

The commission voted to set up a system whereby youth parties may be held if a responsible adult obtains permission or gives notice to the sheriff.

Unchaperoned parties or other teen-age parties of which no notice has been given will be shut down at 9:30 p. m. by the sheriff's department in the future.

The commission voted the move as a policy and got Sheriff Roy C. Baker's agreement to enforce it at the commission meeting.

The commission also voted to install four extra bright street lights at the pavilion on the causeway.

Wacha told the commission that the popular causeway site was the scene of a party at which not all youths were drunk, but that "most were, and if you had a child who said he or she was at the causeway last Saturday night, you'd better check up on your youngster."

Sheriffs deputies clamped down on the party Saturday night, but the youths moved to a pavilion on Hutchinson Island, where once again, the party was broken up.

One youth was arrested in Stuart for a misdemeanor, according to the sheriff. An attempt was made to tip over a Volkswagen, and damage was done to county property at the causeway.

Wacha emphasized that "all were not indulging, but enough were to as to cause trouble."

CHAMBER GUIDE GOES TO EUROPE

Jensen Beach is going to Europe.

On a television news program last week, it was announced that the Florida Development Commission is taking the Florida Showcase, an information office operated by the commission and located in N. Y. City, to Europe for a publicity tour.

Among the brochures and information booklets to be translated into a dozen different languages is the Chamber of Commerce publication, The Jensen Beach Fishing Guide.

PTA Carnival is October 31

Halloween is coming to Jensen Elementary School next Thursday, October 31, with the annual P.T.A. Carnival.

The Parade of Costumes will begin at 5:30 p. m., with judges from the Jensen Lions Club. The King and Queen of Halloween will be crowned at the Carnival.

Among the features will be a complete dinner of Ham, baked beans and potatoe salad; Hotdogs and Hamburgers; Coffee; Soft drinks; Popcorn; Baked Goods for sale; Cookies; Candy; Pony rides; and Games of skill with prizes.

A big, happy Clown will be on hand to greet all masqueraders, young and old.

Collins Resigns

County Engineer Mosely Collins resigned at the regular meeting of the county commission last Tuesday in a surprise move, and was replaced at once by Frederick L. Bell, 43, a registered engineer from the Tampa Bay area and formerly with the U. S. Corps of Engineers as consultant at Cape Canaveral, to make another surprise.

Collins said he would take a position as engineer for the Big Chief Construction Company at Indiantown.

He will work for the county until October 31 to familiarize Bell with the county's engineering and zoning problems.

Bell started Tuesday the minute the commission voted to hire him, and at the same salary as Collins. Both will be paid for the overlapping days.

The salary for the combined engineering and zoning job is $12,000, with a car supplied by the county.

Collins' letter of resignation was read by County Commissioner Jack Williamson as the last item on a long agenda.

Collins thanked the board for co-operation and offered to consult as needed after leaving.

After he had finished reading the letter of resignation, Williamson went right into a resume of Bell's qualifications. Bell was at the meeting.

He has been a civil engineer for 24 years, and has worked for cities, counties, and state and Federal employers as well as in private industry.

He has had road building, traffic, watersupply, sewage, drainage, and land reclamation experience, and in recent months has been involved in site planning for the Manned Space Unit for NASA at Cape Canaveral, a job he did for the U. S. Corps of Engineers while privately employed as an engineer.

CC Sanctuary Nears Start

The architect of the proposed Sanctuary of the new Jensen Beach Community Church, met with the members of the Official Board of the church in a special meeting last Monday night, and was given authority to proceed with drawing up the revised plans for the Sanctuary.

It is hoped that construction may begin this winter.

Garvey Attends League Meet

James A. Garvey, Executive Vice President of First Federal Savings and Loan Association of Martin County, attended the first district meeting of the Florida Savings and Loan League last Friday. The South Florida district meeting of savings and loan association executives was held at the Racquet Club in Riviera Beach.

SPACE AGE ENTHUSIASTS--Grouped together at the 8th Annual Meeting of the Florida Fellowship of Community Churches are the honored speakers and guests who offered enlightenment on the many challenges of the space age at the meeting October 20th. The three-day event attracted 121 people from outside the area. In the picture, from left to right, are: Dr. and Mrs. J. E. Chittenbar (foreground), Dr. Orva Lee Ice, Mr. Frank Ilgen, Rev. Newton Tweedy, and Dr. Clair W. Bemiss.

Mrs. Hayes Return After 25th Visit

Mrs. Jennie Hayes, 84-year-old mother of Mrs. Harry Means of Highland St., and Mr. and Mrs. Emory Jasper of Kansas City, Kan. left this week after a two week visit in Jensen.

Mrs. Hayes is also the mother of O.L. Hayes of N. Indian River Drive, and she has been coming here every year for over 25 years.

Charlie Erver, East Meadows, N. Y., has returned to the Palmetto Apts. for the season and he plans to make Jensen Beach his permanent home.

The 12th District Auxiliary of the American Legion will hold a meeting for all junior members November 16, at the Sebastian Post Home.

Jensen Garden Club Welcomes Two Members

The Jensen Beach Garden Club met on October 16 and welcomed two new memoers, Mrs. Alexander Lund and Mrs. Sydney Lowrie.

Mrs. Calvin Wilber, president, announced that each meeting will feature a half-hour horticulture question and answer period.

Members voted to hold future meetings in the dining room of the old Community Church on the 3rd Wednesday of each month, with a "workshop" to be held each preceding Tuesday.

The first workshop will be on Nov. 9 at the home of Mrs. William Weiss, at 9:00 a.m., to work on flower arrangements, which will be displayed at their meeting the next day.

A letter from Rev. Donald Schroeder was read, inviting the club members to a film on Nov. 17 at the Stuart Women's Club, entitled "Question 7", a true story filmed in Germany about a boy and his father behind the iron curtain.

Debbie Burg is Saved by Lifeguard

Lifeguard Jack Cammack rescued Miss Debbie Burg, 14, from the surf at Jensen Beach last Saturday afternoon.

Miss Berg, a student at Miss Harris' Florida School in Palm City, was swimming with a group of girls from the school, and had drifted south in the current.

Cammack gave mouth-to-mouth respiration successfully, sent her to the hospital for added treatment.

Mrs. Anna Stoner, 327 S. Indian River Drive, returned from Cleveland, Ohio on Oct. 16 after a three-month stay at her son's home during his illness, from which he has now recovered.

Marie Kahnberg

Mrs. Marie Kahnberg, 87, a resident of Sewall's Point Road, died on October 18 following an extended illness. She was a native of Denmark and came to this country in 1895. She had lived on Sewall's Point for the last 5 years. She was a member of the Holy Comforter Lutheran Church of New York City.

Survivors are one daughter, Mrs. Jerome Merquelin of Sewalls Point; one son, Ernest W. Kahnberg of New Melford, N. J.; four grandchildren and two great-grandchildren.

Services were held from the Walter B. Cooke Chapel in Bronx, N. Y., with burial in Woodlawn Cemetery.

Memorial donations may be sent to the Martin County Association for Retarded Children's Sheltered Workshop.

Johns Funeral Home was in charge of local arrangements.

IRJC Dedication Ceremony November 3rd

Senator Smathers is Main Speaker

SENATOR GEORGE SMATHERS

The official dedication ceremony of the Indian River Junior College campus will be held on Sunday afternoon, November 3, at 3:00 p. m. Dr. Maxwell C. King indicated that United States Senator George Smathers will give the main address for this occasion.

Other people on the program will include Mr. Ben L. Bryan, Superintendent of Schools, St. Lucie County; Mr. Charles S. Miley, chairman, College Advisory Board; and Mr. Charles Sammons, President of the Student Body.

The Indian River Junior College Chorale and Instrumental Ensembles will play for the occasion.

Dignitaries, citizens and students from all four counties are expected to be on hand for this dedication.

Audubon Society Members Rescue Woman in Surf

A rescue from the surf was made at Hutchinson Island on Saturday morning by members of the Martin County Audubon Society, who were on the beach seeking sea birds.

The group happened to hear the cries of Mrs. Faye Aimonetti of Vero Beach, as she struggled to keep her husband, Felix Aimonetti, who had died in the surf, from being swept out to sea in the heavy combers.

With the help of a Deputy Sheriff, the group pulled the Aimonettis ashore.

Dr. Davey pronounced the man dead at about 10:00 a. m. Justice of the Peace, W. C. Cavney, of Indiantown, acted as Coroner.

The body was taken to Johns Funeral Home.

NEW BUILDING SET FOR FAIR

The Martin County Fair Association voted at a meeting this week to put their signatures to a note for $10, 000 for the construction of a new livestock exhibition building in time for the 1964 Fair.

The association will draw from available cash to pay off the balance of a $3, 445. 13 note due next April, thereby paying off the last of the debt incurred when three permanent buildings were erected several years ago.

Megelin Will Head Holley Campaign

Carl F. Megelin of Fort Pierce will serve as chairman of the finance and steering committee in the proposed gubernatorial campaign of State Rep. Charles R. Holley, it has been announced.

Megelin will act as chairman of the full committee for Indian River, Martin, St. Lucie Counties. Megelin said an announcement will be made soon of the balance of the committee.

Rod and Reel Motel Visitors

Guests at the Rod and Reel Motel in the past week were:

Mr. William Waters, Jacksonville, Fla.; Mr. and Mrs. Mintlace, Mastic Beach, N. Y.; Mr. and Mrs. C. L. Carter, Hendersoon, Kentucky; Mr. and Mrs. Ken Stein and party, Sayville, N. Y.; Mr. and Mrs. Paul Hutchens, Lake Worth; Mr. and Mrs. M. H. Kelley, Syracuse, Indiana; Mr. and Mrs. O. Megany, Jacksonville; Mr. and Mrs. Edward Riddle and party, Oxford, N. J.; Mr. and Mrs. J. E. Tipton, Nashville, Tenn.; Mr. and Mrs. Harry Cott, Derry, New Hampshire; Mr. Walter E. Zierdt, Cleveland, Ohio; Mr. and Mrs. A. L. Endreri, Pinellas Park, Fla.; Mr. & Mrs. Edw. McGonigal, Baline, Ohio; Mr. and Mrs. Bernard L. Palmer, Orlando; Mr. & Mrs. John Cavezzi and party, Orlando; Mr. & Mrs. Robert Blodnick and Mrs. M. Jordon, Pinellas Park, Fla.; Mrs. Eugenia M. Styers and party, Pinellas Park; Mr. & Mrs. C. O. Wilson, Pleasantville, N. J.; Mr. & Mrs. John Carleton Coral Gables; and Mr. and Mrs. Frank Ilgen, Keystone Heights, Fla.

Legion Auxiliary Donates to State Legion Charities

At the last bi-monthly meeting of the American Legion Auxiliary October 14, held at the Post home and presided by Mrs. Clifton Bownds, it was voted upon to send contributions to the following organizations and programs:

American Legion Crippled Childrens Hospital at St. Petersburg, $50. 00; American Legion Auxiliary Crippled Childrens' Hospital in Pensacola, $50. 00; Eccleston-Callahan Crippled Childrens' Hospital in Orlando, $50. 00; National Child Welfare Foundation, $25. 00; Department Hospital program, $43. 00; Department Education and Scholarship program, $25. 00; and CARE $5. 00/

HALLOWEEN COOK-OUT IS PLANNED

American Legion Post 126 and the Auxiliary will hold their annual Halloween Cook-out on October 28 at 6:30 p. m. in the picnic area adjoining the Post home.

Mrs. Emma McCue will be the chairman of the food committee. Members and their families are invited to attend and should bring their own supply of hamburgers, hot dogs or other meats to be barbecued. All other foods and condiments for the cook-out will be furnished by the Post and the Auxiliary.

Johnsons Leave For Shuffle Meet

Mr. and Mrs. A. L. Johnson of Ocean Breeze Park, will attend the Florida State Shuffleboard Association business meeting to be held at Sebring on Oct. 26.

Johnson will be representative of the Central East Coast District which includes clubs from Jupiter to Titusville.

Three candidates will be chosen for the F. S. S. A. Hall of Fame, and an outstanding achievement award will be given to the one chosen from the "less than ten years" group.

Banquet at The Tradewinds

Historical Society To Open Season Saturday

The Martin County Historical Society will open it's fall and winter season of activities on October 26, with the Annual Membership Banquet, to be held at the Tradewinds Restaurant.

A Hospitality hour precedes the dinner from 6:00 to 7:00 p. m., arranged by Mr. and Mrs. Ed Dassori. Assisting them as Hosts and Hostesses will be Mr. and Mrs. M. P. Nelson, Mr. and Mrs. Roland Lueder, Mrs. Lolene Stokes, Mrs. Ulla Miller and Miss Mary Ann Susdorf.

Guest speaker will be Robert Ingle, Director of Research, Salt Water Division, and Assistant Director of the Florida State Board of Conservation.

All interested persons are encouraged to make reservations to the banquet and join the Historical Society in supporting the Martin County Museums.

A Halloween party will be held for the Senior Youth Fellowship on October 26 at 8:00 p. m. in the old Community Church building on Church St.

PRESBYTERIAN CHURCH NEWS

The United Church Women will meet at the Port St. Lucie Methodist church on October 25, at 10:00 a. m. A film will be shown, entitled "Channel for Peace". Those planning to attend are asked to bring a sandwich lunch.

On October 27th, there will be a Youth Rally at the Hobe Sound Presbyterian church from 3:30 to 7:00 p. m.

HAPPY BIRTHDAY--Jeffery Dale Jacobs, son of Mr. and Mrs. Bill Jacobs of Ridge Road, celebrated his sixth birthday on October 12 with a party attended by Robin Moxley, Cathy Profitt, Vicki Kirk, Doug Kirk, Kim Kranitz, Vickie Addy, Walter Baker, Ricky Campbell, Philip Baker, Timmy Landis, Debbie Landis, and Scott Frost.

Jensen Ads Two More Residents

Jensen Beach gained two new permanent residents this week as the result of a small family reunion.

After Mr. and Mrs. Richard Letteriello moved into their new trailer home, 327 S. Indian River Drive, they invited Mrs. Letteriello's brother, Bob Wentworth of E. Liverpool, Ohio, and her sister, Mrs. Mary Hendry of Miami, to pay them a visit.

After spending a few days looking over the area, Mrs. Hendry and Wentworth decided they would like to make this their year-round home, where they could enjoy the good fishing and climate, away from the confusion of the big cities.

They bought a new trailer and will live at Skyline Court as permanent residents.

NEWLYWEDS RETURN

Mr. and Mrs. Howard Pagel returned recently from a 7000 mile honeymoon and business trip that included Flint, Michigan and through the upper peninsula, then Louisville, Kentucky.

Mr. Pagel is the owner of Macy's Restaurant.

Black Headed Coral Snake Is Killed on Road

Mr. and Mrs. S. P. Elliot, driving south on N. Indian River Drive near their home, saw a snake crossing the road in front of their car.

Elliot purposely ran over it before getting out to investigate. He is sure he did the wise thing, as the snake proved to be a black headed coral snake which measured 25 inches in length.

MUSEUM TREASURES

By Carol Schmidt
Assistant Director

TURTLES AND LOBSTERS

The House of Refuge Museum has achieved national and international fame in regard to the Sea Turtle Conservation Project. This program got underway back in 1955 with the rescue of one baby loggerhead turtle and has now progressed to the point where we cater to thousands of baby sea turtles each year.

The project now is aimed towards the conservation of the rapidly vanishing green turtle which is the most delicious of the sea turtles.

Now, through the watchful eye of Ross Witham, Curator of Marine Activities, the House of Refuge Museum is branching out into another field of research in gourmet delights. With aid from the State of Florida, we are expanding on a project in the growth of the Spiney lobster.

This animal lives in the warm waters off the Florida coast and is unique in the lobster family because it has no pincher claws. It's protective mechanism consists of spines which even cover the antennae. The lobster can stun his victims with these long spines. The meat is excellent and much sought after.

You can learn more about these projects on Saturday, Oct. 26, when Robert Ingle, Asst. Director of Florida State Board of Conservation will address the Martin County Historical Society at the Annual Banquet. The banquet is open to the public and will be held at the Tradewinds Restaurant. Make your reservations now by calling Miss Mary Ann Susdorf at 287-3566. There will be a Hospitality Hour from 6:00 to 7:00 p. m. So, come early, get acquainted and join the Historical Society in supporting your Martin County Museums.

Mr. and Mrs. Stephen Schmidt, Director and Assistant Director of the Martin County Museums, will attend the Southeastern Museum Conference in Miami on October 23-26. Mr. Schmidt will give a paper, and conduct a panel discussion among the Historical Museum representatives

IRD Association Meets Tonight

The Indian River Drive Association will have its first meeting of the season on Thursday, October 31, at 6:30 p. m. in the Walton Community Center. Members will bring food and table service for a covered dish supper.

The program will be given by Stephen Schmidt, Director of Martin County Museums, who will talk on the early settlers of the Indian River area.

The Riptide Players of Martin County are well into rehearsals for their first play of the season, "Seven Nuns in Las Vegas", to be presented in early December.

Richard Wilcox, son of Mr. and Mrs. Blaine Wilcox, is home on a two-week leave from the U. S. Air Force Base in Biloxi, Miss.

SPECIAL SUPPLEMENT

The Mirror this week features a twelve-page supplement on the dedication of the Indian River Junior College.

ANTIQUE CARS WILL PARADE HERE SUNDAY

The parade of antique cars planned for Sunday, when the Vintage Car Club of the Palm Beaches visits this area, will include at least one car from the Elliott Museum collection.

Rick Carroll of Jensen Beach will drive a 1924 Rolls Royce from the Elliott Museum.

The parade will begin at 2:00 p. m. Sunday from city hall in Stuart, following a luncheon for the Vintage Club. From city hall, they will drive to the Elliott Museum, where Mayor William Todt is expected to extend official greetings.

Among the participants, their cars and home towns are:

E. Apley, 1924 Dodge Victoria coupe, Sebastian; J. Alliff, Model A Ford Roadster, Riviera Beach; W. Baker, 1917 Locomobile touring, Boca Raton; W. Findling, 1928 Packard Town sedan, Palm Beach, J. Kiner, 1913 Model T Ford Roadster, Lantana; W. O'Conner, 1928 Rolls Phaeton, Palm Beach.

From Lake Worth; J. Baechel, 1941 Cadillac Town sedan; J. Callaway, 1938 Auro-Union Wanderer; T. Hansen, 1916 Saxon Roadster; K. Shepard, 1941 Cadillac 60 Special; E. Hewitt, Model A Ford Coupe; and D. Wright, 1922 Model T. Ford Touring.

From West Palm Beach: L. Catron, 1922 Dodge Roadster, P. Dean, 1931 Ford Tudor; J. Hardin, 1931 Model T. Ford Roadster; N. Robson, two 1937 SS 100 Jaguars; J. Reynolds, 1928 Dodge conveyance, H. Willson, 1937 Cord Supercharged Phaeton and E. Zevin, Mercedes.

From Lake Park: W. Comer, 1936 Squire Roadster; M. Frost 1910 Stanley Steamer; J. Frost 1928 Amilcar Sporster; J. Lomax, 1924 American La France Fire truck.

The Jensen bridge will be closed for repairs from 6:00 p. m. this Saturday night until 6:00 a. m. Sunday morning.

ELECTION IS TUESDAY

Martin County will vote on state-wide and county-wide elections in its fourteen precincts next tuesday, November 5.

On the state-wide ballot will be three constitutional amendments approved by the last session of the Legislature.

Amendment 1 provides "for the election of the governor, secretary of state, attorney general, comptroller, treasurer, state superintendent of public instruction and commissioner of agriculture at the 1964 general election for a term of two years and thereafter, commencing with the general election of 1966, for a term of four years, and providing that the governor elected at the 1964 general election shall be eligible for re-election to the office the next succeeding term."

Amendment 2 authorizes issuance of long-term bonds to build colleges and vocational technical schools.

Amendment 3 authorizes the Outdoor Recreational Development Council to issue revenue bonds "for outdoor recreation and natural resources conservation."

In the county-wide ballot, eight candidates are seeking election as school trustees, the largest number of candidates ever to file.

Those seeking election are:
District 1: Mrs. Margaret Anne Lindley and Albert R. Walker.
District 2: Earl D. Ricou and Mrs. Donna Rowell.
District 3: George B. Osborn.
District 4: Robert F. Betterman and Paul Bryant, Jr.
District 5: Richard L. Yoder.

Chamber of Commerce Annual Meeting Discusses Ways To Move Ahead

Much of the Monday night annual meeting of the Jensen Beach Area Chamber of Commerce was spent discussing ways to help the Chamber move ahead. Eighteen businesses were represented, with twenty-six chamber members at the meeting.

Following a report on the first six months of the Chamber year by Frank Forsberg, president, the Chamber members began discussing ideas to help the Chamber continue its promotion of the area and promote what it is doing for the community.

Ideas from members ranged from having morning coffee hours for chamber get-togethers to covered dish suppers for tourists.

Predominating throughout the meeting was the concern of the members with the lack of participation of other members. Attitudes ranged from efforts to bring more members out by offering refreshments and calling membership rosters to not promoting members and just working with those who would come out to the meetings without inducement.

The Chamber directors took notes of each suggestion

Fishing Guides Go All Over

The 1963 Jensen Beach Fishing Guide, a publication of the area Chamber of Commerce, has covered an extensive territory in it's distribution, according to a summary from R. W. Walker, Executive Secretary of the Jensen Beach Chamber of Commerce.

The Fishing Guides going out from the local Chamber, to motels, clubs, tourists coming in the office requesting one, and more distributed by members, total, so far, 22, 500 copies.

In addition to this number of the initial supply of Fishing Guides, many thousands more were requested and mailed to other Chambers of Commerce and Welcome Stations in Florida, various cities in 33 states, District of Columbia and Canada.

BOO Celebration Starts at 5 pm.

The Halloween Carnival dinner will open the evening's festivities by starting service at 5:00 p. m. A complete dinner is available, with Ham, baked beans and potatoe salad. Hot dogs and hamburgers, too!

The Parade of Costumes will begin promptly at 5:30, and all children should be in their classrooms, ready when their grade is announced.

The King and Queen voting booth will remain open until 7:15, with the crowning set for 7:30.

The P. T. A. invites one and all to come to the Jensen Elementary school and enjoy the fun.

CUBS SCRUB--Cub Scout Pack 401 of Jensen Beach made a special trip to the House of Refuge on Tuesday to make good use of the supply of toothbrushes sent recently for the purpose of scrubbing algae off the backs of the baby turtles.

CHAMBER OF COMMERCE--Shown above are members of the Jensen Beach Chamber of Commerce at their first general meeting of the season last Monday night. Seated in front, left to right, are the Chamber Officers: Reg Walker, Don Palmer, Frank Forsberg, Rick Carroll and Ed Lawrence.

Flower Auction Begins Here

Flower growers from this area were among the seventy-five who attended a demonstration "mock" auction of flowers at the new Florida Flower Auction in the Armellini Express Building on U. S. # 1 on Tuesday. The growers seemed enthusiastic about the demonstration and the auction idea.

The new auction will conduct its first sale on Nov. 5 and will continue on a six day week basis through the end of the 1963-64 growing season, according to Jack Cutler, president of the corporation.

Sales will start at 11:00 a. m. each day and will continue until all lots are sold.

The auction has been set up with the hope of providing the grower and wholesaler with a common ground for the sale and purchase of cut flowers and potted plants.

It is believed that the Stuart flower auction will become not only the first in Florida, but possibly the first in this country.

'Sew 'n Sows' Elect Jacque Penick President

The Jensen Beach "Sew 'n Sows" 4-H Club met on Tuesday afternoon, October 29, with 19 members present.

The new officers for the year are: President, Jacque Penick; Vice-President, Peggy Olney; Secretary Treasurer, Jeannie Gunn; County Council Representative, Margaret Talbert; Song Leader, Kathy Houser; Reporter-photographer, Karen Wood; Scrapbook chairman, Luanne Dailey.

The group received their record books and discussed projects for the year. It was decided to meet each Tuesday afternoon in the Jensen school cafeteria from 3:00 to 4:00.

Miss Martha Burdine, Home Demonstration Agent for Martin County, and Mrs. James Wood attended this meeting.

Card Party Well Attended

The Jensen Beach Women's Association held a card party at the Clubhouse on October 28.

72 players enjoyed Halloween refreshments and decorations by Mrs. Grace Lewis and her committee. The door prize was won by Mrs. Jackson.

A doll with a handmade wardrobe was raffled and won by Mrs. Margaret Rausch.

POST OFFICE WILL ACCEPT BIDS ON VEHICLE

The Jensen Beach Post Office will be accepting bids from November 1 through November 7 on a vehicle to be used in the city delivery routes during Christmas holidays.

The vehicle must be a panel truck less than one ton, with locks in working order.

Bids should be submitted to the Postmaster, Al Kendall, at the Post Office.

LOS ANGELES COUNTY, (California), IN SIZE, COULD BE U.S. EIGHTH BIGGEST STATE!

Mail Christmas Parcels Early

Postmaster Al Kandall is reminding the public that now is the time to mail overseas Christmas parcels.

Regular mail for overseas should be sent before Nov. 20 and airmail before Dec. 10.

Zip code numbers for local communities should be added to return addresses.

No Postal Deliveries on Veterans Day November 11

Veterans Day, November 11, falls on Monday this year and shall be observed as a legal holiday at all postal installations.

No window service will be provided; also no city, village or rural deliveries will be made.

If you run into trouble, who's going to pay all the bills?

Not you, if you carry adequate automobile insurance for both accident and liability. To be sure . . . insure! See us soon for low-cost coverage.

We handle all insurance requirements

WORTHY PROJECT--A group of DeMolay boys from the Stuart-Jensen area are seen carrying out their project of painting the turtle tanks at the House of Refuge.

George Renwick is Holding His Own

Bowden Heads Fund

The fund which was started by the fellow teachers of Mr. George Renwick, had reached $231.00 by the end of last week.

The Martin County Classroom Teachers Association will boost the fund by running the concession stand at the Home-coming football game Friday night, Nov. 1. The concession stand is usually run by the Student Council, who kindly stepped aside for this purpose, according to Jack Smouse.

Renwick, Science teacher at Martin County High School, was stricken with Tetanus on Oct. 20 and has been in critical condition at Martin Memorial Hospital. His condition on Monday was somewhat improved, and Doctors said he was holding his own.

The expense to Renwick's family, which includes three children, will be considerable, and anyone wishing to contribute to this fund may send their donation to Mr. Don Bowden. Trustee of the fund, at the Peoples Bank of Stuart.

The Stuart Business and Professional Women's Club were sponsors of a Halloween dance at Seymour's Inn on October 30.

AUSPAKERS RETURN TO JENSEN FOR THE WINTER

Mr. and Mrs. Arthur Auspaker arrived from Commack, Long Island Oct. 16 to spend the winter at their home on Sunny Acres Rd.

Auspaker was associated for many years with Paramount Pictures Corp. and is now retired.

Rod and Reel Motel Visitors

The recent meeting of the Florida Fellowship of Community Churches brought the following guests to the Rod and Reel:

Rev. & Mrs. Orva Lee Ice of Temple Terrace; Rev. & Mrs. Arthur W. Simms, Bradenton; Rev. Reid P. Gilland, Valparaiso; Rev. Urban L. Ogden and Mr. W. H. Scisco, Edgewater; Mr. and Mrs. Frank Ilgen, Keystone Heights; Mr. & Mrs. Samuel A. Bumpus, Daytona Beach; Rev. & Mrs. Richard K. Wiggins, Anna Maria; Mr. & Mrs. C. F. McNeill, Bradenton; Mr. & Mrs. C. D. Jordan and daughter, Bradenton Beach; Mr. & Mrs. Carl F. Scott, Holmes Beach; Mr. & Mrs. Richard Poe, Longboat Key; Mr. & Mrs. Don Bua, Temple Terrace; Rev. and Mrs. C. W. A. Bredemeier, Crystal Beach; Rev. & Mrs. L. D. Moseley, Daytona Beach; Mr. & Mrs. Eric A. Corkhill, Ormond Beach; Mr. & Mrs. Edward C. Kimball, Crystal Beach; Mrs. H. Law, Holly Hill; Mrs. Gloria Devane, Bradenton Beach; Mr. & Mrs. R. E. Crosley, Daytona Beach; Mrs. A. C. Holt and Mrs. D. A. Nelson, Keystone Heights; Mrs. Alms M. Frost and Mrs. William Walz, Keystone Heights; and Rev. A. Arnold Wettstein, Vero Beach.

Mrs. Chicky is Honored With a Surprice Coffee at School Cafeteria

Mrs. Lucille Chicky, fifth grade teacher at the Jensen Elementary School, was honored on her birthday Monday with a "Surprise Coffee", given by her fellow faculty members in the school cafeteria.

Church Was Go Most Nov. 7th

The women's Circles of the Rio Baptist Church will all have meetings on Thursday, November 7.

The Lenore Taylor Circle will meet at 10:30 a. m. at the church for a covered dish luncheon.

The Marilyn Bonnell Circle will meet at 10:00 a. m. in the church. A nursery will be provided.

The Vera Abrams Circle will meet in the Rio home of Mrs. T. D. Corrody at 7:30 p. m.

Ron McGee, of the Jensen Lanes, returned last Sunday after spending the summer in New York City.

Niagara®– the chair that loves you

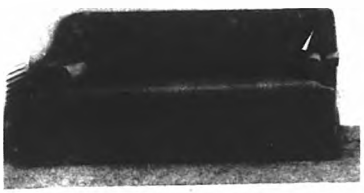
it rubs your back...eases aches and pains of tired muscles ...makes you feel good all over

Settle back in Niagara's World's Fair Chair, and as you turn the dial, feel its patented "Moving Heat" gently radiating through your body. Close your eyes and relax as Niagara's penetrating Cyclo-Massage action begins to help loosen stiff aching joints, unknot tight muscles, unjangle everyday tensions.

When Niagara's Heat And Massage Flow In... Minor Pains And Tension Begin To Fade

Imagine furniture that coddles you ... caresses you ... comforts you! Niagara's world-famous Cyclo-Massage action is built into every handsome Niagara lounger, sofa and chaise. Working horizontally, vertically and in a circular motion, this unique 3-way action pulses insistently through your body to help decrease fatigue, muscle pains and ordinary tension.

Today, go down to your local Niagara dealer for a free demonstration. Stretch out and relax as the chair that loves you, rubs your back ... gently kneads aches and pains of tired muscles whenever they occur ... makes you feel good all over. Consult your Yellow Pages for nearest dealer.



Dual-Thermo-Cyclopad® Focuses Double Power To Bring Relief At The Point Of Pain!

Niagara harnesses *double* Cyclo-Massage action and heat for penetrating relief of stiff muscles, aching joints, minor pain and tension whenever they occur. Two power plants bring relief—fast. This is the same Cyclo-Massage action recommended by so many doctors for relief of minor arthritic and rheumatic pain.

Niagara Sofas

with Niagara Cyclo-Massage® action to match your Niagara Lounger. Styled in Modern, Early American, Traditional and Contemporary in a tremendous range of matching decorator fabrics and colors.

Niagara Chaise Lounge

(Not shown.) Posture-comfort, sweptline styling with two built-in Cyclo-Massage power plants. Available in wide assortment of upholstered fabrics and colors.

SMOUSE SPEAKS TO WOMEN

Jack Smouse, general coordinator of Martin County Schools, and Dr. Maxwell King, president of Indian River Junior College, were guest speakers for the October meeting of the Junior Woman's Club.

Dr. King gave a brief explanation of the college building amendment referendum to appear on the Nov. 5 ballot.

Mr. Smouse discussed the program material method of teaching, explained advantages and disadvantages of the new system, and spoke on pupil dropouts and vocational education.

Mrs. Fred Rogers, chairman of the education department of the club, was program director.

Dunklin Group Plans Youth and Rehab Center

The Dunklin Memorial Camp, Inc. has purchased property from Julian and Irene Raskin, to be developed into a youth camp and an alcoholic rehabilitation center.

The announcement was made by Rev. and Mrs. Donald Evans, former pastor of Dunklin Memorial Baptist Church in Indiantown, who are president and secretary of the buying corporation.

Purchased were 320 acres in two sections on Martin Grade near its intersection with Fox Brown Rd., northwest of Indiantown.

Miss Sandy Rhodes was hostess for a Halloween costume party at her home on Ridge Road last Friday evening.

Dr. and Mrs. Paul Thomas have purchased the Bob Simmons home at Sage Sand.

COLLEGE CAMPUS WILL BE DEDICATED NOVEMBER 3RD

U of So. Fla. Names IRJC: "Pilot" Junior College for Interne Teaching

On October 21, Dr. Maxwell C. King released information that Indian River Junior College has been selected by the University of South Florida for a "pilot" experiment in interne teaching, a project on which speech and English instruction of both institutions have been collaborating for several months. As such, the local college becomes the first Florida junior college to be approved by the University of South Florida for the all-important training of prospective junior college instructors.

From November 4 to December 19, Paul Hall, senior at the Tampa university, while enrolled in speech 481-Directed Studies, will come under the supervision of the Division of Communications at Indian River Junior College for supervised teaching in English and Speech.

Dr. James E. Popovich, Chairman of the Speech Program, stated in his letter of authorization, "As you know, we are offered an interesting and unique experience by providing a practice-teaching experience at the junior college level." In a meeting with Dr. Popovich on October 19, Mrs. Helen Keller, Chairman of the Division of Communications, completed plans for the step that may set a precedent in Florida education. This move may well open the door to expanded services for training the student for teaching at the college level.

Dr. King's reply to the academic invitation stated, "We will do everything possible to see that our former student receives the type instruction and guidance that will be a credit to us and your institution."

Sen. George Smathers Is Featured Speaker

Four counties will join together in Fort Pierce on Sunday, November 3, 1963, at 3:30 p. m. for a day of festivities which will mark the formal dedication of Indian River Junior College. The event will note the culmination of years of effort and interest on the part of citizens of St. Lucie, Martin, Okeechobee and Indian River Counties. The ceremony, which is open to the public, will offer the people of this area the opportunity to hear one of the most popular U. S. Senators, George A. Smathers, who will be the featured speaker, and the widely known College Chorale, whose reception in this area has been enthusiastic and deeply gratifying.

Florida's Senator Smathers lives in Miami and is a member of two Senate Standing Committees, the Foreign Relations Committee and Finance Committee. He is also a member of the select committee on Small Business and chairman of a special Committee on Aging.

The dedication will begin with Invocation by Reverend Waldo Sarabee of the First Methodist Church in Fort Pierce. Benediction will be given by Reverend McKeown of Saint Helen's Roman Catholic Church in Vero Beach.

The College Chorale, directed by Mrs. Laura Hewitt Whipple, will open the musical program with "The Star Spangled Banner", and "Oh God, Beneath Thy Guiding Hand", by Halton-Shaw, followed by "America, by Bloch.

The Chorale, together with the IRJC Instrumental Ensemble directed by Arthur C. Pottorff, will be heard in closing with "Pioneer" the IRJC Alma Mater, written by Mrs. Laura Hewitt Whipple.

Senator Smathers and other invited speakers, consisting of local educators and officials from the four county area, will be introduced by Dr. Maxwell C. King, IRJC President, who will also deliver the opening speech declaring the dedication of the new campus.

The program, in addition to Senator Smathers, includes Ben L. Bryan, St. Lucie County Supt. of Public Instruction, who will comment on the new IRJC campus, who will be followed by Student Government Organization President Charles Sammons and Charles S. Miley, Chairman of the four county Advisory Board.

Fort Pierce, in hosting this event, is expected to put its best-dressed foot forward to welcome the visitors from the other counties, who have as great a role in the success of IRJC as Saint Lucians.

Open house will follow the dedication ceremonies.

PRESENT 65 ACRE CAMPUS--The needed IRJC buildings that can be purchased by a YES vote of the Florida citizens on November 5th are superimposed in their planned location on the new campus site. Aerial view of the IRJC campus by Al Test.

Solons Praise IRJC Progress

Art Karst (Indian River)

"I am happy to see the progress made in the field of higher education. All of the legislators of our four-county area have pledged themselves to see that adequate funds are provided to finance the programs and buildings necessary to assure students of this area the highest quality of junior college education anywhere in the United states."

W. E. Owens (Martin County)

"I am very much encouraged and pleased with the progress made within these four counties to provide the facilities needed for higher education. I hope that within the next four years we will show as much progress as has been shown in the last four years at Indian River Junior College. I certainly feel that there is a need for capital outlay not only here in our four-county area, but throughout the entire state."

W. Allen Markham (Okeechobee)

"I am very pleased to see the progress that the state has made in the field of higher education. I think the junior college fulfills a great need in higher education. Junior colleges provide a chance for many students to continue their education which they would not have been able to do otherwise. I am pleased about the provisions we have made in the Indian River area for higher education. I feel that the bond program (Issue 2) is the most logical way to finance against the capital outlay needed for the programs in higher education."

Frank H. Fee (St. Lucie)

"I am happy that the building construction program is coinciding in time with the approaching referendum vote on properly financing the needs of higher education. The period of growth of Indian River Junior College in terms of participating students is a true example of the exploding needs of higher education as the problem exists throughout the state."

REPRESENTATIVES WITH DR. KING. L. to r. Frank Fee, W. Allen Markham, Art Karst, Dr. King, and William Owens.

The President
The Faculty and the Students
of
INDIAN RIVER
JUNIOR COLLEGE

request the honor of your
presence
at the DEDICATION of
THE COLLEGE CAMPUS
3209 Virginia Avenue
Fort Pierce, Florida

Sunday afternoon, November third
at three-thirty o'clock

An Open Letter to Dr. King

Dr. Maxwell King, President
Indian River Junior College

Dear Dr. King,

Congratulations! The future of the Indian River area is in your hands. Your faculty and students have made an outstanding contribution to our four-county area, and with ever improving facilities your contribution will be greater. We are proud of your dedicated staff and the fine instruction given to those students who wish higher education. Knowledge is power, and the young people you train today are our future leaders in the communities' business world, and government at all levels.

Your present permanent buildings should only be a start, for with trained personnel and willing students, you can progress only with additional funds. I know that they are worth whatever it costs. I hope that with the passage of the constitutional amendment on November 5th that you will be able to double your facilities. The growth of Indian River Junior College cannot be measured in dollars. Your growth and quality will directly improve the living, thinking, and earning of our citizens.

I thank you, your faculty and students for all that you mean to our communities and assure you of my desire to assist you in any way at any time.

Sincerely,
John M. McCarty,
Senator
12th District

GROUND-BREAKING CEREMONY. On April 6, 1962 the ground was broken for the new campus that we now dedicate on November 3, 1963. Shown left to right at the now historic ground-breaking are Dr. James L. Wattenbarger, Director of the State Division of Junior Colleges; Florida Attorney General Richard W. Ervin, featured speaker at the ceremony; former State Senator Harry J. Kicliter; and IRJC President, Dr. Maxwell C. King. Photo by Lee McCauley.

SCHOLARSHIP HOLDERS: Four of the present fifty-one IRJC scholarship students siting with their representative counties. Judy Hazelieff, Sophomore, Okeechobee, Marty Waldron, Sophomore, Vero Beach, Harvey Ellis, Freshman, Fort Pierce, and Bob Routa, Sophomore, Stuart. The four-county terazzo mosaic is located in the lobby of the Administration Building.

FACULTY EXPANDED FROM NINE TO THIRTY

A full-time with six part-time faculty members opened the first semester in September, 1960 at Indian River Junior College with twenty-four courses. Today's full-time faculty of twenty is assisted by a part-time faculty of ten is teaching a total of seventy-two courses. Four of the original nine are still here, namely: Mary G. Brown, John B. Bean, Holt Harmer, and Helen B. Keller. IRJC's part time instructors are drawn from such varieties of sources as the college administrative staff, high school faculty, and other qualified members of the four county community.

College faculty degrees were earned in many parts of the country. States represented are New York, Illinois, Ohio, Indiana, Missouri, Massachusetts, Kentucky, Tennessee, Maryland, Wisconsin, Alabama, North Carolina and Georgia, as well as Florida. A cosmopolitan air is added by foreign degrees from Puerto Rico, Germany, and France.

Few sophomore courses were offered the first year as only five full-time sophomores were enrolled. The second year saw the addition of four courses in the humanities along with a noticeable expansion in the fields of business and social studies. In 1962-63 the first technical course was introduced, but today the program has been increased to eight.

Each year Indian River Junior College has offered a summer program staffed by members of the full-time and part-time faculty in which twelve to fifteen courses were available. At the enrollment and physical plant grow, so shall the faculty and variety of courses offered.

CORNERSTONE: The IRJC cornerstone on the Administration Building was laid in April, 1963 by the Free and Accepted Masons of Florida. L. to r.: William S. Christian, Grand Master, and Grant C. Glider, Grand Marshall, both of Miami. Photo by Art Kelly.

Scholarships-Loans are Available

During the past three years Indian River Junior College has received many scholarships from many individual friends of the college. For the year 1963-64 more than $9,000 in fifty-one individual scholarships have been given to the college. These scholarships range in size from $50 to $500 and are based on both the needs of the individual student and his scholastic ability and potential.

Included in this $9,000 are four State Teaching Scholarships of $400 each awarded by the State of Florida Department of Education to top students who plan to make teaching their profession. These scholarships are repaid by the student by teaching in the State of Florida one year for each $400 that has been awarded.

The college has enjoyed a fine reputation in the community by being able to assist practically every student that has demonstrated the ability to succeed and has shown a financial need in order to complete his education.

To participate in the scholarship program a student need not be an "A" or "B" student, but must have a satisfactory academic background which would indicate that he has the potential to make satisfactory progress toward graduation at the college.

In addition to scholarships, the Indian River Junior College participates in the National Defense Student Loan Program, sponsored by the Federal Government. The college loans money to qualified students based on individual need. A student may be eligible to borrow up to a maximum of $500 which is repayable in ten years after the completion of his or her education at 3% interest. This year the college will loan approximately $4,000 under this program.

College Program Three - Fold

The 1957 Florida Junior College Law established community junior colleges with three fold curricular programs covering college parallel work, technical and terminal programs, and adult enrichment education. Indian River Junior College was developed in 1959 to serve four east coast counties, Indian River, Martin, Okeechobee and St. Lucie. Its threefold program is developed to meet the needs of its area.

The college parallel program is the course of study which parallels the freshman and sophomore years at any college or university. The curriculum plan is known as pre-professional training in that it is designed for transfer to the professional schools or to the colleges of liberal arts at the junior year level of a four-year-degree program. An integral part of this program are the General Education requirements of Indian River Junior College Associate in Arts degree candidates.

Technical and terminal programs of study which reflect the needs of local and state business and industry. These vocationally oriented courses generally involve one to two years of study at the junior college level. While a portion of the courses included in these programs of study are transferable to a four-year degree granting institution, the primary purpose of the program is to provide students trained for immediate employment in business and industry.

The adult education programs and courses were and are designed to reflect the cultural, personal, and business needs of the adult students in the community. This includes both credit and non-credit offerings which are available both day and evening. Emphasis is given to other non-credit educational programs provided by a junior college in accordance with local needs. The course offerings in the Indian River Junior College county program are influenced by four-county requests.

THE STUDENT LOUNGE--A gathering place for students to relax and meet their fellow classmates. Here they play cards and chess or just sit and talk. Unfortunately this space is very inadequate as the Lounge consists of one converted classroom. The Lounge is essential to the students. Presently, it is possible to seat only about 25 people. There are over 600 students enrolled at IRJC. The passage of Issue 2 on November 5th will provide funds for a student center. Photo by Mike Stone

Women's Groups Organized in 4-County Area

The Women's Division of the Citizens for Florida's Future has been organized in each of the four counties served by Indian River Junior College. The State Women's Division Chairman is Mrs. William Kidd of Tallahassee. Chairman from the four counties are as follows: Indian River County, Mrs. John Crowell; Martin County, Mrs. Vee Chambers; Okeechobee County, Mrs. Alfred Meares; and St. Lucie County, Mrs. Charles E. Bowen.

The Women's Divisions in each of these counties are working very hard in informing the general public about the College Building Amendment. They have been instrumental in getting P. T. A.'s and other civic groups to encourage a favorable vote on Issue 2 on November 5th.

GRADUATES SUCCEED

Of the first graduating class of 29 in 1962, 23 of students are presently enrolled in a 4-year college or university. These 23 graduates are all doing well, according to information from their university and have an overall grade point average of 2. 6(C+).

Four of the first graduating class will complete their Bachelors Degree in December of this year, thereby finishing a 4-year course in 3 and a half years. These students are enrolled in many of the 4-year colleges and universities in Florida, in Columbia University in New York, and George Washington University in Washington, D. C.

Sixty-five of the first eighty graduates of Indian River Junior College are continuing their education in universities. This number is above the average of Junior College graduates and is a good healthy indication of the inspiration for higher education that is developed during the students' two years at Indian River Junior College.

The Adviser - Advisee

The objectives and programs of the community junior college rest upon the counseling and guidance program. Therefore, Indian River Junior College's program might be likened to a pyramid--the base being the Guidance program.

Therefore, Indian River Junior College's program might be likened to a pyramid - the base being the Guidance program.

At Indian River Junior College the heart of the Guidance program are the faculty advisers. All instructors at the college have from 12 to 20 student-advisees, who are interested in an occupation related to the instructors' specialty. The role, then, of the adviser is to tie together all the facts pertaining to the student and his progress. After examining and evaluating these facts, the next step is how best to help the student advisee. This might be accomplished in a number of ways including sending the student to someone else to receive help. The success of the Guidance program rests on whether or not everyone participates. At Indian River Junior College this participation is functioning.

The Adviser-Advisee story at Indian River Junior College then might be said to be one of stressing service-to-students by pulling in everyone who is interested and available to help the student to a better adjustment and prepare him for his profession or goal in adult life.

Expansion Expected

Enrollment Shows Steady Growth

The Indian River Junior College opened its doors September 1960 with a total of 348 students and 12 full time instructors. From this nucleus the enrollment has grown to 617 students and 26 instructors in 1963. The college has shown a healthy and steady growth of approximately 20 to 25 per cent per year to reach its present level of enrollment.

Male students outnumber the women by approximately two to one. St. Lucie County leads the four-county area with approximately 60 per cent of the students, Indian River is next with 20 per cent, Martin County third with 12 per cent, and Okeechobee with 5 per cent. The college usually has 10 or 12 students from other counties in the state of Florida as well as 12 other states and six foreign countries represented.

The college anticipates its steady growth to top the 1,000 mark by 1970, if not before. With the anticipated passage of the College Building Amendment on November 5, the present facilities will more than double to provide for the expected growth.

In addition to the college credit students, the Adult program which is taught entirely in the evening, has shown considerable increase, starting with 536 enrollees the first year to more than 1,000 each year thereafter.

Students shown registering with Mrs. Mary Woods, secretary to the Registrar. Photo by Mike Stone

DONATIONS INCREASE LIBRARY COLLECTIONS

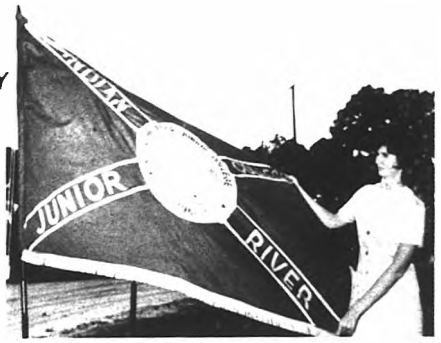
Much of the credit for the rapid growth made in the library collection is due to the generosity of individuals and organizations within the community. Nearly every area of the collection has been expanded by donations. Some areas have been built largely through such generosity. For example, the religious collection has been built from donations made by the Fort Pierce Ministerial Association, the Jewish Chatauqua, local congregations, and individuals.

Cash donations have been received from social and professional organizations. The Alpha Assoc. of St. Louis Co. has made cash donations for purchasing education books. The Retired Teachers donate money each year for the purchase of Current Biography annuals. All local newspapers from the four-county area have been donated by the publishers.

Neighboring libraries have been most generous in helping the college library to solve some of its problems with materials. Dan McCarty High School Library has donated many back issues of magazines, St. Lucie County Junior High School Library has also donated magazines, St. Lucie-Okeechobee Regional Library and Martin County Public Library have contributed duplicate copies of books and periodicals in addition to books which are especially suitable for college students. The Fort Pierce Memorial Hospital library donated many volumes of fiction.

The Indian River Junior College library has especially benefited from donations of professional materials such as scientific and engineering magazines, historical publications, etc. A member of the college secretarial staff has contributed all of the National Geographic Magazines from 1914 to the present.

Individual gifts of a few magazines or books have probably accounted for the largest number of donations. Here the library owes many thanks to the Pilot Club of Fort Pierce which has collected books for the library since its opening. No gift is considered too small, and the few gifts referred to in this summary in no way represents a complete list.



IRJC FLAG and DESIGNER: The flag was designed by Annette Vaught, present Sophomore, Ft. Pierce, last spring. The Student National Teachers Association produced the flag and presented it to the college in May, 1963. Photo by Mike Stone

You Can Help

The college library, is anxious to receive donations of worthwhile materials. The generosity of many donors has lent much to the development of the library collection.

Although the library subscribes to such magazines as Atlantic, Harpers, and Saturday Review, we can use additional copies of these because of the heavy use they get from our English classes.

Your used copy of more popular magazines such as Life, Look, McCalls, etc., could be used in the student lounge and waiting rooms throughout the campus.

Fiction is always needed in the college library. Especially more recent books are desired.

Donated materials are put through the same process as is followed when considering the purchase of new materials. If it is found that the material is not usable in our library, it is in turn given in the donor's name to another community library where it might be more usable. We invite you to visit the college library. It would be appreciated if all donations were delivered to the college.

Libraries aim to develop a love of books. Some library users develop only love.

Public Welcome to Use Library

Five per cent of the total number of books borrowed from the IRJC library last year were taken out of the library by the general public, individuals not enrolled in the college. Although this is a small figure, the library is pleased to have served even this small group. Because the college collection is developed with the college student in mind, it is possible that this library can provide materials not available in the public library. If people not enrolled in the college have need for such materials, the college library is pleased to make such loans. The reference books and magazines are also available for in-library use by the general public.

During the T'ang Dynasty in China (618-906 A. D.) the world's largest city Ch'ang-an existed as the capital while Rome had declined, since its fall in 476 A. D., as the world's leading city.

SCIENCE AND MATH..
DEVOTED TO TRUTH

by W. Holt Harner, Dept. Head

The science and mathematics department seeks to enhance a comprehension of the total world environment. Basic truths are stressed by the presentation of subject matter in an objective, factual manner with due stress to practical application.

The instructor background is wide and varied with nine degree-granting institutions represented. There exist twenty-five years of college experience scattered among the five faculty members.

The mathematics courses range in offering from Basic Math to Calculus. All students seeking a degree are required to successfully complete one course in this area. The mathematics major and the related field major (e.g. Engineering, Physics, Chemistry) are served adequately by the program. The math program is moving toward the modern approach with an intersection of logic in an effort to acquaint the student with a sound reasoning process underlying an understanding of the manipulation of numbers.

The science courses include offerings in the basic disciplines of Biology, Chemistry, and Physics, with advanced work in the areas of Botany and Zoology. All Indian River Junior College graduates must successfully complete two semesters of science. All science courses are laboratory courses where student utilization of the "scientific method" is stressed. The new campus Science building and lecture Theatre have complemented this area and additional equipment continues to enrich this program. The emphasis enhanced by the laboratory, has constantly been on close association between the instructor and the student. This close association has kept many students in college who normally would have left college environment due to academic and social adjustment difficulties.

The science and mathematics department is devoted to truth and dedicated to the presentation of scientific, logical thought development in the accumulation of knowledge.

SOCIAL SCIENCES
Understanding Human Relations

By John K. Brown, Dept. Head

In the rapidly changing world in which Twentieth Century man finds himself, the need for a clearer better understanding of his social, economic, political, and cultural role has become of the greatest importance. The human element of this role has often been neglected because of our increased interest in technology and science. However, it must also be remembered and stressed that technology is only as good or as evil as men make it. Developing ways men can come to cope with the social problems created by ever changing technology is the job of the social sciences. Passing along information concerning these new methods of dealing with human problems is the job of the social science teacher.

The social science program of Indian River Junior College has been planned to develop in the student a clear, accurate, and more informed attitude toward these complex problems. Course offerings range from an introductory one to courses in such specific areas as Oriental history, economics, western civilization, American history, American government, geography, philosophy, sociology, and current affairs.

All students seeking a degree from Indian River Junior College take the introductory course to the social sciences and two courses in the History of Western Civilization. The introductory course covers topics such as the Cold War, what it is and how it is developing; the American monetary system and how it operates; the major "isms" of the Twentieth Century, Capitalism, Socialism, Fascism, and Communism, the sociological problems created by our rapidly expanding cities; and the foundation of our American democratic heritage. This course requires the student to do research and make reports to the class on his findings.

Social science majors can omit the introductory course from their program of study but must take two other courses in two different areas of the social science field. This approach will give the student a deeper understanding of a somewhat narrower field of study. These social science majors will also take additional course offerings in the other areas of study when they finish their degree programs at a senior university.

In order to offer such a diverse program, the Social Science Department has a faculty with a wide range of interests, experiences, and training to present the program. One member has taught in the Congo, immediately prior to the outbreak of the war in that area of the world; another served on the American occupation staff which first entered Berlin at the close of World War II. Degrees have been granted to the members of this department from many states in the United States including Maryland, Colorado, Missouri, and Florida. The department feels that with this diversity of educational and personal experience and training we can give our students the benefit of practical, personal experiences to supplement the formal educational training necessary to promote the understanding of human relations in our rapidly changing world. The social scientist cooperates with the natural scientist in helping people know and understand the universe in which they live.

He places his emphasis upon the development of such concepts as the rights and responsibilities of citizenship and ways of understanding the cultural heritage of his own society as well as the societies of other peoples

Math Goes Modern

By M. Brown and R. Graves

A person returning to the study of mathematics after ten years has been compared with a business man who returned from a trip and found that his house had been rearranged. He recognizes a number of pieces of furniture but few are as they used to be. Edward Cogan, Sarah Lawrence College, in May, 1963 issue of the American Mathematical Monthly uses this analogy to depict the change in the mathematical scene.

Because of the technological revolution and the great complexities involved in solving our problems, it became necessary to place greater emphasis on the structure of formal language, the relationships of statements in a proof, hence the study of symbolic logic, sets and classes. The physical scientist is no longer satisfied to run an experiment a number of times, make a prediction in the form of a natural law, rather today he would like for his predictions to be in terms of intervals of possible numbers with numbers attached to them that describe the probability of this occurrence. This requires elaborate probability structure and statistical theory. The computer revolution has left its impact on mathematics. Because of increase in speed and reliability mathematicians have been freed from tedious, routine, monotonous calculations. Man will concentrate more on conceptions in a field, leaving computers to work out details and checks with experiments. A whole new field for mathematical applications has arisen in the use of mathematical models in social and biological sciences. These models are small scientific theories developed as approximations to real life situations and providing predictions similar to those of the physical scientist.

Needless to say, the mathematical resources of our country are very critical. Top priority is being given to programs in mathematics which effect all levels of teaching. This is why the National Science Foundation supports Summer Institutes, Year-Round Academic Institutes, In-Service Institutes to promote the understanding and increase the background of science and mathematics teachers. There are many experimental programs under foot in various sections of the country for the improvement of mathematics curriculum. We at Indian River Junior College try to keep abreast of these new trends. Above all, we hope to provide a challenging, enriching atmosphere to stimulate creative thinking.

Business Foundation Provided

By Gene Lyon, Business Manager and Instructor

The business curriculum at Indian River Junior College has been planned to fulfill purposes of the community junior college: Pre-Business, terminal, and adult education.

First, the pre-Business Administration courses provide a good foundation for the student who plans to complete his degree work at a four-year institution. Whatever fields he or she chooses---sales, management, insurance, clerical or stenographic, accounting or real estate---the student will benefit from these foundation courses. They include a survey of American business, theory courses in economics and the legal side of business, and the acquisition of the practical skills of typing, shorthand and accounting.

Indian River Junior College also serves its community by offering terminal courses in basic business practice to provide skills for direct and immediate use in the local employment markets. Employer and employee like can be aided by the increased pool of clerical, stenographic, bookkeeping and accounting skills existing in this four-county area.

Any individual, of course, may also choose to take any of the courses for sheer enjoyment or for useful information in his daily life, and many people do this. The Adult Education program includes non-credit skills courses for the interested citizen.

What is SPS?

by Charles W. Sample, Dean
Student Personnel Services

The college, being vitally concerned with the intellectual, personal, and social development of students, must provide more than classroom instruction in academic subjects. It will go beyond this to provide services which contribute to the physical, mental, personal, and social development of the individual student. These services constitute what is broadly designated as Student Personnel services.

Personnel services are considered to be those which are provided outside the classroom, which are noninstructional in nature, and which are provided the student on an individual basis. These services are provided by specialized personnel, professionally trained in various fields, rather than by the individual instructor.

Indian River Junior College's Student Personnel Services include the Counseling and Guidance program, which is divided into areas of academic, vocational, and personal counseling, student employment and placement service, financial aid and scholarships, student housing, student center, assemblies, clubs, recreation, social, student government, orientation programs for new students, student records, articulation with high schools, colleges, and other agencies, and follow-up and research studies of student.

Student Personnel Services at Indian River Junior College are essentially concerned with the life adjustment of nonsubject-matter aspects of education. To this end, the college provides more for the individual student than just what he is taught in the classroom.

STUDENT PERSONNEL STAFF--Seated at the student pamphlet desk, part of the Guidance offices, is Helen Diedrich, Women's Guidance counselor. Looking on at the SPS article she is reading are Charles W. Sample, Dean of SPS, and Walt Windley, Men's Guidance counselor.

STUDENT CLUBS

There are fourteen Student Activity organizations at Indian River Junior College at this time.

1. Student Government Organization. This is a group whose main purpose is to act as the "steering wheel" for the student body. It is a consulting group.
President..... Charles Sammons
Vice President..Lester Hargrave
Secretary..... Polly Roth
Treasurer..... Michael Moody
Sponsor.....Mr. Robert Pfaff

2. Sophomore Class
Sponsor..... Mr. Charles Bowen
Chairman.....Dan Shurley

3. Freshman Class
Sponsor..... Mr. John Lonz
Chairman.....Gary Schmitt

4. Baptist Student Union. This club is composed of Baptist students on campus. A Club for fellowship and spiritual development.
Sponsor....Miss Penny Williams
President..... R. Lee McCauley

5. Circle K. This is a service club for college men. It is sponsored by the South Fort Pierce Kiwanis Club.
sponsor..... Mr. John Brown
President..... Harley Cowles

6. Diving and Skiing Clubs. Any students interested in water sports are welcome.
Sponsor..... Mr. R. Bird
President.....To be elected

8. Intramural Programs. These programs include volleyball, flag football, and bowling among others. There is an Intramural Board composed of students which organize and administer activities under the sponsor's supervision.
Sponsor.....Mr. Robert Garin and.....Miss Adele Grove

9. Inter-Club Council. This club acts as a "sounding board" for the clubs on campus. All clubs have a representative on this council.
Sponsor.....Miss Helen Diedrich

10. K-ettes. This club is composed of women on the campus. It is a service club ponsored by the South Fort Pierce Kiwanis Club.
Sponsor..... Mr. John Brown
President..... Anne Keller

11. Tri Kappa Lambda. This is a club devoted to increasing the social life of the men of Indian River Junior College.
Sponsor.....Dr. Edwin Potter Jr.
President.....Joey Campbell

12. Collegiate Civitans. Newly organized service club for college men. Sponsored by Fort Pierce Civitans.
Sponsor..... Mr. Walt Windley
President..... to be announced

13. Simoc. The yearbook staff for all students interested in yearbook layout and production.
Editor..... Sonya Sample
Sponsor..... Joyce F. Quick

14. Pioneer Post, monthly. The newspaper staff for all students interested in the many phases of newspaper production.
Editor..... Frank E. Cofer, Jr.
Sponsor..... Joyce F. Quick

A Program Sets Basic Requirements

[illegible] tion Requirements [illegible] of the Associate in [illegible] programs. Forty hours in [illegible] hours are required by [illegible] Junior College. The [illegible] sixty-four hours for graduation are in elective field[illegible] study.

[illegible] about 40 hours includes: [illegible] hours of English, 3 hours of [illegible] hours of Social [illegible], 2 hours of Science, 2 [illegible]logy, and 8 hours [illegible]Literature, Philos[illegible] Art, Music] and 4 hours [illegible] Education.

[illegible] general education re[illegible] were established at [illegible] River Junior College to [illegible] understanding of [illegible] heritage, (2) to develop [illegible]) to broaden skills [illegible] communications, (4) to en[illegible] critical thinking, (5) to [illegible] creativity, (6) to en[illegible] personal development, (7) to [illegible] and spiritual values, [illegible] the comprehension [illegible] the physical environment.

Student must complete a minimum of 64 semester hours with an overall C average, of which 40 hours in required courses, including English, Social Science, Natural Science, Mathematics, Psychology, The Humanities, and Physical Education. The other courses may be elected by the students.

LAST TO GO--With the movement of IRJC to its new campus, students Charles Sammons and Harley Cowles, Sophomores, Fort Pierce, dismantle the sign from the temporary building at Preston Court. Photo Lee McCauley

1964 GRADUATES INDICATE PLANS

Of the 92 potential graduates of Indian River Junior College for 1964, 83 students plan to continue their education in 17 different colleges and universities of higher education. These include colleges such as Vanderbilt, Georgia Tech, Indiana State, Wheaton, Georgetown, Emory, Duke, University of North Carolina, and all four-year colleges and universities of Florida.

Students are planning for such professions as dentists, architects, teachers, designers, psychologists, fashion illustrators, nurses, biologists, scientists, accountants, business managers, lawyers, doctors, engineers, artists, musicians, and many other areas.

The 1964 graduate of Indian River Junior College will find themselves involved in many facets of our business and social world of work and represented in some of our nation's finest colleges and universities.

As a public Junior College of the State of Florida, the Indian River Junior College does not require a special average from a high school student in order to enter. A student must be a high school graduate of an accredited high school in order to apply for entrance. Should the student be a graduate of a non-accredited high school, he may be admitted on a probationary status.

IRJC NEWSPAPER (PIONEER POST) was produced in March, 1963. The first edition included a naming contest. Seen above are Richard E. Campbell, publisher of The Jensen Beach Mirror, contributor of prize money, presenting the winning check to Chuck Hawken, Stuart, whose entry of Pioneer Post was chosen. Looking on are Charles Sammons, last year's and first editor, and Dr. Maxwell C. King, IRJC President. Photo by Harley Cowles

PUBLICATIONS EDITORS IN CONFERENCE--Left to right: Frank Cofer, Jr., Fort Pierce, Editor-in-chief of the Pioneer Post, and Sonya Sample, Editor-in-chief of SIMOC, the yearbook. By combining the four-county letters S for St. Lucie, I for Indian River, M for Martin, O for Okeechobee, and C for counties, the yearbook was named four years ago. Mike Moody, Fort Pierce, Business Manager for both publications is seen telephoning. Mike Stone, Stuart, Photographic Editor for both newspaper and yearbook, and Joyce F. Quick, coordinator of publications, discuss yearbook needs. Dee Stewart, Okeechobee, Layout Editor of the Pioneer Post, is reviewing the last edition. Photo by Lee McCauley

Technical Education Serves Industry

Dr. E. E. Potter, Jr., Director

The primary objectives of Indian River Junior College, as stated in the college catalog are "To provide two years of college work acceptable for transfer to a four-year college or University; to provide suitable courses for adult citizens who wish to further their education--; and, to provide programs that will fit the students for employment in industry and business in this area." It is within the realm of the third objective and above that the Division of Technical Education has reason for its existence.

The technical programs are designed to offer a local opportunity for persons to gain competence and skill in a technical vocation. This means that the program should provide all high school graduates who desire them, two-year, college-level programs which have great emphasis on science, mathematics, and engineering-related courses. Effective citizenship and family membership cannot be neglected, however. Therefore, the typical technical program concentrated as it should be with the science and related areas, also places some emphasis on the fine Arts, Physical Education, and Social Sciences.

That the technical programs are greatly in demand, was brought out in a recent community survey. A questionnaire was mailed out to 436 individuals and/or business firms who employ 80 per cent of the technical and technically related working population in the four-county area. A 30 per cent return on the survey indicated that there were at that time over 1500 technically employed persons in the four counties. The limited return further indicated that almost 1000 technical employees would be needed in the near future. Technicians, Engineering Aides, Technical Salesmen, Mechanical Technicians, Medical Technicians, and Agricultural Technicians.

The two technical programs now offered at the Junior college should help graduates obtain technical jobs which will be available in all of the fields mentioned above, except the last two. In this way, the Junior College is hoping that it is serving both the students and the community more adequately.

In Memorium to Robert C. Spillman

Bob Spillman, who gave so much of himself to so many causes, will always be remembered by the Technical Education Advisory Committee as a warm friend, always ready with a smile, and an efficient chairman whose leadership helped make the Technical Programs of the college possible.

Japan in a matter of 110 years has come from 200 years of isolation to one of the leading nations of the 20th century.

IRJC Credits Transfer

The credits earned from Indian River Junior College have been accepted by more than 40 colleges and universities in the East and southern portions of the United States. These colleges accept credits of grade "C", or higher the same is from any other college.

During the past three summer school terms, more than half of the 250 students have been from the colleges and universities, and Indian River Junior College has transferred those credits back to the student's present college without difficulty.

Colleges that have accepted the credits include all colleges and universities in the state of Florida, University of Georgia, Emory, Alabama, Johns Hopkins, Columbia, Vanderbilt, Mississippi Southern, Florida State, Brigham Young, and others. Plus the above mentioned only [illegible] the transfer [illegible] colleges or [illegible]

ADVANCED MECHANICAL DRAWING AND MACHINE DESIGN--Left to right: Phil Stone, Vero Beach; Don Baggett, Ft. Pierce, and instructor M. Bloom, instructor, who is an experienced retired Mechanical Engineer.

ELECTRONICS CLASS IN PROGRESS--Robert Conklin, Jr., full-time Technical Education instructor, is shown with the new electronics equipment in the new Science Building Electronics Lab. Interested in the course are Walter Harding and Douglas Peragler, both of Fort Pierce, assisting Mr. Conklin, Don Butcher of Fort Pierce, and Joe Hamilton of Vero Beach.
Photo by Mike Stone

Counties Provide Transportation

The School Boards of the counties provide transportation to and from the college at no cost to the student. Each school Board is responsible for this transportation providing several stops along the way for the convenience of the student.

Each day at 7:45 a.m. the buses from Martin and Indian River counties can be seen discharging about 15 to 20 students at the campus. The Indian River County bus starts at Fellsmere, and covers the route through Sebastian, Wabasso, Vero and into Ft. Pierce. The Martin County bus services the Jensen area as well as all of Stuart.

At present no transportation is furnished from Okeechobee as the students desire to live in Fort Pierce rather than ride the 40 mile route twice daily. St. Lucie students are authorized to ride any of the presently operated school buses, however, no special bus is provided exclusively for college students.

IRJC TO HOST DEBATE WORKSHOP

On Saturday, November 16, IRJC debate teams will play host to a number of visiting teams from several South Florida colleges in a one-day Debate Workshop on campus.

Invitations have been issued to junior colleges in Cocoa, Palm Beach, Ft. Lauderdale, St. Petersburg, Bradenton, Miami, Fort Myers, and Orlando as well as the freshman-sophomore team from the University of South Florida in Tampa.

Instead of the usual six round two-day tournaments that come later in the year, this session will be a practice three round one-day workshop. However, in keeping with the current trend in intercollegiate debate the ratio of standard to conference style will be two to one. The conference style permits interruptions during constructive speeches and creates a more conversational discussion type situation as contrasted with the formal standard style.

Resolved that the Federal Government should guarantee an opportunity for higher education to all qualified high school graduates provides the proposition for discussion in intercollegiate debate this year.

Sandra Mullis, Frank Cofer, Michael Hodson, William Knowles, Lee McCauley and Willard Seibert are members of the college team which is coached by Mrs. Imogene R. Dolonik, instructor of speech and English.

At 9:00 A.M., November 16, the first rounds of debate will be underway in IRJC classrooms. The public is cordially invited to attend any or all of these sessions. Debate coaches will serve as critic judges. No prizes or trophies will be awarded since this is only a workshop, but a general critique will be held at the luncheon which will close IRJC's first student inter-collegiate forensic activity.

TECHNICAL EDUCATION ADVISORY COMMITTEE---Pictured above from left to right are Ed Blaisdell, Okeechobee, Jim Beindorf, Vero Beach, Frank Reeves, Okeechobee, Ken Harris, Stuart, Joe Greenlees, Stuart, Norm Zapf, Vero Beach, Bob Terry Jr., Fort Pierce, Ned Potter, Fort Pierce, and Lee Smith, Vero Beach. These men comprise a committee whose main function is to provide a link between the Junior College Technical programs and the community. The primary interest at the Junior College's Division of Technical Education is to make its graduates better suited for employment on the labor market. To do so, there must be a continuous flow of information between the prospective employers and college instructional staff. The college staff must have its ears tuned to the latest technical advancements, the latest business trends, the changes taking place in the technical skills and proceedures being employed in the community. The College also must keep up with changes in professional and business codes and standards for equipment; it must procure equipment, employ qualified instructors, recruit students, place its graduates in jobs. The advisory committee has and will continue to act in an advisory capacity to help keep the technical program a dynamic, progressive program. Not shown in the picture are members Dave Irons, Stuart, Standish Crews, Vero Beach, Ben Dixon, Okeechobee, and Wilbur Lawson, Okeechobee. Photo by Mike Stone

...er Sweeps Into Trustee Post as Conservatism Reigns in Jensen

Al Walker, last minute candidate for re-election to the school trustee position in Jensen Beach, swept into office Tuesday, defeating Margaret Ann Lindley 256 to 149. Voters selecting Earl J. Ricou of Stuart (son of one of the founders of Jensen Beach) were in the minority, choosing Donna Rowell by a close 162 to 159 vote. Ricou was elected countywide.

In the change of voting on the governor to an off-presidential election year, Jensen residents preferred the election year method 199 to 259, and liked the school bond issue 266 to 202 and the recreation bond issue 257 to 196.

In the school millage election, voters issued a warning to the school board, voting down the millage for building and buses, 144 for, to 171 against. Many votes showed the concern with latest tax statements which increased taxes almost 25%, though it had nothing to do with it.

About 22 per cent of Martin County's voters went to the polls Tuesday, to make it one of the county's poorest turnouts in modern history.

They voted, 1,096 for and 846 against, the off-year amendment to the constitution; favored the college building bond amendment 1,078 to 908; and favored the recreation bond amendment 1,009 to 922.

Freeholders and personal property tax payers opposed the two mill building and bus levy in a tight vote, 682 opposed, 666 for, in which 24 absentee ballots may influence the outcome.

The freeholders and property taxpayers re-elected two of the school trustees, but gave a third the biggest vote.

Re-elected were Alver Walker, from District 1, with 761 votes and George Osborn in District 3, with 514 votes; elected in his first race was Earl Dyer Ricou, with 848 votes to lead the field.

Mrs. Donna Rowell, who also ran for the first time, polled 616 votes for the third high tally, but since only one trustee is permitted from any one district, she was defeated by Ricou.

Trailing the top four were Mrs. Margaret Ann Lindley, District 1, with 480 votes; Robert Battermann, District 4, with 444; Yoder, with 390, and Paul Bryant Jr., District 4, with 360.

Only nine freeholders or personal property taxpayers bothered with write-ins in opposition to the two-mill district one levy for schools, but their displeasure with recent tax bills showed in the BGB vote.

Supt. of Schools Thomas L. Crook said Tuesday night that no BGB millage will be levied for the next two years if the absentee ballots follow the trend of opposition set up by the initial vote.

Instead, the two mills will be added to the general fund levy, set at 7.8 this year.

Crook pointed out that the board could levy 10 mills without question by voters and, while the board has agreed to lower all millages next year, the two mills in the BGB fund will be raised through a switch to the general fund levy,

Stuart Fire Policies Are Mired In 'Taken For Study' Bog

Fire protection policies to be followed in the future regarding the fighting of fires outside the city limits came in for some discussion at the Stuart city commission meeting last night, but action was postponed to a work session, the date of which was not set.

County Commission J. H. Bruner appeared, as he had promised he would following the $50,000 fire at the Krueger Flower Farm a few yards outside the city limits, to ask about city policy.

He charged that a city hydrant was, at most, 900 feet from the fire, and that the city truck had 1,500 feet of hose.

He said that Jensen Beach Fire apparatus arrived at the fire before Stuart's truck did.

Mayor William P. Todt said policy had been to respond if asked by another fire department, at which time the city will check its own needs and send one truck of the two it owns.

Bruner said Port Salerno, Palm City, and Jensen Beach fire departments at the scene were supported by district taxes, not county wide taxes.

Mayor Todt said the city's policy has been in effect for 20 or 30 years, and he added: "The county had three trucks locked up in the county garage and no one could find a driver for them."

EDITORIAL

'GET OFF THE LINE'

Stuart Fireman Told Jensen Fire Chief Spinney

Stuart City Commissioners made every effort to cover the city fire department for not answering the alarm at Krueger's Flower Farm. The delay attributed changed a $500 fire into a $50,000 fire.

Jensen Beach Fire Chief Randolph Spinney, contacted by the Mirror, said that as soon as he had received the alarm he called the Stuart Fire Department. The conservation went as follows:

Spinney--"This is Spinney, fire chief at Jensen Beach. Do you know there is a fire out at Krueger's Flower Farm? They need help out there right away."

Fireman--"Don't you know that this is a fire call phone? GET OFF THE LINE!"

Spinney hung up the phone and called out all Jensen trucks, joining the Salerno firemen at Krueger's farm. He could not identify who the fireman was.

Stuart Commissioners have made a strong point that no truck could be sent out of the city without a request from another fire department. What in the name of $50,000 was Chief Spinney's call?

BACK IN TOWN--Mr. and Mrs. Ralph Evinrude returned to Jensen Beach Sunday on the Chanticleer after a four month tour on the yacht to Canada. With the Evinrudes (left) are Mr. and Mrs. Jerry Bryant of Seattle, Washington, and Mrs. Langford, mother of the popular Mrs. Evinrude, Frances Langford.

HOWDY, SENATOR--Martin County people on hand to greet Senator George Smathers and take part in the dedication of the Indian River Junior College last Sunday were, left to right, County Commission Chairman Frank Wachs, Maxwell King, IRJC President, R. V. Johnson, Smather's Martin County campaign manager, Senator Smathers and Martin County State Representative Bill Owens.

The Jensen Beach Square Club and Wimodausis will have as their guests at their regular meeting on Friday, November 8, the Port St. Lucie Master Masons and Wimodausis.

The meeting will be at 7:30 in the old Community Church.

Plans Festival

The Jensen Beach Area Chamber of Commerce initiated plans to have a community festival this winter at the regular board of directors meeting last Monday night. No details were available.

In other actions the Chamber started planning Christmas decorations, started looking for sponsors for soap box races, reported that the incorporation investigation team was still compiling information.

Rainfall Is Low

Weather station records here show that rainfall remains deficient as the so-called wet season draws to a close.

The total rainfall for the year at the end of October was just short of 42 inches. The normal average is 50 inches for the same ten month period.

October had an unusual amount of rain with a total of 10.36 inches, or about two inches above the normal.

The unusual part was the fact that 7.05 inches of the month's total fell in one 24-hour period on Oct. 2. That set a record for one day measurement in Stuart.

There is little likelihood that the year will end at average, since November and December usually produce about 2.5 inches each.

Drought conditions prevail over all of central and south Florida. The U. S. Corps of Engineers warned that the eight-foot channel across Lake Okeechobee was considerably shallower and that barge operators should use lighter loads or smaller barges.

The lake was at 12 feet above mean sea level, about three feet lower than normal for this time of year.

Rainfall over the lake area in the past 12 months was 18 inches below normal at the end of October. Normal for a year is 55 inches.

Thrift is a wonderful virtue, specially in an ancestor.

Boy Displays Talent with a Remington 22

Carll Duryea, 10, and his father, Charles A. Duryea, of Sewall's Point, represented Jensen Cub Pack 402 on November 2 when they attended the Father-Son Webelo Day at Camp Tanah Keeta.

Among the activities in which the boys and their fathers participated together were gun safety, canoeing, archery, nature hikes, and games.

After the instruction period in gun safety, the boys were given an opportunity to do target practice with the Remington .22 rifle. Carll brought home his target which displayed a dead-center bull's eye, the only time such a feat has been accomplished at the camp, according to the instructor.

The Order of the Arrow members served as guides and instructors for the day-long outing.

Shuffleboard Club Defeates Palm Beach 17-7

The Ocean Breeze Shuffleboard Club defeated Flagler Park Club, W. Palm Beach, 17-7 in an upset victory in a tournament held at Ocean Breeze on Nov. 1. Twenty-four 75-point games were played by mixed and all types of doubles.

The local team will play a return match with the Flagler Park Club at W. Palm Beach Nov. 8.

BIRTHDAY CELEBRATION IS HELD OCTOBER 30th

A birthday party was held in honor of Anita T. Wacha's Birthday, October 30, at the home of her parents, Mr. and Mrs. Warner B. Tilton, N. Indian River Dr.

Guests included Mr. and Mrs. Ransom R. Tilton, Robin and Ren Tilton, Frank and Warner Wacha, Kenneth Plouch and Ed Craft.

A warranty deed filed Monday at the court house shows that much of Corona Del Rio, a subdivision is Rio, has been sold to Leonard Matthies of Fort Lauderdale.

Thirty lots were sold for a price indicated by state transfer stamps, of $40,000.

Your Social Security

By: R. C. Gehrken, Jr., District Manager
West Palm Beach Social Security Office

Q. When do I report the wages I paid a truck driver during October?

A. The report is due at the office of the District Director of Internal Revenue by January 31, 1964, one month after the end of the calender quarter. The deadlines for each calender quarter are April 30, July 31, October 31, and January 31.

Q. I operate a fertilizer store and also a farm. Can I report the earnings of all my employees on one report?

A. No. You must make quarterly reports on your store employees. Reports on your farm employees are made only once a year.

Q. I'm 74 years old. I have never claimed my social security I've heard that you will pay it all to me from age 72 on, whenever I want it. Is this true?

A. No. You can get back payments for only one year. Come in and make your claim immediately.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach (open from 8:30 to 4:00 Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

PTA Carnival Well Attended

The Halloween Carnival held at the Jensen Elementary School on Halloween night was attended by what seemed the entire population of Jensen Beach.

The costume parade was a colorful array of a great variety of enthusiastic disguises by the children, who were unusually orderly and patient as they waited their turn before the judges.

A highlight of the evening was the crowning of the King, Gary Kirk, and the Queen, Jeannie Gunn.

All activities were well received and well organized by the following chairmen: Ham Dinner, Mrs. William St. Clair; Hot Dogs and Hamburgers, Mrs. John Miner; Bake Sale, Mrs. Chester Martin; Cookies, Mrs. Shomer; Coffee, Mrs. Robertson and Mrs. Profitt; Popcorn, Mrs. Wood of the Langford Hall Park Assoc.; Soft drinks, Johnny Crawford; King and Queen voting booth, Mrs. Billy Cruse: Fish Pond, Mrs. Morgan Sprott; Bowling, Mrs. James Grossnickle; Pony Rides, John Hendry; Bean Bag Throw, Mike Cruse.

Fortune Teller, Sandy Rhodes; Clown, Jack Scranton; Apple Bobbing, Billy Profitt.

Al Walker was Master of Ceremonies, and the judges were from the Jensen Lions Club.

The Room Mothers were in charge of decorating the parade reviewing platform.

Tuesday night, Nov. 12, will be Open House in all the classrooms. Parents are invited to visit from 7:30 to 8:00, then attend the short P. T. A. meeting which will follow at 8:00.

THUNDER is heard in NEW MEXICO 50 to 70 days EACH YEAR !!

$8,240. Received for Spiny Lobster Study Project

The Spiny Lobster Study Project at the House of Refuge will receive $8,240, released by the State Budget Commission to the Stuart Board of Conservation, according to Rep. William E. Owens.

The funds will be distributed as follows: Salaries, laboratory technicians 1, $2,670; semi-skilled laborers, $770; operating capital outlay, microscope, $450; pumping equipment, $750.

Also, expenses, glassware, reagents, preservatives, stationary supplies, $500; gasoline, $100; boat rental, $500; artificial reef blocks, concrete, $2,500.

"We are most fortunate in having Ross Witham here to oversee this project during this most important stage", Owens commented, "I am most happy with this budget approval in that I believe this is a step toward establishing Martin County as the leading area for the study of the spiny lobster in the state of Florida."

Bob and Eileen Gray, Indianapolis, Indiana, are back at their winter home in Pine Lodge on Commercial St. They have been winter residents here for the last 15 years and are great boosters of our area during their summer stay at their Indianapolis home.

Kathy Hoke is Home for the Weekend From Miami

Kathy Hoke spent the week-end with her parents, Mr. and Mrs. Dick Hoke at their Ocean Breeze home.

Miss Hoke lives in Miami where she attends a school of court reporting and is employed part-time at a large department store in that city.

Karen Broome Is Queen

Karen Broome, 17 year old senior at Martin County High School, reigned as Homecoming Queen for 1963 at last Friday night's homecoming football game in Stuart.

She smiled as the 1954 Queen, Mrs. Anne Hataway, placed the crown on her head, but team came as the sat on the rose motif float which carried her from the field.

The new Queen, daughter of Mrs. Mary Broome, is petite and blonde, an accomplished dancer, cheer leader, was a runner-up last year, and was nominated by the senior class.

Sharon West was head of the general junior class sponsoring committee. Susan Coulter was parade chairman.

An estimated 3,000 fans watched the festivities.

The closer you are to a person, the more tact and courtesy you need.

Rio Civic Club Meets Tonight

The Rio Civic Club will have their first get-together in their new clubhouse Thursday evening, Nov. 7, with a covered dish supper and business meeting at 6:30 p. m.

The business meeting, presided by Alexander Wilson, will follow with election of officers.

Gift-a-Rama To Be Held Nov.9

A Gift-A-Rama, sponsored by the Ladies Aid Circle of Jensen Community Church, will be held in the Thrift Shop on Commercial Street on Saturday, November 9, beginning at 9:30 a. m.

Coffee and light lunch will be served all day.

Booths and their chairmen will be: Plants and Flowers, Mrs. William Vaught; Dish Cloths, Miss Peggy Bean; Jewelry, Mrs. Chris Kalb; Handcraft, Mrs. Grace Lewis and Mrs. Olive Donaldson; Christmas items, Mrs. Thelma Bennett; Stationery, Mrs. Buell; Food, Mrs. Herbert Gardner; White Elephant and Good Rummage, Mrs. Jack Kuhn.

Mrs. Fred Mayers is general chairman.

Your local merchants keep the economic wheels of your community turning throughout the year. See their advertising in this newspaper.

Jensen Bridge Will Close Saturday Nights

The Jensen Beach bridge will be closed to all traffic each week end from 6:00 p. m. Saturday until 6:00 a. m. Sunday, according to Frank Wacha, county commissioner.

The closing coincides with reported drag racing by teenagers over the old bridge. The racing cars tempt fate each time, as they roar across the wooden structure, and cause damage that might close the bridge before the planned new span is ready for construction.

Rod and Reel Motel Visitors

Rod and Reel Guests in the past week were:

Mr. & Mrs. P. K. Robertson, Brandenton, Fla; Mr. Jack Gates, Clearwater, Fla.; Mr. & Mrs. R. N. above are the candidates for King and Queen of the Jensen Beach Elementary School Carni-ces.

TWO NIGHTIES--were attractions at the Halloween Carnival.

and

OTHER CHILDREN--not at Jensen Beach School are Daisey Kli Chris Lorenzo, and David Betham.

MR. AND MRS. SANTA--were among the celebrants at the Halloween Carnival.

IT WAS THIS WAY--Bill Weiss makes a point at the Halloween carnival to newly re-elected school trustee Al Walker.

SPOOK AND CARD SHARP--Two sharpies at the carnival were these youngsters...

READY TO SERVE--Rio Civic Club members stand ready to serve the public with tasty cookies

COLD DRINKS--Serving cold drinks at the Halloween Carnival are Johnny Crawford and Harry Lentz.

ST. LUCIE BRIDGE IS REPAIRED

The St. Lucie River bridge between Steele Point and Sewall's Point was closed off and on during Monday while State Road Dept. workers replaced a bent bar in the interlocking mechanism, believed struck some time ago by a tug.

The bridge was kept in operation for some time, but the electric motor on the damaged side of the draw began to labor and a new lock bar had to be replaced.

Jimmy Mather, of the SRD office in Ft. Pierce, explained that the lock bar on one span was used to keep the bridge in operation while the new one was readied for installation.

Liberty lives only where the power of the people is supreme.

Educators Are Entertained in Jensen

Mrs. W. C. St. Clair, President of the Martin County Citizens' Committee for Better Schools, was hostess at Frances Langford's Outrigger Restaurant this week for a group of educators.

Guests of honor were Dr. Carl M. Bair, Jr., President of Palm Beach County Teachers Association and Walter Snyder, executive secretary of that organization.

Other local guests included Dr and Mrs. Robert Kuhn, Mrs. Carol Schwarz, President of Martin County Citizens and Teachers Association, and the Reverend and Mrs. Floyd Hager of Hobe Sound.

MANNINGS' ARE ON A "GYPSY" TOUR OF FLORIDA, NOW SPENDING ONE WEEK IN JENSEN

New visitors to out area are Mr. and Mrs. William Kelso Manning, Lewiston, N. Y., who are staying at Driftwood Motel for one week.

Manning is a U. S. Immigration Officer, stationed at the Lewiston-Niagara Falls, N. Y. bridge.

The couple are on what they term a "gypsy" tour of Florida and came here by way of St. Peters burg and Key Largo where they visited several retired Immigration Officers now living in those cities.

The Mannings are antique collectors and specialize in antique and obsolete guns, and are searching for good specimens during their vacation tour.

DAWN V. WATSON, S. R., former resident of Jensen Beach, is now in the U. S. Navy and is stationed at Bainbridge, Md.

In two reviews, she has carried the Florida Flag.

Miss Watson will complete her training in 21 days, at which time she is expected to visit Jensen on leave.

Christensens' Entertain Out of Town Guests

Mr. and Mrs. Ove Christensen of Skyline Drive entertained several out of town guests last week. Mr. Christensen's Aunt Jenny from Copenhagan, Denmark, and Aunt Marie from California.

Sunday dinner was a gala affair as Mr. Christensen's mother, Ann Christensen, arrived from her trip to Chicago and California after being gone several months. She will make her home with her son and family here.

Also present were Mr. Laurits Jensen of Skyline Drive, Mrs. Agnes Burkhart and her friend from Ocean Breeze Park.

Mrs. Charles Moehle and Mrs. Nellie Smith Attend Cootiette Winter Crawl

Mrs. Charles Moehle and Mrs. Nellie Smith, both of N. Indian River Drive in Walton, attended the Cootiette annual winter crawl (state convention) held at Winterhaven, Oct. 25 and 26.

Mrs. Moehle is Chief Grayback (president) and Mrs. Smith is Shekelkeeper (treasurer) of the local Honeycreepers Club 540, Cootiettes of Martin and St. Lucie counties. Headquarters are at Fort Pierce, and meetings are held at the V.F.W. Hall, on U. S. 1 in Fort Pierce.

The Cootiette Club of America is a fun loving organization dedicated to help veterans and assist in community service and hospital work for veterans and their families.

Since their organization in 1952, according to Mrs. Moehle, the Honeycreepers, while having a lot of good times and fun activities, worked steadily to raise funds for veterans hospitals, baked and sewed gifts for patients at mental wards, provided writing material and books wherever needed, made layettes for needy mothers and provided food baskets for local families in distress at Thanksgiving and Christmas time.

Any woman is welcome to join the Cootiettes who has or has had a member of her family in the armed forces of our country in any war.

The Honeycreepers want to enlarge their membership in Martin and St. Lucie counties. For information contact Mrs. Charles Moehle, N. Indian River Drive, Walton.

If You Hunt Don't.....

The hunting season has opened and Sheriff Roy C. Baker is reminding the public that 259 hunters were shot last year through carelessness.

Baker said, "Please aim to be careful when you carry a gun. Don't load it until you reach the hunting area...don't shoot unless you know what you're shooting at...and don't point your gun at anything unless you intend to shoot it."

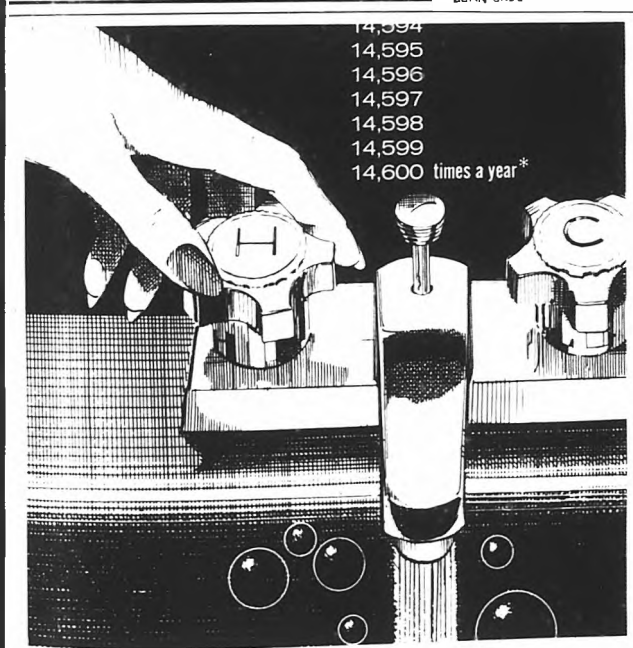
'Where the Stars Meet'

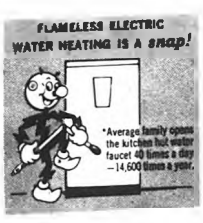


Instantly...Anytime...Electrically!

With a super-fast, super-safe, silent electric water heater you'll enjoy plenty of hot water for every need ... instantly ... with flameless cleanliness and peace of mind. It's completely automatic and carefree ... just install it and forget it. No flame or constant-burning pilot light to worry about ... no burner to adjust ... no unpleasant fumes.

Since a flameless electric water heater needs no flue, it can be tucked away anywhere. All the heat goes into the water—none is wasted up a vent.

More than a million Florida families have switched to electric water heating ... because *flameless* makes the BIG difference. See the new models—round, square, or countertop—at your appliance dealer, plumbing or electrical contractor.



FLAMELESS ELECTRIC WATER HEATING IS A snap!
*Average family opens the kitchen hot water faucet 40 times a day —14,600 times a year.

there's no Match for flameless Electric Living

Vol.3 No. 46 | "ALL THE NEWS THAT FITS IN PRINT" | 12 Pages | Nov 14, 1963

HELLO, DARLING! Don't forget our date is Saturday night! You promised to take me to see the Foolish Follies of 1963" at the Community Center at 8:00 p. m. and I'm rarin' to go!

WHAT A FISH!--Osborne Bacon of Pennsville, N. J. caught this 25 pound plus Snook last week from the Jensen Bridge, using a Calcutta pole and yellow feather with a sailor's choice.

Dr. Penick's Patient Is The Man Who Delivered Him 42 Years Ago In Altoona,

Dr. Richard Penick had a very pleasant and unique experience recently when he was visited professionally by Dr. Daniel Bohn, retired 90-year-old physician from Altoona, Penna., now residing on Indian River Drive in Walton.

During the routine initial interview, Dr. Penick, who was born in Altoona, was suddenly struck with the idea that this must be the Dr. Bohn who delivered him back in 1921. He went to his personal files and located an affidavit, dated April 27, 1942, at which time he was in need of a birth certificate, prior to entering service. Sure enough! It stated: "This certifies that I was present at the birth of Richard Quentin Penick, June 28, 1921". Signed, Daniel Bohn, M. D.

When presented with this evidence, and asked if the signature were his, Dr. Bohn was momentarily overcome, emotionally, then replied, "Yes, and your daddy was our preacher! I brought you and several other little Penicks into this world!"

The two physicians were happy over circumstances which have made it possible that they would meet again, 1500 miles and 42 years away from their first encountering.

Dr. Bohn practiced medicine over 65 years prior to his retirement. He lives with his wife, Mrs. Bertha Bohn, 89, and a son, Mr. Earle Bohn, in the home built last year for them in Walton by their son, Ralph, a physician at Credemore State Hospital in New York.

Dr. Penick is one of eight children born to the late Rev. R. E. Penick, and Mrs. Esther Penick, of Clearfield, Penna., a frequent winter visitor to Jensen Beach.

DOCTOR, DOCTOR--The Doctor who delivered him into this world is now his patient. Pictured above are Dr. R. Q. Penick and Dr. Daniel Bohn.

AND THIS LOVELY?--Pictured above is part of the high fashion, regal and modern fashion show to be presented by the PTA Saturday at the Community Center. Above, Frank Wacha displays the underpinnings of his latest frock as Leonard Smith, right, and Carl Barker, left, watch. This was just a rehearsal.

This issue of the Mirror is dedicated to the memory of CHARLES A. 'Bill' PORTER an outstanding citizen businessman and family man

FISHING NEWS

The Snook-Nook reports some Pompano in the surf, no blues, and trout and snook in the rivers.

Plug casting in the Indian River were Nick and Perry Ard, with 96 trout; Mr. and Mrs. Harold Dowd, 74 trout; Mr. and Mrs. John Wilber, 11 trout; Dick Hayburn, 20 trout; Robert Pelori and Bill Lyons, 98 trout; and Frank Morgan, 5 snook, 3 trout and 1 Barracuda.

Those using live shrimp in the Indian River were: Marvin Hill, 25 trout and 3 snook; Boyd Sarguy, 16 trout and Harry Dickey, 15 trout.

Tony and Charlotte Rynski got 7 croakers, one over 3 pounds.

Offshore fishing boats have been coming in with one or two keepers or releases per boat on sailfish. The ocean has been flat for about a week, so there have not been many kings, but many barracuda and bonito.

The blues are not running good yet. Some get up the river as far as Jensen bridge, but not in big schools.

Snook are excellent in both rivers and the inlet. There are also scattered channel bass.

Jacks are plentiful for those using light tackle. Plentiful in the back country are black bass and bream.

Indian River Junior College will host five south Florida junior colleges in a debate workshop Saturday at the college lecture hall. Debating, open to the public, will begin at 9:15 a. m.

'Mean Man' Throws Turp On Kitten

What person in this community committed the inhumane act of throwing turpentine on "Bongo", a gentle, little red kitten, the pet of the Ernest Stoner family of 327 S. Indian River Drive?

Stoner and many neighbors would like to know, the Animal Rescue League of Martin County would like to know, and the Mirror would like to know.

There is a reward offered by Stoner, and also by the A. R. L. M. C., for information leading to the arrest and conviction of the person, or persons, responsible.

When Bongo ran home covered with turpentine, suffering burns and obviously in pain, attempts to catch him were made by Stoner and neighbors with no success. Stoner requested aid from the Sheriff's Dept. and with their help, the kitten was caught and taken to a veterinarian.

Bongo has lost much of his fur temporarily, and he isn't running around yet, but he is getting well again.

Everyone in the neighborhood who knows Bongo is glad to hear of his recovery.

County Sets a Zoning On Beer and Wine

The Martin County Commission voted on Tuesday to prohibit the issuance of further beer and wine licenses nearer than 2,000 feet from a church, or 50 feet from a residentially zoned area.

This commission meeting was one of the longest held in many years.

Foolish Follies Will Bring Howls Saturday

At 8:00 p.m. this Saturday night, in the Community Center, Jensen "First nighters" will gasp in anticipation as the houselights dim and the curtain rises for the world premiere of "The Foolish Follies of 1963".

The Jensen Beach P. T. A. is sponsoring this fabulous array of talented actresses who took the time from their busy schedules to appear here together for the first time anywhere.

Come early for a choice seat and be among what critics may claim to be the most delighted audience Jensen Beach has ever seen.

MEMORIAL SERVICE--Shown above are Jensen Beach Veterans and guests who took part in the Veteran's Day Memorial Services in the Community Center on November 11.

OPEN DOOR, OR WINDOW--Deputy Sheriff Jim Mills and Lil General manager survey the damage as a full plate glass window was smashed at the food store last Tuesday night. The brakes failed as Thelma Banks drove up to the store at about 5:15 p. m. and the automobile hopped the ten inch curb to crash into the store win[illegible]

HAABS' HAVE VISITORS

Mr. and Mrs. Albert A. Haab and children, Karen, William and Arthur, from Rockville, Long Island, are spending three weeks in Jensen Beach visiting Mr. Haab's parents, Mr. and Mrs. Albert O. Haab of Jeannette Avenue.

Another son of the Haab's, Mr. H. George Haab, is expected soon with his wife and family from Wantagh, Long Island.

Womens Assn. Bake Sale Is Set For Saturday

The Jensen Beach Womens Association will hold a Saturday morning Bake Sale on November 23rd at the Jensen Beach Bank. Mrs. Fadina Price will be in charge.

A dessert-card party is planned for November 25th at the club house. Mrs. Bertha Seewold will be the hostess. Call her for reservations at AT 7-4943.

Each meeting will feature a table of gift items.

AMERICAN LEGION AUXILIARY TO HOLD LUNCHEON FOR DEPARTMENT PRES.

American Legion Post 126 Auxiliary will have a luncheon for their Department president, Mamie Arnold, on Friday, November 15, at the Anchorage Yacht Club, at 1:00 p. m. Ruth Bell, District President, will be present for this occasion. Reservations are being taken by Mrs. Frank Rauwald and Mrs. Jack Lucas.

The regular business meeting of Post 126 and Auxiliary will be held on Monday, November 25th. The Auxiliary will make plans for the Christmas dinner at that time.

QUALITY
The quality of our services cannot be measured in dollars.

AMERICAN BRASS QUINTET is performing tonight, Thursday, November 14, at Indian River Junior College. This is the first concert in the Great Artists supported by our county area. Many Jensen residents are members of the new cultural group sponsoring the college series. Tickets are no longer available.

Lunch-Fashion Show Set For December 3rd

The Stuart Soroptimist Club will sponsor a luncheon-fashion show at the Outrigger Restaurant on December 3 at noon. Fashions from the Outrigger Gift Shop will be shown. Proceeds go to the club's project for underprivileged children.

The theme of the show is "Fashions of the South Seas". Door gifts include two sets of jewelry and a Polynesian dinner for two.

The public is cordially invited to attend.

Snook Nook Visitors

Mr. and Mrs. John Wilbert of Abbington, Pa. have arrived to spend the winter at the Snook Nook in Jensen Beach. This will be their sixth year here.

Other winter residents who have arrived are Mr. and Mrs. Harold Dowd, Madison, Conn., for their second year, and Miss Alice Paul from Providence, R. I.

Members of the Royal Palm Golf and Country Club of Boca Raton had their first fall rendevous on November 9 and 10 at the Langford Marina. A dinner was held at the Outrigger Restaurant. Fleet captain was Harold K. Kramer.

Milan's Will Formally Open This Friday

Milan's Restaurant, Jensen Beach's newest restaurant, will be formally opened this Friday. The opening will feature a drawing for two $10 meal tickets, one to a gentleman and one to a lady. It will also give the residents of Jensen and Rio an opportunity to meet the personnel at the new dining place.

The new restaurant is operated by Alex and Dolores Milan, formerly of Cedarville, Michigan. They make their home on Media Street in South Jensen Heights and have lived in Jensen Beach for the past 15 months.

The Milans have two children in Martin County schools. Chef Milan has been associated with the food business for the past 18 years.

Milan's Restaurant is owned by Jarvis and Milan, Inc., a Florida corporation formed by Milans and local realtor, Karl Jarvis. Jarvis is president, Milan is vice-president and Mrs. Milan is secretary-treasurer of the corporation.

The Martin County Library Association will sponsor the annual anniversary tea at the public library on Sunday, November 17, from 3:00 to 5:00 p. m.

Refreshments will be served and the public is invited.

Achievement Award To Be Presented at Birthday Dinner November 23rd

At the Soroptimist Club of Stuart business meeting held November 7, plans were made for their 9th Birthday Dinner to be held at the Bavarian Room of the Town House on Saturday, November 23. A Bavarian buffet style dinner will be served and the music, entertainment and costumes of the members will carry out the Bavarian theme.

Features of the dinner program will be the induction of six new members and the awarding of the Woman of Achievement Award for the year.

The final program of the study course on Asia, which includes India, Nepal, Ceylon and Pakistan, will be presented under the direction of Mrs. Horace Donley at the Trinity Methodist Church on Nov. 19, from 10:00 a.m. to noon.

Everybody is ignorant, only on different subjects

Your Social Security

By: R. C. Gehrken, Jr.
District Manager
West Palm Beach Social Security Office

Q. I'm a widow. I get monthly payments on my husband's record for myself and my little boy. If I take a full time job will it cut off our social security checks?

A. No matter how much you make, it won't affect your son's payments. How much of your payments you'll lose depends on what you make from your work. For example, if you make $2,000, you'd lose $550 from your widow's payments for the year. However, no matter how much you make for the year, you won't lose your social security checks for any month you earn $100 or less.

Q. How much social security work do I need to get disability payments?

A. You must have work credits for five out of the ten years just before you became unable to work.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

Club President Attends Dinner

President Edna Wolf and Mrs. Lolene Stokes of the Soroptimist Club of Stuart, and guest, Mrs. Isabelle Evans, attended the 14th Birthday Dinner of the Fort Pierce Soroptimist Club on November 7 at the Flamingo Restaurant in Fort Pierce.

The Fort Pierce Soroptimist Club was the sponsoring club of the Stuart Soroptimist Club, chartered in November, 1954.

SAILFISH CLUB INSTALLS OFFICERS

The Stuart Sailfish Club re-installed William O. Simpkin as President last week at its annual election and dinner at the Pink Pony.

William R. Scott, member of the board of governors of Central and Southern Florida Flood Control District, spoke on conservation.

Other officers installed were: John Crawford, vice-president; Walter B. Bradley, secretary-treasurer.

NOTICE
ADVERTISEMENT FOR BIDS

Notice is hereby given that SEALED BIDS will be received by the Board of Public Instruction of Martin County, Florida, at the office of the Superintendent of Public Instruction of Martin County, Florida, in the Court House at Stuart, Florida, up to 10:00 o'clock A.M. Friday the 22nd day of November 1963, for all materials and labor necessary for:

1. Grading and Paving for Martin County High School, Stuart, Florida
2. Lawns and Planting for Martin County High School, Stuart, Florida

Plans and specifications are on file at the office of the Board of Public Instruction of Martin County at Stuart Florida; at the offices of Armstrong, Bryor and Associates, Architects, at Stuart, at the A.G.C. Plan Room in West Palm Beach, the Dodge Plan Room in West Palm Beach and the Ft. Pierce Contractors Association Plan Room in Ft. Pierce, Fla.

Copies of the documents may be obtained at the office of the Architect, Suite 200, First National Bank Building, Stuart, Florida.

The Grading and Paving project will consist of grading and paving of approximately 22,000 square yards of driveways, parking area and playing court and marking thereof, and one concrete culvert.

The Lawns and Planting project will consist of a complete irrigation system including water supply pump, connection to existing well, fine grading, soil treatment, lawn construction and planting of trees and shrubs.

Separate contracts will be let for the two projects.

Each bid shall be accompanied by a Cash bid shall be accompanied by a Cashier's Check, Bank Money Order or said bond in the amount of 5% of the bid payable to the Board of Public Instruction of Martin County, Florida, as evidence of good faith and guarantee tending that the successful bidder will execute and furnish to the Board of Public Instruction of Martin County, Florida, a bond issued by a surety company licensed to do business in Florida, for 100% of the Contract price within ten (10) days after being awarded the Contract, said bond guaranteeing the performance of said Contract, and payment of all debts pertaining thereto, the premium of said bond to be paid by the Contractor.

All bids should be placed in an envelope, sealed, and addressed to The Board of Public Instruction, Martin County, Florida, c/o Thomas L. Crook Superintendent of Public Instruction, Court House, Stuart, Fla. and the name of the project should be placed on the outside of the envelope and words indicating that the envelope contains a bid for said project.

The Contractor will be required to complete said project within the time set forth in the Proposal.

The successful Bidder, if any, will be notified within five (5) days after the bid is accepted.

The Board of Public Instruction of Martin County, Florida, reserves the right to reject any and all bids, and to waive any informalities.

All proposals shall remain in force for (30) days after the date of opening.

THE BOARD OF PUBLIC INSTRUCTION OF MARTIN COUNTY, FLORIDA

HEALTH TOPICS

A Service of Your Doctor of Medicine, Your Local Medical Society and the Florida Medical Association.

NEW DRUG DEVELOPMENT: A RISKY BUSINESS

Each new drug put on the market, it is estimated, costs $5 to $6 million in research and development. In 1962, a total of some $248 million was spent in the search for ethical drugs for humans. A drug such as cortisone is derived from animal tissue, penicillin exists in microorganisms in soil, and the sulfa drugs were the result of long research with dyes and other compounds.

A chief source of drugs since earliest times has been plants. The search for such new agents is continuous; expeditions today are in the jungles of the world gathering plants for testing.

A typical incident in the search is a report that a certain plant used by natives is providing them with relief from pain. The pharmaceutical concern having this information seeks to obtain careful botanical identification of the plant to assure that all studies are carried out with the identical material.

25 Reward

The theft of the Jensen Beach Mirror newsstands at three places Stuart has brought an offer of $25 reward for information leading to the arrest and conviction of the person or persons responsible by Mirror publisher Dick Campbell. Anyone with information on the theft is asked to call the Stuart Police or the Martin County Sheriff's Department.

Jim Lovvorn is In Critical Condition

Jim Lovvorn, former resident of Jensen Beach, associated with Homaster Signs in Cocoa, is in critical condition in Brevard Hospital, Melbourne, following an accident in his work.

According to information received by local friends, Lovvorn was taking down a large neon sign at Satellite Beach from a height of 15 feet, when a bolt gave way. The sign knocked Lovvorn to the ground, then fell on top of him.

Lovvorn suffered severe concussions, six broken ribs and a badly crushed leg. As of Tuesday night he had not regained consciousness.

THREE JENSEN GOLFERS ENTER COMO TOURNEY

Three Jensen Beach golfers will take part in the second annual Perry Como Amateur Invitational Golf Tournament to be played over the Thanksgiving weekend at Port St. Lucie.

Playing out of Jensen Beach will be Dr. Dennis R. Rinaldi, Ray Vincent and Drew King, Jr.

NIAGARA WINNER--Harlow E. Sutter of Zelda Drive won first prize in a recent snook tournament and came away with a Niagara Cyclo-Massage chair. Sutter's first prize was a weekend at the Manatee Yacht Club, with meals, but the Sutter family is on a diet. The chair was a substitute first prize, and, Sutter said, a very gracious one. Sutter's catch was a 35 pound snook off the St. Lucie River Bridge.

County Changes All Districts And Precincts

EDITOR RECEIVES AWARDS--Sonny Stalls, chairman of the 1963 Florida Press Association Newspaper Contest, presents Honorable Mention Awards to Mirror publisher, Dick Campbell, in "Best Offset Newspaper" and "Best Typography and Makeup" division. (Photo by Mozert, Florida's Silver Springs)

The Martin County Commission eliminated two of the present precincts in the county Tuesday, added three more for a net gain of one, and changed county commission district lines for the first time in 11 years.

Precinct 10, Port Mayaca, and Precinct 2, North Stuart, were eliminated as precincts.

New precincts created include one for North River Shores, where the First Presbyterian Church will be used for a voting place; Rio, where the Rio Civic Center will be the polling place; the Town of Sewall's Point, which will vote at the town hall.

The new lineup of precincts, including their polling places follows:

Precinct 1, Jensen Beach, Community Center; Precinct 2, North River Shores, First Presbyterian Church; Precinct 3, West Stuart (west of railroad tracks), voting at 100F Hall; Precinct 4, East Stuart, now including former Precinct 2, North Stuart, voting at Stuart Fire Station.

Precinct 5, Port Sewall, including all territory east of Stuart city limits on the mainland, and into the Golden Gate area to include all of Jefferson Avenue and to Mrs. J. E. Kiernan's home on St. Lucie Blvd., boting at Golf Club.

Precinct 6, Palm City, including the community and area around it, voting at Palm City fire station; Precinct 7, Port Salerno, missing some of its northern areas now in Precinct 5, voting at fire station.

Precinct 8, Hobe Sound, including Jupiter Island, all of Gomez Grant and Jonathan Dickingson State Park and county line subdivisions, voting at Hobe Sound community center.

Precinct 9, Indiantown, from the north to the south county line, west from Tropical Farms to Lake Okeechobee, an area covering well over 300 square miles, voting at Indiantown Civic Center.

Precinct 10, Sewall's Point, voting at the town hall; Precinct 11, Little Dixie, Stuart, voting at the Little Dixie Civic Center; Precinct 12, Tropical Farms, modified to lie all in District 4 and increased to cover a wider area, voting at Jack James Store.

Precinct 13, Booker Park, voting in the civic center; Precinct 14, town of Ocean Breeze Park, voting at the community center; Precinct 15, Rio, voting at the Rio Civic Center.

Riviera Beach Publisher Wins Honeymoon Weekend

Mr. and Mrs. Ted Simpson, publishers of four Palm Beach County newspapers, The Sun Newspapers, won the Jensen Beach Mirror "Second Honeymoon Weekend" in Jensen Beach at the Florida Press Association Convention in Silver Springs last weekend. The weekend was the top door prize at the convention.

Included in the weekend were the following gifts donated by local merchants; Two nights at Langford Terrace Villas, dinner for two at the Outrigger Restaurant both nights, breakfasts on two mornings at Milan's Restaurant, lunches at Poor Bob's Restaurant, a $5,000 accident insurance policy on the trip from Rick Carroll Insurance, ten gallons of gas from Joe Roberts Texaco, six games of bowling at Jensen Beach Lanes, a box of Tampa Nugget cigars and a completely rigged fishing rod and reel from Palmer's Variety Store, and a bottle of champagne and corsage from Frank Forsberg.

In addition to the main door prize, twenty-six bouquets of Martin County Mums were awarded to Florida publishers in the over 350 persons at the banquet dinner. The cut flowers were donated by the Martin County Flower Growers.

SQUARE CLUB MEETS FRIDAY AT CHURCH

The Jensen Beach Square Club and Ladies Auxiliary will meet at the Old Jensen Community Church Nov. 22 at 8:00 p.m. Members and guests are invited to bring their choice of games to be played following the meeting.

Charlie Gay Is In Hospital

Charlie Gay, Jensen Beach, was rushed to Martin Memorial Hospital last Saturday afternoon with a severe coronary thrombosis. He is now improving without oxygen but is not yet allowed visitors

Susan Son Leads Choral

Miss Susan Son, daughter of Mr. and Mrs. Harl Son of Stuart, a graduate of Martin County High School, and a junior at Florida Southern College, Lakeland, led her sorority's choral group to top standing in pan hellanic competitions last weekend.

Miss Son trained the choral group, arranged its selections, and then directed it in the competitions which had entries from 16 sororities and fraternities.

ALERT IS PLANNED

Fixed and possibly mobile warnings will be sounded throughout Martin County on sirens between November 25 and 29 when a national alert, Operation Checkerboard, takes place between those dates, according to Civil Defense director Al Keaton.

Schools throughout the county have been asked to participate in the Checkerboard alert, he added.

School Board And Citizens Meeting Held

Members of the Martin County School Board met with the Martin County Citizens Committee for Better Schools on Wednesday, November 13, to discuss personal philisophy and concepts of public education.

Henry Gunn, Henry Kindred, Mrs. T. R. Chambers, and Frank DeStefano covered the objectives of two new committees, grievance and salary, and school policies.

Mrs. W. C. St. Clair, president of the Citizens Committee, conducted the meeting in the Community Room of the First National Bank.

LIONS CONDUCT LIGHT BULB SALE

The Lions Club of Jensen Beach will conduct a house-to-house light bulb sale, beginning on Saturday, November 23, and continuing until the Jensen Beach area has been covered.

This is part of their program on Sight Conservation and work for the blind.

Mr. Edwin Miller, chairman, urges all residents to buy this household necessity, and at the same time, contribute to a worthy cause.

Historical Flag is Displayed

A flag of historic value has been placed in it's permanent home, the Elliott Museum, after being given to the Martin County Historical Society by the Veterans of W. W. 1 Barracks and Auxiliary 854, Jensen Beach.

The flag flew over the Gen. J. Clifford Foster Camp 27, Fort Pierce, during the Spanish-American War. Later it was in the keeping of a Spanish War Veterans Committee.

Robert Escott, one of the last living Spanish-American veterans in this area, became custodian of the flag, and in 1953, donated it to the American Legion Post 126 and Auxiliary of Jensen Beach.

In 1960, this organization presented the flag to W.W. 1 Barracks and Auxiliary, 854.

It is nice to know that local organizations strive to put precious items of local historic interest and value in a place where they may be displayed for the benefit of this and future generations.

Mr. and Mrs. Stuart Anhalt of Fort Atkinson, Wis., have returned for their third season in Anchorage Trailer Park. They were welcomed at a small party held Tuesday night by their neighbors at the park.

Don Hulick Is On Submarine

Don A. Hulick, storekeeper seaman, USN, son of Mr. and Mrs. C. R. Hulick, Jensen Beach, is serving aboard the USS Sirago, a submarine, which recently departed from Norfolk, Va., for a four month cruise to the Mediterranean and the Middle East.

The Sirago is scheduled to make stops at Portugal, Spain, France, and other countries and will join the Sixth Fleet in the Mediterranean to provide NATO sub services.

Man Robbed On US1 Trip

Buck Baker, County Rd., Hobe Sound, told Deputy Sheriff Morgan Sprott he was relieved of $13 in cash, a $2 wallet, a $1.50 knife, and his dignity, when he was hit over the head by two Negroes who had given him a lift on US 1.

Baker said he was thumbing north from a point near Bobby's Acre when he was picked up. He was taken to a point off Cuthbert Rd., relieved of his belongings, and left in a patch of sandspurs.

Register Boats; Fees Won't Split

Sheriff Roy C. Baker advised pleasure boat owners of Martin County who have failed to reregister their boats that they will not save any money by waiting until after the first of the new year to apply for the new certificate.

The sheriff said that many boat owners apparently believe, mistakenly, that if they delay reregistering their boats until the new year, they will be charged only one-half the regular fee.

The registration law, enacted by the 1963 legislature, provided only that boats registered for the first time after January 30, 1964, will be charged one-half the regular fee.

County-wide Fire Warning System Needs Volunteers

About two dozen volunteers who would devote four hours a week to man a county-wide radio and telephone fire service at the Flagler Avenue Emergency Operations Center of the county are being sought by County Commissioner Jack Saunderson and County CD Director Al Keaton.

The county plans to set up a fire central telephone number for use of anyone in county areas reporting a fire, and will man the phone on a 24-hour basis, including all weekends.

Daytimes, regular CD office personnel will monitor the line and fire department radio circuits, but nights and weekends, the service will be manned by volunteers.

The service is being set up to eliminate communications weaknesses such as the one which contributed to the Krueger Flower Farm fire loss several weeks ago.

The Emergency Operations Center will be ready for use in another week or two, Keaton said, awaits only air conditioning installation and some carpentry work to reach completion.

A meeting of those men or women who will volunteer to man the fire service central will be held at EOC at 7:30 p.m. Monday, November 25, at which time the complete operation will be outlined.

These departments include Indiantown, Jensen Beach, Rio, Palm City, Port Salerno, Hobe Sound, and the County Garage, plus links with the Jupiter Island department.

Saunderson said he hoped eventually, a link would be made directly by radio with the Stuart department.

"Foolish Follies" Draws Capacity Crowd Here

It was S. R. O. at the Community Center last Saturday night when hundreds of people turned out to see "The Foolish Follies of 1963". Even before the curtain opened, the audience showed their eagerness by good-natured clapping and foot tapping.

The all-male cast gave a performance of hilarious satire that left their audience limp from laughter and delight.

Members of the cast were: Boots St. Clair, Buddy Shipes, Morgan Sprott, Phil Baker, Frank Wacha, Dave Deci, Bill Yurillo, Jimmy Walker, Truman Bright, Leonard Smith, Martin Wahl, Jack Scranton, Tony Priore, Dick Penick, Bill Jacobs and Carl Barker.

Sponsored by the Jensen Beach P. T. A., the show was created and directed by Vernal Shipes, Nell Sprott, Mardee St. Clair, Billy Cruse, Billy Pitchford, Lurline Richardson and Joyce Moton.

Al Walker was in charge of Sound; Red Rowe, Lighting; Laura Armar, Posters; Jackie Worthamd Music; Connie Hare and Elaine Rhodes, Make-up.

Secretaries Attend Annual Meeting

Three members of the Stuart Chapter of the National Secretaries Assoc., Virginia Vearie, Ivy Murton and Holly Champlin, attended the Sixth Annual Secretarial Institute in Fort Lauderdale on November 2. The meeting was sponsored by the Hollywood Chapter of N. S. A., and held at "The Reef".

On the agenda were displays of office equipment and supplies; a Speaker's Panel; Problem Solving Clinic; and a Fashion Show during the Luncheon.

Henry Hambrock Gets Promotion

Word has been received by Mr. and Mrs. Henry Hambrock, N. Indian River Drive in Walton, that their son, H. John Hambrock, has been promoted from P. F. C. to Specialist 4, U. S. A. Exhibition Unit, Cameron Station, in Alexandria, Va.

A graduate of Dan McCarty High School, Hambrock is well known in this area as a model car builder and designer.

While in high school, he entered the Fischer Body Craftsmen's Guild Model Contest and was winner of first prize in both State and Regional divisions for two years and placed second the third year.

Hambrock is still pursuing his hobby while in service and reports that his duties include some work in this field.

Turkeyshoot Draws Large Crowd

The annual "turkeyshoot" sponsored by the Jensen Beach Lions Club went over with a bang again this year and provided added funds for the organization's Eye Conservation Project.

Winners of turkeys were: Bill Grosse, who bagged two; Billy Banks, Marvin Hill, Bill Weiss, Leeman Walden, Don Wilkie, Cressie Baker, Ren Tilton, Claude Grosse, Bob Pelosi, Walter Dailey, Don Mullinok, Morgan Sprott and Sam Banks.

MORE PEOPLE HAVE BEEN KILLED BY FIRE THAN BY FREEZING IN THE ANTARCTICA!

LIONS ATTEND ZONE MEETING

Attending a Lions Club Third Zone meeting in Fort Pierce on Nov. 14 were James Dean, Ed Schmidt, Frank Williams, Ed Bowman, John Larson, William Weiss, Homer Archambeault, and Wally Gardner.

Other clubs of the third zone represented were Lions of Stuart Fort Pierce and Sebastian.

It was reported by Secretary Gardner that the local members made a very good showing in a "Nature Quiz" which was conducted at the meeting.

Annual Bazaar is Saturday

The St. Joseph Guild's fourth annual fall bazaar will be held on Saturday, November 23, on the East Tenth Street church grounds.

An art contest for children in Grades 1 through 4 will open the bazaar at 10:30 a. m. All material will be supplied for the contest.

Ed Clay of W. S. T. U. will be Master of Ceremonies for an Amateur Contest at 5:00 p. m. Entries up to 16 years of age are still being accepted. Call AT-7 3640.

Booths, games and hot food will be featured all day.

Mrs. J. D. Parker, Stuart, is making remarkable progress in her recovery from a stroke suffered a few weeks ago.

Mrs. Parker is convalescing at her home, Hibiscus Rd., but her husband and physician, Dr. J. D. Parker, has said she must have no visitors as yet.

Honor Society Members Selected

National Honor Society members have been selected for the school year for the Martin County High School Unit. They are chosen by the faculty on the basis of grades, character, scholarship, leadership and service.

From the senior class are Pat Britton, Scott Feaster, Linda Feldman, Glee Foster, Karen Jensen and Natalie Taylor.

Junior class members are Pat Breen, Kay Dennis, Dotty Fox, Lynn Williams and Mary Ann Winn.

Sophomores are Jill Britton and Mary McCormick.

Formal initiation will take place durine the school year.

Mr. Weatherby Celebrates 96th Birthday

Mr. Ode Weatherby, from New Hampshire, Ohio, who spends his winters on Hilltop Court with his niece, Mrs. Matthew Murphy, celebrated his 96th birthday on Tuesday, November 19.

At such a marvelous age as 96, Mr. Weatherby is still quite active and enjoys working outdoors in his niece's yard.

Fosters Have Visitors

Mrs. William S. Giffhorn, of Chagrin Falls, Ohio, with her daughter, Mrs. Ed Lindernie, and granddaughter, Gretchen Lindernie, of Chesterland, Ohio, visited in Jensen Beach on Nov. 17 at the home of Mr. and Mrs. Thomas Foster and Mrs. Joyce Quick, on Hickory Ridge Rd.

Mrs. Giffhorn is a former neighbor and friend of Mrs. Quick's when they both lived in Gates Mills, Ohio.

WW1 Vets and Auxiliary Celebrates Anniversary

World War 1 Barracks and Auxiliary 854 celebrated the sixth anniversary of the founding of the organization with a birthday party and dance Friday evening, November 15, at the Community Center. One hundred and fifty members and guests were in attendance. During the event, a super-sized cake was cut and refreshments served.

CARD PARTY

The Jensen Beach Women's Association held their regular meeting at the clubhouse on Tuesday, November 18, with 70 members and 7 guests attending. Mrs. Hazel Mason was welcomed as a new member.

Cards were played following the meeting. Prizes were won by Mrs. Alice Price and Mrs. Mary Hopkins.

The Women's Association will hold a Dessert-Card Party at the clubhouse on November 25, at 1:00 p.m. There will be table and door prizes. Reservations are requested.

World War 1 Auxiliary will hold a card party, under the direction of Mrs. Orlee Ecklund, chairman, at 1:00 p.m. November 22, at the Community Center.

The public is invited to attend.

County Commission Declares 30 Day Mourning Period

IN MEMORY OF THE PRESIDENT--Jensen Beach was shocked and stunned as the events of the assassination of President John F. Kennedy unfolded last Friday. For four days the area stayed in the unbelieving trance. This photo, loaned to us by Frank Wacha, county commissioner, is an early family picture of the Kennedy family, before the birth of "John-John". We print it in memory of our President, and in sympathy for his bereaved family. On page three of the Mirror this week, an historical effort is made by the Mirror staff in a special page depicting the assassination of the president as the New York Herald of April 15, 1865 handled the assassination of President Lincoln. We, at the Mirror, like the rest of the citizens of our nation, wanted to do "something" special for this tragic event.

The Martin County commission, acting on the request of Chairman Frank A. Wacha, confirmed unofficial action in closing the court house Monday, the national day of mourning designated by President Lyndon B. Johnson for the late President John F. Kennedy, and declared a 30 day period of mourning in which the flag will be flown at half-mast at the court house, and agreed to send a resolution of condolence to the Kennedy family from Martin County.

The action was taken at the outset of the meeting, at which the Rev. Lewis Stancil, referred to the assassination of the former president at Dallas in the opening prayer.

Wacha referred to the tragedy of the fact that only 22 per cent of the voters turned out to change the Florida constitution, the fact that a majority vote can remove a man from office, that a bullet is not necessary to remove an official from office.

"If Martin County gets nothing else from the tragedy, I hope it gets the idea that it is its right to vote," he said.

In other action, the board:

TOOK under advisement, and for study, a request made by the county engineer and zoning director for clerical assistance in his office. Bell pointed out that the two women employed to work for the county commission, building inspector, and his office were overloaded with work.

CHANGED lot mowing fee system to a cost plus basis, when Bell pointed out that some lot clearing prices were far in excess of the $18 charge permitted by the plan in use. The new plan provided cost plus $5 administrative charge for both lot and acreage prices.

AWARDED contract to sole bidder, Dickerson, Inc., for paving and leveling .2 mile of South Carolina Dr., west of Palm City Rd., at a cost of $716.

AWARDED contract to sole bidder, Dickerson, Inc., for widening and leveling Murphy Rd., for one mile from SR 714 northerly to Riverview Dr., at a cost of $6,841.75.

AGREED to set hearing for swap of road right-of-way to water offered by Marlin Shell Growers, Gomez Atty. Thomas Thurlow, who represented Grant Chamberlain of the flower firm, pointed out that Eighth St., from First Ave. to the water, was not a developed street, and ran through the flower farm. It has a 33-ft. right-of-way, he said. The swap would give the county a 50-ft. right-of-way to the water, with Marlin Shell giving 35 feet, and an otherwise unidentified owner named Johnson, giving 15 feet. The Public hearing will be held December 24.

SET an opening hour for the regular commission meeting of December 24 at 9 a. m.

RETURNED bid bonds to Dickerson, Inc., on Pine Ridge Rd., Sunview Rd., and Monterey Rd. projects.

DESIGNATED county attorney and county engineer to find ownership of the six-foot culvert used on West Murphy Rd. at Bessey Creek before a new bridge was put in use, on request by Miller, who said it had been put in by developer on a county road. After its use was discontinued, a private individual, he said, had taken it.

Soroptomist Fashion Show Is Tuesday

The Stuart Soroptimist Fashion Show will be held on Tuesday, December 3, at noon, in the Frances Langford Outrigger Restaurant. Reservations will close on Friday, Nov. 22.

Mrs. Edna Wolf, president of the club, is general chairman of the fashion show. Mrs. Richard Bohner will act as moderator. The models are Sandy Langford, Elaine Rhodes, Shirley Haveland, Betty McAllister and Barbara Torow.

Stuart Has 62% Vote

The biggest turnout in history saw 1,033 voters vote in the Stuart primary Tuesday.

Of the 1,644 registered voters, 62 per cent went to the polls.

The six victorious candidates will appear on the city commission ballot Dec. 10.

Mayor Bill Todt tallied 486 votes. Arthur Sims, seeking his second term on a city board, had 433 votes. Former Mayor Jack Hartman, received 422 votes and another former mayor, Kenneth Stimmell, 388.

Felix Williams, first negro candidate for a city elected position, ran in fifth place with 377 votes. Former mayor Ed Menninger, Jr. received 246 votes, Ed Murray, 146 votes, and Stephen O'Connor, 129 votes. Murray and O'Connor were eliminated in the primary race.

Williams ran a strong race to gain the finals. A negro poll worker said that 202 negroes voted and fifty negroes were turned away because they had failed to register to vote in a city election.

Registration opens again from now until Dec. 4, at City Hall.

Yacht Club License Is Approved

In a request for county commission approval of a whiskey license for the Yacht Club Restaurant in Port Salerno, it was revealed that the waterfront restaurant is owned and operated by Mr. and Mrs. James Gaughan, and not Owen K. Murphy, as believed hitherto.

The application for the issuance of the license is in accord with new regulations set up by Rep. William E. Owens through special legislation that the county commission must either approve or disapprove of all new licenses.

Figures submitted by Gaughan seem to meet county requirements, according to County Engineer Frederick Bell. County Attorney Tooker said the application met requirements on zoning ordinances.

Commissioner Jack Saunderson said the restaurant is "first class" and that the lack of a license is "holding it back".

Another application for a restaurant whiskey license was approved for Selma Tumbleston in western Martin County. She told the board that her new restaurant building is 17 miles from the nearest church or school.

Jim Lovvorn Is Still Critical

Jim Lovvorn, who was injured recently in Cocoa, is still in critical condition, according to Jensen friends who talked to Mrs. Lovvorn on Tuesday.

Lovvorn is in Orange Memorial Hospital, Orlando, and has been moved from the recovery room into a private room, after having head surgery. He has not regained consciousness since his fall. Tubes are in his throat, and tubes may be used in the stomach in an effort to feed solids to him.

Accident Cause

According to the investigating officer, Highway Patrolman Charles Humphries, Lucy Newberry, Stuart, slowed on approaching the tree branch on the road. Behind her, a car driven by Mrs. Edith Syde, Daytona Beach, failed to slow down and ran into the rear of Mrs. Newberry's car.

Mrs. Syda was charged with failure to have her vehicle under control, and was taken to Martin Memorial Hospital by a Johns Funeral Home ambulance where she was treated for knee injuries.

GRUMMAN EXPANSION IS ANNOUNCED LOCALLY

The Grumman Aircraft Engineering Corporation of Bethpage, Long Island, and Stuart, have announced that they will break ground for a new hangar at Martin Co. Airport (Witham Field). The new hangar will be ready for operations in the spring of 1964. Grumman will use the new 50,000 square foot aluminum structure for aircraft sub-assembly work initially and might add flight operations at a later date.

Grumman will send a ten man nucleus to Stuart early next year to start operations and by December, 1964, is expected to have approximately 150 employed there, practically all of whom will be hired locally.

Grumman has been operating the airport under lease from Martin County since 1950 and has invested over $500,000 for maintenance, improving landing strips, aprons and hangars, and erected a 48-foot control tower.

It is rated one of the best maintained airports of its class in the nation.

Bill Bessemer, of Jensen Beach, is back at work after being hospitalized over the week-end for burns received on his hands and knees after coming into contact with a hot primary line last Saturday.

The December issue of the Standard Oil Co. magazine, SCENIC SOUTH, featured scenes from the House of Refuge and the Elliott Museum in their photo section on Florida.

Asks Boat Traffic Halt On Canal

County Commissioner Jack Williamson has asked State Road Board Member John Monahan to seek an arrangement through which boat traffic on St. Lucie Canal would be halted to permit free movement of vehicular traffic over the single-lane bridge during the two days of Circle T Ranch Rodeo.

The Williamson request was made for G. C. Troup. Fans of the rodeo have suffered in years past in traffic jams caused by the bridge openings, a condition both the commissioner and the rodeo producer hope to alleviate in February.

This winter, the rodeo days have been set for Feb. 22 and 23, on Saturday and Sunday.

Williamson's request was for free access of vehicular traffic from 12 to 3:30 p. m., and from 4:30 to 7:30 p. m. on both days. The bridge would open for boat traffic from 3:30 to 4:30 p. m. while the rodeo was in progress.

Thanksgiving Service At Trinity Church

The Union Thanksgiving Service to be held at Trinity Methodist Church, on Arch Street in Jensen Beach, at 10:00 A.M. Thursday, will be conducted by Rev. Jack Fernandez, of the Rio Baptist Church; Rev. Newton Tweedy, of the Jensen Community Church; and Rev. Neil Gunsalus, of the Host church, Trinity Methodist.

Mrs. Jack Fernandez and a combined choir of the three churches, will present the anthem, "Now Thank We All Our God". Mrs. Roland Woodruff will accompany Mrs. Robert Crowder for a solo, "Grateful, O Lord, Am I".

The offering from this Thanksgiving Service will go to the Martin County Ministerial Association for their work with needy people in this area.

CUBS VISIT LOCAL DAIRY

Den # 1 of Cub Pack 402 visited Moore's Dairy, where they were shown the complete process of the dairy industry from the time the cows are milked, to the bottling of the milk for consumer distribution.

The boys were also allowed to feed the cows.

ASSASSINATION OF PRESIDENT KENNEDY

President Was Shot In Dallas Parade

Texas Governor John B. Connally Shot In Shoulder But Not Mortally Wounded

INTENSE SCENE IN DALLAS

ASSASSIN MURDERED

Assassin Was A Pro-Castro Communist

NATION MOURNS

Dallas Policeman Is Slain By Assassin

Dallas, Tex., Nov. 22, 1963--President John F. Kennedy was assassinated today by a sniper hiding in a schoolbook storehouse along the parade route just outside downtown Dallas. The 35th president of the United States was mortally wounded at 12:31 p. m. as the two shots from a Mauser rifle exploded the city into confusion. Also wounded was Texas Governor John B. Connally, shot through the right shoulder.

The triumphal parade through downtown Dallas saw President Kennedy waving and smiling to the over 250,000 people who turned the parade route into a festival scene. Then, suddenly, three shots rang out. The President fell forward, and Mrs. Kennedy screamed. She cradled the bloody head of her husband in her arms as the secret service raced the presidential car to Parkland Hospital. Governor Connally lay slumped to the other side of the car. Kennedy died at about 1 p. m.

President Kennedy's body was returned to Washington D. C. accompanied by Mrs. Kennedy, our new president Lyndon B. Johnson, and Mrs. Johnson. Upon the arrival in Washington, the casket was placed in the White House for private repose.

Washington, D. C., November 24, 1963--On Sunday the casket was carried in state to the rotunda of the Capitol. Crowds estimated at half a million persons filed by the catafleque that once held the coffin of Abraham Lincoln in state funeral 98 years ago.

JOHN F. KENNEDY

Washington, D. C., November 25, 1963--The assassin is believed to be Lee H. Oswald, who himself was murdered by an assailant. The police of Dallas were moving Oswald to the county jail from the city jail. Millions watched as television cameras recorded the death of Oswald, shot by a Dallas nightclub owner.

Oswald was rushed to Parkland Hospital and died there.

Lee H. Oswald was a pro-Castro Communist, and has long been associated with extreme left-wing causes. He had spent three years in Russia, and is married to a Russian girl and has a child. He defected to Russia in 1959 but was denied Russian citizenship. He is an ex-Marine who was considered an excellent marksman. Paraffin tests proved he had used a rifle that day and he had been seen in the building. Evidence piled high enough to make Dallas police say they had an open and shut case against him in the assassination of President Kennedy.

Oswald was reported hiding out in a theatre after fatally wounding a police officer. Cornered there, Oswald put up a battle before being subdued. He was taken to the city police station and interrogated by both police and FBI agents.

Washington, D. C., November 25, 1963--President Kennedy was buried at Arlington National Cemetery this afternoon. The burial followed services at St. Matthew's Roman Catholic Cathedral. The funeral mass, a "low" mass at the request of the Kennedy family, was celebrated by Richard Cardinal Cushing, archbishop of Boston and the spiritual guide and friend of the president.

The procession from the rotunda of the Capitol was led by the flag draped caisson bearing Kennedy's body, which was followed by the traditional riderless stallion of the Commander-in-Chief. Behind the horse followed the bereaved widow of the president, Jacqueline Kennedy, attorney general and brother of the late president Robert F. Kennedy, and President and Mrs. Lyndon B. Johnson.

An unprecedented group of national and foreign dignataries followed in the procession.

The nation watched and mourned the event. Monday was declared a national day of mourning, and ended four full days of shock, disbelief, and sadness throughout the world. The effects will be felt for many months to come.

LEADERS HONOR PRESIDENT KENNEDY

Mourning Follows Throughout The World

Washington, D. C., November 25, 1963--Leaders of nations from all parts of the world have abandoned their differences to honor the late President John F. Kennedy. With grim, sorrow-struck faces, some with tears, the high ranking dignitaries gave their last respects to our late president at his funeral in the Capitol.

Among the dignitaries, representing 53 nations throughout the world, were French President Charles de Caulle, West German Chancellor Ludwig Erhard, Berlin Mayor Willie Brandt, first deputy chairman of the Council of Ministers of the U. S. S. R. Anastas Mikoyan, British Prime Minister Sir Alex Douglas-Home, Queen Elizabeth's husband Prince Philip, Queen Frederika of Greece, President Eamon de Valera of Ireland, Japanese Premier Hayato Ikedo, King Baudouin of Belgium, and Emperor Haille Selassie of Ethiopia.

President LYNDON B. JOHNSON

LYNDON B. JOHNSON Is New PRESIDENT

Takes Oath On The Presidential Plane

The Nation Is Secure

Congressional Leaders Pledge Full Support

CABINET OFFICERS ASKED TO REMAIN

Washington, D. C., November 23, 1963--President Lyndon B. Johnson spent his first full day in office today in a swelter of activity. Official action of the new president, after being sworn in last Friday, included the decision to address a joint session of Congress at 12:30 p. m. Wednesday, and the proclamation of Monday, November 25, as a national day of mourning for the assassinated President John F. Kennedy.

Federal offices across the entire nation will be closed on the latter day, which is also the day set for President Kennedy's funeral.

President Johnson won pledges of unity and support from his cabinet of labor and business. He has requested that all U. S. ambassadors overseas remain at their posts and fulfill the custom of handing in their resignations to the new president before taking their leave.

President Jonnson has informed the Kennedy-appointed cabinet officers, including Attorney General Robert F. Kennedy, that he needs their support.

President Johnson labored in conferences with other top aides, pausing momentarily to pay his tribute to the memory of the late President Kennedy.

Offering consolations to Mrs. Jacqueline Kennedy and her two children, he conferred with two former presidents, Dwight D. Eisenhower and Harry S. Truman.

In his first words to the American people, President Johnson expressed his sorrow concerning the assassination of President Kennedy. On his return from Dallas to Washington on the peerisdential plane, Air Force One, the president said:

"This is a sad time for all people. We have suffered a loss that cannot be weighed. For me it is a deep personal tragedy. I know the world shares the sorrow that Mrs. Kennedy and her family bear. I will do my best. That is all I can do. I ask your help — and God's."

The late President Kennedy's popular kitchen cabinet, composed of Harvard intellectuals, is due to be replaced under the new president's administration. Although some of the Kennedy staff will remain, President Johnson is expected to bring in some of his own politicos.

Some of the new aides to grace the president's staff will be Johnson's administrative aide, Walter Jenkins. Bill D. Moyers, deputy director of the Peace Corps, is another possible candidate.

Others include Horace Busby, a former Texas news reporter; Gov. John B. Connally of Texas; William S. White, a newspaper columnist; George Reedy, another former newspaperman; Gerald W. Siegel; Homer Thornberry; Rep. Jack Brooks of Texas; Abe Fortis; a Washington lawyer; and Dr. Edward C. Welsh, secretary of the National Aeronautics and Space Council (NASA), of which Johnson is chairman.

SPECIAL PAGE IS PATTERNED ON LINCOLN DEATH

TAKEN FROM THE NEW YORK HERALD OF APRIL 15, 1865

Historical Effort Is Explained

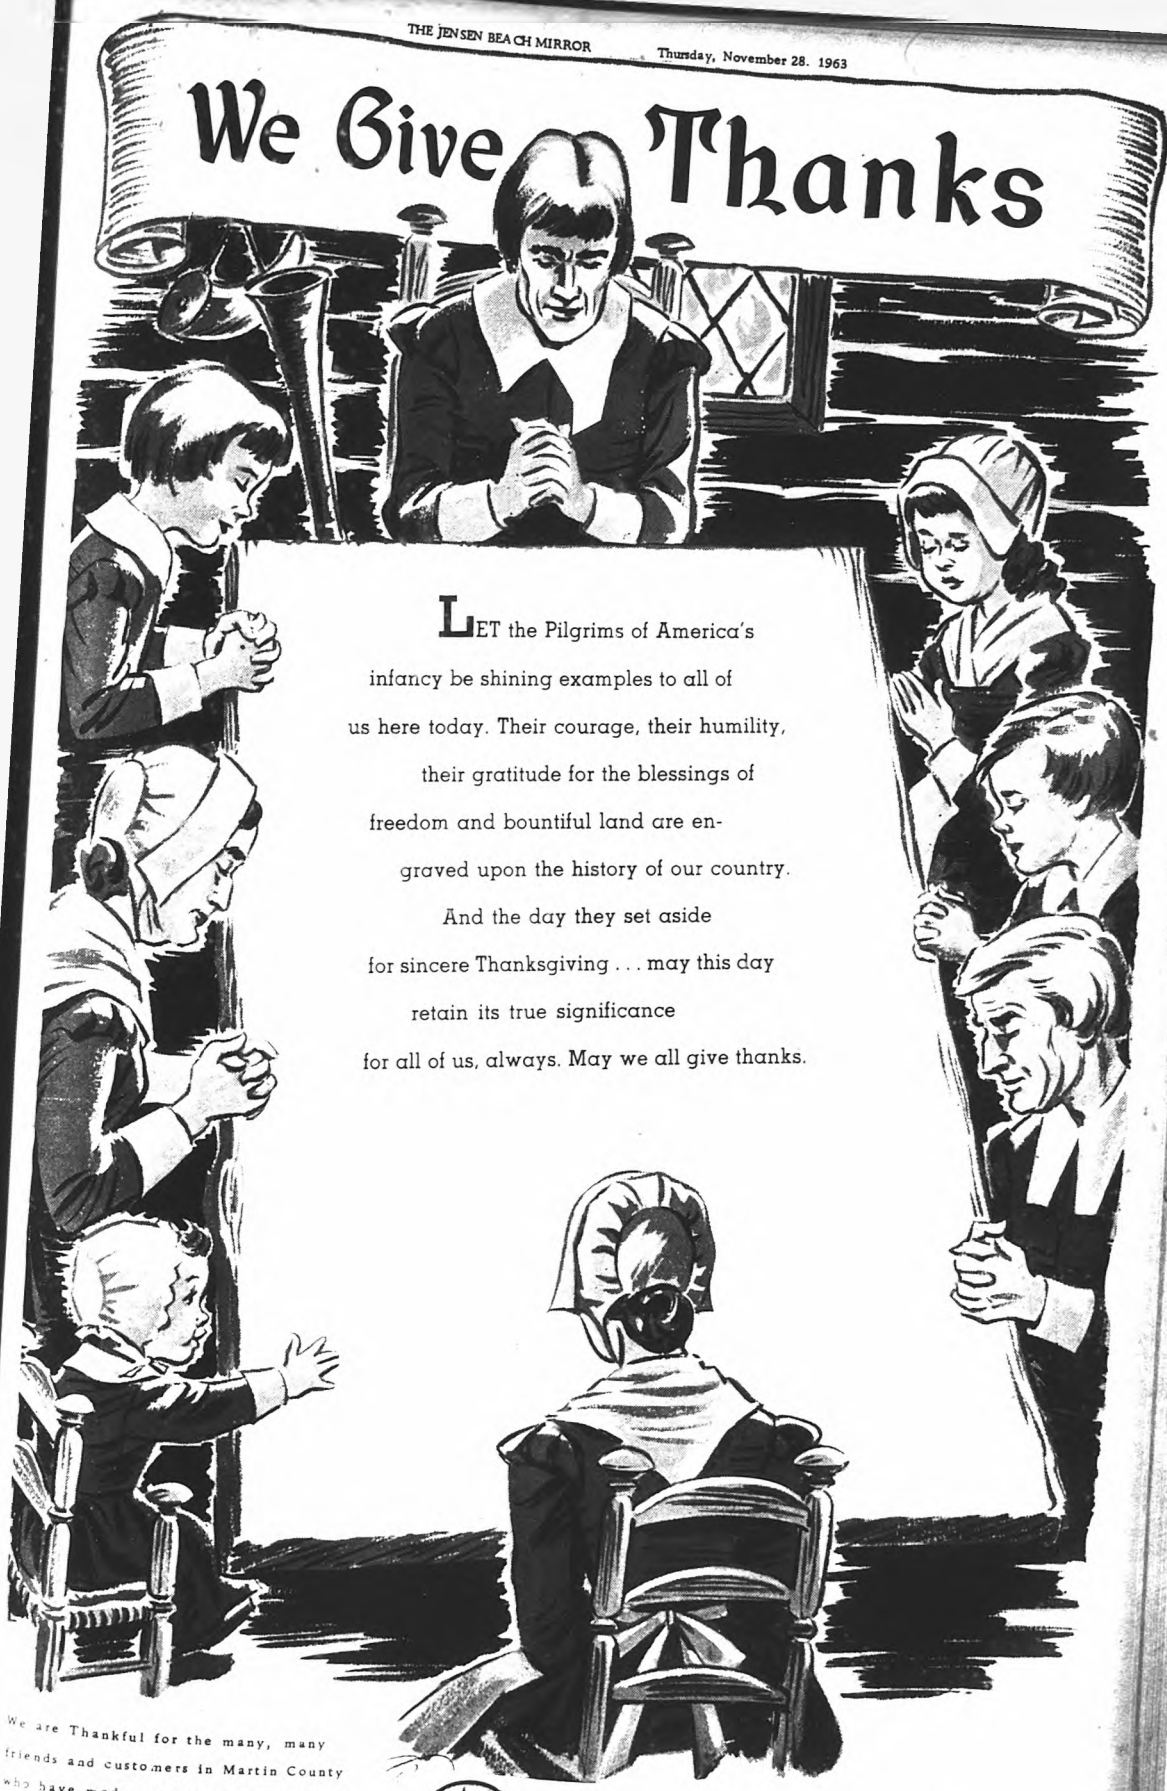
Jensen Beach, Nov. 28--This is an attempt to recreate the image and feeling of the New York Herald dated April 15, 1865. The copy of the newspaper is from the collection of Mrs. Rice, owner of Between Waters Mobile Home Park.

The headlines of this special page are intended to be in direct comparison to the headlines telling of the assassination of President Abraham Lincoln in that newspaper.

The black borders of mourning in the New York Herald are duplicated in the Mirror to show our feeling of remorse in this untimely death of our president.

The news stories themselves have been written as closely as possible to the way they would have been written in 1865. These accounts will parallel the death of Lincoln.

We Give Thanks



LET the Pilgrims of America's infancy be shining examples to all of us here today. Their courage, their humility, their gratitude for the blessings of freedom and bountiful land are engraved upon the history of our country. And the day they set aside for sincere Thanksgiving . . . may this day retain its true significance for all of us, always. May we all give thanks.

We are Thankful for the many, many friends and customers in Martin County who have made our lives richer by their business and their friendship, and for the opportunity to offer our fine banking services to the people of Martin County.

Article Brings Inquiries

An article on Jensen Beach, written by a Mr. Ken Ferguson, was published in the Chicago Sunday Tribune on November 17.

Reg Walker, of the Jensen Beach Chamber of Commerce, reports that the article resulted in many inquiries to the local chamber for information on this area.

Mr. Ferguson wrote: "Jensen Beach, 1,000 pop., A quaint resort on a high ridge overlooking beautiful Indian River (where some of Florida's best oranges are grown) about one hour north of Palm Beach on the gold coast fringe. Warm winter weather and sunshine. Ocean beaches only minutes away. For people who like fishing, boating, swimming. No night clubs or garish tourism. Undiscovered by the average tourist. Reasonable living costs: $30.00 a month trailer parks, $10.00 a day (double) motels. Florida's most unusual trailer park (city in itself with own post office) located here.

Mrs. Slott Visits Jensen Beach

Mrs. Molly Slott, head of the Chicago Tribune and New York News Syndicate, and her husband, recently visited at Langford Terrace Villas.

Mrs. Slott is our own Zack Mosley's boss. His comic strip, "Smilin' Jack" is syndicated through Mrs. Slott's news syndicate.

Evinrudes Plan Thanksgiving

Relatives and close friends of Mr. and Mrs. Ralph Evinrude will be their guests on Thanksgiving Day at an informal dinner.

Expected guests include Mrs. Evinrude's brother, James Langford, and his wife, Peggy, and their two daughters, Gloria and Sandy.

Also, Mrs. Evinrude's parents, Mr. and Mrs. V. C. Langford, Mr. and Mrs. Nick Penning, Mrs. Emma Schultrich, Mr. and Mrs. Roland Merrell, Mr. and Mrs. Ed Lawrence, Mrs. Zola Swarthout and Mrs. V. L. Clear

New Residents Are Arriving

Newcomers to our community who have recently moved into their new homes built by Frank Forsberg, are:

Mr. and Mrs. Loren Allen, 230 Linda Drive, from Elmira, N. Y.

Mr. & Mrs. George K. McComb, 210 Linda Drive, from Mountain Side, N. J.

Mr. and Mrs. Oscar Deiss, 349 Flora Drive, from Orlando, Fla.

Mr. and Mrs. Arthur Pittman, 180 Ocean View Circle, from New Hampshire.

Mr. and Mrs. Willard Bowman and son, from Drexel Hill, Pa. who will soon move into their new home being built by Frank Forsberg on Jeannette Avenue, are staying temporarily at 8 Sharpe Road.

We welcome these new members to the Jensen Beach community.

Fish Story?

What was at first thought to be a fish story with a new twist for the interest of bird-watchers was told by Ernest Stoner after returning from a fishing session at Seminole Shores on Hutchinson Island Wednesday, November 20.

He told of looking up to see an eagle on top of a utility pole holding down a foot long fish with his talons.

When asked by a Mirror reporter if the bird might have been a buzzard, Stoner was both indignant and amused and said he certainly had lived here long enough to know the difference between the species!

"There is a great difference in the heads of the birds and the eagle has talons which differ from the claws of a buzzard," he added.

He told of seeing the now rare birds in that area in past years, but never catching or holding a fish.

Stoner's story was verified by his wife who accompanied him on the fishing trip, thus an important addition was made to the growing list of famous Jensen Beach fish stories.

MAKE YOUR MOUTH WATER?--Chefs V. V. Wortham and Randolf Spinney made sure the steaks kept coming at the Jensen Beach Firemen's Cookout held Tuesday, November 12. Members and guests of the Fire Department attended.

ANNUAL CHRISTMAS DINNER IS SET FOR NOVEMBER 25th

Plans were made for the Post and Auxiliary annual Christmas dinner at the regular meeting of the American Legion Auxiliary Post 126 held November 25th in Jensen Beach.

The dinner will be held December 9th at the Post home.

Mr. and Mrs. Joe Guyett, Clayton, N. Y., arrived November 22 to spend their 5th winter at 19 Sunny Acres Road.

The couple are owners of a resort on the St. Lawrence River, at Clayton, which they operate during the summer months.

HEALTH TOPICS

A Service of Your Doctor of Medicine, Your Local Medical Society and the Florida Medical Association.

WATER EXERCISES: BENEFICIAL TO MANY

Archimedes, Greek mathematician, died over 2,000 years ago. One of the principles he established is still being applied to medical treatment.

Archimedes deduced that a body submerged in water loses as much of its weight as the weight of the displaced water. This fact is a tremendous boon to persons with weakened muscles.

Exercises in and under the water are known as hydrogymnastics. Patients with weakened muscle power are able to perform movements in water which would be impossible out of water. When weakened muscles are exercised on a table in a gymnasium, gravity and friction must be overcome. Water removes the effect of gravity to a large extent, preventing the force of weight from overstretching a weakened muscle.

Physically handicapped children naturally have a fear of falling and hurting themselves. This fear is eliminated in water. The patient's morale, often low after a long illness, is thus elevated.

Underwater exercises are beneficially associated with many types of paralysis. The arthritic patient also can benefit greatly from underwater exercises during his convalescence.

Hydrogymnastics is related to balneotherapeutics, which is the treatment of diseases by baths. Balneotherapy is also an ancient practice indulged in for centuries by people who could afford to take baths at the famous spas in various parts of the world.

GREAT DAY, AS ROADS AND BRIDGES WIN SRD APPROVAL

ises A-1-A Bridge In '64

nahan, State Road Board member istrict, promised Frank Wacha, ommission chairman, and com- Jack Williamson that the impor- -A extension from Fort Pierce to in County line in Jensen Beach, tchinson Island, would be under before 1964, according to Wacha. with the Indiantown-Belle Glade

Monahan, recognized as the "best friend we have had on the road board in many a year" by county commissioners, who suggested that St. Lucie County borrow $500,000 from secondary road funds to finish the five miles of A-1-A remaining after the county ran out of primary road funds with $600,000 budgeted for this year to complete 4.8 miles south of Fort Pierce. The borrowing can be done under enabling legislation passed in Tallahassee. It takes monies from secondary road funds for use in primary with a promise to repay to that

The commissioners and county engineer Frederick L. Bell returned from an all day meeting Monday in For Lauderdale with SRD members in jubilation.

"It is a great day in Martin County history", Wacha said. He displayed a colorful picture of the planned bascule drawspan of the new Jensen Beach bridge across the Indian River and added that Martin County has never accomplished so much in one day.

Wacha pointed to the A-1-A project, which will open Jensen and its beaches to tourist traffic from the north, and then to the bridge, and followed with the Allapatta Road which will link Fort Pierce farmers fund.

In a letter dated December 6, pertaining to the construction of the new Jensen Beach bascule span, Rader and Associates, designers of the bridge, told Frank Wacha that the new Causeway and its special fishing facilities "is certainly a credit to you and the members of the County Commission and will be of considerable benefit to Martin County."

The letter referred to the low level fishing facilities included in the plans for the bridge. Two piers will extend along the lower levels of the bridge supports, will be lighted and give anglers a closer look at the many varieties of fish that abound in the Indian River.

nther Prowlers Are Hunted In Savannas

e black panther, estimated en 70 and 80 pounds, was et of a posse hunt last evening from 6:00 p. m. a. m. Monday morning, was reported that the attacked one of the horses kept in a pasture off the Jensen Cutoff Road.

Residents in the area have reported seeing two young panthers roaming the brushlands south of the Cutoff Road. Protected by law, the panther was hunted by a group let by Deputy Sheriff Tom Wyatt. In the group were Merle Profitt and J. O. Jones of Jensen Beach, and several unidentified persons from Palm City. There were a dozen hunting dogs in the posse. The hunters covered the area from the Cutoff Road to Rio and west to U. S. 1/

No one in the hunting party saw the panther during the night. The Dogs barked several times, but there was no chase. It is anticipated that the hunting party will try again on Thursday or Friday.

TODT, SIMS AND HARTMAN WIN STUART ELECTION

William P. Todt, Arthur Sims and Jack M. Hartman were elected to seats on the Stuart City Commission by seventy percent of the city's eligible voters on Tuesday.

The unofficial totals, which do not include the eleven absentee ballots, show: Todt, 656; Sims, 617; Hartman-513; Williams, 499; Stimmel, 460; and Menninger, 219. Felix Williams missed election by only thirteen votes.

Subscriptions Still Available

The Jensen Beach Mirror is offering a special gift subscription rate through December 24. With your own subscription at $5.00 a year, you may send as many gift subscriptions as you like for only $2.50 a year each.

Mr. Harry Rice has returned from Italy, and is now in Baden, N. C. with Alcoa Aluminum.

Mr. and Mrs. James Eichler of Independence, Ohio, have returned for the season.

Mr. and Mrs. Chester Treisar, Jr. and daughter have returned to their home in Forked River, N. J. after a two week visit with the Senior Treisars in Between Waters Park.

Mr. and Mrs. Hubert Hefflefinger, Nevada, Iowa, were recent visitors of Mr. and Mrs. Paul Banks at Between Waters Park.

TOPS--The 4-H float won top honors for beauty... and our Jensen beauty, Miss Carol Olney, was riding high on the float at right with other comely lasses. The float was a joy to see, as all agreed.

Enrollment Continued Up In Martin County Schools

Enrollment in Martin County schools continued to spiral upwards in November figures supplied by Supt. of Schools Thomas L. Crook.

In Jensen Beach, the Elementary School began the year with an enrollment of 189. As of December 11, the number has increased to 194.

Enrollment for the third month, November, of the school year, was at a record high of 4,112, up 252 over the same month last year and 343 over first day enrollment in the current term.

The total registration of every grade in the school system indicated an increase with two exceptions. Grade one dropped an insignificant number, from 497 last year to 493 this year; and grade ten was the same each year, at 244.

This year's graduating class stands at 142 seniors, compared to 90 at the same time last year.

The junior class is larger, too, 181 this year compared to 162 in November "62.

The sophomore class numbers one less than a year ago, with 212 compared to 213 last year.

The three junior high school grades show an overall gain of 47 pupils, from 695 to 742.

Chamber Will Decorate Tree On Causeway

A Christmas tree will be decorated and displayed on the Jensen Causeway in the new grassed park area. The Jensen Beach Chamber of Commerce has authorized $50 to be used for this purpose, and the tree will be put up and decorated on Saturday.

The Chamber will also put up the annual community Christmas tree on Saturday in front of the Chamber office on Commercial Street.

Mr. and Mrs. Marvin Goldberg, of Chicago, Illinois, are staying at the Anchorage as guests of Mr. and Mrs. John Wolf, while on a combined vacation and business trip.

Hansel Marquess, of Eau Gallie, was a weekend guest of Rene Hogue.

School Children To Present Yule Program

All six grades on the school will participate in the presentation of a Christmas Program on Tuesday evening, December 17, to be held in the third and fourth grade auditorium at 7:00 p. m. All parents and friends are invited to the program, which will present "Symbols of Christmas".

On the last day of school before the Christmas holidays, each grade will have it's own individual

The children of Jensen Beach Elementary School will begin their Christmas holidays on Friday, December 20. School will be in session through Thursday, December 19, in order to make up the day lost when schools were closed for President Kennedy's funeral.

Classes will resume on Thursday, January 2, 1964.

BOY WRITES SANTA

'Don't Forget Our Colored Community"

Dear Santa!

Thank you for visiting me and my four brothers last year. Thank a lot for the toys and clothes you brought us. Hope that you will come to see us this year. Now that mommy has a new baby. Her name is Jackie. Please don't forget her. As we have no daddy and mommy can't give us much because she hasn't much money. Please don't forget our little colored community. I live in the blue and white house on the corner. I am a good boy age eight.

Oscar Lee Harriel,
of Jensen colored
town.

SANTA SET DOWNTOWN ON MONDAY

Santa Claus will make a pre-Christmas visit to Jensen Beach on Monday, December 16, in the Jensen 5 & 10 at 6:00 p. m.

The Jensen Beach Mirror will conduct a Drawing, with the prize to be an 8 x 10 photograph of the winning child sitting on Santa's lap.

There is nothing to buy. Jensen 5 & 10 is sponsoring Santa for the local children.

PEACE AND GOOD WILL--The theme of the Beta Sigma Phi float was "Peace and Good Will", exemplified by Barbara Hendry and Barbara Friscia, in the Stuart Christmas Parade last Saturday.

HOWDY, FOLKS--A friendly hello is given to parade watchers by state representative Bill Owens and county commissioner Ed Miller in the Stuart Christmas Parade last Saturday. Also in the auto was Frank Wacha, but the camera could only catch his ear. (Sorry, Frank.)

STUART BOARD OF REALTORS INSTALL NEW PRESIDENT---Ransom Tilton was installed as President of the Stuart Board of Realtors last Saturday night at the annual installation dinner held at Port St. Lucie Country Club. Shown above, left to right, are: C. R. Ashley, retiring president; Lawrence R. Condict, guest speaker, president of the Orlando-Winter Park Board of Realtors, and Florida's "Realtor of the Year" for 1963; Ransom Tilton, president; Judge Evans Crary, Jr., master of ceremonies; and Don O'Kelly, installing officer. Other incoming officers are: C. B. Arbogast, Jr., vice-president; Mrs. Richard Bohner, treasurer; Charles Slocum, M. P. Nelson and C. R. Ashley, directors.

Sometimes a slim figure will cause a feller to pay a fat one.

If you ain't smart enough to win an arguement be stupid enough to keep still.

IRJC STUDENTS MAY REGISTER FOR THE SPRING SEMESTER

The Indian River Junior College's Spring Semester Class Schedule is ready for distribution to presently enrolled students and to new students, according to Charles Sample, Dean of Student Personnel at the College.

Pre-registration of students for this semester is now taking place and will continue until Dec. 20, the last date of the Fall semester. Classes will be closed when maximum registration is reached. Fees can be paid during pre-registration. Registration must be completed on January 14 and 15.

Spring semester classes will commence on January 20.

BABY SITTING SERVICE OFFERED

The Junior Youth Fellowship of the Jensen Community Church will provide a baby-sitting service for Christmas shoppers on Saturday, December 14, at the church. There will be adult supervision. Children may be left from 8:30 a. m. to 5:00 p. m. for 25¢ an hour, with lunch provided for an additional 25¢.

Proceeds from this project will go towards the church recreation fund.

Audubon Society Meets Dec 18

The Martin County Audubon Society will meet December 18 at the public library, according to Mrs. F. W. Hazelwood, who is in charge of the program with Mrs. Robert Trinter.

Albert McConnell, Jupiter Island, will talk on the Audubon Society teacher instruction program.

The meeting of the first of the season. All members are being urged to attend and to bring guests.

Also on the agenda is a discussion of the Christmas Bird county, scheduled for December 28.

The meeting starts at 8 p. m. Future meetings this year will be held at the library but on Tuesday evenings.

The Jensen Beach Square Club and Wimodausis will hold their Christmas party on Friday, December 13, at 8:00 p. m. in the old Community Church.

Members will bring food and table service for a covered dish supper.

Entertainment will be furnished by Mr. Eugene Grimm and her piano pupils. Gifts brought by members will be distributed from Santa's bag.

PHILIP KIRSE IS ELECTED WWI COMMANDER

New officers were elected at the December 6th meeting of Martin County Barracks No. 854, World War I Veterans of Jensen Beach.

Over 60 members attended the meeting for the elections.

The following Buddies were assigned their new positions in the election: Philip Kirse, Commander; Charles Diffendal, Sr., Vice Commander; George Tuttle, Jr. Vice Commander; Edward Synder, Quartermaster; Alexander Davison, Chaplain; Harry Heritage, Judge Advocate; John Lucas, Trustee for three years; Fred Hall, Trustee for two years; Frank von Halle, Trustee for one year.

Present Commander John Lucas was appointed to the positions of Deputy Inspector and Constitution and By-laws Committeeman by William Robinson, Commander, Department of Florida.

Eight new members were secured at the meeting.

Garden Club Christmas Party December 18

The Executive Board of the Jensen Beach Garden Club will meet at the home of Mrs. Charles Munch on Commercial Street at 1:00 p. m. on Wednesday, December 18.

The Christmas party will follow at 2:00 p. m., with members and guests exchanging plant gifts. Those planning to attend may contact the hostesses, Mrs. J. Bragan or Mrs. Munch.

Residents of Jensen Beach and Sewall's Point area are reminded of the exterior Christmas decoration contest, sponsored by the Jensen Beach Garden Club. Prizes will be given for "Most Beautiful", "Christmas Theme", "Most Unique" and "Commercial".

Your name and address must be entered in order to be judged.

PORT SALERNO

NATIVITY SCENE--The Senior Youth Fellowship of the Jensen Community Church took part in the Christmas Parade in Stuart last Saturday with a float portraying the Nativity.

Anniversary Celebrated By Methodist Church

The third anniversary of the founding of the Trinity Methodist Church was celebrated at the church December 3 with a covered dish dinner and program. Eighty members and guests attended, among whom were former pastors of the church and their families, now living in other locations. They were Rev. and Mrs. Edgar Stauffer and daughter, Boynton Beach; and Mrs. Paul Watts and children, Fort Lauderdale.

The blessing was sung by Mrs. Harold Platts. Herbert Smith, lay-leader, welcomed those attending and gave a short history of the church.

Reverend Gonsalus received congratulations from the former pastors of Trinity Methodist for his good work with the church, after which he asked that all help in its continued growth.

Piano selections were played by Willis Dexter and solos sung by Mrs. Frederick Hall, accompanied by Dexter.

The entire group joined in singing hymns of Thanksgiving, after which the program was closed with the Benediction, given by Rev. Gonsalus.

INSURANCE TIPS

By RICK CARROLL
Insurance

Q. Is there any stipulation in my policy that covers me for wind damage which says the winds must be of any particular force or any particular nature?

A. The policy does not restrict coverage to any types of windstorm. It simply uses the term "windstorm" and will cover for any type of wind damage whether it be tornado, hurricane, or just a strong wind.

Q. Is water leakage covered under my house insurance policy that has Fire and Extended Coverage included?

A. Water leakage is not covered under the policy unless it is the result of another peril such as a falling object knocking a hole in the roof. Water leakage is treated as a maintenance item if it is simply due to a faulty roof.

ensen Beach Does It Again

Mrs. Henry Heritage and Mr. amin Wahl wish to thank the mber organizations and local ividuals, and radio station SJU, for their prompt response the appeal made for clothing d other needs for the family of rs. Joan Scott, whose home d belongings were destroyed fire.

Mrs. Scott and her family now ve all the clothing and bedding ceived for their needs.

MIRROR WILL PUBLISH TUESDAY

The Jensen Beach Mirror will publish on Tuesday, December 24th for the next issue so that employees will have the opportunities to spend Christmas at home with their families. Copy deadline are advanced to Monday night. Advertising deadline is Monday afternoon. Persons desiring to advertise Christmas greetings in the Mirror can order them by phone or call for a salesman to call on them this weekend.

UNITED FUND ELECTS ZOLA; SETS DRIVE JAN. 13

UNITED FUND MEETS--Some of the new officers and directors of the United Fund in Jensen Beach and Rio are pictured following the meeting last Monday night at the Community Center. Left to right, front row, are past president Bill Weiss, president Zola Swarthout, Rio drive chairman Mrs. Charles Hall, and secretary-treasurer Martin Wahl. In the back row, left to right, are Gene Grimm, Alex Wilson, Marjan Tschischeck, Mike Frederich, Frances Hubbell, Orlena Braun and Helen Richardson.

Zola Swarthout, one of the organizers of the Jensen Beach-Rio United Fund seven years ago, became president of the organization Monday night at the annual general membership meeting at the Community Center. Other officers include Dick Campbell, first vice president; Albert Palmer, second vice president; Helen Richardson, third vice president; and Martin Wahl, secretary-treasurer.

Al Palmer was named chairman of the drive, which will be held from January 13 to the 20th. He will be assisted by co-chairmen Dick Campbell and Mrs. Charles Hall of Rio.

In announcing the drive dates, the executive committee reported that the kick-off breakfast will be held Monday morning, January 13 at 8:00 a. m. at Milan's Restaurant. The breakfast committee will be headed by Mrs. Rick Carroll, with Campbell as toastmaster and Mrs. Richardson in charge of the program.

The Victory Dance, a climax to the drive, will be held on February 7 at Seymour's Inn. Bill Weiss, retiring president, is chairman and Mrs. Mike Frederich was named co-chairman of the celebration.

Many organizations were present at the meeting to present their appeals for increased funds for the year. The members present voted to increase the fund drive to $7,000 for the year, up $500 from last year's goal.

The changes in offices are the first in two years, and the membership applauded the two year tenure of retiring president Bill Weiss. Mrs. Swarthout accepted the presidency after having served as vice president for seven years with the expression, "I have always been a bridesmaid in the United Fund. . Now I am a bride."

Christmas Spirit Shows In Jensen Beach Area As Homes And Businesses Glorify The Season

By Dick Campbell

JUST MY ONE FRONT TOOTH--Bruce Tranowski, son of Mr. and Mrs. Louis Tranowski of Sandra Drive, was the winner of an 8 x 10 photograph with Santa at the annual Jensen 5 & 10 appearance of our local Santa Claus. The picture above shows Bruce, minus one front tooth, with Santa (Harry Heritage). We wonder what Bruce asked for?

"And jest 'fore Christmas, I'm as good as I can be"... seems to be the spirit of the Jensen Beach area as it enters the Holy Season of the birth of Christ. Biblical scenes and gay Santas with reindeer and cherubs and candy canes blend throughout the area into the overall celebration.

Christmas parties and plays are the order of the day as the schools and civic clubs herald the coming of Christmas.

In the faces of local people, rushing here and there to shop for Christmas presents, for holly, tinsel, trees and decorations, there are smiles of anticipation. The Youngsters know that Santa is on his way. And churches begin their promotion of holiday events. Christmas is on its way.

Pictures of Christmas parties held before the Big Day will be a feature of the Mirror next week, which will publish on Christmas Eve, rather than after, so that our staff can spend the day with families and loved ones and so that local readers will receive their Christmas issue to read on that day. Local merchants will say "Merry Christmas" in Mirror ads.

Stockings are being hung in Jensen homes, and the lighting of the Chamber Christmas trees on the Causeway and in front of the Chamber building has become a reality. Homes are being decorated with many-colored lights. The Mars Hill tree has been lighted.

Christmas is in the air. For several weeks, the usually quiet Jensen Beach area will bustle with excitement, and area residents will find Christmas scenes in every trip to the beach, to the corner store, or downtown. The most beautiful tree to be seen at night, according to local tree-peepers, is the lighted tree in the lobby of the Jensen Beach Bank. But then, who can tell, for all trees herald the coming of Christ.

It is Christmas in Jensen Beach.

Christmas Calendar

Community Church Christmas Program, Sunday night, December 22, at the church.

Christmas Eve candlelight service at the Presbyterian Church at 7:00 p. m.

Community Church Men's Brotherhood Christmas Party and Dinner, Friday, December 20, 6:30 p. m. at the church.

Christmas Cookie Sale by the Jensen Beach Women's Assoc. on Saturday, Dec. 21, 9:00 a. m. in the Jensen Beach Bank.

Christmas Eve Communion service at the Community Church at 7:00 p. m.

St. Thomas Saturday, 7:00 a. m. Holy Communion at All Saints Episcopal Church.

Monday, December 23, 6:00 p. m., All Saints Episcopal Church, Hanging of the Greens Pot Luck Supper.

Christmas Eve, Christ Mass at All Saints Episcopal Church at 11:30 p. m.

Decorations Will Be Judged

The Jensen Beach Garden Club contest for exterior Christmas decorations and lighting will be judged on Christmas Eve by a group who will make a tour of the Jensen-Rio-Sewalls Point area to all homes and businesses who have registered for judging. Only those displays registered with the judges will be considered for prizes.

Anyone interested in entering the contest may contact Mrs. W. J. Weiss, AT 7-2746; Hazel Vincent, AT 7-0096; or Dorothy Kalb, AT 7-0946. They must be contacted before December 24th.

Prizes will be awarded for the "Most Beautiful", "Most Christmas Like" and "Most Unique".

CD Takes First Step In MC Fire Warning

The Martin County Civil Defense Alert Warning Service, which includes a county fire reporting phone, has begun 24 hour operation at the CD operating center on Flagler Street in Stuart.

The county two-way radio net control station will act as a back-up to the public calling, but getting no answer at local fire departments. The county fire reporting number is 287-5575.

The Jensen Beach Mirror editor-ially called for a county-wide fire phone when it took 15 minutes to relay a call for fire from Jensen to the Jensen Fire Department. This is a first step in that direction, and the county is to be saluted for taking that first tep. The next step is a single phone number for all fire departments in the eastern half of the county, with relays to local departments. Editor,)

The first duty officer on the volunteer ervice was Mrs. Bertha Smith of Jensen Beach.

Rain, Rain, Rain Rain, Rain And More Rain, Rain

Green lawns and packed sand, with the usual offerings of flooded streets in the usual low places took shape on Sunday with the coming of rain. Rain continued through Wednesday and was expected to stop Wednesday night or Thursday, as a stationary front, lying off the coast of Florida, refused to budge.

Clearing was expected to come on Thursday when a high pressure area, moving east across Florida pushed the rain mass out to sea.

Two inches of rain fell in the first three days of the week.

LEAGUE CHAMPS--Pictured above are the members of the first place bowling team in the Indian River League which bowls on Wednesday nights at Jensen Beach Lanes. Left to right: Walter Duma, aged 72, Jennie Duma, Pearl Fredette, and 77-year-old Bill Heston.

Plans Sought For Emergency Gate

Rep. Paul G. Rogers has informed county commission chairman, Frank Wachta, that he contacted the U. S. Corps of Engineers regarding the possibility of constructing an emergency gate between the St. Lucie Locks and the mouth of the St. Lucie Canal at Lake Okeechobee. He will give further information when he has received a report from the Engineer.

Wachta and William R. Scott, member of the Board of Governors of Central and Southern Florida Flood Control District, said they had no information on the move.

With the level of Lake Okeechobee higher than the St. Lucie River estuary, Wachta wondered if the St. Lucie inlet could handle such a flow of water without damage in this area.

Cooke Becomes Mayor Of Stuart

Ray Cooke, became the new Mayor of Stuart on Monday night at a city commission reorganization.

Former mayor, William Todt, took over the position vacated by Cooke, as the city's vice-mayor.

Commissioners Todt and Arthur Sims were sworn in again to newly elected two year terms, and Jack Hartman again took a seat on the board.

City Judge Harry Dyer was sworn in for a two year term.

Health Topics

THE BATTERED CHILD

"The Battered Child Syndrome" is a term becoming more and more familiar to the physician. A syndrome is a set of symptoms which occur together. A battered child is one with injuries ranging from bruises around the face and head to broken limbs. It seems unbelievable that an adult, even the most enraged or debased, would so abuse a child as to cause injuries requiring a physician's care. Yet the fact is apparent and legal authorities are doing something about it.

As a first gesture to discourage this despicable happening, state legislatures are passing laws requiring physicians and hospitals to report to appropriate authorities all cases of physical abuse of children brought to them for treatment. Florida pioneered in passing such a law during the 1963 session of the legislature. Major credit for sparking the movement leading to the law's passage belongs to a newspaper, the Florida Times-Union of Jacksonville, which investigated the problem

INSURANCE TIPS

By

RICK CARROLL
Insurance

Q. If during a fire at my home, one of the firemen broke down a door to get into a room that he though might possibly be on fire, am I covered for the loss of the door even though it was not on fire itself?

A. Yes, damage by a fireman incidental to extinguishing a fire is covered.

Q. If during the extinguishing of a fire at my home, some of my contents are stolen during the confusion, is this covered under my fire policy covering my contents?

A. Yes, this is a direct result of removal from the premises and is covered both under the fire policy and Homeowner's policy.

Q. Under the liability section of my Homeowner's policy, is my Mother covered if she breaks her leg while visiting in our home?

A. If the Mother is a visitor and not a member of the household or a tenant, she is covered for the limit of the medical payments section of your liability portion as long as the accident was on your property. The medical payments usually has a limit of $500 per person.

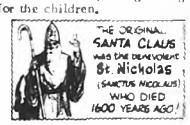
Honeycreepers Club Hold Christmas Party

The Honeycreepers Club 540, Zoottettes of America, held their annual Christmas party at Walton Community Hall last Sunday afternoon, December 17, with Chief Grayback (president) Mrs. Charles Mochile acting as hostess.

After a covered dish buffet, the members exchanged gifts and leter wrapped 35 packages to be sent as Christmas presents for mental patients at the Veterans Hospital, Coral Gables.

Christmas cookies were boxed to be sent for the Veterans Hospital Christmas party, and a $15.00 grocery basket was made ready to be given to a local needy veteran's family along with gifts for the children.



THOMAS YANKOVICH, 75, DIES IN HOLLYWOOD HOSPITAL AFTER A LONG ILNESS

Thomas Yankovich, 75, 313 Hickory Ave., Jensen Beach, died in a Hollywood hospital on December 12 after a long illness. A native of Czecholavakia, he came to the United States in 1914 and had lived in Jensen Beach for the past fourteen years.

He was a member of the Fraternal Order of Eagles of Meadville, Pa., the Carpenters Union, and a member of St. Josephs Catholic Church of Stuart.

Survivors are his wife, Frances, of Jensen Beach; one son, Charles, of Tampa; one daughter, Mrs. George Munroe of West Palm Beach; two brothers, Joseph, of Jensen Beach and Rudolph, of Seraing, Belgium; one sister, Mary of Czechoslavakie; and seven grandchildren.

A Rosary was said in Johns Funeral Chapel on Friday, Dec. 13. A funeral Mass was held at St. Josephs Church on Dec. 14. Burial was in All Saints Cemetery in Jensen Beach.

Johns Funeral Home was in charge of arrangements.

QUALITY

The quality of our services cannot be measured in dollars.

There are more than 9 million teenagers in U. S. secondary schools-an increase of more than 43% in the past decade. Last year, local advertisers invested 56% more dollars in newspaper advertising during the fall back-to-school months.

Owen K. Murphy Attends Opening Of Niagara's Newest Showrooms

Latest moves to expand the world wide sales of Niagara equipment took place in late November when Owen K. Murphy and Dr. Ed Connor flew to London for the opening of the London showrooms.

Many leading writers of the British Press and magazines were present. Also present were Mr. J. W. Harold Cooper of the British Monarch Cyclo Massage Co.; Mr. Peter Carvel, Managing Director; Peter Grealy and Dan Sullivan of Ireland; Mr. Kolling of Holland; and Mr. and Mrs. Madele of Germany.

Those gathered for the opening ceremony, observed a moment of silence in honor of the late President John F. Kennedy.

A Thanksgiving luncheon was held, followed by films showing the work of Niagara in Adamsville and at Dr. Connor's clinic in Meadville.

In the evening, a cocktail party in the Church House, was attended by more than 300 pressmen and many prominent doctors, who saw demonstrations of the Niagara equipment.

Owen K. Murphy spoke of his aims, as did Dr. Ed Connor, and both were well received. The British Company already has an impressive sales record, with branches in Birmingham, Nottingham, and more to come.

Mr. Derrick T. Moody handled the Public and Press Relations for Niagara. All the salesmen were enthusiastic about the equipment and felt that much had been achieved by the ceremonies and many new contacts are expected to result.

During his London stay, Mr. Murphy promised that if a suitable Doctor could be found to devote his time to organizing a "Fairyland Clinic" in London, he would be happy to donate the equipment.

Rev. Schroder Re-Elected Mental Health President

The Martin County Association for Mental Health held an election of officers on December 12, at the Sunrise Inn.

Re-elected for another year were: Rev. Donald Schroeder, president; John Keller, vice president; Miss Marian Tschischeck, Corresponding secretary; Mrs. Stephen Schmidt, Recording ecretary; Mrs. Walter Hupfel, Treasurer.

New directors elected to the Board were: Martin Wahl, Rev. Norman Feaster and Rev. W. R. Rowe.

The Association furnishes aid, transportation and medical expenses to needy families with mental illness. They have also supplied equipment and furnishings to Martin Memorial hospital for special rooms, and they support the Indian River Mental Health Clinic in Fort Pierce, which serves a 4-county area.

MRS. HOPKINS VISITS FRIENDS IN JENSEN

Mrs. Dorothy Hopkins of Ocean Side, Long Island, spent three weeks in Jensen Beach visiting Mr. and Mrs. Albert Haab and Mr. and Mrs. Philip Frances of Eden.

During her stay, Mrs. Hopkins was joined by the Haabs and the Frances' for a four-day trip to Nassau aboard the "Yarmouth".

Mr. and Mrs. John Chicky, of Skyline Drive, are the proud parents of a baby girl, born last week at Martin Memorial

"ALL THE NEWS THAT FITS IN PRINT"

Martin County Public Library Has New Staff

The Martin County Public Library launches on with it's new staff. Miss Jean Roos, Acting Librarian, formerly head of the Young Adult Department of the Cleveland Public Library, and was on the faculty of the School of Library Science Western Reserve University, Cleveland, Ohio.

Miss Helen Funnell, as Assistant Librarian, attended the School of Library Science Western Reserve University, and was school librarian of the Collingwood High School, Cleveland, Ohio.

Both Miss Roos and Miss Funnell are working on a temporary and part-time basis until the arrival of the new librarian.

Miss Josephine Neurohr, now living in Jensen Beach, is the first full time trained assistant on the Martin County Public Library staff. She is a graduate of State University College, Genesco, N. Y. where she received her library training. She has been a school librarian in several New York state towns and in Clewiston, Fla.

Miss Christiana Schultz, an experienced secretary is now on the staff full time. Miss Mary Williams and Mrs. Jack Zentz are carrying on the work at the desk and other clerical activities on a part time basis.

Judson Fuller is familiar to all his Bookmobile borrowers at the Stuart Training School.

The Volunteer workers are sponsored by the Martin County Library Association, with Mrs. Paul Tenney as Chairman. They work at the library at scheduled times during the week, having donated approximately 5,000 hours this year. They are: Mrs. Harold Woolley, Mrs. Walter Hupfel, Miss Mary Potter, Mrs. Clifford Hubbard, Mrs. Walter Soderholm Mrs. Andrew Bennett, Mrs. Ronald Stevenson, Mrs. Max Auerbach, Mrs. Lloyd Fanning, Mrs. W. O. Simpkin, Mrs. George Wait and Mrs. William Becker.

The monthly circulation of books is about 10,000 from a collection of over 27,000. The library subscribes to 37 magazines and eight newspapers. New books are added every month, and total over 3,000 for the year.

Over 9,000 library cards have been issued. Cards are free to county residents.

New Years Eve Ball Reservations Open To Public

A limited number of reservations are now available for the Martin County Historical Society's Presidents New Years Eve Ball, according to the arrangements committee in charge of this annual affair.

This Sixth Annual gala affair will be held at the Frances Langford Outrigger Restaurant on New Year's Eve and will feature dance music by Jan Fredrics' orchestra, a midnight Polynesian style buffet and table favors.

Soroptimist Club Donates To Underprivileged Children

The Soroptimist Club of Stuart met at the Anchorage Marina on Monday, with Mrs. Edna Wolf, president.

Instead of the usual exchange of presents at Christmastime, the members, this year, will donate money to be used for the purchase of gifts for underprivileged children of Martin County.

The speaker was the Rev. Donald E. Schroeder, pastor of Redeemer Lutheran Church, whose message will be "The Meaning of Christmas".

Accidents do prove that the road to heaven is usually paved.

* * *

Folks used to aim to git to heaven, not the Moon.

* * *

Christmas Party Set For Friday

The Men's Brotherhood of the Jensen Community Church will have a Christmas party and supper at the church at 6:30 p. m. on Friday, December 20.

Entertainment is planned, along with an appearance from Santa Claus, carol singing, and solo music.

The Ladies Aid Circle will serve at the dinner.

BAKE SALE IS SATURDAY

Many members of the Jensen Beach Women's Association will be busy in their kitchens this week baking all kinds of Christmas cookies for the bake sale to be held Saturday, December 21, at 9:00 a. m. in the Jensen Beach Bank.

Your Social Security

By: R. C. Gehrken, Jr.
District Manager
West Palm Beach Social Security Office

Q. Why has the contribution rate of social security taxes been scheduled to increase periodically?

A. The number of older people in the country is increasing; therefore year by year costs are expected to grow for many years. Income from the gradually increasing schedule of taxes in the law will meet this expected future rise in costs without disrupting the economy by imposing the whole tax needed to support the program all at once.

Q. What happens to the social security taxes taken out of my wages?

A. First of all, these tax contributions are placed in trust funds from which benefits are paid. One trust fund is used to pay benefits to retired people and their dependents and the families of deceased workers. The other trust fund is used to pay benefits to disabled workers and their families. Money in the trust funds that is not needed for the current payments of benefits is invested in Government bonds. The interest on this money is added to the trust funds.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

Cristmas Eve In Jensen

By Ralph Nordin

'Twas the night before Christmas
and all through our town
No noses were frozen, no snow
fluttered down.

No children in flannels were
tucked into bed,
They all wore their shorty pajamas
instead.

To find wreaths of holly was not
very hard,
For holly trees sprouted right in
the backyard.

In front of the houses were Daddies
and Moms
Admiring the bushes and coconut
palms.

The slumbering kiddies were
dreaming in glee
And hoped they'd find water skis
under the tree.

They all knew that Santa was
well on his way
In a Mercedes-Benz instead of
a sleigh.

And soon he arrived and started
to work,
He hadn't a second to linger or
shirk.

He whizzed over the highways and
zoomed up the roads
In a shiny new sports car delivering
his loads.

The tropical moon gave the city
a glow,
And lighted the way for Santa
below.

As he jumped from the auto he
gave a wee chuckle,
He was dressed in Bermudas with
an Ivy League buckle.

There weren't any chimneys but
that caused no gloom,
For Santa came in through the
Florida room.

He stopped at each house and
stayed only a minute,
And emptied his sack of the stuff
that was in it.

Before he departed he treated
himself
To a glass of papaya juice left
on the shelf.

Then he turned with a jerk and
bounced back to the car,
Remembering he still had to go
very far.

He stepped on the gas and put it
in gear,
And drove through our town sing-
ing with cheer.

And I heard him exclaim as he
went on his way,
"Merry Christmas Jensen Beach, I
wish I could stay!".

Mirror Has A Color-Full Yule Issue

This week the Jensen Beach Mirror has another "first" for Martin County. The first locally produced three color picture to appear in a Martin County newspaper is the Nativity Scene on the front page, and the three color Christmas greeting advertisement of Yates Funeral Home on the back page is the first such advertisement produced locally in color.

Add the exciting story of Christmas in color of First Federal Savings and Loan Association of Martin County in this issue to the above, and Mirror subscribers will find a color-full Christmas week.

As this issue of the Mirror was released on Tuesday, dated for Thursday to meet the holiday in Jensen, the next issue will be a regular Thurday edition.

WEEKLY TIDES

Dec.	High	High	Low	Low
26 Th	4:13	4:24	10:21	10:48
27 Fri	5:12	5:21	11:21	11:43
28 Sat	6:07	6:16	——	12:16
29 Su	7:01	7:10	12:37	1:12
30 Mo	7:53	8:03	1:29	2:04
31 Tu	8:44	8:54	2:20	2:56

Mr. and Mrs. Cal Bernd and sons, Michael and Steven, of Madison Wisconsin, are visiting Mr. and Mrs. Ralph Bright at their Sunny Acres Rd.

Garden Club Held Christmas Party

The Jensen Beach Garden Club held a Christmas party at the home of Mrs. Charles Munch after conducting the executive meeting the previous hour.

Mrs. J. N. Bragan, co-hostess, fashioned small crosages for each member attending, requesting the wearers to tell of their favorite Christmas. Among these were Mrs. Barbara Ferson, Mrs. Arnold Taube, Mrs. Lewis Gamble, Mrs. William Weiss, Mrs. Jack Kuhn, Charles Wheeler, and Mrs. Sidney Lowerie. The "old-time residents" told of Christmastime back when the river boats plied the river.

Mrs. Eliza Blackwelder, guest speaker and one of three Martin County ladies listed in Who's Who, had brought many Christmas decorations from Nurenburg, Germany. Subsequently, she was presented with a "permanent" arrangement in appreciation of the club's pleasure in viewing these small articles.

Mrs. Calvin Wilber, president, presided at the meeting which featured a gift-exchange-plant.

SETS NEW RECORD—George Hayden, center, of Huntington, Long Island, New York, is congratulated by Martin County Golf and Country Club pro Ben Hartig on establishing a new course record for 18 holes. Hayden shot a 66, with two 33 scores on the front and back nine, to break the course record of 67 held by assistant pro Don Ross. Hayden is staying at the Anchorage Yacht Club while visiting here.

Christmas Social Held In Walton

The Walton Property-owners Ass'n. held a Christmas social evening December 20. Fifty members and guests, including several Jensen Beach residents, attended.

Charles Moehle, president, was in charge of the festivities which included a session of games, a Christmas gift exchange, group singing, and refreshments.

Highlight of the evening was the playback of the tape recording of the group "sing-a-long". Mrs. Julie Hambrock provided the recorder and many surprised guests heard their own voices for the first time.

Fairgrounds Scene Of Party For Youngsters

The second annual Christmas party for all the kids of Martin County, sponsored by the Martin County Fair Ass'n. and Deggeller Amusement Co., was held Saturday afternoon, from 2:00 to 8:00 p. m.

Youngsters, many of them accompanied by adults, had the times of their lives enjoying free trips on some six or eight rides owned by the amusement firm which winters at the fair grounds.

Spokesmen for both the Fair Association and Deggeller said that the party "is our way of saying thanks to the people of Martin County," for continued growth of the annual fair and for the amusement company's friendly reception at winter quarters here.

CHRISTMAS PARTYING---Mr. and Mrs. James Dean, president of the Lions Club, appear to be having a good time at the Christmas party December 18 at Seymours Inn.

Mr. and Mrs. Louis Meyers, 327 S. Indian River Dr., have as holiday guests their son, Jack and family, and grandson, Barry Dudas and his wife, all of Bricktown, New Jersey.

Mrs. Hazel Hanley, Pine Lodge, has as her guest for the holidays, her cousin, Mrs. Hazel Duggan, formerly a resident of Jensen now living in Coral Gables.

Mr. and Mrs. F. J. Larney arrived December 17 to spend their third winter in this area. The couple are residents of Watertown, N. Y. Larney is a retired engineer and W. W. I. veteran of the "lost battalion".

Mr. and Mrs. Bennett, Columbus, Ohio, will make a two week visit at the home of their sister and brother-in-law, Mr. and Mrs. Ed Snyder, Wright Rd., Rio.

THE SIXTH GRADE of Jensen Beach Elementary School participate in the annual Christmas performance as Angels. Pictured above, from left to right, are: (Back row) LuAnn Dailey, Jeannie Gunn, Cathy Pitchford, Amy Hinson, and Sarah Lockwood; (Foreground) Wally Hoffetter, Sheryl Luke, Jackie Penick, and Steven Martin.

INTRODUCING the annual performance of the Jensen Beach Elementary School for Christmas was sixth grader Curtis Sprague.

ANGELICAL FIRST GRADERS--Joyce Olney, representing the angels of the first grade at Jensen Beach Elementary, ponders momentarily before delivering a fitting speech of Christmas at the annual play given last week.

ADESTE FIDELIS--Dressed to disguise themselves as wreaths of the traditional holly, the fifth graders at Jensen Beach Elementary sing carols for the annual performance at Christmastime.

SIX CANDLES, FOURTH GRADERS contribute their talent to the annual Christmas performance at Jensen Beach Elementary School.

BELLS CHIME MERRILY--And so does Carol Yackonallo and other third graders performing as Christmas bells at the Jensen Beach Elementary School.

THE STORY OF THE CHRISTMAS TREE is revealed by Danny Priore and other second graders during the Jensen Beach Elementary School's annual production of their play.

O CIVIC CLUB——Officers and members of the Rio Civic Club get together for Christmas dinner. Pictured above are, from left to nt: Marie Klein, trustee (two years); Frank Rowold, trustee (two years); Al Walker, entertainment chairman; Rea Salec, secretary; nson Sumner, vice president; Jack Schommer, president; Katherine Spencer, treasurer; George Martin, trustee (one year); John Kohman, uary Dinner chairman; and Ernest Jenkins, maintenance chairman. Not present for the picture was Harry Spencer, one of the directors.

NIORS PERFORM at the Jensen Beach Community Church last Sunday night by singing three carols, "Away in a Manger", "The First el", and "Joy to the World" with the appropriate background of the Christ child in the manger, to round out an excellent program.

MERRY CHRISTMAS SONG"——Kindergarten and Primary children join together to sing songs of Christmastime at the Jensen Beach Community Church last Sunday night. Previously, the Primary class gave recitations and the Kindergarten "Little Children Can You ell", part of the Christmas program of the church.

Christmas Party Is Held In Rio

Seventy-five members attended the annual Christmas party held by the Rio Civic Club at the clubhouse last Thursday evening.

Newly elected President Jack Shomer directed the program with Al Walker as Master of Ceremonies.

Members were seated at decorated tables and after the blessing read by Mrs. Harry Spencer, enjoyed a covered-dish buffet dinner.

Several children were given a special table with colorful Christmas foods and treats and then surprised by a visit from Santa Claus, who gave them each a large gift stocking.

The members then engaged in a gift exchange and later enjoyed a program of magic entertainment provided by the Rev. Newton Tweedy.

A social hour followed which rounded out a pleasant evening of holiday festivities.

RIO CIVIC CLUB HOLDS DESSERT CARD PARTY

Ladies of the Rio Civic Club held their bi-monthly dessert card party December 17. Hostesses were Mrs. Freda Schlimm, Mrs. E. Curren, Mrs. Harry Gries, and Mrs. C. B. Heasley. Forty-six members and guests attended.

The door prize was won by Mrs. L. Darby. Winners of table prizes included Mrs. Reuben Dowler, Mrs. Orah Rehm, Mrs. Evelyn Haring, Mrs. Ed Barnett, Mrs. Ethel Nodine, Mrs. Frank W. Antos, Mrs. William Okamato, Mrs. Colin Urquhart, Mrs. Jed Williams, Mrs. E. R. Shoemaker, and Miss Edna Holzhauer.

It has been announced by the committee that the group will hold the regularly scheduled dessert-card party during the holiday week. It will be held at 1:00 p. M., December 31, at the Rio Civic Clubhouse; all ladies of this area are welcome to attend.

ABOUT ST. NICK--Bruce and Joyce Fletcher read the story of the origin of Old St. Nick at the school program.

PIANIST at the annual affair of the school was Mrs. Buddy Shipes Jr., who played for the entire program.

St. Joseph's Bazaar Is Successful

Perfect weather and high attendence helped to make the St. Joseph bazaar the most successful in four years, according to Mrs. Frank Pelosi, general chairman of the function.

Winners were announced for the prizes that were awarded at the bazaar. Mrs. Virginia Seider of Springville, N. Y., won the $500 bond; Mike Carney of Jensen won second prize of a card table and chairs; Third prize winner, Henry Spiller, Stuart, won a pair of electric blankets; Louie Tranoski, Jensen Beach, a transistor radio; Beatrice Tranoski, Jensen Beach, an oil painting; Ted Bishop, Stuart, a bicycle; and George Hesch won seventh prize, a hair dryer.

Other winners included Mrs. J. A. Stefan who won a rosary, Mrs. Margie Pine who won a Santa Claus, and Mrs. Hardwick won a doll bed.

Fifteen young people competed in the amateur talent contest. The winners included: First, Litia Meoli, vocalist; second, Vivian Alfonso and Zoraida Garcias, piano duet; third, Theresa Volk and Harriet Contant, vocal duet; fourth, Doddie Bentham, singer; fifth, Amy Hensen, dancer; sixth Pamela Vogler, piano solo; and seventh, Raymond Kline, piano solo.

Evie Voss was the poster contest winner with Pat Houk, Robert Wagner, and Zella Moore runner-ups.

In addition, Eric Monk won the art contest, with Matt Beert, Betsy Poux, and Robert Sutton winning consolation prizes.

WHEN Santa RESTS..

Niagara – the chair that loves you

it rubs your back... eases aches and pains of tired muscles ...makes you feel good all over

Settle back in Niagara's World's Fair Chair, and as you turn the dial, feel its patented "Moving Heat" gently radiating through your body. Close your eyes and relax as Niagara's penetrating Cyclo-Massage action begins to help loosen stiff aching joints, unknot tight muscles, unjangle everyday tensions.

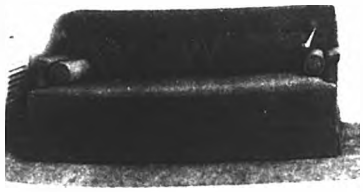
When Niagara's Heat And Massage Flow In... Minor Pains And Tension Begin To Fade

Imagine furniture that coddles you ... caresses you ... comforts you! Niagara's world-famous Cyclo-Massage action is built into every handsome Niagara lounger, sofa and chaise. Working horizontally, vertically and in a circular motion, this unique 3-way action pulses insistently through your body to help decrease fatigue, muscle pains and ordinary tension.

Today, go down to your local Niagara dealer for a free demonstration. Stretch out and relax as the chair that loves you, rubs your back ... gently kneads aches and pains of tired muscles whenever they occur ... makes you feel good all over. Consult your Yellow Pages for nearest dealer.

Dual-Thermo-Cyclopad Focuses Double Power To Bring Relief At The Point Of Pain!

Niagara harnesses *double* Cyclo-Massage action and heat for penetrating relief of stiff muscles, aching joints, minor pain and tension whenever they occur. Two power plants bring relief—fast. This is the same Cyclo-Massage action recommended by so many doctors for relief of minor arthritic and rheumatic pain.



Niagara Sofas
with Niagara Cyclo-Massage® action to match your Niagara Lounger. Styled in Modern, Early American, Traditional and Contemporary in a tremendous range of matching decorator fabrics and colors.

Niagara Chaise Lounge
(Not shown.) Posture-comfort, sweptline styling with two built-in Cyclo-Massage power plants. Available in wide assortment of upholstered fabrics and colors.

Your Social Security

By R. C. Gehrken, Jr.
District Manager
West Palm Beach Social Security Office

Q. I am a woman 69 years old For several years I have been making and selling Christmas decorations and wreaths. I also sell Christmas cards. I have never had a social security card. Could I qualify for social security benefits on this work? My business has been getting better, and I expect to clear $400 or $500 this year.

A. If your net profit from your business amounts to $400 or more this year, you should make a self-employment tax return reporting your net earnings. You will get social security for a full year for each such report. In view of your age you will need to report earnings of $400 or more in only two years in order to become eligible for social security benefits. You should go to your nearest social security office and apply for a card. They will also explain how you should report your self-employment income.

Q. I was married five years ago and have never worked since. This year I plan to work before Christmas. I have never changed my name on my card. Will it be all right to use it?

A. You should take your card to the social security office or get in touch with the social security representative who comes to your town. You will be issued another card with the same number, but in your married name.

For further information on your social security problems, contact the Social Security office at 701 South Dixie Highway, West Palm Beach (open from 8:30 to 4:00, Monday through Friday), or their Field Representative at the County Welfare Office in Stuart, Mondays only, 9 to 12.

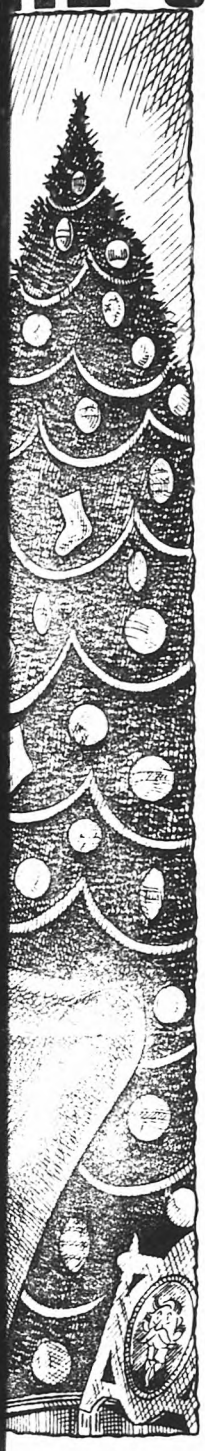
HE GOOD TIME



Here are the innocent years, the lost and peaceful days of long ago. This is Christmastime USA as our grandparents knew and loved it, when the Wright Brothers were still flying kites in Ohio and the Model T was years over the horizon.

This is 1897. In a few months Dewey will sink the Spaniards at Manila Bay and Teddy Roosevelt will charge up San Juan Hill; America will be a world power and the innocence will slowly begin to fade away. But before it does, let us look in on the Bert Weller family in their square red brick house on Elm Street at nine-forty-three on Christmas Eve.

It has been a good year for Father Weller; $2955 tax free dollars earned and put away. So it will be a good Christmas. Just how good a glimpse inside these carefully wrapped boxes will show you . . . and there are other gifts waiting up in the attic, down cellar and out in the stable. So let us put on our magic eyeglasses and see.

Father is getting a pair of Congress garters and a derby hat in the new spoon shape. Also a stiff bosom pullover shirt with detachable cuffs . . . and a red flannel nightshirt with nightcap to match. More important is a solid gold fob chain to go with his gold filled hunting case watch; it's in the shape of a tiger's head with small diamond teeth. And best of all, a real fumed oak Morris chair.

Tomorrow Mother will be wearing a tiny chatelaine watch set with her birthstone and a pair of silver mounted hair combs. She will exclaim over a pink parasol and treasure a copy of "Hiawatha" in red morocco.

A new dress of shiny black bombazine will delight Grandma. She will also receive a silver stoppered smelling salts bottle and a small Testament.

Johnny will be riding a new Irish Mail with steel tires and playing with his cast iron replica of the Empire State Express pulled by Engine 999. He'll have a set of lead soldiers in Union blue and a pair of brass toed shoes. Mary will take her new wax doll for a ride in a carriage shaded by a silk parasol and pull around a woolly lamb on wheels. She will play with a "Come Back" ball that returns to you after you roll it and will enjoy a wonderful book of animal pictures with a string in each page that you pull to make the beast go "Baa" or "Moo".

Finally, Mother is giving both children some new garter waists. Johnny won't appreciate his at all. But he will be spared the indignity of the Lord Fauntleroy outfit Aunt Jane wanted to give him. Good old Father put his foot down and said no.

PRESENT.

FIRST FEDERAL SAVINGS AND LOAN ASSN. OF MARTIN CO.

Christmas Memories From Ocean Breeze

By Roy Heppe

Christmas, 1942-

A dedication to Ocean Breeze camps where the sunrise starts it's memorial arc across the earth each day, and lo, man has discovered this has been going on for thousands of years; where from this site one can view the grandeur of the Indian River, where truly the Indians must have called the Happy Hunting Grounds; where fish of the tropics abound in all colors of the rainbow, varieties of over 500 kinds.

Swept with the zephyr breezes of the tropic waters offshore, really sings one to sleep. The palm trees abounding along the most picturesque highway in this part of the world, truly a fisherman's paradise, for nature studies of plant life, flowers, palms and semi-tropical growths of all creation are here.

Across from Ocean Breeze camp on the opposite shore of this paradise of the Indian River, the eye beholds the primitive shore line which little has changed since discovered by Ponce DeLeon in this, the new world. A little beyond this shore line, you come across the silvery sands of the broad Atlantic Ocean with coral reefs, just south of this, extending into the sea with more grandeur. Here you see birds, gulls, wild ducks. Some are native variety, others visit like you and I, to sojourn amidst pleasant surroundings from distant places. You can't fool nature.

And speaking of God's Wonders to behold the moon coming up over the broad ocean, first in gold, then changing to silver, dropping it's veil of silvery beams across this Mother of Waters, the Indian River, silhouetting the palms on the shore line. Truly, we wait for peace in our hopes that millions may view this spectacle of Nature, briefly stated above, with the ever changing panorama of Camp Ocean Breeze, where each day you can enjoy God's Wonders, where many millions do not see this in a lifetime... And, to think this has been going on for thousands of years.

In the middle of all this is our Camp Ocean Breeze. Even war cannot black out our fresh sea air never breathed before. Our appetites with such surroundings, sparkling clear water from the savannas near by - water so soft like the down on a goslin, with nature giving us citrus fruits of all kinds aplenty.

All this with our genial host and hostess, Mr. and Mrs. Hoke, and their Palace of fun and entertainment to while away our evenings, along with their timely dispensing of sweets to satisfy the whimsical cravings of the innerman. All this and more; Tomorrow you can hardly wait for, except when Morphias bends your head on your pillow and the mellow breezes in the palm trees start singing.

Folks, you can hardly say all your prayers, your enjoying the quietness of the camp. It's now 11:00 o'clock, but you don't know it--all this in one day with the pocketbook smiling with a hip-hip hurrah!

Goodnight folks-see you tomorrow.

ELLIOTT MUSEUM

MUSEUM TREASURES

Your Martin County Museums will be closed on New Year's Day. We all wish you a Happy New Year!

Your Martin County Museums are located on Hutchinson Island east of Stuart and Jensen Beach. Visiting hours are 1:00 to 5:00, Tuesday through Friday, and from 9:00 to 5:00 Saturday, Sunday and holidays. (Closed Monday)

There is a slight admission fee to the Elliott Museum. The House of Refuge Museum has no admission fee. Visit and support your Martin County Museums.

The House of Refuge and Elliott Museums will close on Christmas Day and on New Years Day, according to Steve Schmidt, curator.

CHRISTMAS PARTY

A very enjoyable evening was had by all members and friends of the Wimodausee Annual Christ-Party. Pictured above (rear) left to right: Mrs. Olive Donaldson, Mr. and Mrs. E. E. Standish, Mr. and Mrs. M. Schall, Mr. and Mrs. Ely White and Mr. and Mrs. Fred Meyers. The remaining couple are unidentified.

Shown at right are Mr. and Mrs. Chris Kalb and Mrs. Frederick Diehl preparing to enjoy a love-ly dinner at the Wimodausee An-nual Christmas Party.

HE CHRISTMAS SPIRIT is portrayed in the faces of the members of the Red Cross Sewing Group at their Christmas party held last eek. Captured in their joy are: (from left to right, front row) Mrs. Sarah Ivanek, Mrs. J. N. Bragan, Mrs. Della Jackson, Miss Alice ul and Mrs. Dorothy Beck; (back row) Mrs. Ralph Wilson, Mrs. Hazel Hallock, Mrs. Ruth Roberts, Mrs. Pearl Gay, Mrs. Judy Yaeger- e Mrs. William Vaught and Mrs. Dorothy Mercer.

HAVE YOU BEEN GOOD?--This is the question asked of many a boy and girl by Santa this season as he gets ready for Christmas.

RED CROSS SEWING GROUP: Pictured above are members of the Red Cross Sewing Group enjoying their lovely Christmas Party. Left to right, front row: Mrs. Nellie Jackson, Mrs. Billie Atwood. Back to camera-Mrs. Nellie Neivens. Back row: Mrs. Evelyn Voight, Mrs Dolly Klee, Mrs. Dorothy Kalb. Standing, Mrs. Mary Smouse and Miss Peggy Bean.

Attorney's Given Clean Bill By State

The prosecuting attorney of Martin County, and his predecessor, were given clean bills in reports released at Tallahassee by State Auditor, Ernest Ellison.

Former prosecuting attorney, T. T. Oughterson, was audited from Sept. 1, 1959 to the end of his term, Jan. 2, 1961. His son and successor, William A. Oughterson, was audited to May 31, 1963.

Both complied with all requirements, kept good accounts, and accounted for all funds in the proper manner.

Locally, the audit was done by Morris B. Stevenson, with the State Auditing Dept.

At Christmas, our thoughts turn to those we serve, and it is with grateful appreciation that we wish them the best of everything during Yuletide season.
